otherwise requires, be construed as reference to the Company.

8. Amendment of Article 35, President's Order No.10 of 1972.- In the said Order, Article 35 shall be deemed to be omitted from the effective date.

### STATEMENT OF OBJECTS AND REASONS

(Amendments in Life Insurance (Nationalization) Order - 1972)

The Life Insurance (Nationalization) Order, 1972 (EINO) was promulgated to provide for the nationalization of the life insurance business in Pakistan and for the establishment of the State Life Insurance Corporation of Pakistan as a statutory body to carry on such business in the public interest.

2. Over time, developments in the financial sector, the evolution of corporate governance standards, and the introduction of modern regulatory frameworks have necessitated a review of the existing statutory structure governing the State Life Insurance Corporation of Pakistan. The continued operation of the Corporation under a purely statutory regime has resulted in structural and operational constraints, limiting its ability to efficiently respond to market dynamics and contemporary regulatory requirements.
3. It has, therefore, become expedient to restructure the State Life Insurance Corporation of Pakistan through corporatization, by enabling its incorporation as a company under the Companies Act, 2017, with a view to improving governance, enhancing operational efficiency, ensuring regulatory alignment, and promoting transparency and accountability in its management and operations.
4. The proposed amendments further seek to align the legal framework governing the Corporation with the State-Owned Enterprises Act, 2023, and other applicable laws, particularly in relation to ownership, management, board composition, and oversight arrangements, so as to ensure consistency across state-owned commercial entities.
5. The Bill also seeks to provide a clear and enabling legal framework for future strategic options, including divestment or privatization, subject to the approval and decision of the Federal Government in accordance with law. The proposed amendments do not, of themselves, effect any divestment or privatization, but are intended to remove legal impediments and provide clarity for any such action, should it be undertaken at a later stage.
6. In order to ensure a smooth and orderly transition, the amendments provide for the automatic transfer of assets, liabilities, rights, obligations, contracts, policies, and undertakings of the existing Corporation to the successor company, while safeguarding the interests of policyholders and protecting the terms and conditions of service, including pensionary and post-retirement benefits, of the employees.
7. The Bill further seeks to omit obsolete provisions, redefine certain expressions, and introduce transitional and consequential measures, including exemptions from stamp duty and registration fees, as may be necessary to give full effect to the process of corporatization and to remove legal and procedural ambiguities.
8. The proposed amendments have been formulated after consultation with the relevant stakeholders and have been vetted by the Law and Justice Division. The vetted draft has been approved by CCLC in its meeting held on 24<sup>th</sup> December 2025 and ratified by the Cabinet on 26<sup>th</sup> December 2025.

It has, therefore, become expedient to restructure the State Life Insurance Corporation of Pakistan through corporatization, by enabling its incorporation as a company under the Companies Act, 2017, with a view to improving governance, enhancing operational efficiency, ensuring regulatory alignment, and promoting transparency and accountability in its management and operations.
4. The proposed amendments further seek to align the legal framework governing the Corporation with the State-Owned Enterprises Act, 2023, and other applicable laws, particularly in relation to ownership, management, board composition, and oversight arrangements, so as to ensure consistency across state-owned commercial entities.
5. The Bill also seeks to provide a clear and enabling legal framework for future strategic options, including divestment or privatization, subject to the approval and decision of the Federal Government in accordance with law. The proposed amendments do not, of themselves, effect any divestment or privatization, but are intended to remove legal impediments and provide clarity for any such action, should it be undertaken at a later stage.
6. In order to ensure a smooth and orderly transition, the amendments provide for the automatic transfer of assets, liabilities, rights, obligations, contracts, policies, and undertakings of the existing Corporation to the successor company, while safeguarding the interests of policyholders and protecting the terms and conditions of service, including pensionary and post-retirement benefits, of the employees.
7. The Bill further seeks to omit obsolete provisions, redefine certain expressions, and introduce transitional and consequential measures, including exemptions from stamp duty and registration fees, as may be necessary to give full effect to the process of corporatization and to remove legal and procedural ambiguities.
8. The proposed amendments have been formulated after consultation with the relevant stakeholders and have been vetted by the Law and Justice Division. The vetted draft has been approved by CCLC in its meeting held on 24<sup>th</sup> December 2025 and ratified by the Cabinet on 26<sup>th</sup> December 2025.
