GENERAL CONSENSUS RECOMMENDATION ON BUDGET 2022-23

1. The Senate of Pakistan recommends to the National Assembly that this act is against the principle of Sales Tax and Value added tax and as such sales tax should be collected from all the sales points. However, exemption on the real small retailer i.e. with shop size of 6'x6' or 6'x8' non air condition retailer should be based on their electricity bill.
2. The Senate of Pakistan recommends to the National Assembly that retrospective exemption of Federal Excise Duty to Newly Merged Districts should be provided and in order to promote economic prosperity and implement the true spirit of the exemptions promised, all previously uncollected taxes on sales including electricity bills to be also exempted for the year 2019 to 2021.

With the passage of 25th Constitutional Amendment, Federally Administered Tribal Area (FATA) and Provincially Administered Tribal Area (PATA) stood merged in the Provinces of Khyber Paktunkhwa and Baluchistan.

A phased approach was needed for the full application of fiscal law to erstwhile Tribal Area/Newly Merged Districts (NMDs), therefore, a decision was made to exempt all taxes which would have not applied had Article 247 of the Constitution not been omitted under the Constitution (Twenty-fifth Amendment) Act, 2018. However, against the spirit of this decision, Federal Excise Duty was imposed in NMDs bringing the excisable goods produced in these areas under the ambit of taxation. Furthermore, FED was also imposed on steel sector and ghee sector.

3. The Senate of Pakistan recommends to the National Assembly that Government should ensure the reduction of sugar content in sodas, juices, energy drinks and iced teas for better human health.
4. The Senate of Pakistan recommends to the National Assembly that in Annex-VI (chapter 99 of Pakistan custom tariff against pct code 9942) for the words “special area government”, the words “**such states and territories as are or may be included in Pakistan**” shall be substituted.
5. The Senate of Pakistan recommends to the National Assembly that exemptions of fifth Schedule to the Custom Act, 1969 should be provided on the import of Railways item, from all duties and taxes.
6. In Sub-Clause (59), in paragraph (a) of Finance Bill, 2022, in the twelfth Schedule, the Senate of Pakistan recommends to the National Assembly that all price sensitive items should be added along with the entry related to coal in the table.
7. Senate of Pakistan recommends to the National Assembly that to give full effect to the amendments made in clause 3 (12)(B) of the Bill, 2022, it is proposed that tariff headings 9801.2000, 9801.5000 and 9805.8000 may be restored in the First Schedule to the Customs Act, 1969 as were existing before its withdrawal vide Finance Act, 2018.
8. Senate of Pakistan recommends to the National Assembly that the provisions of clause 3(1)(c)(ii) of the Bill should either be omitted or its scope should be restricted to production and supply of electricity (PCT Code 2716.0000).

9. Senate of Pakistan recommends to the National Assembly that the words “Hospitals run by Federal Govt/Provincial Govt” may be added in the said Sr. Nos. 165 and 166 of the Table to Clause 3(12)(A)(g) of the Bill.
10. Senate of Pakistan recommends to the National Assembly that the provision of section 37 of the Income Tax ordinance, 2001 omit Capital Gain Tax on immovable property or the amendments proposed in section 37 of the Income Tax Ordinance, 2001 vide clause 5(10)(a) of the Bill, 2022 may be withdrawn as it amounts to encroachment upon the Provincial domain contrary to the provisions of the Constitution.
11. Senate of Pakistan recommends to the National Assembly that the proposed provisions of section 7E, as added vide Clause 5(5) of the Finance Bill, 2022, may be omitted being unjustified and ultra-vires the Constitution.
12. Senate of Pakistan recommends to the National Assembly that the aforesaid provisos to section 60A and 60B may be omitted in line with the Sindh High Court judgment dated 12.02.2018 in CP No. 1313 of 2018.
13. Senate of Pakistan recommends to the National Assembly that the rate of AIT on cellular services be reduced to 8%, as per the commitment made by the Government while introducing Federal Budget, 2021.
14. Senate of Pakistan recommends to the National Assembly that FED rate on natural gas (PCT heading 2711.2000) be enhanced from Rs. 10/- per MMBTU to Rs. 20/- per MMBTU in view of the increase in the prices of Natural Gas since 2010.
15. Senate of Pakistan recommends to the National Assembly that FED at 5% ad valorem be levied on Crude Petroleum Oils (PCT heading 2709.0000) and, with a view to avoiding any possible effect on the retail price of POL products, this FED may be collected in sales tax mode by adding Crude Petroleum Oils (PCT heading 2709.0000) in the Table of the Second Schedule to the Federal Excise Act, 2005.
16. Senate of Pakistan recommends to the National Assembly that in the Sales Tax Act 1990, in Section 3(7), after the word “services”, the commas and words ““, other than the services liable to pay sales tax under a Provincial enactment,” may be added.

Senate of Pakistan recommends to the National Assembly that 17% Sales tax on purchase of pharmaceutical raw material (APIs and Excipients) should be immediately withdrawn or zero rated, and a negative list should also be provided for pharmaceutical sector to FBR to eliminate misuse of such raw materials.

19. Senate of Pakistan recommends to the National Assembly that Sales tax deposited by Pharmaceutical Manufacturers since 15-January, 2022 amounting to over 40 Billion should be immediately refunded without any conditions.
20. Senate of Pakistan recommends to the National Assembly that Goods imported by non-profit making institutions, and imported by or donated to hospitals run by the non-profit making institutions subject to the similar restrictions, limitations, conditions and procedures as are envisaged for the purpose of applying zero-rate of customs duty on such goods under the Customs Act, 1969, (IV of 1969).
21. Senate of Pakistan recommends to the National Assembly that for raw hides and skins either FBR issue clarification that the same definition will apply in sales tax as per clause 46AA i.e. income tax or it is included in 6th schedule of sales tax.
22. The Senate of Pakistan recommends to the National Assembly that in clause (3), in sub clause (13), in paragraph (g), in the table, the entries at serial No.80 shall be omitted and FBR should not hold the manufacturer accountable for any lapse of tax liability in supply chain of all types of lead and its scrap, when the manufacturer has duly made his payments through banking channel.
23. The Senate of Pakistan recommends to the National Assembly that import of aircrafts and its parts should be exempted from sales tax as neither this sales tax is recoverable or adjustable.
24. The Senate of Pakistan recommends to the National Assembly that Senator Muhammad Talha Mahmood Foundation should be added in the 2nd Schedule for exemption of income tax like other non-profit organizations have been given.

1.	The Senate of Pakistan	Construction of official residence for Chairman Senate in the Minister's enclave. <i>This very important project has already an approved PC-1 by the Senate DDWP, was included in the PSDP projects approved and forwarded by M/o Interior for inclusion in PSDP, and was also recommended by the Senate in 2021. Yet, it was dropped from the final PSDP 2022-23 for reasons unknown. It's a project that has been pending for over a decade now, which has not only resulted in significant cost escalations but also undue inconvenience to the custodian of House of the Federation. It is also blatant disregard to recommendations sent by Senate Committees and the Senate in previous many years.</i>	Annexure R
