7. Amendment of section 34, Act XV of 2013.— In the said Act, in section 34, for sub-section (1), the following shall be substituted, namely:—

"(1) All movable and immovable assets, funds, rights, privileges, liabilities, obligations, interests, etcetera whatsoever, which before commencement of the Shaheed Zulfiqar Ali Bhutto Medical University, Islamabad (Amendment) Bill, 2017 were deemed to be the movable and immovable assets, funds, rights, privileges, liabilities, obligations, etcetera of the University, stand transferred to, owned and possessed by the PIMS and be maintained by the Federal Government or such authority as it may authorize in this behalf:

Provided that such movable and immovable assets, funds, rights, privileges, liabilities, obligations, etcetera in respect of the PIMS shall for the purpose of teaching only be enjoyed by the University till acquisition of such movable and immovable assets, funds, rights, privileges, liabilities, obligations, etcetera by the University from its own funds and resources."

STATEMENT OF OBJECTS AND REASONS

Normally, either a medical university is established as a new entity or a Medical College is upgraded to the status of a university. A number of examples can be cited in this regard: King Edward Medical University, Lahore was established by upgrading the King Edward Medical College, DOW University of Health Sciences was established by upgrading DOW Medical College / Sindh Medical College. Khyber Medical University was established as a new university. Liaquat Medical and Health Sciences University was established by upgrading Liaquat Medical College. Public sector hospitals are attached with these colleges / universities as teaching hospitals but are administered and maintained by the respective provincial health departments.

2. In the case of Shaheed Zulfiqar Ali Bhutto Medical University (SZABMU), Pakistan Institute of Medical Sciences (PIMS), a tertiary level hospital, was upgraded to become a university which is an anomaly. This anomaly in the Act has caused great resentment in the three thousand strong human resource of PIMS and the public at large. The entire human resource is apprehensive about the hospital becoming a university. They are of the view that their status as a civil servant will be endangered which is detrimental to their interest.

3. Furthermore, PIMS is a public sector tertiary level hospital, providing quality health services at very affordable cost, not only to the people of the ICT area but also to the people of the adjoining districts, as well as GB, AJK, FATA, KPK etc. This hospital has a patient turnover of around 13,21,645 per year and the Government is spending around 5 billion rupees annually on this hospital and its services. The up-gradation of PIMS to the status of a university will make PIMS an autonomous corporate body that will have serious repercussions for the general public. This hospital / university shall not be able to provide the general public health care services at such cheap costs.

4. Many sections / sub-sections / clauses of the Act of SZABMU are in conflict with the Higher Education Commission / federal university ordinance which lays down guiding principles for the establishment of a new university. This Bill, therefore, seeks to remove the above stated anomalies in order to align the provisions of this Act with the HEC Federal Universities Ordinance, 2002 and other public sector medical universities legal framework.
