NATIONAL ASSEMBLY SECRETARIAT

"QUESTIONS FOR ORAL ANSWERS AND THEIR REPLIES"

to be asked at a sitting of the National Assembly to be held on

Monday, the 17th August, 2026

83. * Ms. Aliya Kamran
(Deferred during 27th Session)

Will the Minister for Poverty Alleviation and Social Safety be pleased to state:

a) the amount of Zakat deducted by each bank on the 1st Ramadan, 2025, and the 1st of Ramadan, 2026; and

b) the details of the accounts(s) or funds(s) in which the deducted amount has been deposited by each bank after collection for the respective years?

Minister for Poverty Alleviation and Social Safety (Syed Imran Ahmed Shah): (a) All banks/ financial institutions deduct the Zakat on compulsory basis under Section 3 of Zakat and Ushr Ordinance, 1980 and deposit the deducted amount of Zakat into the Central Zakat Account (CZ-08), maintained by the State Bank of Pakistan (SBP). The State Bank of Pakistan provides consolidated figures of total Zakat collection to this Ministry for each year. The collection of Zakat for the year 2024–2025 is as follows, while the figures for the year 2025–2026 will be provided by SBP to this Ministry in July 2026 after the close of the financial year:

Sr. No.	Year	Amount
1.	2024-2025	11,770,557,146.90

(b) After the devolution of the subject of Zakat, the Provinces have enacted their own Zakat Acts and are responsible for devising Zakat programmes, as well as for the distribution of Zakat funds to beneficiaries through District Zakat Committees and Local Zakat Committees.

The Ministry of Poverty Alleviation and Social Safety (MoPASS) releases Zakat funds to the Provinces/Areas in bulk, subject to the approval of the Prime Minister of Pakistan and has no any role in the subsequent allocation, management or distribution of these funds at the provincial or area level, including any direct disbursement to beneficiaries such as orphans, widows or other eligible recipients.

1. * Mr. Muhammad Farooq Sattar

Will the Minister for Climate Change and Environmental Coordination be pleased to state:

a) whether any sustainable scheme has been prepared with the coordination of G-20 countries by the Ministry alongwith the details of steps already taken in this regard;

b) whether the losses have been evaluated which occurred in the drought and flood affected areas; and

c) the steps being taken by the Government to control the said situations?

Minister for Climate Change and Environmental Coordination (Senator Musadik Masood Malik): (a) It is submitted that Pakistan is not a member of G-20 therefore, no scheme has been prepared in coordination with G-20 as a Forum. G-20 has 19 countries, i.e. France, Saudi Arabia, Germany, Italy, India, Australia, Argentina, Brazil, Canada, China, Indonesia, Italy, Japan, South Korea, Mexico, Russia, South Africa, Turkeye, UK, US, EU and African Union. However, Pakistan has significant bilateral cooperation related to climate action with some of the G-20 member countries, particularly, Germany, UK, China and Japan. This cooperation focuses on areas that include disaster resilience, emission reduction, carbon markets and adaptation to build resilience against disasters. At the forum level, the G20 supports environment and climate resilience for highly vulnerable developing countries.

(b) The Government of Pakistan, through the Ministry of Planning, Development & Special Initiatives (MoPD&SI), assesses, consolidates, and maintains the national record of flood-related losses and damages. The National Disaster Management Authority (NDMA) is responsible for monitoring, coordinating, and overseeing disaster management activities at the national level including drought. As per report published by the Ministry of Planning, Development & Special Initiatives (MoPD&SI), the preliminary assessment indicates that total damages across all provinces and regions are estimated at Rs. 822 billion (approximately USD 2.9billion). The majority of the financial impact is concentrated in Punjab, underscoring the province's heightened vulnerability to the disaster. While other provinces and regions have incurred comparatively lower levels of damage, the impacts remain significant in the context of their local economies and infrastructure. Following table provides estimated financial damages by province and region province, along with percentage share in total damages;

Region/Province	Damages (Rs. Billion)	Damages (%)
Punjab	631.0	76.8
KP	51.3	6.2
Sindh	32.2	3.9
GB	13.0	1.6
AJ&K	9.3	1.1
Balochistan	7.0	0.9
Others[1]	78.1	9.5
Total	822.0	100

The major losses from stemming from floods during the years 2022-2026 are given below:

Floods 2022: The Post-Disaster Needs Assessment (PDNA) of the 2022 Pakistan estimates total damages to exceed USD 14.9 billion, and total economic losses to reach about USD 15.2 billion. Estimated needs for rehabilitation and reconstruction in a resilient way are at least USD 16.3 billion. The floods have taken the lives of more than 1,700 people, one-third of which were children.

Floods 2025: Whereas, total damages across all provinces and regions are estimated at Rs. 822 billion (US$2.9 billion). The majority of the financial impact is concentrated in Punjab. Other provinces/regions experienced relatively minor damages in comparison, but the impacts remain significant in the context of local economies and infrastructure. The death toll includes 1,039 confirmed deaths, with over 229,763 houses damaged or destroyed. Approximately 4.0 million people have been temporarily displaced.

Floods 2026: According to the NDMA Monsoon 2026 Situation Report, a total of 155 deaths had been reported up to 11 August 2026, with Khyber Pakhtunkhwa and Punjab accounting for the majority of fatalities. House collapses remain a major cause of deaths. The report also records 432 houses damaged/collapsed and 580 livestock losses to date.

Apart from the tragic loss of 1,039 human lives, widespread displacement of affected communities, and disruptions to education, the floods caused extensive economic damage, particularly in the agriculture and infrastructure sectors. Crops accounted for the largest share of losses, estimated at Rs. 442billion, followed by road infrastructure (Rs. 187.75 billion),housing infrastructure (Rs. 91.20 billion), water sector (Rs. 17.68billion), and bridges and culverts (Rs. 10.77 billion). The M/oPD&SI assessment report is provided at **Annex-I.** It is submitted that no major drought emergency situation enquiring national response has been reported during recent years.

(c) The Government is strengthening flood preparedness and resilience through a coordinated national approach. While provinces remain primarily responsible for flood protection, river management, urban drainage, and land-use regulation, recurring floods have highlighted the need for stronger legal and institutional frameworks. In response, the Prime Minister directed the preparation of the Monsoon 2026 Strategic Plan. The same was developed by the Ministry of Climate Change &Environmental Coordination (MoCC&EC) in consultation with federal and provincial stakeholders. The Plan outlines 14 priority interventions to strengthen flood risk management, early warning systems, preparedness, response, and climate adaptation.

To oversee implementation, a Prime Minister's Steering Committee, led by the Ministry of Planning, Development & Special Initiatives and co-chaired by MoCC&EC, was established to coordinate implementation, mobilize resources, engage

development partners, and improve integration of early warning and disaster-related data systems. Federal ministries, provincial governments, AJK, GB, and relevant agencies have initiated implementation through regular coordination meetings, technical consultations, and monitoring mechanisms to ensure timely execution of interventions and enhance coordination in flood forecasting, water management, disaster preparedness, infrastructure rehabilitation, public health, education, and community resilience. Further, on the directions of the Prime Minister, the Federal Minister for Climate Change and Environmental Coordination, Chairman NDMA, and a senior representative of SUPARCO are holding high-level meetings with the Provincial Governments to review monsoon preparedness and measures for strengthening flood resilience. To date, meetings with the Governments of Punjab, Khyber Pakhtunkhwa, and Sindh have been successfully held, while meetings with the remaining provinces and regions are in progress.

Likewise, continuous follow-up is being maintained with the Provincial Governments to facilitate and ensure the enactment of Floodplain Management Acts/Regulations. During the meetings of the Federal Minister and Chairman NDMA with the Provincial Governments, particular emphasis is being placed on the enactment and effective implementation of Floodplain Regulations, along with other priority areas relating to monsoon preparedness, flood risk management, early warning systems, and disaster preparedness and response.

Additionally, a comprehensive framework is being developed for convening a National Policy Dialogue with key stakeholders, including Provincial Governments, Federal Ministries/Divisions, government and semi-government organizations, civil society, academia, the private sector, and the media. The National Policy Dialogue is being undertaken under the Prime Minister's Committee on National Policy, chaired by the Federal Minister for Planning, Development and Special Initiatives. The Ministry of Climate Change & Environmental Coordination (MoCC&EC) is providing secretariat support to the Committee and is undertaking the key tasks and assignments entrusted to it by the Committee, including the design of a National Climate Finance Strategy; proposing necessary revisions and amendments to relevant laws and regulatory frameworks to curb reckless deforestation in the provinces; and developing policy and institutional measures to address and mitigate urban flooding and strengthen urban flood resilience.

To strengthen drought preparedness, monitoring and management in the country, the Ministry of Climate Change and Environmental Coordination (MoCC&EC) has developed the National Drought Plan 2025–2035, which has been widely circulated among relevant stakeholders to promote its coordinated implementation. Furthermore, the International Water Management Institute, in collaboration with MoCC&ECand the Pakistan Meteorological Department, has developed the Pakistan Drought Management System (PakDMS). The system has been handed over to PMD for operationalization to support the implementation of the National Drought Plan. PakDMS is designed to strengthen drought monitoring, early warning, preparedness and evidence-based decision-making, thereby facilitating a shift from reactive crisis response to a proactive, coordinated and risk-informed approach to drought management.

Click here for Annexure

(Annexure has been placed in the National Assembly Library)

2. * Mr. Muhammad Farooq Sattar

Will the Minister for Poverty Alleviation and Social Safety be pleased to state:

a) the detail of programmes or projects launched in the country by Pakistan Bait-ul-Mal (PBM) since January, 2018; and

b) the number of persons who benefited from these projects?

Minister for Poverty Alleviation and Social Safety (Syed Imran Ahmed Shah): (a) Since January 2018, Pakistan Bait-ul-Mal (PBM) has launched the following programs/projects:

- PBM Shelter Homes
- Khana Sab Key Liye (KSKL)
- Orphan & Widow Support Program
- Cochlear Implant

The details of above programs are as under:

PBM SHELTER HOMES:

PBM Shelter Home program is started in July, 2020 from Islamabad, PBM Shelter Home is the place where deserving / needy people are provided free meal and shelter. The target groups are people faraway from homes, unemployed, laborers, daily wagers, poor and transit passengers, attendants of the patients, students or any other deserving individuals. Currently, (16) Shelter Homes are functional in the country, as under:

Province/Region	Numbers
ICT	04
AJK	01
Punjab	01
South Punjab	02
Sindh	07
Gilgit Baltistan	01

Benefit: In each Shelter Home, free of cost dinner is provided to upto (400) people and night stay plus breakfast to upto (100) people on daily basis.

Procedure:

i. Citizens of Pakistan including AJ&K and Gilgit Baltistan urban/ rural homeless, far away from homes, unemployed, laborers, daily wagers, poor and transit passengers, attendants of the patients, students etc can avail the facility of PBM Shelter Homes.
ii. Free meal (dinner) is served to all the above inside the PBM Shelter Home in a respectable manner.
iii. Those who are provided free night stay in the PBM Shelter Home are required to have valid CNIC or any other identification document.
iv. Biometric check-in registration.
v. Preference to such persons who have no/less history of stay.
vi. Dependents of the applicants will also be allowed to stay in PBM Shelter Home on case to case basis.

KHANA SAB KEY LIYE (KSKL):

Khana Sab Key Liye program is started in March, 2021 to provide free food to those beneficiaries who could not approach PBM Shelter Homes due to certain reasons, e.g. engagements in work/labour, mobile food unit, Khana Sab Key Liye have been initiated where food is provided to the deserving people near to their workplaces. Principle of first come first serve is being observed. Currently, (17) KSKL food vehicles are functional in the country as under:

Province/Region	Numbers
ICT	03
AJK	01
South Punjab	03
Punjab-I	02
Sindh	03
Khyber Pakhtunkhwa	03
GB	01
Balochistan	01

Benefit: From each KSKL food vehicle upto (1000) beneficiaries are provided free meal, (500 lunch and 500 dinner) on the designated routes.

Procedure: Residents/citizen of Pakistan including urban/rural, far away from homes, unemployed, laborers, daily wagers, poor and transit passengers, attendants of the patients, students or any other deserving individual can avail the facility of free food. Principle of first come first serve basis is observed.

ORPHANS & WIDOWS SUPPORT PROGRAM (OWSP):

The "Orphans & Widows Support Program" (OWSP) is a Conditional Cash Transfer (CCT) intervention started in 2020. The program is providing institutional family support to widow for orphan's education particularly, girls' education. The program aims to revolutionize the care paradigm by transitioning from institutionalized care to family-based customized support.

Program Components:

- Pakistan Bait-ul-Mal Sweet Homes lagging behind in their performance, their children are shifted on Orphans & Widows Support Program model.
- Children of Pakistan Bait-ul-Mal Sweet Homes who have passed their matriculation/ intermediate are enrolled in Orphans & Widows Support Program after admission in public sector educational institutions, colleges, universities.
- Children of $6^{th}/7^{th}/8^{th}$ class in public sector cadet colleges.
- 100 BISP beneficiary families with orphan girls are enrolled in each Provincial/Regional Headquarters, initially to be assisted through Orphans & Widows Support Program.

Benefit:

- Families of Pakistan Bait-ul-Mal Sweet Homes children enrolled under Orphans & Widows Support Program are entitled to Rs.8,000/- and Rs.16,000/- per month having one child and two & more children respectively.
- BISP Families enrolled under Orphans & Widows Support Program are entitled upto Rs.12,000/- per month having at least one school going orphan girl.
- Payment is made on quarterly basis through Bio-metric verification, at present through UBL Omni.
- First payment is made on the basis of school admission and subsequent payments are made on the basis of academic attendance compliance.

Province	Families	Children		
		Male	Female	Total
Baluchistan	107	68	136	204
Gilgit-Baltistan	93	100	159	259
ICT & AJK	110	76	100	176
Khyber Pakhtunkhwa	285	243	102	345
Punjab-I	151	126	75	201
Sindh	86	24	107	131
South Punjab	107	16	124	140
Total	**939**	**653**	**803**	**1456**

Cochlear Implant:

In Nov-2019 Pakistan Bait-ul-Mal initiated Cochlear implant program with the coordination of Capital Development Authority Islamabad to provide Cochlear Implant to by birth deaf and mute children to make them listen, learnt and speak. Financial assistance of Rs. 2.15 million per patient is provided to the public as well as private empanelled hospitals for Cochlear Implant surgeries under Individual Financial Assistance (IFA) Cochlear Implant Policy. It is pertinent to mention that recommended age for promising results of Cochlear Implantation is less than 03 years. In this regard; the children requiring Cochlear Implant surgeries are registered on line through PBM Website www.pbm.gov.pk.

(b) Since inception, following number of persons benefitted from these projects.

PBM Shelter Homes:

Number of beneficiaries benefitted from the program:

Meal provided = 9,611,270 (9.61 million)

Night stay + breakfast = 1,798,867 (1.79 million)

Total = 11,410,137 (11.410 **million)**

Khana Sab Key Liye:

So far, 9,717,565 (9.72 million) meals are served to the beneficiaries from the program.

Orphan & Widow Support Program:

1,456 children (803 female and 653 boys) of 939 families are enrolled in Orphans & Widows Support Program. An amount of Rs.169.245 (m) has been disbursed.

Cochlear Implant:

So far, **2891** Cochlear Implant surgeries have been conducted through empanelled hospitals involving an amount of Rs. **5,010,825,000 (5.01 billion).**

3. * Mr. Nasim Ali Shah

Will the Minister for Information Technology and Telecommunication be pleased to state:

a) how many financial penalties, additional levies or other financial disciplinary measures were imposed by Federal Government or relevant agencies against telecommunication companies providing substandard mobile internet and data services in the country during the last four years;

b) whether the Government is aware that several telecom operators including Jazz, Ufone and Zong are charging full charges from customers in Bannu district and other backward areas despite weak network coverage, poor internet services and frequent service disruptions; and

c) whether the Government is formulating any policy to impose additional financial penalties on such companies and improve the quality of service in the affected areas and if so, the details thereof and if not, the reasons for the same?

Minister for Information Technology and Telecommunication (Ms. Shaza Fatima Khawaja): (a) During the last four years, PTA has conducted over 500 QoS surveys across urban centers, rural areas, highways/motorways, and railway corridors, including highways, motorways, railway track surveys, and additional 200+ complaint-based surveys, PTA has maintained an active enforcement regime, summary of actions is appended below:

Warning Letters	SCNs Issued	Penalty (Billion) PKR
20	86	3.41

(b) Operators charge for their services as per advertised tariffs and are responsible to maintain quality of services standards as per their license terms and conditions. It is pertinent to note that some operators offer regional / location-based packages at discounted / lower tariffs compared to their corresponding nationwide packages. These packages are based on commercial considerations and regional market dynamics.

(c) The Government has not proposed a separate policy for imposing additional financial penalties. Enforcement against non-compliance is already provided under the existing legal and regulatory framework through the Pakistan Telecommunication (Re-organization) Act, 1996, applicable licenses, and the Cellular Mobile Network QoS Regulations. PTA takes regulatory action, including issuance of Warning Letters, Show Cause Notices (SCNs), and imposition of financial penalties where operators fail to comply with prescribed license and Quality of Service (QoS) obligations.

In parallel, the Government has strengthened the regulatory framework through the recent spectrum auction and revised NGMS license conditions, which incorporate enhanced rollout obligations, deployment of additional 4G/5G sites, higher QoS benchmarks, and phased network modernization. These measures, coupled with ongoing regulatory enforcement, are aimed at improving service quality in underserved and affected areas while ensuring operator accountability. For specific complaints, details along with point of contact (POC) may kindly be provided to enable identification and subsequent rectification of the issues.

4. * Ms. Tamkeen Akhtar Niazi

Will the Minister for Climate Change and Environmental Coordination be pleased to state:

a) how monitoring will be made to use the funds allocated for increasing the area of forests and plantation so that the funds are not wasted;
b) whether the Government has developed a comprehensive plan to get benefit from Climate Financing and Loss Damage Fund;
c) whether the government is one of the countries with the lowest carbon emissions in the world and the most affected country; and
d) if so, as to how the Government would highlight the global injustice at the international forums?

Minister for Climate Change and Environmental Coordination (Senator Musadik Masood Malik): (a) The Ministry of Climate Change and Environmental Coordination through its PSDP project titled "Upscaling of Green Pakistan Programme (UGPP)" undertakes forestry interventions across Pakistan. The programme will run up to 2028 and has a cost of Rs 122,146.00 (million) with an allocated budget of Rs2,335.499 billion for 2026-27.

Under the programme, the UGPP has a dedicated Monitoring and Evaluation Unit, headed by Deputy Project Director (M&E), which undertakes regular monitoring through Monitoring and Field Monitoring Officers.

Furthermore, an independent third party monitoring mechanism has also been developed under the UGPP programme with a consortium of reputed international organizations including International Union for the Conservation of Nature (IUCN), Food and Agriculture Organization (FAO) and World Wide Fund for Nature (WWF).

(b) The Government of Pakistan has developed a National Climate Finance Strategic Framework to tap private sector financing for the green projects. The Government of Pakistan has submitted 3 Project Proposals to Loss & Damage Fund, which are under process. Two proposals; one each from UNDP and WHO were submitted to the Fund in June 2026, amounting to 20 million USD each. These are titled "Pakistan loss and damage action: responding to unavoidable climate impacts through recovery and systems strengthening" and "Climate Resilient Health systems for loss an damage reduction in Pakistan"

(c) Yes. Pakistan is a low greenhouse gas (GHG) emitting country contributing approximately 1% of global annual GHG emissions and, at the same time, one of the countries most highly and disproportionately vulnerable to the adverse impacts of climate change.

(d) The Government of Pakistan, under the leadership of the Prime Minister of Pakistan and the Federal Minister for Climate Change and Environmental Coordination, has consistently highlighted the issue of climate injustice during negotiations under the United Nations Framework Convention on Climate Change (UNFCCC) and other international forums. Pakistan has actively worked with like-minded countries and negotiating groups to advocate for the principles of climate justice and equity, emphasizing that developing countries, despite their negligible contribution to global greenhouse gas emissions, are disproportionately affected by the adverse impacts of climate change, and would continue to do so at all relevant international forums.

5. * Dr. Nafisa Shah

Will the Minister In-Charge of the Prime Minister's Office be pleased to state:

a) the current status of flood rehabilitation for the 7 million people affected by the 2025 monsoon floods; and

b) how much of the allocated relief funds have been disbursed to the affected communities?

Minister In-Charge of the Prime Minister's Office: (a)

i) Under the National Disaster Management Framework, disaster response, rehabilitation and reconstruction are primarily the responsibility of the Provincial Governments. District Disaster Management Authorities (DDMAs)/ District Administrations serve as the first responders, while Provincial Disaster Management Authorities (PDMAs) act as the second-tier responders. The National Disaster Management Authority (NDMA), as the federal coordinating and policy-formulating body, primarily facilitates coordination at national level, mobilization of federal resources when and if required and policy guidance and does not directly implement rehabilitation or reconstruction projects.

ii) In the case of the Monsoon/ Floods 2022 and 2025, rehabilitation and reconstruction activities are being undertaken by the respective Provincial Governments and other relevant executing agencies. At the Federal level, the Ministry of Planning, Development and Special Initiatives (MoPD & SI) is the lead ministry responsible for coordinating rehabilitation and reconstruction efforts.

iii) During the Monsoon 2025, approx 3.029 million people were evacuated and rescued. Details of the immediate relief provided during Monsoon 2025 are attached as Appendix-I to Annex-A. In addition, upon the directions of the Federal Government, the National Disaster Management Authority (NDMA) provided Ex-Gratia assistance to the Next of Kin (NoK)

of those who lost their lives during the Monsoon/ Floods 2025. The details are attached as Appendix-II to Annex-A.

(b) NDMA within its mandate as a third-tier responder only provide Ex-Gratia Assistance in pursuant to the directions of the Federal Government. Details of Ex-Gratia Assistance provided by NDMA to the Next of Kin (NoK) of the deceased affected during Monsoon/ Floods 2025 is attached as Appendix-II to Annex-A.

RELIEF EFFORT PROVIDED / COORDINATED BY FEDERAL GOVERNMENT AT NATIONAL LEVEL (OVERALL SUMMARY)

Province	NDMA Log Support	PM Relief Package	PDMA	Armed Forces Ration Sup		NGOs	National Resource					Grand Total (Tons)
				Army	PAF/ PN		Pvt	Govt Corp	Industry	Donation	Total

@ Award 2 x Cases (KP) heroic action 2.5 Mn each

Note: Appreciation award GB 3 x cases amounting Rs 7.5 Mn

Grand Total (Rs Mn) (Ex Gratia +Injuries + Reward Money)	2,095.7 (2,074 + 13.2 + 7.5 + 1)

6. * Ms. Shahida Begum

Will the Minister for Climate Change and Environmental Coordination be pleased to state:

a) whether the ministry has conducted a national assessment of Pakistan's preparedness for increasing heat waves, urban heat Island effects, droughts and Climate-induced water stress, indicating the major findings thereof;

b) the cities and districts identified as being at highest risk from extreme heat and climate-related mortality, and the adaptation measures currently in place in such areas;

c) the details of Federal programmes undertaken to promote urban tree, cool roofs, heat-resilient infrastructure, climate-resilient water systems and heat action plans, including budget allocations and implementation status; and

d) whether the Government has established measurable national adaptation targets and indicators to assess climate resilience, and if so, provide the baseline values, targets and timelines for achievement?

Minister for Climate Change and Environmental Coordination (Senator Musadik Masood Malik): (a) Pakistan's preparedness for heat waves has been assessed via the lenses of national policies, climate reports, and vulnerability assessments, including the National Adaptation Plan (2023), Third National Communication to the UNFCCC (2025), Biennial Transparency Report (2024), Third Nationally Determined Contributions (2025), Environment and Climate Change Outlook Report, Urban Heat Island geospatial studies (2024–2025), and the draft National Drought Plan (2025-35).

The Ministry of Climate Change & Environmental Coordination (MoCC&EC) conducted a study titled "Spatiotemporal Changes in Land Use/Land Cover (LULC) and Associated Impact on Urban Heat Islands (UHI) over Pakistan Using Geospatial Techniques – A Case Study of Six Metropolitan Cities of Pakistan." This study evaluated Karachi, Hyderabad, Quetta, Faisalabad, Peshawar, and Mardan, utilizing satellite imagery, GIS, and remote sensing to examine urban growth, vegetation cover, land surface temperature, and UHI intensity.

Key findings include significant urban expansion leading to increased built-up areas while decreasing vegetation and green spaces, worsening UHI effects, and higher temperatures in built-up and barren lands. Vegetation and water bodies showed lower temperatures, indicating their importance in cooling urban areas. The study emphasizes the need for climate-resilient urban planning, protection of green infrastructure, and the incorporation of heat mitigation strategies, which will assist in enhancing resilience to climate change in Pakistan's cities. These assessments indicate that climate-related risks are intensifying in Pakistan, just as they are across the world. Heatwaves are becoming more frequent and severe, particularly in Sindh, southern Punjab, and in Balochistan. Rapid urbanization and declining green cover are exacerbating urban heat stress. At the same time, drought frequency and water scarcity are increasing, further heightening climate vulnerability.

Although the issue is being dealt with under the implementation of the National Adaptation Plan and the expansion of meteorological and climate monitoring systems, preparedness and implementation challenges persist. Ministry of Climate Change is working with the Provinces to address the challenges. The Ministry is advancing key initiatives such as the National Drought Plan (2025-35), National Urban Strategy, and nationwide Geospatial Assessments.

In this connection, the assessments and studies have been shared with the relevant stakeholders at the federal and provincial levels for preparedness to protect the public from heatwaves. Subsequently, the provincial governments are providing shelter and health facilities at different sites in cities to protect the public from heat island impacts.

Moreover, the Ministry of Climate Change & Environmental Coordination (MoCC&EC) has developed a Sponge City Model concept and proposal, which has been shared with the provincial governments for implementation. The initiative aims to address urban water scarcity, reduce the risk of urban flooding, and enhance groundwater recharge through the adoption of nature-based solutions and sustainable urban water management practices.

(b) According to the NDMA Summer Contingency Plan (2026) and Heatwave Guidelines (2026), the areas at highest risk from extreme heat include Jacobabad, Dadu, and Karachi in Sindh; Bahawalpur and Lahore in Punjab; Sibi and Turbat in Balochistan; and Tank and Dera Ismail Khan in Khyber Pakhtunkhwa. These locations are characterized by persistently high temperatures, severe heat stress, and an elevated incidence of dehydration, heat-related illnesses, and excess mortality during prolonged heat wave events.

The assessments further identify **e**lderly persons, children, pregnant women, outdoor workers, individuals with pre-existing medical conditions, and residents of densely populated urban settlements as the most vulnerable groups. Consequent upon advisories from NDMA and PMD, steps are taken by local authorities regarding cooling facilities, provision of drinking water, and healthcare camps.

(c) The Ministry of Climate Change & Environmental Coordination (MoCC&EC) leads national climate adaptation efforts through policy formulation, coordination, and mainstreaming climate resilience into development planning. Key preparedness and response measures include:

- **Early Warning and Forecasting:** The Pakistan Meteorological Department (PMD) issues heatwave forecasts and advisories covering affected areas, expected temperature anomalies, causes, and precautionary measures. Based on these advisories, NDMA and PDMAs activate contingency plans, coordinate provincial responses, establish cooling centres, and disseminate public awareness messages.
- **Policy Framework:** MoCC&EC has developed the National Climate Change Policy (2021), National Adaptation Plan (2023), and Green Building Codes

(2023), which promote climate-resilient infrastructure, water conservation, climate-smart agriculture, public health, and energy-efficient buildings to reduce heat vulnerability.

- **Institutional Coordination:** A Prime Minister's Taskforce on Global Warming and Heatwaves (2022) was constituted to strengthen inter-ministerial coordination, prepare contingency plans, develop communication strategies, and formulate SOPs on water conservation and agricultural resilience.
- **National Cooling Action Plan (NCAP):** The NCAP promotes energy-efficient and climate-friendly cooling technologies, sustainable urban planning, green buildings, efficient refrigeration and air-conditioning practices, and reduced greenhouse gas and HFC emissions.
- **Nature-Based Solutions:** MoCC&EC is expanding afforestation, urban forestry, landscape restoration, rangeland management, REDD+, sustainable forest management, and forest fire management under national and provincial programmes to reduce urban heat island effects and enhance ecosystem resilience.

Drought Preparedness: The Ministry has developed the National Drought Action Plan to strengthen preparedness, improve water security, and enhance resilience to increasing drought risks.

(d) Currently, policies and plans are in place for federal programs developed by the Ministry of Climate Change & Environmental Coordination, including Green Building Codes 2023 for cool roofs and energy-efficient buildings and urban forestry programmes for urban tree covers; these initiatives promote passive cooling and reflective building materials. Heat-resilient infrastructure is supported but is mostly driven by policy rather than a unified program. The government is pursuing multiple water-related projects carried out by the Ministry of Water Resources and the Ministry of Climate Change for better management of water and the introduction of the Rainwater Harvesting and Recharge Pakistan Programme, etc.

MoCC&EC, via the “Building Capacity to Advance the National Adaptation Plan (NAP) Process in Pakistan” project is establishing a Monitoring and Evaluation (M&E) mechanism to track climate adaptation actions and progress across the country. To achieve this, the Project is procuring a consulting firm to develop a digital M&E system that will enable the Ministry to monitor ongoing climate change projects, collect adaptation-related data, and support the preparation of annual reports required under Pakistan's international climate change commitments. The procurement process is currently underway, and the firm is expected to be on board by September 2026.

The selected firm will review key national climate policy and planning documents, including the National Climate Change Policy (2021), the National Adaptation Plan (2023), and other relevant frameworks, to design and operationalize a comprehensive digital M&E system for the MoCC&EC. The system will strengthen the Ministry's capacity to monitor adaptation progress, evaluate outcomes, and facilitate evidence-based reporting and decision making.

7. * Ms. Shahida Rehmani

Will the Minister for Information Technology and Telecommunication be pleased to state:

a) whether it is fact that any financial or technical assistance package has been provided by the Government to promote startup companies;
b) if so, the number of startups which were funded and the results accrued therefrom;
c) whether incubation Centers are established in the provinces; and
d) if so, the strategy of the Ministry to promote startup ecosystem?

Minister for Information Technology and Telecommunication (Ms. Shaza Fatima Khawaja): (a) The Government of Pakistan, through Ignite-National Technology Fund under the Ministry of IT & Telecommunication, provides both financial and technical assistance to promote startup companies. This support is delivered through a national network of incubation centers and a suite of dedicated funding instruments, including:

i. **National Incubation Centers (NICs):** Ignite has established a network of eight (8) National Incubation Centers (NICs) across the country's major cities. These centers provide aspiring technology startups with free-of-cost incubation support, including mentorship, co-working spaces, specialized laboratories, legal and financial advisory services, business development support, and access to investors and industry networks.
ii. **Pakistan Startup Fund (PSF):** PSF supports early-stage Pakistani startups with up to 30% grant of the total investment round size, to bridge funding gaps and scale operations, fostering innovation and reducing startup risks across sectors and regions.
iii. **Spark and Elevate Programs:** The Spark and Elevate programs are going to be launched in FY 2026-27 that will provide grants to researchers, innovators and startups from both academia and industry for projects working on 4th Industrial Revolution.
iv. **Ignite's Acceleration Program:** Seed funding of up to PKR 5 million per startup through NIC acceleration programs at Islamabad, Lahore and Karachi.
v. **Pakistan Venture Fund:** The fund is planned to be launched in FY 2026-27 to mobilise growth-stage capital for Pakistani startups, bridging the funding gap for ventures scaling beyond the incubation and seed stage.

(b) Since 2017, Ignite has established and funded a nationwide network of National Incubation Centers (NICs) in Islamabad, Lahore, Karachi, Peshawar, Quetta, Rawalpindi, Faisalabad, and Hyderabad. These centers have played a transformative role in strengthening Pakistan's startup and innovation ecosystem by nurturing high-potential entrepreneurs, supporting technology-driven startups, and fostering innovation-led economic growth. The key results of the NIC network since its inception are summarized below:

- Over 2,250 startups incubated across eight National Incubation Centers;
- More than 185,000 jobs were created;
- Over PKR 36.3 billion in revenue generated by incubated startups;

- ❖ Over PKR 34.7 billion raised in investment by these startups from local and international investors;
- ❖ 31% of incubated startups are women-led (about 700 startups)

(c) Ignite has established eight (8) National Incubation Centers across all provinces and the federal capital, ensuring distributed and inclusive access to incubation support:

- ❖ **Federal Capital:** Islamabad;
- ❖ **Punjab:** Lahore, Rawalpindi (specialized aerospace vertical), and Faisalabad (specialized agri-tech incubator);
- ❖ **Sindh:** Karachi, and Hyderabad;
- ❖ **Khyber Pakhtunkhwa:** Peshawar;
- ❖ **Baluchistan:** Quetta.

The 9th National Incubation Center in Sialkot is being established which will commence operations in July 2026.

In addition to the above, the Pakistan Startup Fund provides equity-free grants per round. So far, 3 startups have been selected by PSF for the last round of the investment grant by Ignite.

Moreover, Ignite has also established two Centers of Excellence (CoE) in Gaming and Animation at Lahore and Karachi. These CoEs are operational since November 2025. These centers aims to nurture Pakistan's talent in gaming and animation by providing state-of-the-art training, mentorship, and infrastructure

(d) The Ministry of IT & Telecommunication, through Ignite, pursues a comprehensive strategy to build a self-sustaining national startup ecosystem, comprising the following elements:

i. **Pakistan Startup Fund (PSF):**
PSF supports early-stage Pakistani startups with up to 30% grant of the total investment round size, to bridge funding gaps and scale operations, fostering innovation and reducing startup risks across sectors and regions.

ii. Ignite's Acceleration Program
Seed funding of up to PKR 5 million per startup through NIC acceleration programs at Islamabad, Lahore & Karachi has been launched.

iii. Promote the Creative Industry sector
Ignite under Ministry of IT & Telecom has established two centers of excellence (CoE) in gaming and animation at Lahore and Islamabad. These CoE are established to incubate startups and build world-class talent in Pakistan's gaming, animation, and creative-tech industries.

iv. Spark and Elevate Programs
The Spark and Elevate Programs will provide grants to researchers, innovators and startups from Industry and academia working on projects involving 4th Industrial wave technologies.

vi. **Pakistan Startup Fund (PSF)**
PSF supports early-stage Pakistani startups with up to 30% grant of the total investment round size, to bridge funding gaps and scale operations, fostering innovation and reducing startup risks across sectors and regions.

vii. **Pakistan Venture Fund**
The fund is planned to be launched in FY 2026-27 to mobilise growth-stage capital for Pakistani startups, bridging the funding gap for ventures scaling beyond the incubation and seed stage.

viii. AI Innovation Ecosystem
The National AI Innovation Hub (NAIIH) enables AI startups in line with the National AI Policy 2025, providing compute and inference infrastructure, structured development pathways for innovators and startups, and a marketplace where they can showcase and commercialize their working AI solutions.

8. * Ms. Ghazala Anjum

Will the Minister for Information Technology and Telecommunication be pleased to state the present coverage status of mobile service in different areas of Chitral and the steps taken for improvement of the quality of mobile service to coverage to during the last two years in the said areas?

Minister for Information Technology and Telecommunication (Ms. Shaza Fatima Khawaja):

a) Cellular services are available in both Upper and Lower Chitral, covering an area of 14,850 km² with a population of 515,935 (Census 2023). Telenor remains the major service provider, supplemented by Jazz, Ufone, and Zong. A total of 141 sites (2G), 96 sites (3G), and 130 sites (4G) are operational, with 31 new sites added since 2022.

Cellular Infrastructure - Chitral					
Operator	**2G**	**3G**	**4G**	**Total**	**New Sites (since 2022)**
Telenor	103	95	103	103	31
Jazz	25	–	23	25	
Ufone	8	1	4	8	
Zong	5	–	–	5	

b) USF has facilitated network development through multiple projects. These include the RTeS Chitral Lot (2015–17) covering 1,048 Mauzas, the NG-BSD Chitral Lot (2020–24) covering 486 Mauzas, and the OFC KPK Package laying 645.9 km of fiber with 43 nodes. These initiatives have extended voice and broadband services to underserved and unserved areas.

c) Future measures include the Telenor–Ufone merger, which will equip BTS sites with an additional 48% spectrum, easing congestion and improving QoS parameters. PTA has coordinated with PESCO to address prolonged power outages, with proposals for dedicated feeders to telecom towers. A Joint Task Force under MoITT has also been constituted to facilitate uninterrupted power supply and telecom sector reforms.

d) Fiber redundancy is being pursued through PTCL and Jazz ring topology, with enhanced cable protection and strict timelines for restoration. Under new licenses, QoS thresholds have been revised from 4 Mbps to 20 Mbps for 4G throughput, with phased increases to 50 Mbps, to be achieved gradually with network upgrades.

e) PTA has initiated district-level CVAS licensing to support local businesses and enhance broadband penetration in underserved tehsils. One license has already been issued for Lower Chitral, while another for Upper Chitral will be issued in July 2026.

f) Progress monitoring is being ensured through half-yearly surveys to evaluate improvements in Chitral. USF has scheduled a field visit in July 2026 to assess coverage gaps and plan future projects. These measures, coupled with spectrum expansion, fiberization, and power reforms, are expected to significantly improve the quality and reliability of mobile services in Chitral.

9. * Ms. Tahira Aurangzeb

Will the Minister for Climate Change and Environmental Coordination be pleased to state:

a) the details of protective precautions and safety measures adopted by the Government to solve the recurring smog problem in the country during the last five years; and

b) the results accrued from these strategies and measures?

Minister for Climate Change and Environmental Coordination (Senator Musadik Masood Malik): (a) Smog is a seasonal air pollution phenomenon that occurs primarily during the winter months due to a combination of vehicular emissions, industrial emissions, brick kiln emissions, burning of crop residue and municipal solid waste, construction dust, and adverse meteorological conditions.

The Government has undertaken a range of preventive and regulatory measures to mitigate smog, particularly within the Islamabad Capital Territory (ICT), while coordinating with provincial governments on matters of shared concern. The key measures adopted during the last five years include:

1. Pak-EPA, in collaboration with the Islamabad Traffic Police (ITP)and Islamabad Capital Territory Administration (ICT Administration), conducts roadside inspection of commercial diesel vehicles to ensure compliance with prescribed emission standards. Non-compliant vehicles are fined and, where necessary, impounded. Public and private organizations have also been directed to ensure periodic maintenance and emissions testing of their vehicle fleets through Pak-EPA certified environmental laboratories. During 2025-26, more than 10,000vehicles were inspected.
2. All 30 brick kilns operating in ICT have been converted to environmentally friendly zigzag technology. Pak-EPA regularly monitors emissions from these kilns to ensure compliance with environmental standards.
3. Industrial units, including steel and marble industries, are subject to regular environmental monitoring. Continuous surveillance of steel furnaces and chimneys is

undertaken through installed monitoring systems, while emissions from marble processing units are routinely inspected. Enforcement actions, including issuance of Environmental Protection Orders (EPOs) and sealing of non-compliant facilities, have been taken where violations were identified.

4. Pak-EPA ensures implementation of dust suppression measures at major construction sites through regular inspections and enforcement of environmental management requirements.

5. Pak-EPA coordinates with ICT Administration and the Capital Development Authority (CDA) to discourage open burning of municipal solid waste and recommends the imposition of restrictions under Section 144, where required, to prevent activities contributing to smog formation.

6. Pak-EPA is enhancing the Air Quality Monitoring System (AQMS)network in ICT, strengthening its technical and institutional capacity, improving coordination with Provincial EPAs for addressing trans boundary air pollution, and reviewing the environmental regulatory framework in line with international best practices.

7. Public awareness campaigns on the environmental and health impacts of smog are conducted through electronic, print, and social media. Tree plantation initiatives are also being undertaken in collaboration with CDA and other stakeholders to improve urban air quality.

(b) The above measures have contributed to improved environmental compliance and strengthened air quality management within ICT. Significant achievements include the complete conversion of brick kilnsin ICT to zigzag technology, regular inspection of more than 10,000vehicles during 2025-26, continuous monitoring of industrial emissions, enforcement actions against non-compliant industrial units, improved control of construction dust and open waste burning, and enhanced public awareness regarding smog prevention. Furthermore, expansion of air quality monitoring infrastructure and strengthened coordination with provincial environmental authorities have improved the Government's capacity to monitor air pollution and implement timely mitigation measures.

10. * Ms. Samina Khalid Ghurki

Will the Minister In-charge of the Prime Minister Office be pleased to state:

a) the names of the countries of Middle East and China/ Japan/ Germany including the United Nations, that have provided financial assistance to Pakistan for floods affected areas, quantity of goods/ tents supplied during the last 5 years; and

b) the locations where the aforementioned assistance and goods have been distributed during the said period, province wise breakup?

Minister In-Charge of the Prime Minister's Office: (a) Detail of international cash receipts for Floods 2022 and 2025 received from the following countries by NDMA is as under: -

i. International Receipts for Floods-2022

Sr No.	Country	PKR (In Million)
(1)	Kuwait	278
(2)	China	28
(3)	Indonesia	205
Total		511

ii. International Receipts for Floods-2025

Sr No.	Country	PKR (In Million)
(1)	Malaysia	28.80
(2)	China	562.95
Total		591.75
Grand Total (a+b)		1,102.75

(b) Detail of disaster relief assistance **(**foreign aid received in kind**)** undertaken by NDMA during last 5 years and further distribution is attached as Appendix I to Annex A.

Input from Economic Affairs Division

Part (a): Economic Affairs Division (EAD) is responsible for the assessment of requirements, programming, and negotiation of external economic assistance from foreign governments and international organizations. EAD has no direct role in the implementation of project or the distribution of in kind support.

In the event of a natural disaster, the humanitarian response is led by the National Disaster Management Authority (NDMA), which is the designated agency for receiving and coordinating in cash/financial assistance and in-kind support, as well as overseeing their subsequent distribution.

It is further highlighted that UN Agencies are not donors, but they are implementing, executing and coordinating entities that mobilize fund from different multilateral and bilateral donors and then execute the assistance.

It is pertinent to mention that, under the Geneva Pledges, only Azerbaijan and Vietnam pledged and deposited cash amount of US$ 2.0 million and US$ 0.10 million, respectively, into the Prime Minister's Flood Relief Fund.

Click here for Annexure

(Annexure has been placed in the National Assembly Library)

11. * Mr. Ramesh Lal

Will the Minister In-charge of the Cabinet Division be pleased to state:

a) whether Pakistan Telecom Authority (PTA) being a regulatory body has taken notice of distorted network and poor quality of signals of Ufone, Jazz, Telenor in Sectors I-14 and I-16 Islamabad; if so, the details thereof; and

b) what steps have been taken or being taken by the PTA in terms of directions to cellular companies to rectify network/data issues for provision of signals quality services to the inhabitants of aforesaid area?

Minister In-charge of the Cabinet Division: (a) Sectors I-14 & I-16 are newly developed sector with low population density with I-16 being the least populated sector of Islamabad. Currently, Cellular Mobile Operators (CMOs) have established **12x** dedicated sites across these sectors (earlier 9x reported sites).

Sector I-14: Served by Jazz, Zong, Telenor and Ufone site(s), providing partial to adequate coverage. Moreover, Zong has additionally commenced 5G services in the sector.

Sector I-16: No CMO has a dedicated site; coverage is extended from adjoining Jazz, Zong and Ufone sites are located at the sector's edge, resulting in weak coverage.

Sector I-14 and I-16 Infrastructure				
Sector/CMO	**Jazz**	**Zong**	**Telenor**	**Ufone**
I-14	3	3	2	1
I-16	1	1	-	1

(b) PTA has taken up the matter with all concerned Cellular Mobile Operators (CMOs) and directed them to analyze the coverage deficiencies, undertake network optimization, and explore feasible solutions for improving voice and data services in Sectors I-16. PTA will continue to engage all CMOs on the matter.

Based on the aforementioned findings, Sector I-14 has partial to adequate cellular coverage, while Sector I-16 continues to have limited to no coverage due to the absence of dedicated sites. All serving sites are reported to be operating normally; however, it is pertinent to note that:

- No CMO has reported any immediate plans for site expansion, technology upgrade or 5G deployment in Sector I-16 at present;
- Ufone's future expansion in the area also remains contingent upon completion of the Ufone-Telenor merger.
- It is also important to highlight that low population density, limited commercial viability, and insufficient return on investment (RoI) make it challenging for CMOs to expand and deploy new infrastructure in these sectors.
- Type-approved repeaters/amplifiers or VoWifi can be utilized to enhance indoor coverage in areas with weak signals.

12. * Ms. Mussarat Rafique Mahesar

Will the Minister for Climate Change and Environmental Coordination be pleased to state:

a) the steps being taken by the Government regarding the Climate Change in the country during the last three years; and

b) details of funds provided for the climate change during the aforesaid period?

Minister for Climate Change and Environmental Coordination (Senator Musadik Masood Malik): (a) Pakistan is among the world's most climate-vulnerable nations, despite contributing a minuscule share in global greenhouse gas emissions. For the past three years, the country has been facing and witnessed recurrent climate-induced disasters, resulting in widespread human, economic, and environmental losses.

To institutionalize climate resilience and prevent recurring disasters as witnessed in the last three years, the Government of Pakistan has strengthened its policy and planning frameworks through key national instruments.

The Ministry of Climate Change & Environmental Coordination (MoCC&EC) is mandated to formulate, coordinate, and oversee national policies and actions related to climate change, particularly climate adaptation and resilience. It has undertaken several strategic initiatives to guide and mainstream climate considerations into national and provincial development planning. These include:

National Climate Change Policy 2021 – updated to align national priorities with emerging climate challenges.

National Adaptation Plan 2023 – a comprehensive plan to guide climate-resilient development pathways.

Nationally Determined Contributions – supporting mitigation and adaptation actions in line with global commitments.

Monsoon 2026 Strategic Plan: Approved by the PM in November 2025, the Plan delineates short, medium, and long-term goals for flood preparedness, resilience, and recovery mechanisms.

Framework for Implementation of Climate Change Policy (2014–2030) – a roadmap for sectoral climate actions across the country.

National Communication on Climate Change – reporting progress and commitments under the United Nations Framework Convention on Climate Change.

Mainstreaming gender considerations in all climate action programs.

MoCC&EC is also working to strengthen institutional coordination, enhance climate finance access, build provincial capacity, and promote research, awareness, and early warning systems to deal with evolving climate risks.

Major National Climate Initiatives:

To respond to these challenges, several ongoing and planned initiatives offer scalable models:

SAFER Project (by MoCC&EC and International Center for Integrated Mountain Development, funded by Adaptation Fund): focuses on integrated watershed management, nature-based recharge systems, wetlands rehabilitation, climate-resilient WASH systems, cryosphere risk management, and early warning systems across Gilgit-Baltistan, Khyber Pakhtunkhwa, and Sindh—aligning with the National Adaptation Plan and Living Indus Initiative.

Buner and Shangla Early Warning Project (by World Food Program): installs hydromet stations, river monitoring, and community-based early warning systems in glacier-prone mountainous areas.

District Adaptation Plans/Locally Led Adaptation Plans: In order to bolster the resilience of the vulnerable communities, district adaptation plans are in process.

Coordination with the Provinces: The Ministry keeps liaison with the provinces, issues advisories, and engages them in capacity-building and training, under the umbrella of NAP.

Other cross-cutting supportive policy and financing instruments include:

• ESG Guidelines by SECP for Listed Companies – Promote ESG disclosure and climate risk integration in corporate practices.

• Carbon Market Trading Guidelines 2024 by MoCC&EC – Enable carbon credit generation and trading to mobilize climate finance.

• Green Banking Guidelines by State Bank of Pakistan – Encourage banks to finance green and climate-resilient projects.

• Environmental and Social Risk Management Framework by State Bank of Pakistan – Integrates environmental and climate risk into financial lending decisions.

• Green Finance Taxonomy by State Bank of Pakistan and MoCC&EC – Defines and classifies green and climate-aligned investments.

• Climate Hazard and Impact Risk Assessment by Planning Commission – Screens public development projects for climate risks.

Post Disaster Need Assessment (PDNA) pertains to the Ministry of Planning, Development and Special Initiatives.

(b)

S. No.	Name of Projects	Total Cost	PSDP/Foreign Funded	Duration
1	Integrated climate risk management for strengthened resilience to climate change in Buner and	USD 9.8 million	Foreign Funded	4 years (2025-29)

	Shangla Districts of Khyber Pakhtunkhwa Province, Pakistan			
2	Sustainable Actions for Ecosystem Restoration in Pakistan (SAFER Pakistan Project)	USD 10 million	Foreign Funded	4 years (2025-29)
3	Capacity Building on Water Quality Monitoring SDG 6 (6.1) Reporting	PKR 102.006 million	KOICA -in-kind support USD 7.420M (PKR 1,187.2 million) and PSDP Component PKR 102.006 million	5 years (2021 - 2026

13. * Ms. Naeema Kishwar Khan

Will the Minister for Climate Change and Environmental Coordination be pleased to state:

a) the noise, smoke and vehicles pollution/status in G-6, G-7 and I&T Center G-6; and

b) its effects on the teenagers and the students of the schools in the above area?

Minister for Climate Change and Environmental Coordination (Senator Musadik Masood Malik): (a) Ministry of Climate Change and Environmental Coordination through Pak-EPA has conducted a comprehensive study to assess noise levels in various sectors of Islamabad in order to evaluate noise pollution in commercial areas, residential areas, industrial areas and silence zones. The maximum permissible noise levels for commercial areas, residential areas, industrial areas and silence zones during daytime are 65dB, 55dB, 75dB, and 50dBrespectively and 55db, 45dB, 65dB and 45dB during night time vide National Environmental Quality Standards (NEQS) for noise. Findings indicated average noise levels in G-7 residential area as63dB during daytime and 45db during night time. In addition, findings indicated average noise levels in G-7 commercial area as59dB during daytime and 60db during night time. The noise levels were found to be somewhat higher in some areas and within limits elsewhere.

Pak-EPA has special focus on mobile primary contributing factors like Diesel engine commercial transport vehicles; the said vehicles are inspected on roadside (in collaboration with ITA and ITP) for road worthiness with respect to exhaust emissions. Drivers of non-compliant vehicles are issued fines and/or confiscated. Owners of private vehicles are directed through print and social media to get respective vehicles properly maintained/tuned and checked from any of Pak-EPA certified environmental laboratories before coming on roads. Organizations/agencies/institutions in public as well as private sector are directed to get respective fleet of vehicles properly

maintained/tuned and checked from any of Pak-EPA certified environmental laboratories before coming on roads.

(b) The potential health effects of noise pollution on the teenagers and the students in G-6, G-7 and I&T Center G-6 may include increased stress levels, sleep disturbance, or hearing damage.

14. * Dr. Sharmila Faruqui

Will the Minister for Information Technology and Telecommunication be pleased to state:

a) whether the National Artificial Intelligence (AI) policy 2025 includes training one million on IT professionals with 300,000 young Pakistanis already being trained yet industry reports that demand for e-commerce and data analytics professionals continues to outpace supply, with the e-commerce market valued at 5 billion aiming to reach 20 billion by 2030;

b) what specific skills gap assessment has been conducted in this regard;

c) whether under the Digital National Pakistan Act and Pakistan Virtual Assets Regulatory Authority (PVARA) have been established under the Virtual Assets Act, 2026, with a regulatory sandbox for block-chain projects;

d) what timeline exists for issuing the complete licensing framework expected in Q.3 2026; and

e) what coordination exists with National Vocational and Technical Commission (NAVTTC) and Higher Education Commission (HEC) to develop specialized courses in digital asset management?

Minister for Information Technology and Telecommunication (Ms. Shaza Fatima Khawaja): (a) The National Artificial Intelligence (AI) Policy 2025 recognizes human capital development as one of its core strategic pillars. The Policy envisages the development of a highly skilled AI and digital workforce through coordinated efforts of the Government, academia, industry, and development partners.

Under the Policy, the Government aims to facilitate the training and upskilling of **one million individuals** in Artificial Intelligence and allied digital technologies over the implementation period. As part of this initiative, approximately 300,000 young Pakistanis are currently undergoing training through various government-supported programmes implemented by organizations including Ignite, National Vocational & Technical Training Commission (NAVTTC), Higher Education Commission (HEC), Virtual University, National Computing Education Accreditation Council (NCEAC), provincial governments, and private sector partners.

The Government acknowledges that demand for specialized professionals in areas such as Artificial Intelligence, Data Analytics, Cyber security, Cloud Computing, Blockchain, Digital Marketing, and E-Commerce continues to grow rapidly both domestically and internationally. Accordingly, the AI Policy provides for:

- Continuous revision of curricula based on industry requirements;
- Public-private partnerships for market-driven skills development;

- Industry-recognized certifications;
- Expansion of internship and apprenticeship opportunities;
- Establishment of AI Centres of Excellence;
- Promotion of research and innovation;
- Support for freelancing, startups, and digital entrepreneurship.

The Government continuously reviews labour market trends and updates its training programmes to align with emerging technologies and evolving industry requirements. These initiatives are expected to contribute significantly towards meeting the growing demand for skilled professionals and supporting Pakistan's expanding digital economy.

(b) The Ministry of Information Technology & Telecommunication, through its attached organizations and implementing partners, regularly undertakes skills demand assessments based on:

- Labour market intelligence;
- Industry consultations;
- Employer feedback;
- International technology trends;
- Pakistan Software Export Board (PSEB) industry engagement;
- Ignite market studies;
- Reports of international organizations including the World Economic Forum, World Bank and ITU.

These assessments consistently identify shortages in:

- Artificial Intelligence & Machine Learning
- Data Science & Data Analytics
- Cybersecurity
- Cloud Computing
- Software Engineering
- DevOps
- Blockchain
- UI/UX Design
- Digital Marketing
- E-Commerce Management
- Embedded Systems
- Internet of Things (IoT)

Training programmes are periodically updated to address these identified skills gaps and improve graduate employability.

(c) The Digital Nation Pakistan Act, 2025 (Act No. I of 2025) came into force in January 2025 and provides the overarching legal framework for Pakistan's digital transformation through improved digital governance, digital public infrastructure, innovation, and data-driven public service delivery. The Act establishes the Pakistan Digital Authority (PDA) which functions as the lead executing body. It is responsible for developing, implementing, monitoring and periodically updating the National Digital Masterplan together with sectoral digital plans, and for issuing and enforcing regulations, standards and guidelines pertaining to Digital Public Infrastructure, the

Pakistan Stack, and inter-agency data exchange layers. The National Digital Commission (NDC) constitutes the apex strategic body under the Act. It is chaired by the Prime Minister and comprises the Chief Ministers of the provinces along with relevant federal ministers and departmental heads. The Commission is vested with the authority to approve the National Digital Master plan, issue directives for inter-governmental alignment, and adjudicate matters of non-compliance arising between federal and provincial entities. The Oversight Committee, chaired by the Minister for Information Technology and Telecommunication, provides day-to-day governance oversight of the Pakistan Digital Authority and reports on its operational performance and compliance status to the National Digital Commission.

Meanwhile, The Pakistan Virtual Assets Regulatory Authority (PVARA) is a separate statutory regulatory authority established under the Virtual Assets Act, 2026. It is responsible for regulating virtual asset service providers, promoting responsible innovation, ensuring consumer protection, and maintaining compliance with applicable legal, financial, and Anti-Money Laundering/Counter Financing of Terrorism (AML/CFT) requirements.

The Virtual Assets Act, 2026 also provides for the establishment of a Regulatory Sandbox, enabling eligible blockchain and virtual asset innovators to test innovative products, services, and business models within a controlled regulatory environment, subject to the applicable regulatory framework and oversight of PVARA.

Accordingly, while the Digital Nation Pakistan Act, 2025 provides a broader policy and digital governance framework that acknowledges virtual assets as an emerging technology, the regulation, licensing, and supervision of virtual asset activities are vested in PVARA under the Virtual Assets Act, 2026. The two legal frameworks are complementary and operate within their respective statutory mandates.

(d) It is submitted that Pakistan Virtual Assets Regulatory Authority (PVARA) has developed a comprehensive regulatory framework titled as "Pakistan Virtual Assets Services Regulations" for the regulation and supervision of Virtual Asset Service Providers (VASPs) in Pakistan. The framework has been designed in accordance with international best practices and adopts a risk-based approach aimed at fostering responsible innovation while ensuring financial stability, investor protection, market integrity, and compliance with AML/CFT/CPF obligations. As part of a transparent and consultative regulatory development process, the draft Pakistan Virtual Assets Services Regulations together with the Virtual Asset Activity-Specific Handbook were published for public consultation on 11th June 2026. The consultation process enabled PVARA to receive valuable comments and feedback from industry participants, relevant stakeholders, and the general public, which have been duly considered during the finalization of the regulatory framework. The Authority is currently undertaking the final approval processes and implementation arrangements necessary to support an orderly, coordinated and effective rollout of the regulatory framework.

Further, with reference to point (D) of Starred Question No. 14 regarding the regulatory sandbox, it is submitted that the Pakistan Virtual Assets Authority has published Sandbox guidelines on its Official Webpage and has initiated Sandbox for Asset References Tokenization.

PVARA is in the process of receipt and evaluation of these applications. Sandbox is operating in agile environment and applicants can at any time submit applications as per the format included in the Sandbox guidelines.

(d) With regard to the development of specialized courses in Digital Asset Management through coordination with the National Vocational and Technical Training Commission (NAVTTC), it is submitted that, at present, no dedicated collaborative programme has been initiated in this specific area. HEC has not received any policy direction from the Ministry of Information Technology & Telecommunication (MoIT&T) regarding the development of such specialized courses through a coordinated HEC–NAVTTC arrangement.

Notwithstanding the above, HEC continues to promote the integration of Artificial Intelligence (AI) and other emerging technologies into higher education through curriculum development, quality assurance, research promotion, faculty capacity building, and academic collaborations. HEC facilitates universities through its structured curriculum development mechanism led by the National Curriculum Review Committees With regard to the development of specialized courses in Digital Asset Management through coordination with the National Vocational and Technical Training Commission (NAVTTC), it is submitted that, at present, no dedicated collaborative programme has been initiated in this specific area. HEC has not received any policy direction from the Ministry of Information Technology & Telecommunication (MoIT&T) regarding the development of such specialized courses through a coordinated HEC–NAVTTC arrangement.

Notwithstanding the above, HEC continues to promote the integration of Artificial Intelligence (AI) and other emerging technologies into higher education through curriculum development, quality assurance, research promotion, faculty capacity building, and academic collaborations. HEC facilitates universities through its structured curriculum development mechanism led by the National Curriculum Review Committees.

NCRCs), which periodically review and update curricula in line with evolving technological advancements, industry requirements, and international best practices. The NCRCs, inter alia: Furthermore, universities are facilitated through: develop standardized curriculum guidelines, programme objectives, programme learning outcomes, course learning outcomes, and model schemes of studies; recommend appropriate credit structures and academic frameworks; and periodically review and update curricula to incorporate emerging technologies and interdisciplinary domains.
flexibility to introduce new programmes, specializations, electives, and interdisciplinary courses in emerging technology domains in accordance with HEC's academic policies and prescribed approval mechanisms; faculty development initiatives, academic collaborations, and digital learning resources; and access to Massive Open Online Courses (MOOCs) and other online learning platforms to strengthen teaching and learning in emerging

15. * Syed Rafiullah

Will the Minister In-charge of the Cabinet Division be pleased to state:

a) **the number of websites, mobile applications, online platforms and digital services blocked, restricted or subjected to bandwidth limitations during the last five years, alongwith year-wise breakup thereof;**
b) **the legal provisions, criteria and institutional mechanisms under which such actions were taken indicating the role of Pakistan Telecommunication Authority (PTA) and other relevant authorities;**
c) **whether any assessment has been conducted regarding the impact of internet restrictions on digital rights, business activity, exports, freelancing, foreign investment and Pakistan's international rankings relating to internet freedom; and**
d) **whether the Governments intends to establish a transparent appeal and review mechanism for digital content restrictions and publish periodic reports regarding such actions?**

Minister In-charge of the Cabinet Division: (a) A total of 645329 unlawful URLs were possessed by PTA for blocking from 1st June 2021 to 30th June, 2026, out of which 495747 were blocked and 60105 are still under review. A detailed platform-wise summary and year-wise breakdown is attached as Annex-A.

(b) PTA is mandated under section 37, read with section 50A of the Prevention of Electronic Crimes (Amendments) Act 2025 (PECA), for removal and blocking of unlawful online content. Under section 37 (2) of PECA 2016, the Federal Government has approved the Removal and Blocking of Unlawful Online Content (Procedure, Oversight and Safeguard), Rules, 2021 (**Rules 2021**) that provide safeguards, processes and mechanism for the exercise of powers by the Authority under PECA for removal or blocking access to unlawful online content through any information system. PTA fulfills its statutory obligations strictly in line with the aforementioned provisions and as per procedures clearly outlined in Rules 2021.

(c) PTA only takes action against unlawful content available on online platforms. The internet restrictions, if any, are subject only to the federal government's directives and are intended solely to avoid serious harm to citizens' lives and property. However, no such assessment has been conducted by PTA.

(d) Section 37 of PECA 2016 provides adequate recourse to an aggrieved party if any action of the Authority w.r.t. removal/blocking is deemed unsatisfactory. Any person aggrieved by any order passed by the Authority may file a review application under Section 37(4) of PECA. If they are still not satisfied with the Authority's review decision, they may file an appeal before the High Court as laid down under Section 37(5) of PECA. PTA annually publishes its annual report, which includes major achievements, highlights, blocking statistics, and other important information of the subsequent year.

Click here for Annexure

(Annexure has been placed in the National Assembly Library)

16. * Ms. Aliya Kamran

Will the Minister In-charge of the Cabinet Division be pleased to state:

a) whether it is a fact that vide decision of the Steering Committee on Sustainable Development Goals Achievement Progamme (SAP), approved under Ex-Agenda Item No.05 of the 48th Meeting and circulated by the Cabinet Division on 29th October, 2025, Quetta Electric Supply Company (QESCO), Gujranwala Electric Power Company (GEPCO) and Faisalabad Electric Supply Company (FESCO) were directed to transfer PKR. 175 million from their savings/unutilized Systems, Applications, and Products in Data Processing (SAP) funds to Lahore Electric Supply Company (LESCO) for utilization in District Lahore;

b) if so, the company-wise break-up of the said funds and the criteria, under which these funds were initially reserved/allocated to the respective Distribution Companies(DISCOs) under SAP;

c) whether Rs. 50 million transferred from QESCO was originally earmarked for development projects in Balochistan;

d) if so, the reasons and justification for such diversion, whether any impact assessment was conducted; and

e) whether the Government proposes to restore the said amount to QESCO in the interest of equitable development?

Minister In-charge of the Cabinet Division: (a) The Steering Committee, in its 48th Meeting on the Sustainable Development Goals Achievement Programme (SAP), while considering the availability of savings/unutilized funds as informed by the Power Division, approved the utilization of Rs. 175 million in District Lahore from the savings/unutilized funds available with the Power Division/DISCOs. The Committee further approved the utilization of the remaining savings/unutilized funds available with the DISCOs, as on 03-10-2025, for incomplete/ongoing schemes and new schemes in the concerned districts. It is further clarified that the funds were originally allocated to the Power Division in lump sum under the SAP, for implementation of approved development schemes. The reallocation was made from unutilized balances/savings identified by the Power Division and accordingly approved by the Steering Committee in accordance with the approved policy Guidelines governing the programme.

(b) As per the approved SAP Policy Guidelines, the Steering Committee allocated lump-sum funds to the Power Division for the implementation of development schemes in the electricity sector. The scheme-wise allocation and distribution of these funds among the respective Distribution Companies falls within the administrative domain of the Power Division.

(c) As in Para (b) above.

(d) Not Applicable.

(e) Not Applicable.

17. * Dr. Mahreen Razzaq Bhutto

Will the Minister for Information Technology and Telecommunication be pleased to state:

a) **the total number of complaints received during the last three years regarding the quality of mobile and internet services provided by various telecom companies operating in the country;**
b) **the fundamental reasons for weak mobile signals, call drops, slow internet speeds, and frequent service disruptions in various urban and rural areas of the country, particularly in remote and underdeveloped regions;**
c) **whether the Government or the relevant regulatory body conducted any audit or prepared any performance report to evaluate the quality of services of Telecom companies; If so, the details thereof;**
d) **the action taken against telecom companies providing poor services during the last three years, and the number of fines imposed on them; and**
e) **whether the government intends to introduce any policy or an effective monitoring system to bound telecom companies to provide quality services in accordance with the terms and conditions of their license; if yes, the details thereof?**

Minister for Information Technology and Telecommunication (Ms. Shaza Fatima Khawaja): (a) Details are placed at Annex-A.

(b) The fundamental reasons contributing to weak mobile signals, call drops, slow internet speeds and frequent service disruptions include:

- Prolonged power outages/load-shedding;
- Fiber cuts and damage to telecom infrastructure due to road/construction activities, and;
- Theft or vandalism of telecom equipment, cables and batteries **(9,000+** recorded cases during the last year);
- Network congestion during peak hours, in high-density urban areas;
- Terrain and line-of-sight limitations in mountainous, remote and sparsely populated areas,
- Commercial non-viability of network rollout, Universal Service Fund (USF) intervention in such areas.
- Delays in Right-of-Way (RoW) approvals for laying fiber and new sites.

(c) Yes. PTA operates a structured Quality of Service (QoS) monitoring framework comprising quarterly drive tests, Complaint Management System (CMS)-based hotspot analysis, Operational Support System (OSS) KPI monitoring, and crowdsourced Quality of Experience (QoE) assessment.

During the last four years, PTA has conducted approximately 500 planned QoS surveys, 200 complaint-based surveys, 60 surveys along highways and motorways, and 2 surveys along railway tracks, covering more than 700 locations nationwide. Survey findings are published on a quarterly basis on PTA's website.

In addition, PTA published Pakistan's first Quality of Experience (QoE) Report during FY 2025–26, providing a consolidated performance evaluation of Cellular Mobile Operators (CMOs).

(d) During the last four years multiple actions have been taken against Cellular Mobile Operators (CMOs) found non-compliant with prescribed thresholds including:

- Issuance of 20 Warning Letters and 86 Show Cause Notices (SCNs);
- Imposition of financial penalties amounting to approximately Rs. 4.19 billion;
- Directions for implementation of corrective measures, including network optimization, capacity enhancement, and deployment of additional sites; and
- Re-verification of compliance through subsequent QoS surveys and monitoring.

(e) Yes. PTA continuously strengthens its regulatory and monitoring framework to bind telecom companies to license terms and conditions. Key measures include:

- A graduated enforcement mechanism comprising Root Cause Analysis (RCA), time-bound corrective measures, re-verification, and Warning Letters, Show Cause Notices (SCNs), and financial penalties;
- Raising the minimum 4G user throughput threshold from 4 Mbps to 20 Mbps, with phased increase to 50 Mbps, along with tiered network downtime and latency KPIs;
- Introduction of District-Level Class Licenses for Internet Services to expand broadband access in underserved/rural areas; and
- Regular publication of quarterly QoS survey results and the QoE Report for transparency.

Annex-A

Summary of Complaints (July 2023 – June 2026)			
Complaint Nature	**Received Complaints**	**Total Processed Complaints**	**% of Processed/Addressed Complaints**
Coverage issues related to Data Services (3G/4G/LTE)	29,951	29,857	99.69%
Quality of Service Issues (Poor Network, Noise, Call Drops)	9,177	9,117	99.35%
Service Provision Issues in Specific Areas/Coverage Problems	6,916	6,885	99.55%
Service Interruption Due to Power Outage/Load Shedding	6,029	6,005	99.6%
Total	**52,073**	**51,864**	**99.55%**

18. * Mr. Fateh Ullah Khan

Will the Minister for Climate Change and Environmental Coordination be pleased to state:

a) details of allocations made from Federal Climate finance national budget or international climate funds mobilized by the Federal Government; and

b) whether such funds have been earmarked or disbursed for adaptation and resilience projects specifically benefiting Dera Ismail Khan during the last three Fiscal Years?

Minister for Climate Change and Environmental Coordination (Senator Musadik Masood Malik): (a) The details of international climate funds allocated/mobilized through GCF, GEF, AF etc are attached as Annex-I.

(b) In Dera Ismail Khan, one of the GCF project, titled "Recharge Pakistan" has certain project activities i.e., design and construction of flood protection infrastructure, afforestation and reforestation, and conducting farmers training on climate smart agriculture that are on ground since last fiscal year and has disbursed PKR 457 M, for Irrigation, Agriculture and Forest sector.

Annex-I

The details of the ongoing foreign funded projects under different funding streams and the financial inflow under each stream is as below:

S.No.	Funding Agency	Number of Project Under Implementation	Total Budget ($ million)
1.	Green Climate Fund (GCF)	10	299.729
2.	Global Environment Facility (GEF)	16	30.52
3.	Adaptation Fund (AF)	5	104.965
4.	GIZ	1	€14 Million
5.	International Climate Initiative (IKI)	1	€1.8 million

19. * Ms. Shahida Rehmani

Will the Minister for Information Technology and Telecommunication be pleased to state:

a) whether the Ministry has formulated any comprehensive Cloud Computing Policy for Pakistan;

b) whether there is any plan to migrate the data of Government institutions to cloud infrastructure;

c) whether any legal or regulatory framework exists to regulate public and private cloud service providers; and

d) if not, the policy of the Ministry with regard to ensuring digital security and digital sovereignty in this regard?

Minister for Information Technology and Telecommunication (Ms. Shaza Fatima Khawaja): (a) Yes, the Pakistan Cloud First Policy (PCFP) was officially approved by the Federal Cabinet in February 2022. This comprehensive policy serves as the primary guiding document and strategic framework for all Public Sector Entities (PSEs) across the country to adopt cloud technologies safely and efficiently. Additionally, all provinces, including Azad Jammu and Kashmir (AJK) and Gilgit-Baltistan (GB), have also aligned their respective Cloud First policies by adopting the federal government's PCFP to ensure a harmonized cloud first approach.

(b) Yes. Under the PCFP, all federal and provincial Public Sector Entities (PSEs) are now required to prioritize cloud services for any new IT investments, rather than building their own independent and expensive data centers. This strategic transition is designed to drastically reduce government expenditure, streamline operations, and enhance the delivery of digital public services across the board at the same time providing a secure environment.

(c) Under the PCFP, a comprehensive accreditation criteria and procurement framework has been formally formulated, approved, and published on the website for Cloud Service Providers (CSPs) and Public Sector Entities (PSEs) to follow. Both public and private CSPs can follow this framework if they wish to offer their services. The Accreditation Criteria for CSPs has been formulated through a well-thought-out process and in thorough consultation with all relevant stakeholders to ensure it meets both national security needs and global technical standards. Till date seven (07) Cloud Service Providers have submitted their formal applications for accreditation to offer their services to the government. Furthermore, apart from the CSP accreditation criteria, other applicable regulations of the relevant sectoral regulators may also be applied to ensure complete statutory compliance.

(d) As referred to above, the Cloud Accreditation Criteria provides a robust mechanism to help ensure a secure cloud ecosystem. Apart from this, to further strengthen digital security, other sectoral regulations may also apply. For example, the Pakistan Telecommunication Authority's (PTA) CTISDR, and for the financial sector, the State Bank of Pakistan's (SBP) cyber security compliance frameworks are enforced. Additionally, the National CERT and relevant sectoral CERTs are continuously providing advisories to ensure ironclad digital security.

Furthermore, to guarantee our national digital sovereignty, the Pakistan Cloud First Policy strictly mandates that any cloud infrastructure hosting Restricted, Confidential, or Secret government data must be physically located on servers within the territorial boundaries of Pakistan. Under the policy, government data is systematically classified into five distinct categories—Open, Public, Restricted, Confidential, and Secret—each demanding specific levels of localized protection. This multi-layered approach ensures that our critical national information remains safe and firmly under our own sovereign control at all times.

20. * Dr. Sharmila Faruqui

Will the Minister for Climate Change and Environmental Coordination be pleased to state:

a) whether only 9% of the world's plastic is recycled, with Pakistan generating approximately 3.9 million tonnes of plastic waste annually, of which an estimated 70 percent ends up in landfills open dumps or water bodies, despite the Extended Producer Responsibility (EPR) provisions introduced under the Pakistan Environmental Protection Act, 1997;

b) whether single use plastics including shopping bags, food packaging, and waste bottles constitute a majority of litter nationwide and untreated burning of plastic waste releases toxic emissions linked to respiratory illnesses; and

c) what specific enforcement mechanisms recycling infrastructure investments and public awareness campaigns are being implemented to meet the Government's commitment to reduce plastic pollution and promote a circular economy?

Minister for Climate Change and Environmental Coordination (Senator Musadik Masood Malik): (a) According to a study approximately 400 million tonnes of plastics are produced each year globally, from which only 9% of the plastics are recycled, whilst the remaining plastic waste is either incinerated (19%), disposed of in regulated landfills (50%), or released/dumped into the environment (22%). Pakistan generates approximately 3.3 million tonnes of plastic waste annually, from which only 27 to 30 percent is recycled, whilst the remaining ends up in unmanaged landfills or is burnt in open pits; amplifying the burden on the environment and public health.

The Federal Government has made Single-use Plastics (Prohibition) Regulations 2023. Under the said regulations which extend to ICT, producers, importers and beverage manufacturers shall formulate a plan for single-use plastic waste collection system based on extended producers' responsibility (EPR). Waste collection efficiency remains between 50 to 80 percent across major cities. Challenges include inefficient local administration in managing waste, non-existence of structured and large-scale recycling or repurpose programs/initiatives, weak implementation of policies and regulations, and a lack of incentivization for formal waste reduction. There remains an utmost need to formalize informal waste collection and environmentally sound management for adopting and shifting towards a circular economy.

Pak-EPA directs producers, importers, distributors, suppliers or beverage manufacturers to take measures to incentivize responsible consumer behavior in order to reduce litter from products/items covered by the regulations ibid and inform consumers about the availability of re-usable alternatives and waste management options for single-use plastics & the impact of littering and other inappropriate waste disposal of single-use plastics.

(b) Yes, single use plastics including shopping bags, food packaging, and waste bottles constitute a majority of litter nationwide and untreated burning of plastic waste releases toxic emissions linked to respiratory illnesses.

(c) Under Single-use Plastics (Prohibition) Regulations 2023, the manufacture, import, distribution, sale, supply, stocking, purchase, trade or use of single-use plastic items is prohibited in ICT. Joint inspection teams of Pak-EPA and ICT administration visit markets in different areas of ICT; they issue warnings and impose fines on violators of the regulations ibid.

21. * Ms. Shaista Pervaiz

Will the Minister for Information Technology and Telecommunication be pleased to state:

a) the year-wise value of Pakistan's IT and IT enabled services exports during the last five years;
b) the measures being taken to address the challenges faced by freelancers, software exporters and technology startups including payment gateways international transactions, taxation and internet reliability;
c) the targets set by the Government for IT exports during the next five years and the strategy devised for their achievements; and
d) the progress already made towards establishing the special technology zones, data and digital infrastructure to support growth of the IT sector in the country?

Minister for Information Technology and Telecommunication (Ms. Shaza Fatima Khawaja): (a) Historical ICT exports data is as under:

S No.	Financial Year	ICT Remittances (US$)-Millions
1	2020-2021	2,108
2	2021-22	2,619
3	2022-23	2,596
4	2023-24	3,223
5	2024-25	3,812

ICT export remittances surged 20.6%, reaching US$ 4.6 billion (4,600 million) during FY 2025-26 (Jul–June), compared to US$ 3.8 billion (3,814 million) achieved during the corresponding period last year (FY 2024-25).

ICT exports are consistently the highest within the Services Sector of Pakistan's economy and are generating the largest trade surplus for the country within the Services Sector.

(b) Pakistan Software Export Board maintains close contact with the State Bank of Pakistan to ensure maximum facilitation for the IT industry. In this context, several interactive sessions and meetings were held with representation from PSEB, SBP, Banks and the ICT Industry. These aforementioned efforts have resulted in the following:

i. Banks have designated specific branches with specialized expertise in foreign exchange regulations.
ii. Banks have established dedicated desks to support IT exporters and address

operational or regulatory issues in a timely manner.

iii. Proceed Realization Form for the IT industry was updated by SBP. PRC is provided by the banks to demonstrate that a client has provided services abroad and has successfully repatriated the foreign exchange earnings into Pakistan through formal banking channels.

iv. The Digital Service Providers List has been revised and expanded. This revision allows Pakistani ICT companies to make international payments to a wider range of approved overseas digital service providers.

v. A maximum turnaround time of one working day has been introduced for processing inward export receipts and outward remittances from Exporters' Special Foreign Currency Accounts (ESFCAs).

vi. IT companies and freelancers are no longer be required to submit Form "R" for every individual export transaction. Instead, they will provide a one-time declaration, specifying the nature of services being offered overseas, at the time of opening of new account and, in the case of existing customers, as and when required.

vii. The threshold level for obtaining Form "R" has been increased to above US$ 25,000 (or equivalent in other currencies), providing convenience to the beneficiaries.

viii. Documentation requirements for outward remittances from ESFCAs for acquiring services from abroad have been standardized by SBP to promote clarity and consistency across banks.

ix. Roshan Digital Accounts framework has been expanded to allow foreign nationals, companies, and institutional investors to open RDAs and can thus invest in high-yield government securities and Naya Pakistan Certificates. These competitive returns encourage global Pakistani IT exporters to remit earnings back to Pakistan instead of holding them abroad.

x. IT exporters can maintain 50% of export remittances in foreign currency in Exporter special Foreign Currency Accounts in local banks. Debit card is issues by banks which can be used by IT exporters worldwide to conduct transactions.

On Taxation Front, the Government has ensured relief to the IT sector as under:

Salient Steps taken in Budget	Impact & Benefit
Extension of 0.25% FTR Regime for FY 2029	Extended through Tax Year 2029. Provides 3 years of policy stability, making Pakistan a globally competitive destination for outsourcing and FDI.
90% Reduction in Advance Tax on Foreign Card Payments (from 5% to 0.5%)	Significantly reduces the cost of tech sector for making overseas payments and procuring services from overseas entities
Restoration of Tax Pass-Through Treatment for VC Funds (Clause 57(2))	Funds distributing 90% of income are tax-exempt at the fund level. This measure helps improve capital availability for startups by increasing investor confidence and help attract foreign investment into the tech sector.

Continuation of Section 65F Technology Tax Credit	The tax credit is in line with the government policy to support growth of tech eco system in Pakistan and boost exports by providing 100% tax credit to startups.
Income Tax Reduction for Salaried Individuals	Increases take-home pay for IT professionals without increasing company payroll costs. Crucial for retaining talent during the AI disruption era.

Furthermore, to strengthen regional access and operational efficiency, new PSEB offices have been established in Gilgit-Baltistan and Khyber Pakhtunkhwa to directly support local IT companies and freelancers. Operational support is further enhanced through MARKAZ—a 24/7 helpdesk that resolves critical industry matters, including PSEB registration, visa facilitation, and foreign remittance NOCs. To deliver seamless end-to-end services, PSEB maintains close coordination with key regulatory bodies, such as SECP, SBP, FBR, PTA, EOBI, the Labor Department, and commercial banks, while fully digitizing the registration and renewal process, complete with downloadable, QR-coded certificates for instant online verification. PSEB actively conducts industry engagement sessions to foster collaboration, gather actionable insights, and reinforce strategic partnerships across the ecosystem. These open dialogues serve to address pressing industry challenges and utilize collective wisdom to determine optimal way forward on related matters.

(c) The Government has set target of achieving **US$ 25.1 billion in ICT exports by 2030**, comprising US$ 15.3 billion from Information Technology and IT-enabled Services (IT & ITeS) and US$ 9.8 billion from the telecommunications sector.

To achieve these targets, the Government has adopted a comprehensive strategy aimed at strengthening Pakistan's digital economy, enhancing the competitiveness of the ICT sector, and expanding the country's footprint in international markets. The key elements of the strategy are as follows:

i. **Human Capital Development:** Implementation of large-scale capacity-building initiatives to develop a highly skilled workforce in emerging technologies through specialized training programs, international certifications, bootcamps, apprenticeships, and industry-academia collaboration to meet domestic and global market requirements.
ii. **ICT Infrastructure Development:** Development of state-of-the-art IT infrastructure, including Information Technology Parks, Software Technology Parks, Special Technology Zones, and digital innovation facilities to provide a conducive environment for technology companies, startups, and entrepreneurs.
iii. **International Marketing and Export Promotion:** Promotion of Pakistan's ICT industry in international markets through participation in global ICT exhibitions, trade delegations, business-to-business (B2B) matchmaking activities, branding initiatives, and investor outreach programs to enhance export opportunities and attract foreign investment.
iv. **Industry Facilitation and Business Enablement:** Provision of end-to-end facilitation to IT companies and freelancers through streamlined registration processes, policy support, investor facilitation, and continuous engagement with

industry stakeholders to improve the ease of doing business.

v. **Quality Enhancement and International Compliance:** Support for international quality certifications, compliance with global standards, and adoption of best international practices to enhance the competitiveness and credibility of Pakistani IT companies in international markets.

vi. **Promotion of the Freelance Economy:** Facilitation of freelancers through dedicated support mechanisms, digital platforms, awareness initiatives, and capacity-building programs to increase foreign exchange earnings from freelance services.

vii. **Policy and Ecosystem Development:** Formulation and implementation of enabling policies and close coordination with relevant public and private sector stakeholders to promote innovation, entrepreneurship, digital transformation, and sustainable growth of the ICT sector.

The Ministry of Information Technology and Telecommunication (MoITT), through the Pakistan Software Export Board (PSEB) and its allied organizations, is implementing multiple initiatives to facilitate the growth of the ICT industry. PSEB maintains continuous engagement with industry stakeholders and is executing projects relating to infrastructure development, international marketing and branding, workforce development, international certifications, and business facilitation to ensure sustained growth in Pakistan's ICT exports and achievement of the Government's export targets.

(d) The Government is actively strengthening Pakistan's ICT ecosystem through the establishment of Special Technology Zones, Software Technology Parks (STPs), IT Parks, co-working spaces, and other digital infrastructure to support the sustained growth of the Information Technology (IT) sector. The Pakistan Software Export Board (PSEB), under the Ministry of Information Technology and Telecommunication (MoITT), is implementing a number of initiatives in this regard. The progress made is as follows:

i. **Software Technology Parks (STPs):** PSEB currently manages more than 50 Software Technology Parks (STPs) across Pakistan, facilitating over 350 IT and IT-enabled Services (ITeS) companies. These STPs cover approximately 1.9 million square feet and provide employment to more than 18,000 IT professionals, including 21% female professionals. The STPs contribute over US$ 245 million annually to the national economy and have been established in both major and secondary cities, including Islamabad, Lahore, Karachi, Faisalabad, Gilgit, Swat, Quetta, Gujranwala, Sialkot, Abbottabad, Mansehra, Gujrat, Jamshoro, Nawabshah, Gahkuch, Rahim Yar Khan, Bahawalpur, and Khuzdar. Operating under Public-Private Partnership (PPP) models, these facilities provide state-of-the-art ICT infrastructure with round-the-clock operational support.

ii. **Prime Minister National Technology Parks (PMNTPs):** Under the PMNTPs, PSEB has established more than 80 Centres across the country with a combined capacity of approximately 6,000 freelancers. Currently, around 4,600 freelancers are utilizing these facilities. The program aims to establish 250 National Technology Parks nationwide to promote freelancing, digital entrepreneurship, and employment opportunities, particularly in underserved

areas.

iii. **Islamabad IT Park:** A state-of-the-art IT Park in Islamabad is under construction with a covered area of approximately 720,000 square feet. The facility will provide a modern technology ecosystem for startups, SMEs, and leading IT companies. Upon completion, expected in 2026, the Park is projected to create around 7,500 employment opportunities and generate approximately US$ 60 million in annual IT exports.

iv. **Karachi IT Park:** Development of another flagship IT Park in Karachi is underway. The project will accommodate more than 220 ICT companies, create approximately 13,400 jobs, and contribute an estimated US$ 90 million annually in IT exports while significantly strengthening Pakistan's ICT ecosystem.

v. **Women Technology Park:** PSEB has established the First Women Technology Park at the Women University Bagh, Azad Jammu & Kashmir. The facility has been equipped with modern ICT infrastructure and has been operationalized.

vi. **Expansion to Gilgit-Baltistan and Azad Jammu & Kashmir:** PSEB is further expanding digital infrastructure by establishing additional Software Technology Parks in Gilgit-Baltistan (GB) and Azad Jammu & Kashmir (AJK) through strategic partnerships with the Special Communications Organization (SCO), the Government of Gilgit-Baltistan, and other relevant stakeholders.

These initiatives are significantly enhancing Pakistan's digital infrastructure, promoting innovation and entrepreneurship, supporting technology-based businesses, generating employment opportunities, expanding regional access to ICT facilities, and creating an enabling environment for sustainable growth of the IT sector and IT exports.

22. * Ms. Shahida Begum

Will the Minister for Climate Change and Environmental Coordination be pleased to state:

a) whether it is a fact that Pakistan presently lacks a comprehensive and update national inventory Polyfluoroalkyl Substances (PFAS), microplastics and other emerging environmental contaminants;

b) whether the existing inventories of Persistent Organic Pollutants (POPs) do not adequately cover recently identified substances and sources;

c) whether the Government has established any routine monitoring programme for the detection of (PFAS) microplastics and other emerging contaminants in drinking water, surface water, groundwater, soil, food products, seafood, agricultural produce and ambient air; if so, provide details and findings thereof;

d) whether Pakistan processes adequate laboratory technical and regulatory capacity for the identification, testing, monitoring and risk assessment of (PFAS) and other chemicals recently listed under the Stockholm Convention;

e) if not, what measures are being undertaken alongwith timelines and budgetary allocations to establish such capacity; and

f) whether it is a fact that substantial proportion of (PFAS) containing products and materials are imported into Pakistan, if yes, what steps has the Government taken or proposes to take to identify, regulate, restrict, label, monitor?

Minister for Climate Change and Environmental Coordination (Senator Musadik Masood Malik): (a) Pakistan formulated its first National Implementation Plan (NIP) under the Stockholm Convention in 2009 and subsequently updated it in 2020. The NIP serves as the country's comprehensive inventory and strategic framework for the sound management of Persistent Organic Pollutants (POPs). It identifies the sources, quantities, and distribution of POPs in Pakistan, including pesticides, industrial chemicals, and unintentionally produced POPs, while outlining national priorities and actions for their environmentally sound management.

Following the implementation of the initial NIP, approximately 786 tons of polychlorinated biphenyls (PCBs) contained in transformers were identified and safely disposed of through a United Nations Development Programme (UNDP)-funded project, representing a significant milestone in Pakistan's efforts to eliminate POPs.

Building on these achievements, the Ministry is currently developing a national inventory of per- and polyfluoroalkyl substances (PFAS), beginning with the textile sector, which accounts for an estimated 80% of PFAS use in Pakistan. The inventory will subsequently be expanded to cover all other relevant sectors, with completion expected within the next one and a half years.

(b) As noted above, Pakistan has developed its NIP under the Stockholm Convention. Parties of the convention are required to periodically update their NIPs to reflect new obligations, including the listing of additional POPs adopted by the Conference of the Parties (COP).

During the recent meetings of the Conference of the Parties, several additional chemicals have been listed under the Convention, including Medium-Chain Chlorinated Paraffins (MCCPs), Chlorpyrifos, and Long-Chain Perfluorocarboxylic Acids (LC-PFCAs). The Ministry of Climate Change and Environmental Coordination (MoCC&EC) is cognizant of these new obligations and has initiated the process of incorporating these newly listed POPs into Pakistan's National Implementation Plan and seeking an exemption for production/use in cases where the use/production of the listed POPs can’t be banned immediately.

To support this process, the Ministry has approached the Global Environment Facility (GEF) and is currently engaging with it to secure financial assistance for updating the National Implementation Plan and facilitating its effective implementation.

(c) The Pakistan Council of Research in Water Resources (PCRWR) has implemented multiple phases of a United Nations-funded project on the monitoring of per- and polyfluoroalkyl substances (PFAS) in Pakistan. During the first phase (2012–2015), perfluorinated compounds were monitored in surface water samples collected from selected sites across the country. In the subsequent phase (2016–2019), the

scope of the project was expanded to include the analysis of PFAS in surface water, drinking water, and sediment, providing a more comprehensive assessment of PFAS occurrence in the aquatic environment. The project report is available on the Pakistan Council of Research in Water Resources (PCRWR) website at https://pcrwr.gov.pk.

(d) At present, there is one functional laboratory accredited by the Punjab Environmental Protection Agency (EPA) that is specifically equipped to analyze Persistent Organic Pollutants (POPs), including per- and polyfluoroalkyl substances (PFAS). In addition, there are 28 accredited environmental laboratories across the country engaged in the monitoring and analysis of chemicals, distributed as follows:

- Punjab EPA – 18 laboratories
- Balochistan EPA – 1 laboratory
- Sindh EPA – 3 laboratories
- Azad Jammu and Kashmir (AJK) EPA – 5 laboratories
- Gilgit-Baltistan (GB) EPA – 1 laboratory

While these laboratories possess general analytical capabilities, most require technical upgradation, including advanced instrumentation and enhanced analytical capacity, to undertake comprehensive and accurate analysis of POPs. As these laboratories fall under the administrative jurisdiction of the respective provincial governments, their upgradation is primarily the responsibility of the provincial authorities.

With regard to institutional capacity, the Ministry of Climate Change and Environmental Coordination (MoCC&EC) currently has one permanent technical position—Deputy Director (Chemicals)—responsible for the regulation and assessment of the transboundary movement of chemicals, pesticides, and hazardous wastes under the Basel, Rotterdam, and Stockholm Conventions. To further strengthen its technical capacity, the Ministry is in the process of engaging three additional technical experts under a Public Sector Development Programme (PSDP) project.

(e) The Ministry of Climate Change and Environmental Coordination (MoCC&EC) provides policy oversight and coordination on matters relating to chemicals and waste management. The implementation measures, including the establishment and strengthening of institutional and technical capacity, fall within the mandate of the Provincial Governments following the devolution of the mandate of environment. Accordingly, the Provincial Governments may undertake the necessary measures for capacity enhancement, including the allocation of resources and development of implementation timelines.

(f) Per- and polyfluoroalkyl substances (PFAS) are used in a wide range of industrial and consumer products, including textiles, firefighting foams, food-contact

materials, non-stick cookware, electronics, and cosmetics. A significant proportion of PFAS-containing products and materials are imported into Pakistan.

i. **Import Control:** The Ministry of Climate Change and Environmental Coordination (MoCC&EC) implements the Prior Informed Consent (PIC) procedure for chemicals listed under the Stockholm Convention. The import of listed POPs is subject to the prior consent of the National Focal Point.

ii. **Phased Transition:** Given the size and economic importance of Pakistan's textile sector, the immediate phase-out of PFAS is not feasible. Pakistan will adopt a gradual transition to safer alternatives in accordance with the provisions and timelines of the Stockholm Convention.

iii. **Industrial Compliance:** Major industries, particularly export-oriented manufacturers, are already complying with national environmental regulations and international sustainability standards to maintain access to global markets and support green trade.

23. * Ms. Sehar Kamran

Will the Minister for Poverty Alleviation and Social Safety be pleased to state:

a) details of total budgetary allocation of Pakistan Bait-ul-Mal for the FY 2025-26 alongwith breakdown of expenditure including Employee Related Expenses (ERE) and allocations for various welfare programmes; and

b) measures already taken or being taken by the Government during the last two years to ensure financial sustainability of the organization in view of the high proportion of (ERE) in its overall budget?

Minister for Poverty Alleviation and Social Safety: (Syed Imran Ahmed Shah) (a) The details of total budgetary allocation of Pakistan Bait-ul-Mal under demand No.85 for the FY 2025-26 is as under:

Rs.Million

Sr. No.	Heads	Budget Demand by PBM	Budget Allocation	Less Allocation/ Shortfall
1	Grants	13,283.101	10,000.000	3,283.101
2	Employees Related Expenses (ERE)	4,821.435	3,776.614	1,044.821
3	Operating Expenses	452.601	425.554	27.047
Total		**18,557.137**	**14,202.168**	**4,354.969**

Breakdown of Actual expenditures including Employees Related Expenses (ERE) and various welfare programmes of Pakistan Bait-ul-Mal for the FY 2025-26 is as under:

Sr. No.	Heads	Actual Expenditures Rs. Million
1	Grants(welfare programmes/schemes)	9,168.080
I	Individual Financial Assistance (IFA)	4,661.845
II	Cochlear Implant	1,889.430
III	Schools For Rehab. Child Labour (SsRCL)	637.138
IV	Women Empowerment Centres (WECs)	464.374
V	Pakistan Sweet Homes (PSHs)	1,128.379
VI	Pakistan Old Homes	9.769
VII	Shelter Homes (SHs)	247.452
VIII	Khana Sab Kay Leay (KSKL)	71.888
IX	CSW/NGOs	33.136
X	OWSP	24.669
2	Employee Related Expenses (ERE)	4,729.034
I	Pay of Officers	771.098
II	Pay of Official	877.598
III	Regular Allowances	2,696.708
IV	Other Allowances	383.631
3	Operating Expenses	275.265
Total		**14,172.379**

(b) Pakistan Bait-ul-Mal has been consistently taken measures to ensure the sustainability of its operations despite of limited budgetary resources. It is submitted that the budget amounting to Rs.18,557.537 million was demanded by Pakistan Bait-ul-Mal for the FY 2025-26. Whereas an amount of Rs.14,202.168 million has been allocated by Finance Division under Demand No.85. Pakistan Bait-ul-Mal demanded an ERE budget of Rs.4,821.435 million (25% proportion of budget) against which Finance Division has allocated budget Rs.3,776.614 million, resulting in a shortfall of Rs.1,044.821 million. Despite the significant funding gap, Pakistan Bait-ul-Mal has continued to manage salary obligations and essential administrative functions through efficient budget management and strict expenditure controls.

24. * Mr. Anjum Aqeel Khan

Will the Minister In-charge of the Special Investment Facilitation Council Division be pleased to state what steps are being taken by the Government for industrial growth and foreign investment to ensure sustainable economic growth in the country?

Minister In-charge of the Special Investment Facilitation Council Division:

a) It is submitted that the Government of Pakistan, under the visionary leadership of the Prime Minister and through the platform of the Special Investment Facilitation Council (SIFC), is undertaking a comprehensive and multi-pronged strategy to catalyze industrial growth, attract foreign investment, and ensure sustainable economic development. The SIFC serves as the government's single-window, "whole-of-government" approach designed to streamline investment processes and create a business-friendly ecosystem.

Steps for Industrial Growth and Foreign Investment:

i. **Institutional Strengthening and Policy Framework**:
A whole-of-government approach has been institutionalized through SIFC to ensure fast-track decision-making, policy continuity, and effective coordination among Federal and Provincial stakeholders.

ii. **Sectoral Investment Initiatives:**
Development and operationalization of SEZs (e.g., Rashakai, Dhabeji, M3 Allama Iqbal, BQIP Karachi) under the SEZ Act are being accelerated, offering fiscal incentives, tax exemptions, and world-class infrastructure to attract domestic and foreign investment. A comprehensive roadmap for SEZs and regulatory reforms has been assigned to SIFC.

iii. **Automotive Sector and Import-Export Policy Reforms:**
The Government, on the recommendation of SIFC and as incorporated in the draft Auto Policy 2026-31, has approved a pilot project to establish an Import-Refurbishment-Export model for used vehicles and auto parts. The Economic Coordination Committee (ECC) has approved amendments to the Import Policy Order (IPO) 2022 and Export Facilitation Scheme (EFS) 2021 to allow temporary import of used vehicles for refurbishment and subsequent re-export within a prescribed timeframe. This initiative is aimed at boosting exports, integrating Pakistan into the global automotive value chain, and generating employment.

iv. Investment Facilitation and Ease of Doing Business:
Dedicated facilitation mechanisms providing end-to-end support to investors, including project identification, approvals, execution monitoring, and aftercare services through the SIFC Secretariat. Simplification of regulatory procedures through one-window operations, digitization of processes, and reduction in approvals timeline to improve the investment climate.

b) Contribution to Sustainable Economic Growth:

These integrated and strategic initiatives are contributing towards sustainable economic growth through the following mechanisms:

i. Enhanced Industrial Productivity and Value Addition: By modernizing industry, upgrading technology, and developing SEZs, the measures are increasing domestic productivity and value addition.

ii. Increased Foreign Direct Investment Inflows: A stable, transparent, and investor-friendly environment, coupled with attractive incentives, is attracting foreign direct investment (FDI).

iii. Promotion of Exports and Improved Balance of Payments: Initiatives like the IRE model and export-oriented policies are designed to diversify exports, reduce the trade deficit, and improve the balance of payments.

iv. Generation of Employment Opportunities: Investment in industrial sectors, SEZs, and the automotive refurbishment industry is creating substantial employment opportunities across the country.
v. Strengthened Macroeconomic Stability and Investor Confidence: Macroeconomic stabilization measures, policy consistency, and legal protection of investments are fostering investor confidence, leading to long-term, sustainable economic growth.

The SIFC remains resolute in its commitment to creating a stable, transparent, and responsive economic environment. The goal is to position Pakistan as a competitive global investment hub and ensure sustainable and inclusive economic growth for the country.

25. * Mr. Dawar Khan Kundi

Will the Minister In-Charge of the Prime Minister's Office be pleased to state:

a) whether the Government has devised any special plan, through the National Disaster Management Authority (NDMA), to deal with the recent rains; and
b) the details of potential flood situation in the province of Khyber Pakhtunkhwa?

Minister In-Charge of the Prime Minister's Office: (a)

i) Under the National Disaster Management Framework of Pakistan, disaster management is a devolved subject. District Disaster Management Authorities (DDMAs)/ District Administrations and Provincial Disaster Management Authorities (PDMAs) act as the first and second-tier responders, respectively. The National Disaster Management Authority (NDMA) primarily functions as the federal coordinating and policy-formulating body.
ii) In preparation for the Monsoon Season 2026, NDMA (Operations Wing) has issued the National Disaster Response Plan (NDRP) and the Monsoon Contingency Plan 2026, outlining preparedness and response measures. Similarly, all PDMAs and DDMAs have issued their respective contingency plans, based on local risk assessments, to ensure a coordinated and effective response to monsoon-related emergencies.

In addition; NDMA ensures the implementation of the following preoperational preparedness measures in anticipation of Monsoon 2026:-

i) Preparatory Activities (Completed)

(1) Post Monsoon Report 2025 highlighting lessons learnt.
(2) Annual Review 2025 outlined all activities conducted by NDMA in 2025.
(3) NDMP 2026-30 was issued.
(4) NDRP 2026 was issued on 1 January 2025.
(5) Global Best Practices for Disaster Mitigation & Management - 2026.

(6) 4th National Disaster Management Coordination Forum (NDMCF) conducted.
(7) 2nd National Dialogue Platform on Anticipatory Actions conducted.
(8) Restoration of GLOF - II Project (EWS) in GB and KP.
(9) 4 x CISE & 4 x National SimExs were organized with all national and international stakeholders.
(10) Pre-Monsoon Coordination Conferences attended with Pakistan Army & FFC.
(11) Formulation of Seasonal Contingency Plans for DEW-1 January-February-March (JFM) & DEW-2 (AMJ).
(12) Recoupment of Relief Logistics - NDMA Warehouses.
(13) Conference on Sectoral Clusterisation of NGOs/ INGOs in Pakistan.
(14) Establishment of Disaster Resilient Infrastructure Models (DRIM) & Response Logistic Yards at NDMA.
(15) Seminar on Building Back Better, Sustainable Pathways for Post-Monsoon 2025.
(16) Infrastructure Audit Program 2026 was launched.
(17) Humanitarian Conference with UN Organization, development partners, NGOs & INGOs Conference.
(18) Pre-Monsoon National Coordination Conference was organized with all stakeholders 13 May 2026.
(19) DEW - 3 from July to September (DEW - 3) hazards monsoon 2026.
(20) Monsoon Contingency Plan - 2026 issued on 5 June 2026
(21) Misc Monsoon Guidelines - 2026.
(22) Army Pre-Flood Coordination Conference - 2026.
(23) Humanitarian Coordination Conference - 2026.
(24) Stock taking NGOs/ INGOs for preparation of Monsoon - 2026.
(25) Donors Conference at EAD.
(26) Dissemination of Alerts (Electronic, Print, app & social media).
(27) Daily Monsoon Sitreps/ Coordination Conference - 2026.
(28) SAR, Evacuation, Initial Relief to Affected Population, Camp Setting, Rehab.
(29) Ongoing/ Planned Activities
(30) SimEx and CISE (Monsoon - 2026) planned on 30 June 2026.
(31) Private Sector conference for preparation for Monsoon - 2026.
(32) National Coordination Forum on Anticipatory Action (AA).
(33) Provincial Media Coordination Conference - June 2026.
(34) Development of Infra Resilience 360° App.
(35) Post Monsoon Report - 2026.

ii) Ongoing/ Planned Activities

(1) DEW - 3 from July to September hazards monsoon 2026.
(2) SimEx (Monsoon - 2026).
(3) CISE (Monsoon - 2026).
(4) Consultative Workshop on Gender & Social Inclusion with United Nations Office for Disaster Risk Reduction (UNDRR) & United Nation Women.
(5) Logistics Conference on Emergency Procurement - 2026.
(6) NDMCF V - 2026.
(7) Misc Monsoon Guidelines - 2026.
(8) Private Sector conference for preparation for Monsoon - 2026.
(9) Army Pre-Flood Coordination Conference - 2026.
(10) National Coordination Forum on Anticipatory Action (AA).
(11) Provincial Media Coordination Conference - June 2026.

(12) Development of Infra Resilience 360° App.
(13) Dissemination of Alerts (Electronic, Print, app & social media).
(14) Daily Monsoon Sitreps/ Coordination Conference - 2026.
(15) SAR, Evacuation, Initial Relief to Affected Population, Camp Setting, Rehab.
(16) Post Monsoon Report - 2026.

(b) Details of Potential Flood Situation in Khyber Pakhtunkhwa Province is attached as Annex-A.

(Annexure has been placed in the National Assembly Library)

26. * Syeda Shehla Raza

Will the Minister for Climate Change and Environmental Coordination be pleased to state:

a) whether Ministry has got conducted or commissioned any climate resilience audit of national infrastructure such as Dam, Highways also the Urban drainage system; and
b) what measures have been taken by Government as based on the findings?

Minister for Climate Change and Environmental Coordination (Senator Musadik Masood Malik): (a) The Ministry of Climate Change & Environmental Coordination has not conducted or commissioned any climate resilience audit of national infrastructure, including dams, highways, or urban drainage systems. However, National Disaster Management Authority, being its mandate has got approved a Concept Program, the National Infrastructure Audit Program (NIAP) – 2026**,** to systematically assess, prioritize, and strengthen high-risk public infrastructure through audits, retrofitting, maintenance, or replacement. The programme is implemented under a national accountability framework, with NDMA serving as the coordinating authority, while provincial governments and infrastructure-owning departments are responsible for execution.

(b) The measures are being taken under the Program mentioned above. A National Seminar was held on 7 January 2026 endorsed a phased implementation plan (2026–2028), standardized audit methodologies, risk-based prioritization, and a centralized digital reporting system. The National Infrastructure Audit Program (NIAP)-2026 is attached at Annex-I**.** The Program is currently under operation in phased approach, by taking the concerned provincial governments on-board.

Islamabad,
the 16th August, 2026

SAEED AHMAD MAITLA
Acting Secretary

NATIONAL ASSEMBLY SECRETARIAT

"UN-STARRED QUESTIONS AND THEIR REPLIES"

For Monday, the 17th August, 2026

27. Syeda Shehla Raza
(Deferred during 27th Session)

Will the Minister for Poverty Alleviation and Social Safety be pleased to state what measures will be taken to ensure the budget's impact on poverty reduction and job creation?

Minister for Poverty Alleviation and Social Safety (Syed Imran Ahmed Shah):

(a) BENAZIR INCOME SUPPORT PROGRAMME (BISP)

It is apprised that Benazir Income Support Programme (BISP) operates through budgetary allocations released directly by the Finance Division of Pakistan. Therefore, BISP can only provide financial data and programme allocations; however, impact of budget on poverty reduction may be directed to the relevant statistical authorities and research institutions. The main objective of BISP's core initiative i.e. Unconditional Cash Transfer (UCT) / Benazir Kafaalat Programme, is to provide cash assistance for consumption smoothing of eligible households by offsetting the adverse impacts of inflation, particularly the food inflation and other economic and natural shocks. Although, UCT/Kafaalat programme cannot be categorized as a poverty alleviation programme, however, it indirectly contributes to income stability, resilience, and long term socio-economic improvement, supporting broader poverty reduction efforts.

Moreover, with respect to job creation, BISP under its Complementary Initiatives has supported interventions that directly enhance employability and stimulate micro-enterprise formation among beneficiaries. The Skills Training Voucher pilot completed vocational training for beneficiaries and provides graduation bonuses and certification linked to placement support through NAVTTC and BISP Undergraduate Scholarship Program expanded higher-education access for students, improving youth employability; and asset-building, graduation and livelihood supports help households start small businesses and diversify income sources. However, any further scaling of these measures in the upcoming Federal Budget will depend on budgetary allocations and policy direction from the Finance Division, Government of Pakistan.

PAKISTAN BAIT-UL-MAL (PBM)

Pakistan Bait-ul-Mal (PBM) is a corporate body established in 1992 through an Act of Parliament, functioning under the administrative control of M/o Poverty Alleviation & Social Safety.

PBM, through its pro-poor programs, deals in developing Human Development in the society which directly contributes towards the welfare and wellbeing of general public. In this regard, following programs are executed:

1. **PBM Sweet Homes (PSHs):**
   The "PBM Sweet Homes" a premier project of Pakistan Bait-ul-Mal provides orphan children with a secure and education-focused environment through the provision of free boarding, food, clothing, and education up to intermediate level. With widespread coverage, dedicated staff, using a holistic approach, the program has positively impacted the lives of underprivileged children.

Presently, the project comprises of 46 PBM Sweet Homes across the country, accommodating approximately 4,266 orphan children. Province/Region wise detail of PSHs is as under:

Province/Region wise details of Pakistan Sweet Homes (PSHs)			
Sr. No.	**Province/Regions**	**No. of PSHs**	**Enrolled Orphans**
1.	Punjab-I	08	682
2.	South Punjab	05	500
3.	Sindh	07	697
4.	Khyber Pakhtunkhwa	08	784
5.	Balochistan	04	378
6.	ICT/AJK	11	971
7.	Gilgit Baltistan	03	254
Total		**46**	**4,266**

2. **PBM Shelter Homes:**

PBM Shelter Home program was started in July, 2020 from Islamabad. In each Shelter Home, deserving / needy people are provided free meal and shelter. The target groups are people faraway from homes, unemployed, laborers, daily wagers, poor and transit passengers, attendants of the patients, students or any other deserving individuals. In each Shelter Home, free of cost dinner is provided to upto (400) people and night stay plus breakfast to upto (100) people on daily basis. Currently, (16) Shelter Homes are functional in the country, as under:

Province/Region	**Numbers**
ICT	04
AJK	01
Punjab	01
South Punjab	02
Sindh	07
Gilgit-Baltistan	01

Number of beneficiaries served from PBM Shelter Homes is as under:

Free night stay plus breakfast provided = 1,798,867
Free dinner served = 9,611,277
Total = 11,410,137

3. **Khana Sab Key Liye (Food):**

Khana Sab Key Liye (KSKL) program was started in March, 2021 where packed food is provided to the deserving people near to their workplaces. Principle of first come first serve is observed. From each KSKL food vehicle upto (1000) beneficiaries are provided free meal, (500 lunch and 500 dinner) on the designated routes. The programme is operated on the basis of Public-Private Partnership. Currently, (17) KSKL food vehicles are functional in the country as under:

Province/Region	**Numbers**
ICT	03
AJK	01
Punjab-I	02
South Punjab	03
Sindh	03
Khyber Pakhtunkhwa	03
GB	01
Balochistan	01

So far, **9,717,565 meals** have been served through the KSKL food vehicles.

4. **ORPHANS & WIDOWS SUPPORT PROGRAM (OWSP):**

The Orphans & Widows Support Program (OWSP) is a Conditional Cash Transfer (CCT) intervention, launched in Year 2020, aimed at supporting the education of orphans while living with their mothers or guardians, with particular focus on girls' education. For the pilot phase 100 families from each Province/Region of the country are enrolled. Programme also focus to provide financial support to PSH passed out children to continue their education.

The benefit cost is Rs. 8000/- and Rs. 16,000/- per month for families having one and two or more school-going children, with at least one girl, respectively. Presently, approx 939 families having 1,456 children are enrolled in the project.

Province	Families	Children		
		Male	Female	Total
Baluchistan	107	68	136	204
Gilgit-Baltistan	93	100	159	259
ICT & AJK	110	76	100	176
Khyber Pakhtunkhwa	285	243	102	345
Punjab-I	151	126	75	201
Sindh	86	24	107	131
South Punjab	107	16	124	140
Total	**939**	**653**	**803**	**1456**

Rs.146,292,000/- have been disbursed among enrolled beneficiaries in phase manner since its inception.

5. **Individual Financial Assistance (IFA) - General:**

PBM has allocated budget for the current financial year 2025-26 amounting Rs 403,633,600/- to address the most vulnerable groups of the society for their sudden, immediate nature financial needs as a shock therapy.

During 2025-26, PBM has supported 4780 deserving individuals through disbursement of 93,635,000/- under IFA-General Programme, ensuring timely relief to alleviate their financial burdens.

PBM has the policy to provide relief to the deserving beneficiaries up to Rs 60,000/- two times in entire life span. The potential individuals having capacity to grow through starting their small scale business to become self reliant are also benefitted by provision of Rs 40,000 to Rs 60,0000/-, so that they could make earning through fruit carts, small beauty parlors in home, garments business, fast food stalls etc.

6. **Individual Financial Assistance (IFA) - Education:**

PBM has allocated Rs 403.633,600/- during the year 2025-26 to accommodate the poor and deserving students, so that they could complete their education and become a productive part of the society.

During the current financial year 6142 students studying in Government Universities were granted educational stipends amounting Rs 227,248,180/-

This programme supports for the education of children from economically disadvantaged families by covering tuition fees, examination costs, and other educational expenses.

PBM provides annual financial assistance up to PKR 150,000/- per student to support poor and deserving individuals in pursuing their education.

7. **Special Friends Project (SFP):**

Special Friends Project (SFP) is a comprehensive initiative designed to provide support to persons with disabilities. The program aims to empower individuals with disabilities to lead independent and dignified lives.

PBM provides financial assistance of Rs.30,000/- for single disable person and Rs.60,000/- for families with multiple disabled persons.
PBM has allocated Rs 403.633, 600/- during the year 2025-26 to accommodate the persons with other abilities (special friends) ,so that they could get their basic level needs.
During the current financial year PBM has accommodated 5955 special friends by releasing 194,450,000/-
Way Forward: the measures to be taken for reduction of poverty and job creation

PBM is in the planning and decision taking mode to enhance the Individual financial assistance up to Rs 200,000/ on case to case basis for those poor young people who have the capacity, potential and will to become self reliant through a small scale entrepreneurship people.
IFA Education stipend is also awarded to the girls studying in the nursing field so that they could earn their livelihood by serving in the countries like Canada, Australia, Europe America and gulf countries.

8. **Individual Financial Assistance (IFA)-Medical:**

PBM is executing an Individual Financial Assistance (IFA) Medical schemes wherein, poor/deserving people suffering from fatal diseases like Cancer, Heart disease, Hepatitis, Tuberculosis, Vital Organ Surgeries, Kidney are provided financial assistance up to Rs. 1.5 million per patient for treatment through government hospitals. The individual having monthly income equal to or less than Rs. 74,000/- is eligible to get financial assistance from IFA (Medical). To ensure the budget's impact on poverty reduction, the government is focusing on inclusive economic policies, digital social safety nets for poor patients.

Disbursement of funds for last three (03) F.Ys under IFA-Medical is as under:

Year	Medical		Cochlear Implant	
	No. of Beneficiaries	Amount Disbursed	No. of Beneficiaries	Amount Disbursed
2022-23	8345	1,417,509,656	41	41,000,000
2023-24	8731	1,695,621,510	752	814,650,000
2024-25	18,305	4,121,780,532	902	1,932,150,000
Total	**35381**	**7,234,911,698**	**1695**	**2,787,800,000**

9. **School For Rehabilitation Of Child Labour(SRCL):**

The PBM is undertaking targeted measures to ensure that budgetary allocations effectively contribute to poverty reduction and job creation, particularly by addressing the root causes of child labour and promoting human capital development.
In this regard, PBM is implementing the project titled School for Rehabilitation of Child Labour (SRCL) across the country. The initiative focuses on the elimination of child labour by providing free primary education to children engaged in hazardous occupations such as brick kilns, carpet weaving, mining, tannery, construction, glass bangle industry, domestic work, begging, agriculture, and street-based activities.
At present, 160 SRCLs are operational nationwide (Lahore Region–46, Multan Region–20, Sindh–38, Khyber Pakhtunkhwa–24, Balochistan–14, ICT–13, and Gilgit-Baltistan–5), catering to 19,042 enrolled students during the academic year 2024–25. These schools provide free uniform, shoes, textbooks, stationery, and a stipend of Rs.100/- per day on attendance basis, thereby incentivizing school attendance and reducing the economic burden on families.

The Government has further strengthened its commitment through international obligations, including signing a Memorandum of Understanding with the International Labour Organization (ILO) in 1994 under the International Programme on the Elimination of Child Labour (IPEC), and ratifying ILO Convention No. 182 on the Worst Forms of Child Labour in 2001.

These measures ensure effective utilization of budgetary resources by:

- Eradicating child labour and facilitating access to formal education;
- Reducing poverty at the household level through financial support and social protection;
- Enhancing future employability of children through education and skill development pathways;
- Promoting long-term economic productivity and job creation by developing a skilled and educated workforce.

PBM, under the Ministry of Poverty Alleviation and Social Safety, operates at the grassroots level to directly engage vulnerable communities, ensuring that the benefits of public spending translate into sustainable socio-economic uplift and improved livelihood opportunities across the country.

The annual budget allocated for one School for Rehabilitation of Child Labour (SRCL) is Rs.4.9 million.

Detail of schools along with enrolled students (academic year 2024-25) is as given below:

Province/Region	**Boys**	**Girls**	**Total Student Enrolled**
Lahore Region	2743	2743	5486
Multan Region	1240	1127	2367
Sindh	2378	2086	4464
KP	1951	914	2865
Balochistan	882	798	1680
ICT	806	795	1601
GB	350	229	579
Total	**10350**	**8692**	**19042**

10. **Women Empowerment Centres(WECS):**

The Pakistan Bait-ul-Mal (PBM), has undertaken comprehensive measures to ensure that budgetary allocations effectively contribute to poverty reduction and job creation, particularly targeting the most vulnerable segments of society.

In this regard, PBM has established 165 Women Empowerment Centers (WECs) across the country, including Azad Jammu & Kashmir and Gilgit-Baltistan, operating at the district level since 1995. These centers provide free vocational training to widows, orphans, and underprivileged women in market-relevant skills such as dress designing, embroidery, computer applications, beautician services, cooking, and fabric painting.

Approximately 25,000 trainees benefit annually, equipping them with employable skills that directly enhance their income-generating capacity So far, Pakistan Bait ul Mal has 165 WECs, 37 are in Punjab, 18 in South Punjab, 34 in Sindh, 30 in KPK, 23 in Balochistan, 17 in ICT/AJK and 6 in Gilgit Baltistan.

To further support participation, trainees are provided a stipend of Rs. 100 per day on an attendance basis through transparent systems including Biometric Verification System (BVS) and Electronic Payment System (EPS) via UBL Omni and Jazz Cash.

Upon successful completion of training, participants are awarded Certificates of Proficiency accredited by the National Vocational & Technical Training Commission (NAVTTC), thereby improving their employability in the formal and informal job markets.

Since inception, a total of 366,504 trainees has successfully passed-out from WECs across all provinces and regions, reflecting the scale and sustained impact of the initiative.

These measures ensure that budgetary resources are utilized effectively by:

- Promoting skill development and self-employment opportunities;
- Enhancing economic mobility of disadvantaged women;
- Supporting grassroots-level job creation; and
- Ensuring equitable access to vocational training across all regions.

The initiative has yielded positive outcomes, as a significant number of graduates are now earning sustainable livelihoods, thereby contributing to poverty alleviation and socio-economic development of their families and communities.

The annual budget allocated for one Women Empowerment Center (WEC) is Rs.4.9 million. The Province/Region wise detail of passed out trainees (w.e.f 1995 to 2025) are as under:

DETAIL OF PASSED OUT TRAINEES (W.E.F 1995 TO 2025)	
Province / Region	**Total Passed out**
Punjab	75,587
South Punjab	37,115
Sindh	79,945
KPK	75,361
Balochistan	44,142
ICT & AJK	42,093
Gilgit Baltistan	12,261
Total	**366,504**

11. <u>TRUST FOR VOLUNTRY ORGANIZATION (TVO)</u>

Trust for Voluntary Organizations (TVO) is a private entity established under the Special Development Fund (SDF) Agreement between the Government of Pakistan and the Government of the United States of America. TVO operates in accordance with its Charter and By-Laws and does not receive any budgetary support from the Federal or Provincial Governments. It utilizes (i) its own investment income and (ii) donor contributions to carry out its mandate.

With reference to the subject matter, it is stated that Trust for Voluntary Organizations (TVO) adopts a community-centered development approach, supporting projects that contribute to the collective betterment of communities by reducing socioeconomic vulnerabilities, improving access to basic services, and strengthening local capacities. Its grant financing primarily targets community-driven initiatives implemented through partner organizations to ensure inclusive and widespread impact, while also supporting projects that enhance income generation by building the skills and capacities of groups, particularly women and youth. Through this integrated approach—focusing on both community development and livelihood enhancement—WO contributes to sustainable poverty reduction and job creation, ensuring that public investments translate into tangible socio-economic improvements for marginalized populations.

1. Syeda Shehla Raza

Will the Minister In-Charge of the Cabinet Division be pleased to state:

a) what measures are being taken by the Cabinet Division to ensure transparency into the functioning of the Federal Cabinet and its affiliated bodies;
b) details of the report on the implementation status of decision taken in the Cabinet meeting over the part (a) above; and
c) what mechanism put in place for monitoring performance of various ministries and divisions under the oversight of the Cabinet Division?

Minister In-charge of the Cabinet Division: (a) Cabinet Division provides secretariat support to the Federal Cabinet which includes scrutiny of summaries for Cabinet, issuance of agenda for Cabinet meetings, recording of minutes and decisions of the Cabinet meetings and issuance of decisions to the relevant Ministries/Divisions as required under rule 20(13) of the Rules of Business, 1973. Further the Cabinet Division maintains the record of each case as per the requirements of rule 24(6) of the Rules ibid.

(b) Details of Cabinet Meetings and Cabinet Decisions held during the tenure of the present government (from 4th March, 2024 to date) are given below:

Years	Cabinet Meetings	Implemented Cabinet Decisions	Under Process Cabinet Decisions	Total Cabinet Decisions
2024-26	67	2173	375	2548

(c) The Cabinet Division monitors the implementation of Cabinet decisions by Ministries and Divisions to ensure that Cabinet decisions are expeditiously implemented. However, the Cabinet Division does not have the mandate to monitor the overall performance of Ministries and Divisions.

2. Ms. Aliya Kamran

Will the Minister for Poverty Alleviation and Social Safety be pleased to stated:

a) the names and addresses of widows of tehsil Balakot included in Benazir Income Support Programme (BISP) after fresh survey conducted by BISP; and

b) the details of criteria fixed for selection thereof?

Minister for poverty Alleviation and Social Safety: (Syed Imran Ahmed Shah) (a) The number of widow beneficiaries of Benazir Income Support Programme (BISP) in tehsil Balakot is 1,638. Moreover, the National Socio-Economic Registry (NSER) Wing has established robust data-sharing protocols and constituted a dedicated Data Sharing Committee to oversee compliance. To date, the NSER Wing has shared data with over 100 federal and provincial entities, as well as development partners including INGOs and NGOs with the Data Sharing Committee's approval. This mechanism ensures adherence to data-sharing protocols, prevents breaches, and minimizes duplication of efforts. Therefore, the data sharing request may please be forwarded in the name of Director General (NSER), BISP through proper channel, on the prescribed "Data Request Form" attached as Annex-I for the approval from Data Sharing Committee. Data can be shared through preselected mechanisms to ensure security and confidentiality.

(b) The eligibility criteria of cash assistance under Unconditional Cash Transfers (UCT) and Conditional Cash Transfer (CCT) can only be ever-married women including divorced/widow women, with valid CNICs having PMT score of < 32 are eligible. For households with persons with disabilities, the cut-off score is < 37. Beneficiaries of UCT & CCT programmes are identified through scientific mode of National Socio-Economic (NSER) survey based on Proxy Means Test (PMT) that determines the welfare status of the household on a scale between 0-100. Eligibility thresholds (PMT cut-off scores) are determined according to available fiscal space and approved by BISP Board. All families falling within the approved PMT cut-off are provided cash assistance.

However, under the approved policy, transgender individuals registered with NADRA are eligible to receive UCT benefits without any PMT-based restriction.

3. Ms. Shahida Rehmani

Will the Minister for Information Technology and Telecommunication be pleased to state:

a) whether the Government has stated any plan to promote online education, digital curriculum and virtual class rooms;
b) whether the facilities of tablets or digital libraries have been provided to male and female students under these plans;
c) whether the Ministry has entered into a partnership with any educational institution or app; and
d) if not, what strategy is being adopted by the Ministry for the promotion of digital education?

Minister for Information Technology and Telecommunication (Ms. Shaza Fatima Khawaja): (a) The Government, through the Ministry of IT & Telecom, has taken concrete steps to promote online education, digital skills, and virtual classrooms through initiatives such as DigiSkills.pk Program, the Center of Excellence for Gaming and Animation (CEGA) and the Danish Pods initiative, whose brief is as follows:

DigiSkills.pk Training Program:

DigiSkills.pk is Pakistan's largest free online digital skills training program to equip participants with the knowledge, skills, tools, and techniques needed to access local and international online job markets. It aims to expand the country's freelance workforce, increase freelancers' working hours and earnings, improve household income and financial inclusion, develop experts in specialized skills, and contribute to the growth of Pakistan's IT exports.

The program has imparted 5.51 million trainings to date and has contributed significantly to the growth of Pakistan's freelancing ecosystem and digital economy.

Center of Excellence for Gaming and Animation (CEGA):

CEGA is another Ignite's flagship initiative launched to nurture Pakistan's growing talent pool in the gaming and animation industries through state-of-the-art training, hands-on mentorship, and world-class infrastructure. Two dedicated centers have been established in Lahore and Karachi with a target to provide 10,000 trainings through both physical and online model for upskilling and catering the nationwide demand ensuring practical exposure through in-person workshops and studio-based sessions. The program has imparted more than 1,600 trainees to date across three batches under the initiative starting November 2025.

Danish Pods:

Danish Pods is a flagship initiative of the Ministry of Information Technology and Telecommunication (MoITT) and Ignite – National Technology Fund, aligned with the Prime Minister's Vision for Digital Pakistan. Launched as a pilot project in Islamabad, the initiative reflects the Government's commitment to leveraging technology for inclusive development by ensuring equitable access to education, digital skills, and socio-economic opportunities.

As part of the pilot, Danish Pods have been established at F-9 Park and Saidpur Village, Islamabad, with five computers installed at each location. The British Council Digital Library has been integrated into the Pod computers, providing learners with access to e-books, academic and research resources, and digital learning tools that support skill development and lifelong learning. Similar e-learning resources will also be integrated into these Pods in the future.

In addition, the Government is also promoting digital learning through the development of INDUS (Integrated Network for Digital Upskilling & Success) by the Pakistan Software Export Board

(PSEB) under the Ministry of Information Technology & Telecommunication (MoITT). INDUS is being developed as a comprehensive national digital workforce platform comprising multiple integrated modules to connect students, professionals, academia, industry, and government. One of its key modules is a Learning Management System (LMS), which will serve as the central platform for delivering online training programmes, digital courses, certifications, webinars, mentorship sessions, and other virtual learning opportunities. Going forward, digital skills training initiatives implemented by MoITT and PSEB will be delivered through this LMS, enabling learners across Pakistan to access high-quality, industry-relevant training remotely while promoting digital upskilling and enhancing workforce readiness.

(b) Yes. Virtual University Pakistan (VUP) centers available in major cities across Pakistan offer the trainees digital infrastructure at these centers who do not have access to laptops or computers. Under CEGA trainings, high-end computers are available for onsite participants, while GPU resources are provided to both onsite and online participants.

Under the Danish Pods initiative, five computers have been installed at each of the two locations i.e F-10 Park and Saidpur Village. The British Council Digital Library has also been integrated into the Pod computers, providing access to e-books, academic and research resources, educational materials, and digital learning tools and further digital learning resources are being added to the e-library.

Furthermore, the INDUS platform includes a Learning Management System (LMS) module that will function as a digital learning repository by providing students across Pakistan, including both male and female learners, with remote access to online courses, certifications, webinars, mentorship sessions, and other virtual learning resources.

(c) Yes. Ignite, through DigiSkills.pk Program has partnered with Virtual University of Pakistan for providing nationwide trainings and also further collaboration with Schools, colleges and universities nationwide for participation in this program. Similarly, the INDUS platform being administered by PSEB is being designed to collaborate with stakeholders across academia, industry, and government. In this regard, partnerships and integrations with Higher Education Commission (HEC)-recognized universities, the National Database and Registration Authority (NADRA), and other relevant government entities are envisaged to facilitate e-learning, support verification of credentials, strengthen digital identity mechanisms, and enhance access to digital skills training, certifications, internships, and employment opportunities through a unified digital ecosystem.

(d) The Ministry of IT & Telecom, through Ignite – National Technology Fund, is adopting a multi-pronged strategy for the promotion of digital education across Pakistan, which includes:

- Nationwide Free Digital Skills Training: Through the DigiSkills.pk Program, offering free online courses in freelancing, digital marketing, e-commerce, AI, data analytics, and other high-demand digital skills, delivered via a dedicated Learning Management System (LMS) accessible across the country.
- Sector-Specific Specialized Training: Through initiatives like the Center of Excellence for Gaming and Animation (CEGA), providing focused, industry-relevant training in emerging fields such as game development and 3D animation combining both online and onsite learning modes.
- Digital Infrastructure Support: Facilitating access to digital learning resources through initiatives such as Danish Pods, where computers have been placed to support digital literacy among students.
- Women and Youth-Focused Inclusion: Prioritizing participation of women, unemployed youth, and underserved communities to promote financial inclusion and equitable access to digital education opportunities.

- Outreach and Awareness Campaigns: Road shows, print media, and social media marketing are conducted by our partners to create awareness and promote digital education among target communities across Pakistan, ensuring wider visibility and participation in these programs.

Through its Learning Management System (LMS), INDUS will serve as a centralized platform for delivering online training programmes, digital courses, certifications, webinars, mentorship sessions, and other virtual learning opportunities. The platform aims to expand access to quality, industry-relevant training, enhance digital skills, strengthen academia-industry collaboration, and improve workforce readiness across Pakistan.

4. Ms. Shahida Rehmani

Will the Minister for Information Technology and Telecommunication be pleased to state:

a) whether the Ministry has initiated any project for the provision of internet, Information Technology (I.T) labs and smart boards in educational institutions of Pakistan;
b) if so, the names of those educational institutions to whom these facilities have been provided;
c) whether the Ministry has also commenced "a pilot project" in any educational institution; and
d) if not, what measures are being proposed to strengthen the foundation of I.T education?

Minister for Information Technology and Telecommunication (Ms. Shaza Fatima Khawaja): (a) Ignite–National Technology Fund, under the Ministry of Information Technology and Telecommunication, implemented a pilot project titled "Digital Skills Training & Support Program for Southern Balochistan" under which three state-of-the-art IT labs were established in selected educational institutions of Southern Balochistan. The project focused on strengthening ICT infrastructure and digital skills training.

Furthermore, the Ministry of Information Technology & Telecommunication (MoITT), through the Pakistan Software Export Board (PSEB), has initiated projects aimed at strengthening advanced digital and information technology education infrastructure in higher educational institutions. Under the National Semiconductor Human Resource Development Program (NSHRDP), Semiconductor Education & Research Clusters (SERCs) are being established to enhance Pakistan's semiconductor ecosystem through quality education, research, and industry collaboration.

As part of this initiative, selected universities will establish state-of-the-art Semiconductor Design Laboratories equipped with industry-standard Electronic Design Automation (EDA) tools and advanced design infrastructure to facilitate hands-on learning, research, and innovation. The program is focused on developing specialized human capital in emerging technologies and does not specifically provide for the installation of smart boards or general internet connectivity infrastructure in educational institutions. The list of schools regarding the provision of internet connectivity is at Annex-I.

The National Telecom Corporation (NTC) has deployed Internet at 426 FDE Schools/Colleges as per their requirement. The list is at Annex-II._The Shenzhen-Inspired ICT Education Roadmap Project, initiated by the Pakistan Software Export Board (PSEB) aims to develop a comprehensive

framework for ICT education and skills development in Pakistan by drawing lessons from the globally recognized Shenzhen technology ecosystem. The project focuses on aligning Pakistan's ICT education pipeline with export-oriented industry needs and international standards. The details of the project are placed at Annex-III.

(**b**) The following educational institutions benefited under the pilot project:

University of Gwadar
University of Turbat
Balochistan University of Engineering and Technology, Khuzdar

Moreover, the SERC initiative envisages the establishment of three regional clusters (North, Centre, and South) comprising selected leading universities. The process of selection and operationalization of participating institutions is underway in accordance with the approved implementation framework. The laboratories will be established at participating universities under the SERC program.

(c) Yes. Ignite–National Technology Fund, under the Ministry of Information Technology and Telecommunication, implemented the "Digital Skills Training & Support Program for Southern Balochistan" as a pilot project. Under the project, three state-of-the-art IT labs were established and market-oriented digital skills training was delivered through a blended model comprising online and lab-based learning. Additionally, the Semiconductor Education & Research Clusters initiative is being implemented in a phased manner through selected universities, which will serve as centres of excellence for semiconductor education, research, and innovation.

(d) The Ministry is undertaking various measures to strengthen the foundation of I.T. education, including:

• Establishment of Semiconductor Education & Research Clusters (SERCs) across the country.
• Development of state-of-the-art Semiconductor Design Laboratories equipped with advanced EDA tools and design infrastructure.
• Introduction of standardized undergraduate and postgraduate semiconductor curricula.
• Capacity building of faculty members and researchers through specialized training programs.
• Promotion of academia-industry collaboration to align education with emerging technological and market requirements.
• Encouraging applied research, innovation, and commercialization of indigenous technologies to produce a highly skilled workforce for future digital and semiconductor industries. These initiatives are expected to produce approximately 2,200 skilled semiconductor engineers by 2029 and contribute towards developing a sustainable technology ecosystem in Pakistan.

Click here for Annexure
(Annexures have been placed in the National Assembly Library)

Islamabad,
the 16th August, 2026

SAEED AHMAD MAITLA
Acting Secretary

(پہلا گروپ اتیسویں اجلاس)

قومی اسمبلی سیکرٹریٹ

''سوالات برائے زبانی جوابات''

جو بروز پیر ۱۷/اگست ۲۰۲۶ء کو منعقد ہونے والے قومی اسمبلی کے اجلاس میں پوچھے جائیں گے

83۔ *محترمہ عالیہ کامران: کیا وزیر برائے تخفیفِ غربت و سماجی تحفظ بیان فرمائیں گے:

ستائیسویں اجلاس سے مؤخر شدہ

(الف) یکم رمضان، ۲۰۲۵ء اور یکم رمضان، ۲۰۲۶ء کو ہر بینک کی جانب سے کتنی زکوٰۃ کاٹی گئی؛ نیز

(ب) ہر بینک نے مذکورہ سالوں کے لیے کاٹی گئی رقم اکٹھی ہونے کے بعد جن اکاؤنٹس یا فنڈز میں جمع کرائی ان کی تفصیلات کیا ہیں؟

وزیر برائے تخفیف غربت و سماجی تحفظ (سید عمران احمد شاہ)

(الف) تمام بینک/مالیاتی ادارے زکوٰۃ و عشر آرڈیننس، 1980ء کے دفعہ 3 کے تحت لازمی بنیادوں پر زکوٰۃ منہا (کٹوت) کرتے ہیں اور منہا کردہ زکوٰۃ کی رقم اسٹیٹ بینک آف پاکستان (SBP) کے زیرِ اہتمام مرکزی زکوٰۃ اکاؤنٹ (CZ-08) میں جمع کراتے ہیں۔ اسٹیٹ بینک آف پاکستان ہر سال اس وزارت کو کل زکوٰۃ کی جمع شدہ رقم کے مجموعی اعداد و شمار فراہم کرتا ہے۔ مالی سال 2024–2025 کے لیے زکوٰۃ کی وصولی حسبِ ذیل ہے، جبکہ مالی سال 2025–2026 کے اعداد و شمار مالی سال کے اختتام کے بعد جولائی 2026ء میں اسٹیٹ بینک آف پاکستان اس وزارت کو فراہم کرے گا۔

نمبر شمار	سال	رقم (روپے)
1	2025–2024	11,770,557,146.90

(ب) زکوٰۃ کے شعبے کی صوبوں کو منتقلی (تفویض) کے بعد، صوبوں نے اپنے زکوٰۃ کے قوانین نافذ کیے ہیں اور وہ زکوٰۃ کے پروگرام وضع کرنے کے ساتھ ساتھ ضلع زکوٰۃ کمیٹیوں اور مقامی زکوٰۃ کمیٹیوں کے ذریعے مستحقین میں زکوٰۃ کے فنڈز کی تقسیم کے ذمہ دار ہیں۔

وزارتِ تخفیفِ غربت و سماجی تحفظ، وزیر اعظم پاکستان کی منظوری سے مشروط، یکمشت بنیادوں پر صوبوں/علاقہ جات کو زکوٰۃ کے فنڈز جاری کرتی ہے اور صوبائی یا علاقائی سطح پر ان فنڈز کی بعد میں تخصیص، انتظام یا تقسیم میں اس کا کوئی کردار نہیں ہوتا، بشمول مستحقین جیسے کہ یتیم، بیواؤں یا دیگر مستحق افراد کو براہِ راست رقم کی ادائیگی۔

1۔ *جناب محمد فاروق ستار: کیا وزیر برائے موسمیاتی تبدیلی و ماحولیاتی معاونت بیان فرمائیں گے:

(الف) آیا وزارت نے جی-۲۰ ممالک کے اشتراک سے کوئی پائیدار منصوبہ تیار کیا ہے نیز اس ضمن میں پہلے سے اٹھائے گئے اقدامات کی تفصیلات کیا ہیں؛

(ب) آیا خشک سالی اور سیلاب سے متاثرہ علاقوں میں ہونے والے نقصانات کا تخمینہ لگایا گیا ہے؛ نیز

(ج) مذکورہ صورتحال پر قابو پانے کے لیے حکومت کی جانب سے کیا اقدامات کیے جا رہے ہیں؟

وزیر برائے موسمیاتی تبدیلی و ماحولیاتی (سینیٹر مصدق مسعود ملک)

(الف) پاکستان جی-۲۰(G20)کا رکن نہیں ہے؛اس لیے ایک فورم کے طور پر جی-۲۰ کے ساتھ مل کر کوئی سکیم تیار نہیں کی گئی ہے۔ جی-۲۰ میں ۱۹ ممالک شامل ہیں، یعنی فرانس، سعودی عرب، جرمنی، اٹلی، بھارت، آسٹریلیا، ارجنٹائن، برازیل، کینیڈا، چین، انڈونیشیا، جاپان، جنوبی کوریا، میکسیکو، روس، جنوبی افریقہ، ترکیہ، برطانیہ (UK)، امریکہ (US)، نیز یورپی یونین (EU) اور افریقی یونین (African Union)۔تاہم، پاکستان کے جی-۲۰ کے کچھ رکن ممالک، خاص طور پر جرمنی، یو۔کے، چین اور جاپان کے ساتھ موسمیاتی اقدامات سے متعلق اہم دوطرفہ تعاؤن کا سلسلہ جاری ہے۔اس تعاون کی توجہ کا مرکز وہ شعبے ہیں جن میں آفت سے نمٹنے کی صلاحیت، اخراج میں کمی، کاربن مارکیٹ اور آفات کے خلاف مزاحمت پیدا کرنے کے لیے موافقت شامل ہیں۔ فورم کی سطح پر، جی-۲۰ انتہائی کمزور ترقی پذیر ممالک کے لیے ماحولیات اور موسمیاتی اثرات سے نمٹنے کی صلاحیت سازی کی حمایت کرتا ہے۔

(ب) حکومتِ پاکستان، وزارتِ منصوبہ بندی، ترقی و خصوصی اقدامات کے ذریعے، سیلاب سے متعلق نقصانات اور تباہ کاریوں کا جائزہ لیتی، انہیں یکجا کرتی اور ان کا قومی ریکارڈ برقرار رکھتی ہے۔ نیشنل ڈیزاسٹر مینجمنٹ اتھارٹی (این ڈی ایم اے) خشک سالی سمیت قومی سطح پر آفات سے نمٹنے کی سرگرمیوں کی نگرانی، رابطہ کاری اور جائزہ کی ذمہ دار ہے۔

وزارتِ منصوبہ بندی، ترقی و خصوصی اقدامات کی شائع کردہ رپورٹ کے مطابق، ابتدائی جائزے سے ظاہر ہوتا ہے کہ تمام صوبوں اور خطوں میں مجموعی نقصانات کا تخمینہ 822 ارب روپے (تقریباً 2.9 ارب امریکی ڈالر) ہے۔ زیادہ تر مالیاتی اثرات پنجاب تک مرکوز ہیں، جو اس صوبے کی آفات سے نمٹنے کی بڑھتی ہوئی کمزوری کو ظاہر کرتے ہیں۔ اگرچہ دیگر صوبوں اور خطوں کو نسبتاً کم سطح کے نقصانات کا سامنا کرنا پڑا ہے، تاہم مقامی معیشتوں اور بنیادی ڈھانچے کے تناظر میں اثرات نمایاں ہیں۔ درج ذیل جدول صوبہ اور خطہ کے لحاظ سے تخمینہ شدہ مالی نقصانات، نیز کل نقصانات میں فی صد حصہ کی تفصیل فراہم کرتا ہے۔

خطہ/صوبہ	نقصانات (ارب روپے)	نقصانات (%)
پنجاب	631.0	76.8
کے پی	51.3	6.2
سندھ	32.2	3.9
جی بی	13.0	1.6
آزاد جموں و کشمیر	9.3	1.1
بلوچستان	7.0	0.9
دیگر[1]	78.1	9.5
کل	822.0	100

سال 2022 سے 2026 کے دوران آنے والے سیلابوں سے ہونے والے بڑے نقصانات کی تفصیل حسب ذیل ہے:

سال 2022 کے سیلاب: پاکستان میں سال 2022ء کے سیلاب کی 'پوسٹ ڈیزاسٹر نیڈز اسسمنٹ' (PDNA) کے مطابق کل نقصانات کا تخمینہ 14.9 ارب امریکی ڈالر سے زیادہ ہے، جبکہ مجموعی معاشی نقصان کا تخمینہ تقریباً 15.2 ارب امریکی ڈالر ہے۔ سیلاب کے بعد پائیدار انداز

میں بحالی اور تعمیر نو کے لیے کم از کم 16.3 ارب امریکی ڈالر کی ضرورت کا تخمینہ لگایا گیا ہے۔ اس سیلاب کے نتیجے میں 1,700 سے زائد افراد جان کی بازی ہار گئے، جن میں سے ایک تہائی بچے تھے۔

سال 2025 کے سیلاب: تمام صوبوں اور علاقوں میں کل نقصانات کا تخمینہ 822 ارب روپے (2.9 ارب امریکی ڈالر) لگایا گیا ہے۔ مالیاتی اثرات کا بڑا حصہ پنجاب میں مرکوز ہے۔ دیگر صوبوں/علاقوں میں نسبتاً کم نقصان ہوا، لیکن مقامی معیشتوں اور بنیادی ڈھانچے کے تناظر میں اثرات اب بھی نمایاں ہیں۔ جاں بحق ہونے والوں کی تعداد میں 1,039 افراد کی تصدیق کی گئی ہے، جبکہ 2,29,763 سے زائد مکانات کو نقصان پہنچا یا وہ تباہ ہوئے۔ تقریباً 40 لاکھ لوگ عارضی طور پر بے گھر ہوئے۔

سال 2026 کے سیلاب: NDMA کی مون سون 2026 کی صورتحال کی رپورٹ کے مطابق، 11 اگست 2026 تک کل 155 اموات رپورٹ ہوئی تھیں، جن میں زیادہ تر اموات خیبر پختونخوا اور پنجاب میں ہوئیں۔ مکانات کا گرنا ہلاکتوں کی بڑی وجہ برقرار ہے۔ رپورٹ کے مطابق اب تک 432 مکانات کو نقصان پہنچا/وہ گر گئے اور 580 مویشیوں کا نقصان ہوا۔

1,039 انسانی جانوں کے دردناک نقصان کے علاوہ، سیلاب کی وجہ سے بڑے پیمانے پر متاثرہ برادریوں کی منتقلی، اور تعلیم کے شعبے میں تعطل پیدا ہوا، نیز زراعت اور بنیادی ڈھانچے کے شعبوں میں وسیع معاشی نقصان ہوا۔ نقصانات کا سب سے بڑا حصہ فصلوں کا رہا، جس کا تخمینہ 442 ارب روپے لگایا گیا ہے، اس کے بعد سڑکوں کا بنیادی ڈھانچہ (187.75 ارب روپے)، رہائشی انفراسٹرکچر (91.20 ارب روپے)، آبی شعبہ (17.68 ارب روپے)، اور پل اور کل ورٹس (10.77 ارب روپے) شامل ہیں۔ وزارت منصوبہ بندی، ترقی و خصوصی اقدامات کی رپورٹ منسلکہ-I میں فراہم کی گئی ہے۔

خشک سالی کی کوئی بڑی ہنگامی صورتحال پیش نہیں آئی ہے جس کے لیے حالیہ برسوں کے دوران قومی سطح پر ردعمل کی ضرورت پڑے۔

(ج) حکومت ایک مربوط قومی طریقہ کار کے ذریعے سیلاب سے نمٹنے کی تیاری اور مزاحمت کو بہتر بنا رہی ہے۔ اگرچہ صوبے سیلاب سے تحفظ، دریاؤں کے انتظام، شہری نکاسیِ آب اور اراضی کے استعمال کے ضابطے کے لیے بنیادی طور پر ذمہ دار ہیں، تاہم بار بار آنے والے سیلابوں نے زیادہ مضبوط قانونی اور ادارہ جاتی فریم ورک کی ضرورت کو اجاگر کیا ہے۔ اس کے ردعمل میں، وزیرِ اعظم نے مون سون 2026ء کے اسٹریٹجک پلان کی تیاری کی ہدایت کی۔ مذکورہ پلان وزارتِ موسمیاتی تبدیلی و ماحولیاتی معاونت نے وفاقی اور صوبائی متعلقہ فریقین سے مشاورت کے ساتھ تیار کیا۔ اس پلان میں سیلاب کے خطرات سے متعلق انتظام، ابتدائی انتباہی نظام، تیاری، ردعمل اور موسمیاتی موافقت کو بہتر بنانے کے لیے 14 ترجیحی اقدامات وضع کیے گئے ہیں۔

عمل درآمد کی نگرانی کے لیے، وزارتِ منصوبہ بندی، ترقی و خصوصی اقدامات کی سربراہی اور وزارت برائے موسمیاتی تبدیلی و ماحولیاتی معاونت کی مشترکہ سربراہی میں وزیرِ اعظم کی ایک اسٹیئرنگ کمیٹی قائم کی گئی، تاکہ عمل درآمد میں رابطہ کاری کی جائے، وسائل کو بروئے کار لایا جائے، ترقیاتی شراکت داروں کو شامل کیا جائے، اور پیشگی انتباہ اور آفات سے متعلق ڈیٹا کے نظاموں کے انضمام کو بہتر بنایا جائے۔ وفاقی وزارتوں، صوبائی حکومتوں، آزاد جموں و کشمیر، جی بی اور متعلقہ اداروں نے باقاعدہ رابطہ کاری اجلاسوں، تکنیکی مشاورتوں اور نگرانی کے طریقہ کار کے ذریعے عمل درآمد کا آغاز کر دیا ہے تاکہ اقدامات پر بروقت عمل درآمد کو یقینی بنایا جا سکے اور سیلاب کی پیش گوئی، آبی انتظام، آفات سے نمٹنے کی تیاری، بنیادی ڈھانچے کی بحالی، صحتِ عامہ، تعلیم اور کمیونٹی کی مزاحمت کے شعبوں میں روابط کو بہتر بنایا جا سکے۔

مزید برآں، وزیرِ اعظم کی ہدایات پر وفاقی وزیر برائے موسمیاتی تبدیلی و ماحولیاتی معاونت، چیئرمین این ڈی ایم اے (NDMA)، اور سپارکو (SUPARCO) کے ایک سینئر نمائندے صوبائی حکومتوں کے ساتھ اعلیٰ سطحی اجلاس منعقد کر رہے ہیں تاکہ مون سون کی تیاریوں اور

سیلاب سے نمٹنے کی صلاحیت کو مضبوط بنانے کے اقدامات کا جائزہ لیا جاسکے۔اب تک پنجاب، خیبر پختونخوا اور سندھ کی حکومتوں کے ساتھ اجلاس کامیابی سے منعقد ہو چکے ہیں، جبکہ باقی صوبوں اور علاقوں کے ساتھ اجلاس جاری ہیں۔

اسی طرح، فلڈ پلین مینجمنٹ ایکٹس/ضوابط کی منظوری کو آسان اور یقینی بنانے کے لیے صوبائی حکومتوں کے ساتھ مسلسل رابطہ برقرار رکھا جارہا ہے۔ وفاقی وزیر اور چیئرمین این ڈی ایم اے کے صوبائی حکومتوں کے ساتھ ہونے والے اجلاسوں کے دوران فلڈ پلین ضوابط کی منظوری اور ان کے مؤثر نفاذ پر خصوصی زور دیا جارہا ہے، اس کے ساتھ ساتھ مون سون کی تیاری، سیلاب کے خطرے کے انتظام، قبل از وقت انتباہ کے نظام، اور آفات سے نمٹنے کی تیاری اور ردعمل سے متعلق دیگر ترجیحی شعبوں پر بھی توجہ دی جارہی ہے۔

علاوہ ازیں، اہم متعلقہ فریقوں، بشمول صوبائی حکومتوں، وفاقی وزارتوں/ڈویژنوں، سرکاری اور نیم سرکاری اداروں، سول سوسائٹی، اکیڈمیا، نجی شعبے اور میڈیا کے ساتھ 'قومی پالیسی ڈائیلاگ' منعقد کرنے کے لیے ایک جامع فریم ورک تیار کیا جارہا ہے۔ یہ قومی پالیسی ڈائیلاگ قومی پالیسی پر قائم وزیر اعظم کی کمیٹی کے تحت کیا جارہا ہے، جس کی سربراہی وفاقی وزیر برائے منصوبہ بندی، ترقی و خصوصی اقدامات کر رہے ہیں۔ وزارتِ موسمیاتی تبدیلی و ماحولیاتی معاونت (MoCC&EC) کمیٹی کو سیکرٹریٹ سپورٹ فراہم کر رہی ہے اور کمیٹی کی جانب سے تفویض کیے گئے اہم امور اور ذمہ داریاں انجام دے رہی ہے، جن میں نیشنل کلائیمیٹ فنانس اسٹریٹیجی کا ڈیزائن؛ صوبوں میں جنگلات کی بے دریغ کٹائی کو روکنے کے لیے متعلقہ قوانین اور انضباطی فریم ورک میں ضروری ترامیم کی تجویز؛ اور شہری علاقوں میں سیلاب کے مسئلے سے نمٹنے، اس کے اثرات کو کم کرنے اور شہری سیلاب سے نمٹنے کی صلاحیت کو مضبوط بنانے کے لیے پالیسی اور ادارہ جاتی اقدامات کی تیاری شامل ہیں۔

ملک میں خشک سالی سے نمٹنے کی تیاری، نگرانی اور اس کے انتظام کو مضبوط بنانے کے لیے، وزارتِ موسمیاتی تبدیلی و ماحولیاتی معاونت (MoCC&EC) نے "نیشنل ڈراؤٹ پلان 2025–2035" (National Drought Plan 2025–2035) تیار کیا ہے، جسے متعلقہ فریقوں کے درمیان وسیع پیمانے پر مشتہر کیا گیا ہے تاکہ اس کے مربوط نفاذ کو فروغ دیا جائے۔ مزید برآں، انٹرنیشنل واٹر مینجمنٹ انسٹیٹیوٹ نے وزارت موسمیاتی تبدیلی و ماحولیاتی معاونت اور محکمہ موسمیات پاکستان کے ساتھ مل کر 'پاکستان ڈراؤٹ مینجمنٹ سسٹم' (PakDMS) تیار کیا ہے۔ یہ نظام قومی خشک سالی کے منصوبے کے نفاذ میں معاونت کے لیے عملی اقدامات کے لیے محکمہ موسمیات پاکستان (PMD) کے حوالے کر دیا گیا ہے۔ PakDMS کو خشک سالی کی نگرانی، پیشگی انتباہ، تیاری اور شواہد کی بنیاد پر فیصلہ سازی کو مضبوط بنانے کے لیے ڈیزائن کیا گیا ہے، جس کا مقصد خشک سالی کے انتظام کے لیے ہنگامی ردِ عمل کی بجائے ایک فعال، مربوط اور خطرات سے باخبر حکمتِ عملی کو فروغ دینا ہے۔

(منسلکہ قومی اسمبلی کی لائبریری میں رکھ دیا گیا ہے)

2۔ ***جناب محمد فاروق ستار: کیا وزیر برائے تخفیفِ غربت و سماجی تحفظ بیان فرمائیں گے:**

(الف) جنوری، ۲۰۱۸ء سے پاکستان بیت المال (پی بی ایم) کی جانب سے ملک میں شروع کیے گئے پروگراموں یا منصوبوں کی تفصیل کیا ہے؛ نیز

(ب) ان منصوبوں سے مستفید ہونے والے افراد کی تعداد کیا ہے؟

وزیر برائے تخفیف غربت و سماجی تحفظ (سید عمران احمد شاہ)

جنوری 2018ء سے، پاکستان بیت المال نے درج ذیل پروگرام/منصوبے شروع کیے ہیں:

- پی بی ایم شیلٹر ہومز (پناہ گاہیں)
- کھانا سب کے لیے

- یتیم وبیوہ معاونتی پروگرام
- کاکلیئر امپلانٹ (سماعت کے آلات کا پروگرام)

مندرجہ بالا پروگراموں کی تفصیلات درج ذیل ہیں:

پی بی ایم شیلٹر ہومز (پناہ گاہیں):

پی بی ایم شیلٹر ہوم پروگرام کا آغاز جولائی 2020ء میں اسلام آباد سے کیا گیا۔ پی بی ایم شیلٹر ہوم ایک ایسی جگہ ہے جہاں مستحق/ضرورت مند افراد کو مفت کھانا اور چھت فراہم کی جاتی ہے۔ ہدف بنائے گئے گروہوں میں گھروں سے دور افراد، بے روزگار، مزدور، دہاڑی دار، غریب و مسافر، مریضوں کے تیماردار، طلباء یا دیگر تمام مستحق افراد شامل ہیں۔ فی الوقت، ملک بھر میں (16) شیلٹر ہومز فعال ہیں، جن کی تفصیل درج ذیل ہے:

صوبہ/علاقہ	تعداد
آئی سی ٹی (وفاقی دارالحکومت)	04
آزاد جموں وکشمیر	01
پنجاب	01
جنوبی پنجاب	02
سندھ	07
گلگت بلتستان	01

فائدہ/مراعات:

ہر شیلٹر ہوم میں، روزانہ کی بنیاد پر (400) افراد تک مفت رات کا کھانا اور (100) افراد تک رات کے قیام کے ساتھ ساتھ صبح کا ناشتہ فراہم کیا جاتا ہے۔

طریقہ کار:

i. پاکستان کے شہری بشمول آزاد جموں وکشمیر اور گلگت بلتستان کے شہری/دیہی بے گھر افراد، گھروں سے دور، بے روزگار، مزدور، دہاڑی دار، غریب و مسافر، مریضوں کے تیماردار، طلباء وغیرہ پی بی ایم شیلٹر ہومز کی سہولت سے استفادہ کر سکتے ہیں۔

ii. شیلٹر ہوم کے اندر تمام مذکورہ افراد کو باوقار انداز میں مفت کھانا (رات کا کھانا) پیش کیا جاتا ہے۔

iii. پی بی ایم شیلٹر ہوم میں مفت رات کا قیام حاصل کرنے والوں کے پاس معتبر شناختی کارڈ یا کوئی دیگر شناختی دستاویز ہونا ضروری ہے۔

iv. بائیو میٹرک چیک اِن رجسٹریشن کی جاتی ہے۔

v. ایسے افراد کو ترجیح دی جاتی ہے جن کی پہلے قیام کی تاریخ نہ ہو یا کم ہو۔

vi. درخواست دہندگان کے زیرِ کفالت افراد کو بھی کیس کی نوعیت کے مطابق شیلٹر ہوم میں رہنے کی اجازت ہو گی۔

کھانا سب کے لیے:

"کھانا سب کے لیے" پروگرام کا آغاز مارچ 2021ء میں اُن مستحقین کو مفت کھانا فراہم کرنے کے لیے کیا گیا تھا جو مختلف وجوہات (مثلاً کام/مزدوری میں مصروفیت) کی بناء پر پی بی ایم شیلٹر ہومز (پناہ گاہوں) تک نہیں پہنچ سکتے تھے۔ اس مقصد کے لیے موبائل فوڈ یونٹ "کھانا سب

کے لیے "کا آغاز کیا گیا ہے جس کے تحت مستحق افراد کو ان کے کام کی جگہوں کے قریب کھانا فراہم کیا جاتا ہے۔ اس میں "پہلے آیئے، پہلے پایئے" کا اصول مد نظر رکھا جاتا ہے۔ فی الوقت، ملک بھر میں (17)KSKL فوڈ گاڑیاں فعال ہیں جن کی تفصیل درج ذیل ہے:

صوبہ/علاقہ	تعداد
آئی سی ٹی (وفاقی دارالحکومت)	03
آزاد جموں و کشمیر	01
جنوبی پنجاب	03
پنجاب-I	02
سندھ	03
خیبر پختونخوا	03
گلگت بلتستان	01
بلوچستان	01

فائدہ/مراعات:

ہر KSKL فوڈ گاڑی کے ذریعے مقررہ روٹس پر روزانہ (1000) مستحقین کو مفت کھانا (500 افراد کے لیے دوپہر کا اور 500 کے لیے رات کا کھانا) فراہم کیا جاتا ہے۔

طریقہ کار:

پاکستان کے شہری/مقیم بشمول شہری/دیہی علاقوں کے افراد، گھروں سے دور، بے روزگار، مزدور، دہاڑی دار، غریب و مسافر، مریضوں کے تیماردار، طلباء یا کوئی بھی دیگر مستحق فرد مفت کھانے کی اس سہولت سے استفادہ کر سکتا ہے۔ یہ سہولت "پہلے آیئے، پہلے پایئے" کی بنیاد پر فراہم کی جاتی ہے۔

(یتیم و بیوہ معاونتی پروگرام):

"اورفن اینڈ وڈو سپورٹ پروگرام "(OWSP) ایک مشروط نقد منتقلی (CCT) کا اقدام ہے جو 2020ء میں شروع کیا گیا تھا۔ یہ پروگرام بیوہ خواتین کو یتیم بچوں، بالخصوص بچیوں کی تعلیم کے لیے ادارہ جاتی خاندانی مالی امداد فراہم کر رہا ہے۔ اس پروگرام کا مقصد ادارہ جاتی دیکھ بھال سے خاندانی سطح کی تخصیصی معاونت کی طرف منتقل ہو کر دیکھ بھال کے نظام میں انقلابی تبدیلی لانا ہے۔

پروگرام کے جز:

- پاکستان بیت المال سوئیٹ ہومز (Sweet Homes) جن کی کارکردگی بہتر نہیں ہے، ان کے بچوں کو اورفن اینڈ وڈو سپورٹ پروگرام کے ماڈل میں منتقل کیا جاتا ہے۔
- پاکستان بیت المال سوئیٹ ہومز کے وہ بچے جنہوں نے میٹرک/انٹرمیڈیٹ پاس کر لیا ہے، سرکاری تعلیمی اداروں، کالجوں اور یونیورسٹیوں میں داخلے کے بعد انہیں اورفن اینڈ وڈو سپورٹ پروگرام میں شامل کیا جاتا ہے۔
- سرکاری کیڈٹ کالجوں میں چھٹی، ساتویں اور آٹھویں جماعت کے بچے شامل ہیں۔

- ہر صوبائی/علاقائی ہیڈ کوارٹر میں یتیم بچیوں والے 100 بی آئی ایس پی کے مستحق خاندانوں کو شروع میں اس پروگرام کے تحت امداد دی جاتی ہے۔

فائدہ/مراعات:

- اور فن اینڈ وڈو سپورٹ پروگرام میں شامل پاکستان بیت المال سوئیٹ ہومز کے بچوں کے خاندان، ایک بچہ ہونے کی صورت میں 8,000/-روپے اور دو یا اس سے زائد بچے ہونے کی صورت میں 16,000/-روپے ماہانہ حاصل کرنے کے حقدار ہیں۔
- اس پروگرام میں شامل بی آئی ایس پی کے خاندان، جن کی کم از کم ایک یتیم بچی اسکول جارہی ہو، 12,000/-روپے ماہانہ تک کے حقدار ہیں۔
- ادائیگی سہ ماہی بنیادوں پر بائیو میٹرک تصدیق کے ذریعے کی جاتی ہے، جو فی الوقت UBL Omni کے ذریعے فراہم کی جارہی ہے۔
- پہلی قسط کی ادائیگی اسکول میں داخلے کی بنیاد پر کی جاتی ہے جبکہ بعد کی قسطیں تعلیمی حاضری کی پابندی کی بنیاد پر کی جاتی ہیں۔

صوبہ	خاندان	بچے (لڑکے)	بچے (لڑکیاں)	کل بچے
بلوچستان	107	68	136	204
گلگت بلتستان	93	100	159	259

مجموعہ	**939**	**653**	**803**	**1456**

کاکلیئر امپلانٹ (Cochlear Implant):

نومبر 2019ء میں، پاکستان بیت المال نے کیپیٹل ڈیولپمنٹ اتھارٹی اسلام آباد کے تعاون سے کاکلیئر امپلانٹ پروگرام کا آغاز کیا تاکہ پیدائشی طور پر گونگے اور بہرے بچوں کو کاکلیئر امپلانٹ فراہم کیا جاسکے تاکہ وہ سننے، سیکھنے اور بولنے کے قابل ہو سکیں۔ انفرادی مالی امداد (IFA) کاکلیئر امپلانٹ پالیسی کے تحت ہر مریض کو سرکاری کے ساتھ ساتھ پینل پر موجود نجی اسپتالوں میں کاکلیئر امپلانٹ سرجری کے لیے 2.15 ملین (21.5 لاکھ) روپے کی مالی امداد فراہم کی جاتی ہے۔ یہاں یہ ذکر کرنا ضروری ہے کہ کاکلیئر امپلانٹ کے بہترین اور مثبت نتائج کے لیے بچے کی تجویز کردہ عمر 03 سال سے کم ہونی چاہیے۔ اس سلسلے میں، کاکلیئر امپلانٹ سرجری کی ضرورت مند بچوں کی آن لائن رجسٹریشن پی بی ایم کی ویب سائٹ www.pbm.gov.pk کے ذریعے کی جاتی ہے۔

اقدام کے آغاز سے لے کر اب تک، ان منصوبوں سے مستفید ہونے والے افراد کی تعداد درج ذیل ہے:

(ب) اقدام کے آغاز سے لے کر اب تک، ان منصوبوں سے مستفید ہونے والے افراد کی تعداد درج ذیل ہے:

پی بی ایم شیلٹر ہومز (پناہ گاہیں):

پروگرام سے مستفید ہونے والے افراد کی تعداد:

- فراہم کردہ کھانا=9,611,270 (9.61 ملین)
- رات کا قیام+ناشتہ=1,798,867 (1.79 ملین)

- کل 11,410,137 = ((11.410 ملین)

کھاناسب کے لیے:

اب تک اس پروگرام کے ذریعے مستحقین کو 9,717,565 (9.72 ملین) کھانے فراہم کیے جاچکے ہیں۔

اور فن اینڈ وڈو سپورٹ پروگرام (یتیم وبیوہ معاونتی پروگرام):

اور فن اینڈ وڈو سپورٹ پروگرام کے تحت 939 خاندانوں کے 1,456 بچے (803 لڑکیاں اور 653 لڑکے) درج/شامل کیے گئے ہیں۔ اس مد میں 169.245 ملین روپے کی رقم تقسیم کی جاچکی ہے۔

کاکلیئرامپلانٹ:

اب تک پینل پر موجود اسپتالوں کے ذریعے 2,891 کاکلیئر امپلانٹ سرجریاں کی جاچکی ہیں جس پر 5,010,825,000 (5.01 ارب) روپے کی رقم صرف ہوئی ہے۔

3۔ ***جناب نسیم علی شاہ: کیا وزیر برائے انفارمیشن ٹیکنالوجی و ٹیلی مواصلات بیان فرمائیں گے:**

(الف) گزشتہ چار سالوں کے دوران ملک میں غیر معیاری موبائل انٹرنیٹ اور ڈیٹا سروسز فراہم کرنے والی ٹیلی کمیونیکیشن کمپنیوں پر وفاقی حکومت یا متعلقہ اداروں کی جانب سے کتنے جرمانے، اضافی لیویز عائد کی گئیں یا دیگر مالی تادیبی اقدامات کیے گئے؛

(ب) آیا حکومت اس امر سے آگاہ ہے کہ جاز، یوفون اور زونگ سمیت متعدد ٹیلی کام آپریٹرز ضلع بنوں اور دیگر پسماندہ علاقوں میں کمزور نیٹ ورک کوریج، غیر معیاری انٹرنیٹ سروسز اور سروس میں بار بار تعطل کے باوجود صارفین سے مکمل چارجز وصول کررہے ہیں؛ نیز

(ج) آیا حکومت ایسی کمپنیوں پر مزید جرمانے عائد کرنے اور متاثرہ علاقوں میں سروس کے معیار کو بہتر بنانے کے لیے کوئی پالیسی تشکیل دے رہی ہے؛ اگر ایسا ہے تو اس کی تفصیلات کیا ہیں؛ اگر نہیں تو اس کی وجوہات کیا ہیں؟

وزیر برائے انفارمیشن ٹیکنالوجی و ٹیلی مواصلات (محترمہ شزیٰ فاطمہ خواجہ)

(الف) گزشتہ چار سالوں کے دوران، پی ٹی اے (PTA) نے شہری مراکز، دیہی علاقوں، شاہراہوں/موٹرویز اور ریلوے راہداریوں بشمول شاہراہوں، موٹرویز اور ریلوے ٹریکس کے 500 سے زائد کوالٹی آف سروس (QoS) سروے کیے ہیں، اور مزید 200 سے زائد شکایت پر مبنی سروے انجام دیے ہیں۔ پی ٹی اے نے کارروائی کے ایک فعال نظام کو برقرار رکھا ہے، اقدامات کا خلاصہ درج ذیل ہے:

تنبیہی خطوط	جاری کردہ شوکاز نوٹسز	جرمانہ (ارب پاکستانی روپے)
20	86	3.41

(ب) آپریٹرز اپنی خدمات کے عوض اشتیاری ٹیرف (قیمتوں) کے مطابق چارج کرتے ہیں اور اپنے لائسنس شرائط و ضوابط کے مطابق سروسز کے معیار کو برقرار رکھنے کے ذمہ دار ہیں۔ یہ بات قابل ذکر ہے کہ کچھ آپریٹرز اپنے ملک گیر پیکجز کے مقابلے میں علاقائی/مقام کی بنیاد پر رعایتی/کم ٹیرف پر پیکجز پیش کرتے ہیں۔ یہ پیکجز تجارتی امور اور علاقائی مارکیٹ کی صورت حال پر مبنی ہیں۔

(ج) حکومت نے اضافی مالی جرمانے عائد کرنے کے لیے کوئی الگ پالیسی تجویز نہیں کی۔ قوانین کی عدم تعمیل پر نفاذِ قانون موجودہ قانونی اور ریگولیٹری فریم ورک کے تحت پہلے ہی سے مہیا کیا گیا ہے، جس میں پاکستان ٹیلی کمیونیکیشن (ری آرگنائزیشن) ایکٹ، 1996، قابل

اطلاق لائسنسز، اور سیلولر موبائل نیٹ ورک کیو او ایس (QoS) کے ضوابط شامل ہیں۔ پی ٹی اے (PTA) ریگولیٹری کارروائی کرتا ہے، بشمول انتباہی خطوط (Warning Letters) کا اجراء، شوکاز نوٹسز (SCNs)، اور مالی جرمانے عائد کرنا جہاں آپریٹرز تجویز کردہ لائسنس اور سروس کے معیار (QoS) کی ذمہ داریوں پر پورا اترنے میں ناکام رہتے ہیں۔

اس کے ساتھ ساتھ، حکومت نے حالیہ اسپیکٹرم نیلامی اور این جی ایم ایس (NGMS) لائسنس کی نظر ثانی شدہ شروط کے ذریعے ریگولیٹری فریم ورک کو مزید مضبوط کیا ہے، جن میں نیٹ ورک کے پھیلاؤ کی بہتر ذمہ داریاں، اضافی G/5G4 سائٹس کی تنصیب، کیو او ایس (QoS) کے اعلیٰ معیارات، اور مرحلہ وار نیٹ ورک کی جدید کاری شامل ہیں۔ یہ اقدامات، جاری ریگولیٹری نفاذ کے ساتھ مل کر، محروم اور متاثرہ علاقوں میں سروس کے معیار کو بہتر بنانے کے ساتھ ساتھ آپریٹرز کی جوابدہی کو یقینی بنانے کے لیے ہیں۔

مخصوص شکایات کے لیے، براہ کرم رابطہ کار (POC) کی تفصیلات فراہم کی جائیں تاکہ مسائل کی نشاندہی اور ان کی فوری اصلاح کو ممکن بنایا جا سکے۔

4۔ * محترمہ تمکین اختر نیازی: کیا وزیر برائے موسمیاتی تبدیلی و ماحولیاتی معاونت بیان فرمائیں گے:

(الف) جنگلات اور شجر کاری کے رقبے میں اضافے کے لیے مختص فنڈز کے استعمال کی نگرانی کس طرح کی جائے گی تاکہ فنڈز ضائع نہ ہوں؛

(ب) آیا حکومت نے موسمیاتی مالی اعانت اور نقصان و تباہ کاریوں کے فنڈ سے استفادہ کرنے کے لیے کوئی جامع منصوبہ تیار کیا ہے؛

(ج) آیا ہمارا ملک دنیا میں سب سے کم کاربن اخراج مگر سب سے زیادہ متاثر ہونے والے ممالک میں سے ایک ہے؛ نیز

(د) اگر ایسا ہے تو حکومت بین الاقوامی فورمز پر اس عالمی ناانصافی کو کس طرح اجاگر کرے گی؟

وزیر برائے موسمیاتی تبدیلی و ماحولیاتی (سینیٹر مصدق مسعود ملک)

(الف) وزارتِ موسمیاتی تبدیلی و ماحولیاتی رابطہ کاری اپنے PSDP منصوبے بعنوان "اپ اسکیلنگ آف گرین پاکستان پروگرام (UGPP)" کے ذریعے پورے پاکستان میں جنگلات سے متعلق اقدامات کر رہی ہے۔ یہ پروگرام 2028ء تک جاری رہے گا اور اس کی کل لاگت 122,146.00 ملین روپے ہے، جبکہ مالی سال 2026-27 کے لیے 2,335.499 ملین روپے کا بجٹ مختص کیا گیا ہے۔

پروگرام کے تحت اپ اسکیلنگ آف گرین پاکستان پروگرام (UGPP) میں ایک باقاعدہ مانیٹرنگ اینڈ ایویلیوایشن یونٹ قائم ہے، جس کی سربراہی ڈپٹی پراجیکٹ ڈائریکٹر (M&E) کرتے ہیں۔ یہ یونٹ مانیٹرنگ اور فیلڈ مانیٹرنگ افسران کے ذریعے باقاعدگی سے نگرانی کا عمل انجام دیتا ہے۔

مزید برآں، UGPP پروگرام کے تحت ایک آزاد تھرڈ پارٹی مانیٹرنگ کا نظام بھی وضع کیا گیا ہے، جس میں بین الاقوامی شہرت کے حامل اداروں پر مشتمل ایک کنسورشیم شامل ہے، جس میں انٹرنیشنل یونین فار کنزرویشن آف نیچر (IUCN)، فوڈ اینڈ ایگریکلچر آرگنائزیشن (FAO) اور ورلڈ وائیڈ فنڈ فار نیچر (WWF) شامل ہیں۔

(ب) حکومتِ پاکستان نے گرین پروجیکٹس کے لیے نجی شعبے سے مالی معاونت حاصل کرنے کی غرض سے قومی موسمیاتی مالیاتی حکمتِ عملی کا فریم ورک (National Climate Finance Strategic Framework) وضع کیا ہے۔

حکومتِ پاکستان نے لاس اینڈ ڈیمیج فنڈ (Loss & Damage Fund) کو 3 منصوبوں کی تجاویز پیش کی ہیں، جو زیرِ غور ہیں۔ ان میں سے دو تجاویز، ایک UNDP اور دوسری WHO کی جانب سے، جون 2026ء میں فنڈ کو پیش کی گئیں، جن میں سے ہر تجویز کی مالیت 20 ملین امریکی ڈالر ہے۔ ان تجاویز کے عنوانات "پاکستان لاس اینڈ ڈیمیج ایکشن: ناگزیر موسمیاتی اثرات سے نمٹنے کے لیے بحالی اور نظام کو مضبوط بنانا" "پاکستان میں لاس اینڈ ڈیمیج میں کمی کے لیے موسمیاتی لچک کے حامل صحت کے نظام" ہیں۔

(ج) جی ہاں۔ پاکستان کم گرین ہاؤس گیسز (GHG) خارج کرنے والا ملک ہے اور عالمی سطح پر سالانہ گرین ہاؤس گیسوں کے اخراج میں اس کا حصہ تقریباً 1 فیصد ہے، تاہم اس کے باوجود پاکستان ان ممالک میں شامل ہے جو موسمیاتی تبدیلی کے منفی اثرات کے حوالے سے انتہائی اور غیر متناسب طور پر زیادہ خطرات سے دوچار ہیں۔

(د) حکومتِ پاکستان نے وزیر اعظم پاکستان اور وفاقی وزیر برائے موسمیاتی تبدیلی و ماحولیاتی رابطہ کاری کی قیادت میں اقوامِ متحدہ کے فریم ورک کنونشن آن کلائمیٹ چینج (UNFCCC) اور دیگر بین الاقوامی فورمز کے تحت ہونے والے مذاکرات میں موسمیاتی ناانصافی کے مسئلے کو مسلسل اجاگر کیا ہے۔ پاکستان نے ہم خیال ممالک اور مذاکراتی گروپس کے ساتھ فعال طور پر کام کرتے ہوئے موسمیاتی انصاف اور مساوات کے اصولوں کے لیے آواز اٹھائی ہے۔ اس امر پر زور دیا گیا ہے کہ ترقی پذیر ممالک، عالمی سطح پر گرین ہاؤس گیسوں کے اخراج میں نہایت معمولی حصہ ہونے کے باوجود، موسمیاتی تبدیلی کے منفی اثرات سے غیر متناسب طور پر متاثر ہو رہے ہیں، اور پاکستان متعلقہ تمام بین الاقوامی فورمز پر اس مؤقف کو مسلسل اجاگر کرتا رہے گا۔

5۔ ***ڈاکٹر نفیسہ شاہ:** کیا وزیر انچارج برائے وزیر اعظم آفس بیان فرمائیں گے:

(الف) ۲۰۲۵ء کے مون سون سیلاب سے متاثر ہونے والے ۷۰ لاکھ افراد کی بحالی کی موجودہ صورتحال کیا ہے؛ نیز

(ب) مختص کیے گئے امدادی فنڈز میں سے کتنی رقم متاثرہ آبادیوں میں تقسیم کی جا چکی ہے؟

وزیر انچارج برائے وزیر اعظم آفس

(الف) i) قومی سطح پر آفات کے انتظامی فریم ورک کے تحت آفات سے نمٹنے، بحالی اور تعمیرِ نو کی بنیادی ذمہ داری صوبائی حکومتوں پر عائد ہوتی ہے۔ ضلعی ڈیزاسٹر مینجمنٹ اتھارٹیز (ڈی ڈی ایم ایز)/ ضلعی انتظامیہ ابتدائی ردعمل فراہم کرنے والے ادارے ہیں جبکہ صوبائی ڈیزاسٹر مینجمنٹ اتھارٹیز (پی ڈی ایم ایز) دوسرے درجے کے ردعمل کی ذمہ داری انجام دیتی ہیں۔ نیشنل ڈیزاسٹر مینجمنٹ اتھارٹی (این ڈی ایم اے) بطور وفاقی رابطہ کار اور پالیسی ساز ادارہ، بنیادی طور پر قومی سطح پر رابطہ کاری، ضرورت پڑنے پر وفاقی وسائل کو متحرک کرنے اور پالیسی رہنمائی فراہم کرنے کی ذمہ دار ہے، اور یہ بحالی یا تعمیرِ نو کے منصوبوں پر براہِ راست عمل درآمد نہیں کرتی۔

ii) مون سون سیلاب 2022ء اور 2025ء کے حوالے سے بحالی اور تعمیرِ نو کی سرگرمیاں متعلقہ صوبائی حکومتوں اور دیگر متعلقہ عملدرآمد کرنے والے اداروں کی جانب سے انجام دی جا رہی ہیں۔ وفاقی سطح پر وزارتِ منصوبہ بندی، ترقی و خصوصی اقدامات (ایم او پی ڈی اینڈ ایس آئی) بحالی اور تعمیرِ نو کی کوششوں میں رابطہ کاری کی ذمہ دار مرکزی وزارت ہے۔

iii) مون سون 2025ء کے دوران تقریباً 3.029 ملین افراد کو محفوظ مقامات پر منتقل کیا گیا اور انہیں ریسکیو کیا گیا۔ مون سون 2025ء کے دوران فراہم کی گئی فوری امداد کی تفصیلات ضمیمہ-الف کے منسلکہ I-پر ہیں۔

(ب) مزید برآں، وفاقی حکومت کی ہدایات پر قومی ڈیزاسٹر مینجمنٹ اتھارٹی (این ڈی ایم اے) نے مون سون سیلاب 2025ء کے دوران جاں بحق ہونے والے افراد کے ورثاء کو مالی امداد فراہم کی۔ اس کی تفصیلات ضمیمہ-الف کے منسلکہ II-پر ہیں۔

این ڈی ایم اے اپنے دائرۂ اختیار کے مطابق، تیسرے درجے کے ردِ عمل کے ادارے کی حیثیت سے، وفاقی حکومت کی ہدایات کے تحت صرف مالی امداد فراہم کرتی ہے۔ مون سون سیلاب 2025ء کے دوران جاں بحق ہونے والے متاثرین کے ورثاء کو این ڈی ایم اے کی جانب سے فراہم کی گئی مالی امداد کی تفصیلات ضمیمہ-الف کے منسلکہ II-کے پر ہیں۔

مہ I-تامنسلکہ-الف

وفاقی حکومت کی جانب سے قومی سطح پر فراہم/مربوط کی گئی امدادی سرگرمیوں کا مجموعی خلاصہ

- **41 معمولی زخمی** (فی کیس **0.2 ملین روپے**) یعنی **کل رقم: 13.2 ملین روپے**

خیبر پختونخوا میں **غیر معمولی بہادری** کے اعتراف میں **2 کیسز** کو **2.5 ملین روپے فی کیس** انعام دیا گیا۔

نوٹ: گلگت بلتستان میں **3 کیسز** کو **تعریفی انعام** کے طور پر **7.5 ملین روپے** ادا کیے گئے۔

مجموعی کل (ملین روپے)	**2,095.7**
مالی امداد + زخمیوں کا معاوضہ + انعامی رقم	(2,074 + 13.2 + 7.5 + 1)

6۔ * محترمہ شاہدہ بیگم: کیا وزیر برائے موسمیاتی تبدیلی و ماحولیاتی معاونت بیان فرمائیں گے:

(الف) آیا وزارت نے پاکستان میں بڑھتی ہوئی گرمی کی لہروں، شہری علاقوں میں زیادہ درجہ حرارت کے اثرات، خشک سالی اور موسمیاتی تبدیلی سے پیدا ہونے والے آبی دباؤ سے نمٹنے کے لیے قومی سطح پر تیاریوں کا جائزہ لیا ہے؛ اگر ایسا ہے تو اس کے اہم نتائج کیا ہیں؛

(ب) گرمی کی شدید لہر اور موسمیاتی تبدیلی کی وجہ سے ہونے والی اموات کے تناظر میں نشاندہی کردہ خطرے سے دوچار شہروں اور اضلاع کے نام کیا ہیں اور ان علاقوں میں اس وقت کون سے موافقتی اقدامات نافذ العمل ہیں؛

(ج) شہری شجر کاری، ٹھنڈی چھتوں، گرمی سے موافق بنیادی ڈھانچے، موسمیاتی طور پر موافق آبی نظام اور ہیٹ ایکشن پلان کے فروغ کے لیے وفاقی حکومت کے پروگراموں کی تفصیلات بشمول مختص بجٹ اور ان پر عمل درآمد کی موجودہ صورتحال کیا ہے؛ نیز

(د) آیا حکومت نے موسمیاتی موافقت کا جائزہ لینے کے لیے قابل پیمائش قومی موافقتی اہداف اور اشاریے مقرر کیے ہیں؛ اگر ایسا ہے تو ان کی بنیادی قدریں، اہداف اور ان کے حصول کی مدت کیا ہے؟

وزیر برائے موسمیاتی تبدیلی و ماحولیاتی (سینیٹر مصدق مسعود ملک)

(الف) شدید گرمی کی لہروں (Heatwaves) سے نمٹنے کے لیے پاکستان کی تیاریوں کا جائزہ قومی پالیسیوں، موسمیاتی رپورٹس، اور حساسیت کے تخمینوں کی روشنی میں لیا گیا ہے، جن میں درج ذیل شامل ہیں:

- **قومی موافقت کا منصوبہ (National Adaptation Plan 2023)**
- **اقوام متحدہ کے فریم ورک کنونشن برائے موسمیاتی تبدیلی (UNFCCC) کو بھیجی گئی تیسری قومی مواصلاتی رپورٹ (2025)**
- **دوسالہ شفافیت رپورٹ (Biennial Transparency Report 2024)**
- **تیسری قومی سطح پر طے شدہ ترجیحات/تعاون (Third Nationally Determined Contributions 2025)**
- **ماحول اور موسمیاتی تبدیلی کے تناظر کی رپورٹ (Environment and Climate Change Outlook Report)**
- **شہری حرارتی جزیروں (Urban Heat Island) سے متعلق جغرافیائی و فضائی مطالعہ جات (2024–2025)**
- **مسودہ برائے قومی خشک سالی منصوبہ (2025-35)**

وزارتِ موسمیاتی تبدیلی و ماحول دوست ہم آہنگی نے جغرافیائی تکنیکوں کا استعمال کرتے ہوئے ایک تحقیقی مطالعہ کیا جس کا عنوان درج ذیل تھا

"پاکستان میں استعمالِ زمین/زمینی احاطہ میں زمانی و مکانی تبدیلیاں اور شہری حرارتی جزیروں (UHI) پر اس کے اثرات - پاکستان کے چھ بڑے شہروں کا تحقیقی جائزہ"

اس مطالعے میں کراچی، حیدرآباد، کوئٹہ، فیصل آباد، پشاور اور مردان کا جائزہ لیا گیا، جس میں شہری پھیلاؤ، نباتاتی احاطہ، سطحِ زمین کے درجہ حرارت اور 'یو ایچ آئی' (UHI) کی شدت کی جانچ کے لیے سیٹلائٹ تصاویر، جی آئی ایس، اور ریموٹ سینسنگ کا استعمال کیا گیا۔

اہم نتائج و مندرجات میں درج ذیل شامل ہیں

- شہری آبادی میں نمایاں اضافے کے باعث تعمیر شدہ رقبوں میں اضافہ ہوا ہے جبکہ نباتات اور سبزہ زاروں میں کمی واقع ہوئی ہے، جس نے 'اربن ہیٹ آئی لینڈ' کے اثرات کو مزید شدید کر دیا ہے۔
- تعمیر شدہ اور بنجر زمینوں میں درجہ حرارت زیادہ پایا گیا، جبکہ نباتاتی علاقوں اور آبی ذخائر میں درجہ حرارت کم دیکھا گیا، جو شہری علاقوں کو ٹھنڈا رکھنے میں ان کی اہمیت کو ظاہر کرتا ہے۔
- یہ تحقیقی مطالعہ موسمیاتی اثرات کا مقابلہ کرنے والی شہری منصوبہ بندی، سبز بنیادی ڈھانچے کی حفاظت، اور گرمی میں کمی لانے کی حکمتِ عملیوں کو شامل کرنے پر زور دیتا ہے، جو حتمی طور پر شہری تپش سے نمٹنے کی صلاحیت کو بہتر بنانے میں پاکستان کے شہروں میں موسمیاتی تبدیلی کے خلاف معاون ثابت ہوں گی۔

ان تخمینوں اور تجزیوں سے ظاہر ہوتا ہے کہ پاکستان میں موسمیاتی تبدیلی سے متعلق خطرات شدید تر ہوتے جا رہے ہیں، جیسا کہ دنیا بھر میں ہو رہا ہے۔ خصوصاً سندھ، جنوبی پنجاب اور بلوچستان میں شدید گرمی کی لہریں اور شدت کے ساتھ رونما ہو رہی ہیں۔ تیز رفتار شہری آبادی اور سبزے کی کمی شہری سطح پر حرارتی دباؤ میں اضافہ کر رہی ہے۔ اس کے ساتھ ساتھ خشکسالی کے تسلسل اور پانی کی قلت میں اضافہ ہو رہا ہے، جس سے موسمیاتی حساسیت اور مسمیاتی تغیر پذیری مزید بڑھ گئی ہے۔

اگرچہ اس مسئلے سے نپٹنے کے لیے "قومی موافقت پلان" کے نفاذ اور محکمہ موسمیات نیز موسمیاتی نگرانی کے نظام میں وسعت پر کام جاری ہے، تاہم تیاریوں اور اطلاق کے امور میں چیلنجز بدستور موجود ہیں۔ وزارتِ موسمیاتی تبدیلی ان چیلنجز کے حل کے لیے صوبوں کے ساتھ مل کر کام کر رہی ہے۔ وزارت متعدد اہم اقدامات کو آگے بڑھا رہی ہے جن میں "قومی خطہ خشک سالی پلان (2025-35)"، "قومی شہری حکمت عملی"، اور ملک گیر "ارض-مکانی تخمینے" شامل ہیں۔

اس سلسلے میں، لوکل اور صوبائی سطح پر عوامی تحفظ اور ہیٹ ویو سے بچاؤ کی تیاریوں کے پیشِ نظر متعلقہ اسٹیک ہولڈرز کے ساتھ تجزیئے اور مطالعاتی رپورٹس شیئر کی گئی ہیں۔ بعد ازاں، صوبائی حکومتیں شہریوں کو "اربن ہیٹ آئی لینڈ" (Urban heat island) کے اثرات سے محفوظ رکھنے کے لیے شہروں میں مختلف مقامات پر پناہ گاہیں اور طبّی سہولیات فراہم کر رہی ہیں۔

مزید برآں، وزارتِ موسمیاتی تبدیلی و ماحولیاتی رابطہ نے **اسپنج سٹی ماڈل** کا تصور اور تجویز تیار کی ہے، جسے عملدرآمد کے لیے صوبائی حکومتوں کے ساتھ شیئر کر دیا گیا ہے۔ اس اقدام کا مقصد قدرتی حل اور پائیدار شہری آبی انتظام کے طریقوں کو اپنا کر شہری پانی کی قلت کو دور کرنا، شہری سیلاب کا خطرہ کم کرنا اور زیرِ زمین پانی کی سطح میں بہتری لانا ہے۔

(ب) این ڈی ایم اے کے "سمر کنٹنگینسی پلان (2026)" اور "ہیٹ ویو گائیڈ لائنز (2026)" کے مطابق، شدید گرمی سے سب سے زیادہ خطرے سے دوچار علاقوں میں **سندھ** کے اضلاع جیکب آباد، دادو اور کراچی؛ **پنجاب** کے اضلاع بہاولپور اور لاہور؛ **بلوچستان** کے اضلاع سبی اور تربت؛ جبکہ **خیبر پختونخوا** کے اضلاع ٹانک اور ڈیرہ اسماعیل خان شامل ہیں۔ یہ علاقے مسلسل بلند درجہ حرارت، شدید حرارتی دباؤ، اور طویل گرمی کے دوران جسم میں پانی کی کمی، گرمی سے متعلق بیماریوں اور اموات میں اضافے جیسے خطرات ہیٹ ویو (شدید لو) کے واقعات سے پہچانے جاتے ہیں۔

مزید برآں، ان تخمینوں/تخمینوں میں بزرگ افراد، بچوں، حاملہ خواتین، کھلی جگہوں/باہر کام کرنے والے مزدوروں، پہلے سے طبّی مسائل/بیماریوں میں مبتلا افراد، اور گنجان آباد شہری علاقوں کے رہائشیوں کی نشاندہی سب سے زیادہ متاثر (حساس) گروہوں کے طور پر کی گئی ہے۔ این ڈی ایم اے اور پی ایم ڈی کی ایڈوائزریز/ہدایات کی روشنی میں، مقامی انتظامیہ/حکام کی جانب سے کولنگ کی سہولیات، پینے کے پانی کی فراہمی، اور ہیلتھ کیئر (طبّی) کیمپوں کے قیام کے حوالے سے اقدامات کیے جاتے ہیں۔

(ج) **وزارتِ موسمیاتی تبدیلی و ماحولیاتی ہم آہنگی** پالیسی سازی، ہم آہنگی، اور ترقیاتی منصوبہ بندی میں موسمیاتی موافقت کو شامل کر کے قومی سطح پر موسمیاتی مطابقت کی کوششوں کی نگرانی کرتی ہے۔

تیاری و ردِ عمل کے اہم اقدامات میں درج ذیل شامل ہیں:

- **قبل از وقت اطلاع اور پیشگوئی:** پاکستان محکمہ موسمیات ہیٹ ویو کی پیشگوئی اور ایڈوائزریز جاری کرتا ہے، جن میں متاثرہ علاقے، متوقع غیر معمولی درجہ حرارت، اس کی وجوہات اور احتیاطی تدابیر شامل ہوتی ہیں۔ ان ایڈوائزریز کی بنیاد پر، این ڈی ایم اے اور پی ڈی ایم اے ہنگامی منصوبوں پر عمل کرتے ہیں، صوبائی سطح پر اقدامات میں ہم آہنگی پیدا کرتے ہیں، کولنگ سینٹرز (سرد مراکز) قائم کرتے ہیں، اور عوام میں آگاہی کے پیغامات پھیلاتے ہیں۔
- **پالیسی فریم ورک:** وزارتِ موسمیاتی تبدیلی و ماحولیاتی ہم آہنگی نے **قومی پالیسی برائے موسمیاتی تبدیلی (2021)**، **قومی موافقتی منصوبہ (2023)**، اور **گرین بلڈنگ کوڈز (2023)** تیار کیے ہیں، جو ہیٹ ویو کے خطرات اور اثرات کو کم کرنے کے لیے موسمیاتی طور پر پائیدار انفراسٹرکچر، تحفظِ آب، کلائمیٹ سمارٹ زراعت، عام صحت، اور توانائی بچانے والی عمارتوں کی تعمیر کو فروغ دیتے ہیں۔

- **ادارتی جاتی ہم آہنگی:** بین الوزارتی ہم آہنگی کو مضبوط بنانے، ہنگامی منصوبے تیار کرنے، مواصلاتی حکمت عملی کی تشکیل، اور پانی کی بچت و زرعی پائیداری سے متعلق معیاری طریقہ کار مرتب کرنے کے لیے **گلوبل وارمنگ اور ہیٹ ویو زپر وزرائے اعظم ٹاسک فورس (2022)** قائم کی گئی۔
- **قومی کولنگ ایکشن پلان (NCAP):** قومی کولنگ ایکشن پلان (NCAP) توانائی کی بچت کرنے والی اور ماحول دوست کولنگ ٹیکنالوجی، اور پائیدار شہری منصوبہ بندی، گرین بلڈنگز (ماحول دوست عمارتوں)، توانائی بچانے والے ریفریجریشن اور ایئر کنڈیشننگ کے طریقوں، اور گرین ہاؤس گیسوں کے اخراج میں کمی کو فروغ دیتا ہے۔
- **قدرت پر مبنی حل:** وزارتِ موسمیاتی تبدیلی و ماحولیاتی ہم آہنگی (EC&MoCC) شہری ہیٹ آئی لینڈ کے اثرات کو کم کرنے اور ایکو سسٹم کو مضبوط بنانے کے لیے قومی اور صوبائی پروگراموں کے تحت شجر کاری، اربن فارسٹری (شہری جنگلات)، زمین کی بحالی، چراگاہوں کے انتظام، +REDD، جنگلات کے پائیدار انتظام، اور جنگلات میں آگ کی روک تھام کے اقدامات کو وسعت دے رہی ہے۔
- **خشک سالی سے نمٹنے کی تیاری:** وزارت نے تیاری کو مضبوط بنانے، آبی تحفظ کو بہتر بنانے، اور خشک سالی کے بڑھتے ہوئے خطرات سے نمٹنے کے لیے "قومی خشک سالی ایکشن پلان" تیار کیا ہے۔

(د) فی الوقت، وزارتِ موسمیاتی تبدیلی و ماحولیاتی ہم آہنگی کی جانب سے تیار کردہ وفاقی پروگراموں کے لیے پالیسیاں اور منصوبے نافذ العمل ہیں، جن میں ٹھنڈی چھتوں اور توانائی بچانے والی عمارتوں کے لیے "گرین بلڈنگ کوڈز 2023" اور شہری علاقوں میں درختوں کے تناسب کو بڑھانے کے لیے "اربن فارسٹری پروگرامز" شامل ہیں۔ یہ اقدامات غیر فعال کولنگ (Passive Cooling) اور حرارت کو منعکس کرنے والے تعمیری مواد کے استعمال کو فروغ دیتے ہیں۔ شدید گرمی کا مقابلہ کرنے والے بنیادی ڈھانچے (انفراسٹرکچر) کی معاونت تو کی جاتی ہے، تاہم یہ کسی ایک مشترکہ پروگرام کے بجائے زیادہ تر پالیسی کی بنیاد پر چلایا جا رہا ہے۔ حکومت پانی کی بہتر دیکھ بھال، بارش کے پانی کو ذخیرہ کرنے، اور "ریچارج پاکستان پروگرام" وغیرہ کے آغاز کے لیے وزارتِ آبی وسائل اور وزارتِ موسمیاتی تبدیلی کے ذریعے پانی سے متعلق متعدد منصوبوں پر عمل پیرا ہے۔

وزارتِ موسمیاتی تبدیلی و ماحولیاتی ہم آہنگی اپنے منصوبے "پاکستانی ایڈاپٹیشن پلان (NAP) کے عمل کو آگے بڑھانے کے لیے صلاحیت سازی" کے ذریعے ایک مانیٹرنگ اینڈ ایویلیویشن نظام قائم کر رہی ہے تاکہ ملک بھر میں موسمیاتی مطابقت کی کارروائیوں اور پیش رفت کی نگرانی کی جا سکے۔ اس مقصد کو حاصل کرنے کے لیے، یہ منصوبہ ایک کنسلٹنگ فرم کی خدمات حاصل کر رہا ہے جو ایک ڈیجیٹل سسٹم تیار کرے گی، جس کے ذریعے وزارت جاری موسمیاتی منصوبوں کی نگرانی، مطابقت سے متعلق ڈیٹا جمع کرنے، اور پاکستان کے بین الاقوامی موسمیاتی معاہدوں کے تحت درکار سالانہ رپورٹس کی تیاری میں معاونت حاصل کر سکے گی۔ فرم کی خدمات حاصل کرنے کا عمل فی الوقت جاری ہے اور توقع ہے کہ یہ فرم ستمبر 2026ء تک کام کا آغاز کر دے گی۔

منتخب کردہ فرم قومی سطح کی اہم موسمیاتی پالیسیوں اور منصوبہ دستاویزات بشمول "قومی پالیسی برائے موسمیاتی تبدیلی (2021)"، "قومی موافقتی منصوبہ (2023)" اور دیگر متعلقہ فریم ورکس کا جائزہ لے گی تاکہ وزارتِ تغییراتِ آب و ہوا و ماحول کے لیے ایک جامع ڈیجیٹل مانیٹرنگ اینڈ ایوالیمیشن (M&E) نظام کو عملی طور پر نافذ/فعال کرنا ہے۔ یہ نظام مطابقت پذیری کی پیش رفت کی نگرانی، نتائج کا جائزہ لینے اور شواہد پر مبنی رپورٹنگ اور فیصلہ سازی کو سہولت فراہم کرنے کے سلسلے میں وزارت کی صلاحیت کو مضبوط بنائے گا۔

7۔ * محترمہ شاہدہ رحمانی: کیا وزیر برائے انفارمیشن ٹیکنالوجی و ٹیلی مواصلات بیان فرمائیں گے:

(الف) آیا یہ امر واقعہ ہے کہ حکومت نے اسٹارٹ اپ کمپنیوں کے فروغ کے لیے کوئی مالی یا تکنیکی معاونتی پیکیج فراہم کیا ہے؛

(ب) اگر ایسا ہے تو اس کے تحت مالی معاونت حاصل کرنے والے اسٹارٹ اپس کی تعداد اور اس سے حاصل ہونے والے نتائج کیا ہیں؛

(ج) آیا صوبوں میں انکیوبیشن سینٹرز قائم کیے گئے ہیں؛ نیز

(د) اگر ایسا ہے تو اسٹارٹ اپ ایکو سسٹم کے فروغ کے لیے وزارت کی حکمت عملی کیا ہے؟

وزیر برائے انفارمیشن ٹیکنالوجی و ٹیلی مواصلات (محترمہ شزیٰ فاطمہ خواجہ)

(الف) حکومتِ پاکستان، وزارتِ آئی ٹی و ٹیلی کمیونیکیشن کے تحت اِگنائٹ۔ نیشنل ٹیکنالوجی فنڈ کے ذریعے اسٹارٹ اَپ کمپنیوں کے فروغ کے لیے مالی اور تکنیکی، دونوں طرح کی معاونت فراہم کرتی ہے۔ یہ معاونت ملک بھر میں قائم انکیوبیشن مراکز کے قومی نیٹ ورک اور مخصوص مالی معاونت کے مختلف ذرائع کے ذریعے فراہم کی جاتی ہے، جن میں درج ذیل شامل ہیں:

i) نیشنل انکیوبیشن سینٹرز (NICs):

اِگنائٹ نے ملک کے بڑے شہروں میں آٹھ (8) نیشنل انکیوبیشن سینٹرز (NICs) پر مشتمل ایک قومی نیٹ ورک قائم کیا ہے۔ یہ مراکز ٹیکنالوجی کے شعبے میں نئے اور باصلاحیت اسٹارٹ اَپس کو بلا معاوضہ انکیوبیشن معاونت فراہم کرتے ہیں، جس میں رہنمائی و مشاورت، مشترکہ کام کی جگہیں، خصوصی لیبارٹریز، قانونی اور مالیاتی مشاورتی خدمات، کاروباری ترقی میں معاونت، نیز سرمایہ کاروں اور صنعتی نیٹ ورکس تک رسائی شامل ہے۔

ii) **پاکستان اسٹارٹ اَپ فنڈ (PSF):**

پاکستان اسٹارٹ اَپ فنڈ (PSF) ابتدائی مرحلے میں موجود پاکستانی اسٹارٹ اَپس کو مجموعی سرمایہ کاری کے راؤنڈ کے حجم کا 30 فیصد تک گرانٹ فراہم کرتا ہے۔ اس کا مقصد مالیاتی خلا کو پُر کرنا، کاروباری سرگرمیوں کو وسعت دینا، جدت و اختراع کو فروغ دینا اور مختلف شعبوں اور ملک کے مختلف علاقوں میں اسٹارٹ اَپس سے وابستہ خطرات کو کم کرنا ہے۔

(iii) اسپارک اور ایلیویٹ پروگرامز: اسپارک اور ایلیویٹ پروگرام مالی سال 2026-27 میں شروع کیے جانے ہیں، جن کے تحت چوتھے صنعتی انقلاب سے متعلق منصوبوں پر کام کرنے والی جامعات اور صنعت دونوں سے وابستہ محققین، جدت کار اور نئے کاروباری اداروں کو گرانٹس فراہم کی جائیں گی۔

(iv) اگنائٹ کا ایکسیلیریشن پروگرام: اسلام آباد، لاہور اور کراچی میں این آئی سی کے ایکسیلیریشن پروگرامز کے ذریعے ہر نئے کاروباری ادارے کے لیے 5 ملین پاکستانی روپے تک ابتدائی مالی معاونت فراہم کی جائے گی۔

(v) پاکستان وینچر فنڈ: یہ فنڈ مالی سال 2026-27 میں شروع کرنے کی منصوبہ بندی کی گئی ہے تاکہ پاکستانی نئے کاروباری اداروں کے لیے ترقی کے ابتدائی مرحلے کا سرمایہ متحرک کیا جاسکے اور ان کاروباری منصوبوں کے لیے مالی خلا کو پُر کیا جاسکے جو انکیوبیشن اور ابتدائی مالی معاونت کے مرحلے سے آگے بڑھ رہے ہوں۔

(ب) 2017ء سے اگنائٹ نے ملک بھر میں قومی انکیوبیشن مراکز (این آئی سیز) کا ایک نیٹ ورک قائم اور مالی معاونت فراہم کی ہے، جن میں پشاور، اسلام آباد، لاہور، کراچی، کوئٹہ، راولپنڈی، فیصل آباد اور حیدر آباد شامل ہیں۔ ان مراکز نے باصلاحیت کاروباری افراد کی پرورش، ٹیکنالوجی پر مبنی نئے کاروباری اداروں کی معاونت اور شعبوں اور خطوں میں نئے کاروباری اداروں کے خطرات میں کمی کے ذریعے پاکستان کے نئے کاروباری اور جدت طرازی کے ماحولیاتی نظام کو مضبوط بنانے میں اہم اور مثبت کردار ادا کیا ہے۔

جدت پر مبنی معاشی ترقی کو فروغ دینے میں اہم کردار ادا کیا ہے۔ آغاز سے اب تک قومی انکیوبیشن مراکز کے نیٹ ورک کے اہم نتائج درج ذیل ہیں:

آٹھ قومی انکیوبیشن مراکز میں 2,250 سے زائد نئے کاروباری اداروں کی انکیوبیشن کی گئی؛

- 185,000 سے زائد روزگار کے مواقع پیدا کیے گئے؛

انکیوبیشن کیے گئے نئے کاروباری اداروں نے 36.3 ارب پاکستانی روپے سے زائد آمدنی حاصل کی؛

ان نئے کاروباری اداروں نے مقامی اور بین الاقوامی سرمایہ کاروں سے 34.7 ارب پاکستانی روپے سے زائد سرمایہ کاری حاصل کی؛

انکیوبیشن کیے گئے نئے کاروباری اداروں میں 31 فیصد خواتین کی زیرِ قیادت ہیں، جن کی تعداد تقریباً 700 نئے کاروباری ادارے بنتی ہے۔

اس کے علاوہ، پاکستان اسٹارٹ اَپ فنڈ ہر مرحلے میں حصص کے عوض کے بغیر گرانٹس فراہم کرتا ہے۔ اب تک اگنائٹ کی جانب سے سرمایہ کاری گرانٹ کے آخری مرحلے کے لیے 3 نئے کاروباری اداروں کا انتخاب کیا جاچکا ہے۔

(ج) اگنائٹ نے تمام صوبوں اور وفاقی دارالحکومت میں آٹھ (8) قومی انکیوبیشن مراکز قائم کیے ہیں، جو انکیوبیشن معاونت تک منصفانہ اور جامع رسائی کو یقینی بناتے ہیں:

وفاقی دارالحکومت: اسلام آباد؛

پنجاب: لاہور، راولپنڈی (خصوصی ایرو اسپیس شعبہ)، اور فیصل آباد (خصوصی زرعی ٹیکنالوجی انکیوبیٹر)؛

سندھ: کراچی اور حیدر آباد؛

خیبر پختونخوا: پشاور؛

بلوچستان: کوئٹہ۔

ان مراکز نے باصلاحیت کاروباری افراد کو پروان چڑھانے، ٹیکنالوجی پر مبنی نئے کاروباری اداروں کی معاونت اور مختلف شعبوں اور خطوں میں نئے کاروباری اداروں کے ابتدائی خطرات کو کم کرتے ہوئے پاکستان کے نئے کاروباری اور جدت کے ماحولیاتی نظام کو مضبوط بنانے میں اہم کردار ادا کیا ہے۔

سیالکوٹ میں 9واں نیشنل انکیوبیشن سینٹر قائم کیا جارہا ہے، جو جولائی 2026ء میں اپنی سرگرمیوں کا آغاز کرے گا۔

مزید برآں، اِگنائٹ نے لاہور اور کراچی میں گیمنگ اور اینیمیشن کے شعبوں میں دو سینٹرز آف ایکسیلنس (سی او ای) بھی قائم کیے ہیں۔ یہ سی او ای نومبر 2025ء سے فعال ہیں۔ ان مراکز کا مقصد جدید ترین تربیت، رہنمائی اور بنیادی ڈھانچہ فراہم کرتے ہوئے گیمنگ اور اینیمیشن کے شعبوں میں پاکستان کے باصلاحیت افراد کی صلاحیتوں کو پروان چڑھانا ہے۔

(د) وزارتِ انفارمیشن ٹیکنالوجی و ٹیلی مواصلات، اِگنائٹ کے ذریعے، ایک خود کفیل قومی اسٹارٹ اَپ ایکو سسٹم کی تشکیل کے لیے ایک جامع حکمتِ عملی پر عمل پیرا ہے جس میں درج ذیل عناصر شامل ہیں:

(i) پاکستان اسٹارٹ اَپ فنڈ (پی ایس ایف):

پی ایس ایف ابتدائی مرحلے کے پاکستانی اسٹارٹ اَپس کو سرمایہ کاری کے مجموعی راؤنڈ کے حجم کے 30 فیصد تک گرانٹ فراہم کرتا ہے تاکہ مالی معاونت کے خلا کو پُر کیا جاسکے اور آپریشنز کو وسعت دی جاسکے جس سے مختلف شعبوں اور خطوں میں جدت سازی کو فروغ اور اسٹارٹ اَپس کے خطرات میں کمی واقع ہو۔

(ii) اِگنائٹ کا ایکسیلیریشن پروگرام:

اسلام آباد، لاہور اور کراچی میں این آئی سی ایکسیلیریشن پروگرامز کے ذریعے فی اسٹارٹ اَپ 5 ملین روپے تک کی ابتدائی سرمایہ کاری شروع کی گئی ہے۔

(iii) تخلیقی صنعت کے شعبے کا فروغ:

وزارتِ آئی ٹی و ٹیلی مواصلات کے تحت اِگنائٹ نے لاہور اور اسلام آباد میں گیمنگ اور اینیمیشن کے شعبوں میں دو سینٹرز آف ایکسیلنس (سی او ای) قائم کیے ہیں۔

یہ CoE پاکستان کی گیمنگ، اینیمیشن اور تخلیقی ٹیکنالوجی کی صنعتوں میں نئے شروع ہونے والے کاروباری اداروں کی افزائش اور عالمی سطح کی صلاحیت سازی کے لیے قائم کیے گئے ہیں۔

(iv) اسپارک اور ایلیویٹ پروگرامز

اسپارک اور ایلیویٹ پروگرامز صنعت اور تعلیم کے شعبوں کے ان محققین، جدت سازوں اور اسٹارٹ اپس کو گرانٹس فراہم کریں گے جو چوتھی صنعتی لہر کی ٹیکنالوجیز پر مشتمل منصوبوں پر کام کررہے ہیں۔

(v) پاکستان اسٹارٹ اپ فنڈ (PSF)

پی ایس ایف ابتدائی مرحلے کے پاکستانی اسٹارٹ اپس کو کل سرمایہ کاری کے راؤنڈ کا 30 فیصد تک گرانٹ کے طور پر فراہم کرتا ہے، تاکہ فنڈنگ کی کمی کو پورا کیا جاسکے، عملی صلاحیتوں کو بڑھایا جاسکے، جدت کو فروغ دیا جاسکے اور تمام شعبوں اور علاقوں میں اسٹارٹ اپس کو لاحق خطرات کو کم کیا جاسکے۔

(vi) پاکستان وینچر فنڈ

یہ فنڈ مالی سال 2026-27 میں شروع کرنے کا منصوبہ ہے تاکہ پاکستانی اسٹارٹ اپس کے لیے ترقیاتی مرحلے کا سرمایہ فراہم کیا جاسکے، جس سے ان منصوبوں کے لیے مالیاتی خلاء کو پر کیا جاسکے جو انکیوبیشن اور ابتدائی مرحلے سے آگے بڑھ رہے ہیں۔

(vii) اے آئی انوویشن ایکوسسٹم

نیشنل اے آئی انوویشن ہب (NAIIH) "نیشنل اے آئی پالیسی 2025" کے مطابق جدت سازوں اور سٹارٹ اپس کے لیے کمپیوٹ اور انفرینس انفراسٹرکچر، منظم ترقی کے راستوں، اور ایک ایسی مارکیٹ کے لیے معاونت فراہم کرتا ہے جہاں وہ اپنے فعال AI اقدامات پیش کر سکتے ہیں اور انہیں تجارتی سطح پر لا سکتے ہیں۔

8۔ *** محترمہ غزالہ انجم: کیا وزیر برائے انفارمیشن ٹیکنالوجی و ٹیلی مواصلات بیان فرمائیں گے** کہ چترال کے مختلف علاقوں میں موبائل سروس کی کوریج کی موجودہ صورتحال کیا ہے اور گزشتہ دو سالوں کے دوران مذکورہ علاقوں میں موبائل سروس کے معیار اور کوریج کو بہتر بنانے کے لیے کیا اقدامات کیے گئے ہیں؟

وزیر برائے انفارمیشن ٹیکنالوجی و ٹیلی مواصلات (محترمہ شزیٰ فاطمہ خواجہ)

(الف) بالائی اور زیریں چترال دونوں میں سیلولر خدمات دستیاب ہیں، جو 14,850 مربع کلومیٹر رقبے پر محیط ہیں اور جن کی آبادی 515,935 (مردم شماری 2023) ہے۔ ٹیلینار (Telenor) بنیادی سروس پرووائیڈر ہے، جبکہ جاز (Jazz)، یوفون (Ufone) اور زونگ (Zong) اضافی خدمات فراہم کر رہے ہیں۔ کل 141 سائٹس (G2)، 96 سائٹس (G3) اور 130 سائٹس (G4) فعال ہیں، جبکہ 2022 کے بعد سے 31 نئی سائٹس کا اضافہ کیا گیا ہے۔

سیلولر انفراسٹرکچر-چترال (Cellular Infrastructure - Chitral)					
آپریٹر (Operator)	2G	3G	4G	کل (Total)	نئی سائٹس (2022 سے)
ٹیلینار (Telenor)	103	95	103	103	31
جاز (Jazz)	25	—	23	25	
یوفون (Ufone)	8	1	4	8	
زونگ (Zong)	5	—	—	5	

(ب) یو ایس ایف (USF) نے متعدد منصوبوں کے ذریعے نیٹ ورک کی ترقی میں سہولت فراہم کی ہے۔ ان میں آر ٹی ای ایس چترال لاٹ (2015–17) شامل ہے جو 1,048 موزاجات (Mauzas) کا احاطہ کرتا ہے، این جی-بی ایس ڈی چترال لاٹ (2020–24) جو 486 موزاجات کا احاطہ کرتا ہے، اور او ایف سی کے پی کے (OFC KPK) پیکیج شامل ہے جس کے تحت 43 نوڈز کے ساتھ 645.9 کلومیٹر فائبر بچھائی گئی ہے۔ ان اقدامات سے محروم اور بغیر سروس والے علاقوں تک وائس (صوتی) اور براڈبینڈ خدمات کا توسیع ممکن ہوا ہے۔

(ج) مستقبل کے اقدامات میں ٹیلینار-یوفون کاالحاق (Telenor-Ufone merger) شامل ہے، جس سے بی ٹی ایس (BTS) سائٹس کو اضافی 48٪ سپیکٹرم حاصل ہوگا، جس سے گنجانیت (congestion) میں کمی آئے گی اور کیواوایس (QoS- سروس کے معیار) کے پیرامیٹرز میں بہتری آئے گی۔ پی ٹی اے (PTA) نے بجلی کے طویل بریک ڈاؤن سے نمٹنے کے لیے پیسکو (PESCO) کے ساتھ رابطہ کاری کی ہے، جس میں ٹیلی کام ٹاورز کے لیے مخصوص فیڈرز کی تجاویز شامل ہیں۔ ایم او آئی ٹی ٹی (MoITT) کے تحت ایک مشترکہ ٹاسک فورس بھی قائم کی گئی ہے تاکہ بلاتعطل بجلی کی فراہمی اور ٹیلی کام سیکٹر کی اصلاحات کو آسان بنایا جاسکے۔

(د) پی ٹی سی ایل (PTCL) اور جاز (Jazz) رنگ ٹوپولوجی کے ذریعے فائبر کی فالتو حالت / رِڈنڈنسی (Fiber redundancy) کو حاصل کیا جارہا ہے، جس میں کیبل کی بہتر تحفظ اور بحالی کے لیے سخت ٹائم لائنز شامل ہیں۔ نئے لائسنسوں کے تحت، کیواوایس (QoS) کی حدوں میں ترمیم کرتے ہوئے اسے 4Mbps سے بڑھا کر 20Mbps کر دیا گیا ہے۔

4G تھروپُٹ (Throughput) کے لیے، جس میں نیٹ ورک کی اپ گریڈیشن کے ساتھ مرحلہ وار 50Mbps تک اضافہ بتدریج حاصل کیا جائے گا۔

(ہ) پی ٹی اے (PTA) نے مقامی کاروباری اداروں کی معاونت اور محروم تحصیلوں میں براڈ بینڈ کی رسائی کو بڑھانے کے لیے ضلع کی سطح پر CVAS لائسنسنگ کا آغاز کیا ہے۔ زیریں چترال (Lower Chitral) کے لیے ایک لائسنس پہلے ہی جاری کیا جا چکا ہے، جبکہ بالائی چترال (Upper Chitral) کے لیے دوسرا لائسنس جولائی 2026 میں جاری کیا جائے گا۔

(و) چترال میں بہتری کا جائزہ لینے کے لیے ششماہی (Half-yearly) سروے کے ذریعے پیش رفت کی نگرانی کو یقینی بنایا جارہا ہے۔ یو ایس ایف (USF) نے کوریج کے خلاء (Coverage Gaps) کا جائزہ لینے اور مستقبل کے منصوبوں کی منصوبہ بندی کے لیے جولائی 2026 میں فیلڈ وزٹ کا شیڈول تیار کیا ہے۔ ان اقدامات کے ساتھ سپیکٹرم کی توسع، فائبرائزیشن، اور پاور ریفارمز (بجلی کی اصلاحات) سے چترال میں موبائل سروسز کے معیار اور اعتبار میں نمایاں بہتری کی توقع ہے۔

9۔ *محترمہ طاہرہ اورنگزیب: کیا وزیر برائے موسمیاتی تبدیلی و ماحولیاتی معاونت بیان فرمائیں گے:

(الف) گزشتہ پانچ سالوں کے دوران ملک میں بار بار پیدا ہونے والے اسموگ کے مسئلے کے حل کے لیے حکومت کی جانب سے اختیار کی گئی حفاظتی احتیاطی تدابیر اور حفاظتی اقدامات کی تفصیلات کیا ہیں؛ نیز

(ب) ان حکمت عملیوں اور اقدامات سے کیا نتائج حاصل ہوئے ہیں؟

وزیر برائے موسمیاتی تبدیلی و ماحولیاتی (سینیٹر مصدق مسعود ملک)

(الف) سموگ فضائی آلودگی کا ایک موسمی قسم ہے جو بنیادی طور پر موسم سرما کے مہینوں میں گاڑیوں کے دھویں، صنعتی اخراج، اینٹوں کے بھٹوں کے دھویں، فصلوں کی باقیات کو جلانے، شہری ٹھوس فضلے، تعمیراتی سرگرمیوں کے گرد و غبار اور موسم کی خراب صورتحال کے مجموعہ سے پیدا ہوتی ہے۔

حکومت نے سموگ کے اثرات کو کم کرنے کے لیے متعدد حفاظتی اور انتظامی اقدامات کیے ہیں، خاص طور پر علاقہ دارالحکومت اسلام آباد (ICT) کے اندر، جبکہ باہمی دلچسپی کے امور پر صوبائی حکومتوں کے ساتھ بھی معاونت کی جارہی ہے۔ گزشتہ پانچ سال کے دوران کیے گئے اہم اقدامات میں حسب ذیل شامل ہیں:

1۔ پاک ای پی اے (Pak-EPA)، اسلام آباد ٹریفک پولیس (ITP) اور علاقہ دارالحکومت اسلام آباد کی انتظامیہ کے تعاون سے تجارتی ڈیزل گاڑیوں کا سڑک کنارے معائنہ کرتی ہے تاکہ مقررہ اخراج کے معیارات کی پاسداری کو یقینی بنایا جاسکے۔ عدم تعمیل کرنے والی گاڑیوں پر

جرمانہ عائد کیا جاتا ہے اور ضرورت پڑنے پر انہیں بند کر دیا جاتا ہے۔ سرکاری اور نجی اداروں کو بھی ہدایت کی گئی ہے کہ وہ پاک ای پی اے سے منظور شدہ ماحولیاتی لیبارٹریوں کے ذریعے اپنی گاڑیوں کے بیڑے کی باقاعدگی سے دیکھ بھال اور دھویں کے اخراج کا جائزہ یقینی بنائیں۔ سال 2025-26 کے دوران 10,000 سے زائد گاڑیوں کا معائنہ کیا گیا۔

2۔ ICT میں چلنے والے اینٹوں کے تمام 30 بھٹوں کو ماحول دوست "زیگ زیگ" (zigzag) ٹیکنالوجی پر منتقل کر دیا گیا ہے۔ پاک ای پی اے ان بھٹوں سے ہونے والے اخراج کی باقاعدگی سے نگرانی کرتی ہے تاکہ ماحولیاتی معیارات کی پاسداری کو یقینی بنایا جا سکے۔

3۔ صنعتی یونٹس بشمول سٹیل اور ماربل کی صنعتیں، باقاعدہ ماحولیاتی نگرانی کے تابع ہیں۔ سٹیل فرنسز اور چمنیوں کا مسلسل مشاہدہ نصب شدہ نگران نظام کے ذریعے کیا جاتا ہے، جبکہ ماربل پروسیسنگ یونٹس سے اخراج کا باقاعدگی سے معائنہ کیا جاتا ہے۔ خلاف ورزیوں کی نشاندہی ہونے پر نفاذ کے اقدامات کیے گئے ہیں، جن میں ماحولیاتی تحفظ کے احکامات (EPOs) کا اجراء اور عدم تعمیل کرنے والی سہولیات کو سربمہر کرنا شامل ہیں۔

4۔ پاک ای پی اے باقاعدہ معائنے اور ماحولیاتی انتظام کے تقاضوں کے نفاذ کے ذریعے بڑے تعمیراتی مقامات پر گرد و غبار کو پھیلنے سے روکنے والے اقدامات کی تعمیل کو یقینی بناتی ہے۔

5۔ پاک ای پی اے، آئی سی ٹی انتظامیہ اور کیپیٹل ڈویلپمنٹ اتھارٹی (سی ڈی اے) کے ساتھ تعاون کرتی ہے تاکہ شہری ٹھوس فضلہ کو کھلے عام جلانے کی حوصلہ شکنی کی جائے اور سموگ کی وجوہات بننے والی سرگرمیوں کو روکنے کے لیے، جہاں ضرورت ہو، دفعہ 144 کے تحت پابندیاں عائد کرنے کی سفارش کی جائے۔

6. پاک-ای پی اے ICT (Pak-EPA) میں ایئر کوالٹی مانیٹرنگ سسٹم (AQMS) کے نیٹ ورک کو وسعت دے رہا ہے، اس کی تکنیکی اور ادارہ جاتی استعداد کو مضبوط کر رہا ہے، فضائی آلودگی کے مسئلے سے نمٹنے کے لیے صوبائی ای پی ایز کے ساتھ تعاون کو بہتر بنا رہا ہے، اور بین الاقوامی بہترین طریقہ کار کے مطابق ماحولیاتی انضباطی فریم ورک کا جائزہ لے رہا ہے۔

7. سموگ کے ماحولیاتی اور صحت پر پڑنے والے اثرات کے بارے میں الیکٹرانک، پرنٹ اور سوشل میڈیا کے ذریعے عوامی آگاہی کی مہمات چلائی جاتی ہیں۔ شہروں میں ہوا کے معیار کو بہتر بنانے کے لیے سی ڈی اے اور دیگر اسٹیک ہولڈرز کے تعاون سے درخت لگانے کے اقدامات بھی کیے جا رہے ہیں۔

(ب) مذکورہ اقدامات نے ماحولیاتی قوانین کی پاسداری کو بہتر بنانے اور ICT کے اندر ہوا کے معیار کے انتظام کو مضبوط کرنے میں اہم کردار ادا کیا ہے۔ نمایاں کامیابیوں میں درج ذیل شامل ہیں: علاقہ دارالحکومت اسلام آباد میں اینٹوں کے بھٹوں کی مکمل طور پر زیگ زیگ ٹیکنالوجی پر منتقلی، سال 2025-26 کے دوران 10,000 سے زائد گاڑیوں کا باقاعدہ معائنہ، صنعتی اخراج کی مسلسل نگرانی، غیر تعمیلی صنعتی یونٹوں کے خلاف نفاذ کی کارروائیاں، تعمیراتی سرگرمیوں کے گرد و غبار اور فضلہ کو کھلے عام جلانے پر بہتر طور پر قابو پانا، اور سموگ کی روک تھام سے متعلق عوامی آگاہی میں اضافہ۔ مزید برآں، ایئر کوالٹی مانیٹرنگ کے بنیادی ڈھانچے کی توسیع اور صوبائی ماحولیاتی حکام کے ساتھ بہتر ہم آہنگی نے حکومت کی جانب سے فضائی آلودگی کی نگرانی اور بروقت تخفیف کے اقدامات کو نافذ کرنے کی صلاحیت کو بہتر بنایا ہے۔

10۔ *** محترمہ ثمینہ خالد گھرکی: کیا وزیر انچارج برائے وزیر اعظم آفس بیان فرمائیں گے:**

(الف) مشرق وسطیٰ، چین، جاپان، جرمنی اور اقوام متحدہ سمیت ان ممالک کے نام کیا ہیں جنہوں نے گزشتہ پانچ سالوں کے دوران پاکستان کے سیلاب سے متاثرہ علاقوں کے لیے مالی معاونت فراہم کی نیز فراہم کیے گئے امدادی سامان اور خیموں کی مقدار کیا تھی؛ نیز

(ب) مذکورہ عرصہ کے دوران مذکورہ مالی معاونت اور امدادی سامان کن مقامات پر تقسیم کیا گیا اور اس کی صوبہ وار تفصیلات کیا ہیں؟

وزیر انچارج برائے وزیر اعظم آفس

سال2022ءاور2025ءکے سیلابوں کے لیے مختلف ممالک سے این ڈی ایم اے کو موصول ہونے والی بین الاقوامی نقد امداد کی تفصیل درج ذیل ہے:۔

i۔ **2022ءکے سیلابوں کے لیے بین الاقوامی امداد کی وصولی**

نمبر	ملک	پاکستانی
(1)	کویت	278
(2)	چین	28
(3)	انڈونیشیا	205
کل		**511**

ii۔ **سال2025ءکے سیلابوں کے لیے بین الاقوامی امداد کی وصولی**

نمبر شمار	ملک	پاکستانی روپے (ملین میں)
(1)	ملائشیا	28.80
(2)	چین	562.95
کل		**591.75**
میزان اعظم (الف اور ب)		**1,102.75**

(ب) گزشتہ پانچ برسوں کے دوران این ڈی ایم اے کی جانب سے فراہم کی گئی قدرتی آفات سے متعلق امداد (اشیاء کی صورت میں موصول ہونے والی غیر ملکی امداد) اور اس کی مزید تقسیم کی تفصیل منسلکہ الف کے ضمیمہ I پر ہے۔

اقتصادی امور ڈویژن کی جانب سے فراہم کردہ معلومات

حصہ (الف): اقتصادی امور ڈویژن (ای اے ڈی) غیر ملکی حکومتوں اور بین الاقوامی تنظیموں سے بیرونی اقتصادی معاونت کے لیے ضروریات کے تعین، پروگرام سازی اور مذاکرات کی ذمہ دار ہے۔ منصوبوں پر عمل درآمد یا امداد بصورتِ اشیاء کی تقسیم میں ای اے ڈی کا کوئی براہِ راست کردار نہیں ہے۔

قدرتی آفت کی صورت میں انسانی ہمدردی کی بنیاد پر امدادی سرگرمیوں کی قیادت نیشنل ڈیزاسٹر مینجمنٹ اتھارٹی (این ڈی ایم اے) کرتا ہے، جو نقد/مالی معاونت اور امداد بصورتِ اشیاء کے حصول اور تعاون، نیز ان کی بعد ازاں تقسیم کی نگرانی کے لیے نامزد ادارہ ہے۔

مزید برآں، یہ واضح رہے کہ اقوام متحدہ کے ادارے عطیہ دہندگان نہیں ہیں، بلکہ وہ عملدرآمد، نفاذ اور رابطہ کاری کرنے والے ادارے ہیں جو مختلف کثیر الجہتی اور دوطرفہ عطیہ دہندگان سے رقوم جمع کرتے ہیں اور معاونت فراہم کرتے ہیں۔

یہ امر بھی قابل ذکر ہے کہ جنیوا کے عہد و پیمان کے تحت صرف آذربائیجان اور ویتنام نے بالترتیب 2.0 ملین امریکی ڈالر اور 0.10 ملین امریکی ڈالر کی نقد رقوم کا وعدہ کیا اور انہیں وزیرِ اعظم فلڈ ریلیف فنڈ میں جمع بھی کرایا۔

(منسلکہ قومی اسمبلی کی لائبریری میں رکھ دیا گیا ہے)

11۔ ***جناب رمیش لال:** **کیا وزیر انچارج برائے کابینہ ڈویژن بیان فرمائیں گے:**

(الف) آیا پاکستان ٹیلی کمیونیکیشن اتھارٹی (پی ٹی اے) نے بطور ریگولیٹری ادارہ، اسلام آباد کے سیکٹرز آئی-۱۴ اور آئی-۱۶ میں یوفون، جاز اور ٹیلی نار کے مسخ شدہ نیٹ ورک اور ناقص سگنلز کے معیار کا کوئی نوٹس لیا ہے؛ اگر ہاں، تو اس کی تفصیلات کیا ہیں؛ نیز

(ب) مذکورہ علاقوں کے رہائشیوں کیلئے معیاری سگنل اور ڈیٹا خدمات کی فراہمی کو یقینی بنانے کے لیے نیٹ ورک/ڈیٹا کے مسائل کے ازالے کیلئے سیلولر کمپنیوں کو ہدایات جاری کرنے کے ضمن میں پی ٹی اے نے کیا اقدامات کیے ہیں یا کر رہی ہے؟

وزیر انچارج برائے کابینہ ڈویژن

(الف) سیکٹر آئی-14 اور آئی-16 اسلام آباد کے نئے ترقی یافتہ سیکٹرز ہیں، جہاں آبادی کی گنجانی نسبتاً کم ہے، جبکہ سیکٹر آئی-16 اسلام آباد کا سب سے کم آبادی والا سیکٹر ہے۔

اس وقت سیلولر موبائل آپریٹرز (سی ایم اوز) نے ان دونوں سیکٹرز میں مجموعی طور پر 12 مخصوص موبائل سائٹس قائم کر رکھی ہیں (اس سے قبل 9 سائٹس رپورٹ کی گئی تھیں)۔

سیکٹر آئی-14 :اس سیکٹر میں جاز، زونگ، ٹیلی نار اور یوفون کی سائٹس موجود ہیں، جو جزوی سے مناسب موبائل کوریج فراہم کر رہی ہیں۔ مزید برآں، زونگ نے اس سیکٹر میں 5جی خدمات کا بھی آغاز کر دیا ہے۔

سیکٹر آئی-16 :اس سیکٹر میں کسی بھی سیلولر موبائل آپریٹر کی مخصوص سائٹ موجود نہیں ہے۔ یہاں کوریج ملحقہ علاقوں میں قائم جاز، زونگ اور یوفون کی سائٹس سے فراہم کی جا رہی ہے، جو سیکٹر کی حدود پر واقع ہونے کے باعث کمزور کوریج کا سبب بنتی ہیں۔

سیکٹر آئی-14 اور آئی-16 میں موبائل انفراسٹرکچر کی تفصیلات

سیکٹر/سی ایم او	جاز	زونگ	ٹیلی نار	یوفون
آئی-14	3	3	2	1
آئی-16	1	1	-	1

(ب) پاکستان ٹیلی کمیونیکیشن اتھارٹی) پی ٹی اے (نے اس معاملے کو تمام متعلقہ سیلولر موبائل آپریٹرز) سی ایم اوز (کے ساتھ اٹھایا ہے اور انہیں ہدایت کی ہے کہ وہ کوریج میں موجود خامیوں کا تجزیہ کریں، نیٹ ورک کی بہتری (نیٹ ورک آپٹیمائزیشن) کے اقدامات کریں اور سیکٹر آئی-16 میں آواز اور ڈیٹا خدمات کو بہتر بنانے کے لیے قابلِ عمل حل تلاش کریں۔ پی ٹی اے اس معاملے پر تمام سیلولر موبائل آپریٹرز کے ساتھ رابطہ جاری رکھے گی۔

مذکورہ بالا حقائق کی روشنی میں، سیکٹر آئی-14 میں موبائل کوریج جزوی سے مناسب سطح تک دستیاب ہے، جبکہ سیکٹر آئی-16 میں مخصوص موبائل سائٹس نہ ہونے کے باعث موبائل کوریج محدود یا نہ ہونے کے برابر ہے۔ تاہم، تمام فعال موبائل سائٹس معمول کے مطابق کام کر رہی ہیں، البتہ یہ امر قابلِ ذکر ہے کہ:

- کسی بھی سیلولر موبائل آپریٹر (سی ایم او) نے فی الحال سیکٹر آئی-16 میں نئی سائٹس کے قیام، ٹیکنالوجی کی اپ گریڈیشن یا 5جی سروس کے آغاز کے لیے کسی فوری منصوبے سے آگاہ نہیں کیا۔
- اس علاقے میں یوفون کے نیٹ ورک کی آئندہ توسیع بھی یوفون-ٹیلی نار انضمام کی تکمیل سے مشروط ہے۔
- یہ بات بھی قابلِ توجہ ہے کہ کم آبادی، محدود تجارتی امکانات اور سرمایہ کاری پر ناکافی منافع) آر او آئی (کے باعث سیلولر موبائل آپریٹرز کے لیے ان سیکٹرز میں نیٹ ورک کی توسیع اور نئے انفراسٹرکچر کی تنصیب ایک بڑا چیلنج ہے۔
- کمزور سگنلز والے علاقوں میں اندرونی (ان ڈور) موبائل کوریج کو بہتر بنانے کے لیے منظور شدہ ریپیٹرز/سگنل ایمپلیفائرز یا وائس اوور وائی فائی (VoWiFi) کی سہولت سے استفادہ کیا جا سکتا ہے۔

12۔ *محترمہ مسرت رفیق مہیسر: کیاوزیر برائے موسمیاتی تبدیلی وماحولیاتی معاونت بیان فرمائیں گے:

(الف) گزشتہ تین برسوں کے دوران ملک میں موسمیاتی تبدیلی سے نمٹنے کے لیے حکومت نے کیااقدامات کیے ہیں؛ نیز

(ب) مذکورہ مدت کے دوران موسمیاتی تبدیلی کے ضمن میں فراہم کردہ فنڈز کی تفصیلات کیاہیں؟

وزیر برائے موسمیاتی تبدیلی وماحولیاتی (سینیٹر مصدق مسعود ملک)

(الف) پاکستان دنیا کے ان ممالک میں شامل ہے جو موسمیاتی تبدیلی کے حوالے سے سب سے زیادہ خطرے سے دوچار ہیں حالانکہ عالمی سطح پر گرین ہاؤس گیسوں کے اخراج میں اس کا حصہ نہایت معمولی ہے۔ گزشتہ تین سال کے دوران ملک کو بار بار موسمیاتی تبدیلی کے باعث پیدا ہونے والی آفات کا سامنا رہاہے جن کے نتیجے میں بڑے پیمانے پر انسانی، معاشی اور ماحولیاتی نقصانات ہوئے ہیں۔

موسمیاتی موافقت کو ادارہ جاتی شکل دینے اور گزشتہ تین سال کے دوران مشاہدے میں آنے والی آفات کی تکرار کو روکنے کے لیے حکومتِ پاکستان نے اہم قومی ذرائع کے ذریعے اپنی پالیسی اور منصوبہ بندی کے ڈھانچوں کو مضبوط بنایاہے۔

وزارتِ موسمیاتی تبدیلی وماحولیاتی معاونت کو موسمیاتی تبدیلی، بالخصوص موسمیاتی موافقت سے متعلق قومی پالیسیوں اور اقدامات کی تشکیل، معاونت اور نگرانی کا فریضہ سونپا گیاہے۔ اس نے قومی اور صوبائی ترقیاتی منصوبہ بندی میں موسمیاتی امور کو مرکزی دھارے میں شامل کرنے کے لیے متعدد تزویراتی اقدامات کیے ہیں، جن میں درج ذیل شامل ہیں:

قومی موسمیاتی تبدیلی پالیسی 2021ء —ابھرتے ہوئے موسمیاتی چیلنجز کے ساتھ قومی ترجیحات کو ہم آہنگ کرنے کے لیے تازہ کاری کی گئی۔

قومی موافقتی منصوبہ 2023ء —موسمیاتی موافقت پر مبنی ترقیاتی راستوں کی رہنمائی کے لیے ایک جامع منصوبہ۔

قومی سطح پر متعین شراکتیں —عالمی وعدوں کے مطابق تخفیف اور موافقت کے اقدامات کی معاونت۔

مون سون 2026ء کا تزویراتی منصوبہ: نومبر 2025ء میں وزیر اعظم کی جانب سے منظور کیا گیا، یہ منصوبہ سیلاب سے نمٹنے کی تیاری، موافقت اور بحالی کے طریقہ ہائے کار کے لیے قلیل، درمیانی اور طویل مدتی اہداف متعین کرتاہے۔

موسمیاتی تبدیلی پالیسی کے نفاذ کا فریم ورک (2014ء تا 2030ء) —ملک بھر میں شعبہ جاتی موسمیاتی اقدامات کے لیے ایک لائحۂ عمل۔

موسمیاتی تبدیلی سے متعلق قومی ابلاغ —اقوام متحدہ کے موسمیاتی تبدیلی کے فریم ورک کنونشن کے تحت پیش رفت اور وعدوں کی رپورٹنگ۔

تمام موسمیاتی اقدامات کے پروگراموں میں صنفی امور کو مرکزی دھارے میں شامل کرنا۔

وزارتِ موسمیاتی تبدیلی وماحولیاتی معاونت ادارہ جاتی رابطہ کاری کو مضبوط بنانے، موسمیاتی مالیات تک رسائی میں اضافہ کرنے، صوبائی استعدادِ کار کو فروغ دینے، تحقیق و آگاہی کو بڑھانے اور بدلتے ہوئے موسمیاتی خطرات سے نمٹنے کے لیے قبل از وقت انتباہی نظام کو فروغ دینے کے لیے بھی کام کر رہی ہے۔

اہم قومی موسمیاتی اقدامات

ان چیلنجز سے نمٹنے کے لیے متعدد جاری اور منصوبہ بندی کے مرحلے میں موجود اقدامات قابل توسیع نمونے پیش کرتے ہیں:

ایس اے ایف آر منصوبہ (وزارتِ موسمیاتی تبدیلی وماحولیاتی معاونت اور انٹیگریٹڈ ماؤنٹین ڈویلپمنٹ کے بین الاقوامی مرکز کی جانب سے، موافقتی فنڈ سے مالی اعانت یافتہ): مربوط آبی گزرگاہوں کے انتظام، قدرتی ماحول پر مبنی ری چارج نظام، آبی علاقوں کی بحالی، موسمیاتی موافقت کے حامل پانی، صفائی اور حفظانِ صحت کے نظام، برفانی خطوں کے خطرات کے انتظام اور گلگت بلتستان، خیبر پختونخوا اور سندھ میں قبل از وقت انتباہی نظام پر توجہ مرکوز کرتاہے، جو قومی موافقتی منصوبے اور زندہ دریائے سندھ اقدام سے ہم آہنگ ہیں۔

بونیر اور شانگلہ قبل از وقت انتباہی منصوبہ (عالمی غذائی پروگرام کی جانب سے): برفانی خطوں سے متاثرہ پہاڑی علاقوں میں ہائیڈرومیٹ اسٹیشنز، دریاؤں کی نگرانی اور کمیونٹی پر مبنی قبل از وقت انتباہی نظام نصب کرتاہے۔

ضلعی موافقتی منصوبے/مقامی سطح پر قیادت میں موافقتی منصوبے : کمزور آبادیوں کی موافقت کو مضبوط بنانے کے لیے ضلعی موافقتی منصوبے تشکیل دینے کا عمل جاری ہے۔

صوبوں کے ساتھ رابطہ کاری : وزارت صوبوں کے ساتھ رابطہ برقرار رکھتی ہے، ہدایات جاری کرتی ہے اور قومی موافقتی منصوبے کے تحت استعدادِ کار میں اضافے اور تربیت میں انہیں شامل کرتی ہے۔

دیگر شعبوں سے متعلق معاون پالیسی اور مالیاتی ذرائع میں حسب ذیل شامل ہیں:

• **فہرست شدہ کمپنیوں کے لیے ایس ای سی پی کے ای ایس جی رہنما اصول** —کارپوریٹ طریقہ ہائے کار میں ای ایس جی کے افشا اور موسمیاتی خطرات کے انضمام کو فروغ دیتے ہیں۔

• **کاربن مارکیٹ ٹریڈنگ رہنما اصول 2024ء، وزارتِ موسمیاتی تبدیلی و ماحولیاتی معاونت کی جانب سے** —موسمیاتی مالیات کو متحرک کرنے کے لیے کاربن کریڈٹ کی تخلیق اور تجارت کو ممکن بناتے ہیں۔

• **گرین بینکنگ رہنما اصول، اسٹیٹ بینک آف پاکستان کی جانب سے** —بینکوں کو ماحول دوست اور موسمیاتی موافقت کے حامل منصوبوں کے لیے مالی اعانت فراہم کرنے کی ترغیب دیتے ہیں۔

• **ماحولیاتی اور سماجی خطرات کے انتظام کا فریم ورک، اسٹیٹ بینک آف پاکستان کی جانب سے** —ماحولیاتی اور موسمیاتی خطرات کو مالیاتی قرضہ دینے کے فیصلوں میں شامل کرتا ہے۔

• **گرین فنانس ٹیکسانومی، اسٹیٹ بینک آف پاکستان اور وزارتِ موسمیاتی تبدیلی و ماحولیاتی معاونت کی جانب سے** —ماحول دوست اور موسمیاتی مطابقت رکھنے والی سرمایہ کاری کی تعریف اور درجہ بندی کرتی ہے۔

• **موسمیاتی خطرات اور اثرات کے خطرے کا جائزہ، منصوبہ بندی کمیشن کی جانب سے** —موسمیاتی خطرات کے حوالے سے سرکاری ترقیاتی منصوبوں کی جانچ پڑتال کرتا ہے۔

آفت کے بعد ضروریات کا جائزہ (پی ڈی این اے) وزارتِ منصوبہ بندی، ترقی و خصوصی اقدامات سے متعلق ہے۔

(ب)

نمبر شمار	منصوبے کا نام	کل لاگت	پی ایس ڈی پی/غیر ملکی فنڈ سے فراہم کردہ	مدت
1	پاکستان کے صوبہ خیبر پختونخوا کے اضلاع بونیر اور شانگلہ میں موسمیاتی تبدیلی کے مقابل مضبوط موافقت کے لیے مربوط موسمیاتی خطرات کا انتظام (**ایس اے ایف آر** پاکستان منصوبہ)	امریکی ڈالر 9.8 ملین	غیر ملکی فنڈ سے فراہم کردہ	4سال (2025ء تا 2029ء)
2	ماحولیاتی نظام کی بحالی کے لیے پائیدار اقدامات	امریکی ڈالر 10 ملین	غیر ملکی فنڈ سے فراہم کردہ	4سال (2025ء تا 2029ء)
3	پانی کے معیار کی نگرانی پر استعدادِ کار میں اضافہ، پائیدار ترقی کے ہدف 6(6.1) کی رپورٹنگ	پاکستانی روپے 102.006 ملین	کوئیکا معاونت 7.420 ملین امریکی ڈالر (پاکستانی روپے 1,187.2 ملین) اور پی ایس ڈی پی جزو پاکستانی روپے 102.006	5سال (2021ء تا 2026ء

			ملین	

13۔ ***محترمہ نعیمہ کشور خان:** کیا وزیر برائے موسمیاتی تبدیلی وماحولیاتی معاونت بیان فرمائیں گے:

(الف) اسلام آباد کے سیکٹر جی-۶، جی-۷ اور آئی اینڈ ٹی سینٹر جی-۶ میں شور، دھوئیں اور گاڑیوں سے پیدا ہونے والی آلودگی کی موجودہ صورتحال کیا ہے؛ نیز

(ب) مذکورہ علاقوں میں رہائش پذیر نوعمر افراد اور اسکولوں کے طلبہ پر اس کے کیا اثرات مرتب ہو رہے ہیں؟

وزیر برائے موسمیاتی تبدیلی وماحولیاتی (سینیٹر مصدق مسعود ملک)

(الف) وزارتِ موسمیاتی تبدیلی وماحولیاتی معاونت نے پاکستان انوائرنمنٹل پروٹیکشن ایجنسی (Pak-EPA) کے ذریعے اسلام آباد کے مختلف سیکٹرز میں ہونے والے شور کی صورتحال کا ایک جامع جائزہ لیا ہے، جس کا مقصد تجارتی، رہائشی، صنعتی علاقوں اور خاموش زونز (Silence Zones) میں شور کی آلودگی کا جائزہ لینا تھا۔ قومی ماحولیاتی معیار (NEQS) برائے شور کے مطابق، دن کے اوقات میں تجارتی، رہائشی، صنعتی علاقوں اور خاموش زونز کے لیے زیادہ سے زیادہ قابلِ اجازت شور کی سطح بالترتیب 65 ڈیسی بل ((dB، 55 ڈیسی بل، 75 ڈیسی بل اور 50 ڈیسی بل ہے، جبکہ رات کے اوقات میں یہ سطحیں بالترتیب 55 ڈیسی بل، 45 ڈیسی بل، 65 ڈیسی بل اور 45 ڈیسی بل مقرر ہیں۔

جائزے کے مطابق، جی-7 کے رہائشی علاقے میں شور کی اوسط سطح دن کے اوقات میں 63 ڈیسی بل جبکہ رات کے اوقات میں 45 ڈیسی بل ریکارڈ کی گئی۔ مزید برآں، جی-7 کے تجارتی علاقے میں شور کی اوسط سطح دن کے اوقات میں 59 ڈیسی بل جبکہ رات کے اوقات میں 60 ڈیسی بل ریکارڈ ہوئی۔ بعض علاقوں میں شور کی سطح مقررہ حد سے قدرے زیادہ پائی گئی، جبکہ دیگر علاقوں میں یہ مقررہ حدود کے اندر رہی۔

پاک-ای پی اے کی جانب سے شور کی آلودگی میں اہم کردار ادا کرنے والے عوامل، بالخصوص ڈیزل انجن سے چلنے والی کمرشل ٹرانسپورٹ گاڑیوں پر خصوصی توجہ مرکوز کی جا رہی ہے۔ مذکورہ گاڑیوں کی سڑک پر معائنہ کاری، متعلقہ اداروں (ITA اور ITP) کے تعاون سے، ان کی سڑک پر چلنے کے قابل ہونے اور بالخصوص اخراجی گیسوں (Exhaust Emissions) کے معیار کے حوالے سے کی جاتی ہے۔ ماحولیاتی معیارات پر پورا نہ اترنے والی گاڑیوں کے ڈرائیوروں کو جرمانے عائد کیے جاتے ہیں اور/یا گاڑیاں تحویل میں لے لی جاتی ہیں۔ نجی گاڑیوں کے مالکان کو پرنٹ اور سوشل میڈیا کے ذریعے ہدایت کی جاتی ہے کہ وہ اپنی گاڑیوں کی بروقت اور مناسب دیکھ بھال، ٹیوننگ اور مرمت کروائیں اور سڑکوں پر لانے سے قبل انہیں پاک-ای پی اے سے تصدیق شدہ ماحولیاتی لیبارٹریوں میں سے کسی ایک سے چیک کروائیں۔ اسی طرح، سرکاری و نجی شعبے میں کام کرنے والی تنظیموں، اداروں اور ایجنسیوں کو بھی ہدایت کی جاتی ہے کہ وہ اپنی گاڑیوں کے بیڑے (Fleet) کی مناسب دیکھ بھال، ٹیوننگ اور مرمت کروانے کے ساتھ ساتھ سڑکوں پر چلانے سے قبل انہیں پاک-ای پی اے سے تصدیق شدہ ماحولیاتی لیبارٹریوں میں سے کسی ایک سے چیک کروائیں۔

(ب) جی-6، جی-7، اور آئی اینڈ ٹی سینٹر جی-6 میں نوعمر افراد اور طلبہ پر شور کی آلودگی کے ممکنہ صحت کے اثرات میں ذہنی دباؤ کی سطح میں اضافہ، نیند میں خلل اور سماعت کو نقصان پہنچنے کے خدشات شامل ہو سکتے ہیں۔

14۔ ***ڈاکٹر شرمیلا فاروقی:** کیا وزیر برائے انفارمیشن ٹیکنالوجی اور مواصلات بیان فرمائیں گے:

(الف) آیا قومی مصنوعی ذہانت (اے آئی) پالیسی ۲۰۲۵ء میں دس لاکھ آئی ٹی کے پیشہ ور افراد کو تربیت دینے کا ہدف شامل ہے، جبکہ تین لاکھ نوجوان پاکستانیوں کو پہلے ہی تربیت دی جاچکی ہے اور اس کے باوجود صنعتی رپورٹس کے مطابق ای کامرس اور ڈیٹا اینالیٹکس کے ماہرین کی طلب رسد سے زیادہ ہو رہی ہے، اور ای کامرس مارکیٹ جس کا موجودہ حجم 5 ارب ہے، اسے ۲۰۳۰ء تک ۲۰/ارب تک پہنچانے کا ہدف مقرر کیا گیا ہے؛

(ب) اس ضمن میں مہارتوں کے خلا کا تعین کرنے کے لیے کون سا مخصوص جائزہ لیا گیا ہے؛

(ج) آیا ڈیجیٹل نیشنل پاکستان ایکٹ اور ورچوئل اثاثہ جات ایکٹ، ۲۰۲۶ کے تحت پاکستان ورچوئل اثاثہ جات ریگولیٹری اتھارٹی قائم کی جاچکی ہے نیز آیا بلاک چین منصوبوں کے لیے ریگولیٹری سینڈ باکس بھی قائم کیا گیا ہے؛

(د) مکمل لائسنسنگ فریم ورک، جس کے ۲۰۲۶ء کی تیسری سہ ماہی میں جاری ہونے کی توقع ہے، کے اجرا کے لیے کیا ٹائم لائن مقرر کی گئی ہے؛ نیز

(ہ) ڈیجیٹل اثاثہ جات کے انتظام سے متعلق خصوصی کورسز کی تیاری کے لیے نیشنل ووکیشنل اینڈ ٹیکنکل ٹریننگ کمیشن اور ہائر ایجوکیشن کمیشن کے ساتھ رابطہ کاری کا کیا طریقہ کار موجود ہے؟

وزیر برائے انفارمیشن ٹیکنالوجی و ٹیلی مواصلات (محترمہ شزیٰ فاطمہ خواجہ)

(الف) قومی مصنوعی ذہانت (AI) پالیسی 2025 انسانی وسائل کی ترقی کو اپنے بنیادی تزویراتی ستونوں میں سے ایک تسلیم کرتی ہے۔ یہ پالیسی حکومت، تعلیمی اداروں، صنعت اور ترقیاتی شراکت داروں کی مشترکہ کوششوں کے ذریعے AI اور ڈیجیٹل شعبے میں اعلیٰ ہنر مند افرادی قوت کی تیاری کا خاکہ پیش کرتی ہے۔ اس پالیسی کے تحت 10 لاکھ افراد کو تربیت دینا مقررہ اہداف میں سے ایک ہے۔ پالیسی کے تمام طے شدہ اہداف کے حصول کے لیے اس پر عمل درآمد فوری طور پر شروع کر دیا گیا ہے۔ پالیسی کی منظوری کے فوری بعد، سول سروسز اکیڈمی کی فعال شمولیت کے ساتھ AI سے متعلق ایک اہم جزو کو کامن ٹریننگ پروگرام کا بنیادی حصہ بنا دیا گیا ہے۔ پہلے مرحلے میں کامنرز کی تربیت مکمل ہونے کے بعد، AI ٹریننگ ماڈیول کے لیے ایک جامع نصاب تعلیم تیار کر کے سول سروسز اکیڈمی کے حوالے کر دیا گیا ہے تاکہ آنے والے تربیتی بیچز میں اس کا موثر نفاذ ممکن ہو سکے۔

اسی طرح، "اگنائٹ" (Ignite) نے Digiskills پروگرام کے بنیادی جزو کے طور پر پرامپٹ انجینئرنگ کو بھی متعارف کرایا ہے، اور 44,000 سے زائد افراد AI کے لیے Python کا کورس مکمل کر چکے ہیں۔ علاوہ ازیں، گوگل کی شراکت داری سے جاری "گوگل کیریئر سرٹیفکیٹس پروگرام" کے تحت اب تک تقریباً 1,900 سرکاری اہلکار یہ سرٹیفکیٹس حاصل کر چکے ہیں۔ ہواوے (Huawei) کی شراکت داری سے تقریباً 21,000 افراد نے AI کی تربیت مکمل کی ہے۔ وزارتِ آئی ٹی و ٹیلی مواصلات (MoITT) نے اعلیٰ تعلیمی کمیشن اور میٹا کے تعاون سے مختلف یونیورسٹیوں کے غیر آئی سی ٹی شعبہ جات کے تقریباً 100 فیکلٹی ممبران کی "ٹریننگ آف ٹرینرز" (TOT) بھی منعقد کی ہے۔

مزید برآں، AI کے فروغ کے قومی اقدام (NAAI) کے تحت، وزارتِ آئی ٹی و ٹیلی مواصلات کی جانب سے طلبہ، محققین، پیشہ ور افراد اور سرکاری اہلکاروں کو 20,000 مخصوص آن لائن AI تربیتی پروگراموں کے ذریعے تربیت فراہم کی جائے گی۔ اسی طرح، اگنائٹ Code4AI پروگرام بھی شروع کر رہا ہے جس کے تحت تقریباً 7,500 افراد کو تربیت دینے کا ہدف رکھا گیا ہے۔

مزید برآں، یہ بات بھی قابلِ ذکر ہے کہ Digiskills.pk پروگرام کے تحت مختلف دیگر تربیتی پروگرام پہلے ہی منعقد کیے جا چکے ہیں، اور مارکیٹ کے تقاضوں کو پورا کرنے کے لیے ای-کامرس مینجمنٹ اور ڈیٹا اینالیٹکس اینڈ بزنس انٹیلیجنس سے متعلق

کورسز بھی پیش کیے جارہے ہیں۔ پروگرام کے آغاز سے لے کر اب تک تقریباً 2,65,213 افراد ای-کامرس مینجمنٹ ماڈیول میں جبکہ 1,73,233 افراد ڈیٹا اینالیٹکس اینڈ بزنس انٹیلیجنس ماڈیول میں داخلہ لے چکے ہیں۔

حکومت ابھرتی ہوئی ٹیکنالوجیز اور صنعت کی بدلتی ہوئی ضروریات کے مطابق مارکیٹ کے رجحانات کا مسلسل جائزہ لیتی ہے اور اپنے تربیتی پروگراموں کو اپ ڈیٹ کرتی ہے۔ توقع ہے کہ یہ اقدامات ہنر مند پیشہ ور افراد کی بڑھتی ہوئی مانگ کو پورا کرنے اور پاکستان کی ترقی پزیر ڈیجیٹل معیشت کو مستحکم کرنے میں نمایاں کردار ادا کریں گے۔

(ب) وزارتِ انفارمیشن ٹیکنالوجی و ٹیلی مواصلات اپنے منسلک اداروں اور نفاذ کرنے والے شراکت داروں کے ذریعے، درج ذیل کی بنیاد پر مہارت کی مانگ کا باقاعدگی سے جائزہ لیتی ہے:

*لیبر مارکیٹ انٹیلیجنس۔

*صنعتی مشاورت۔

*آجرین کی رائے۔

*بین الاقوامی ٹیکنالوجی کے رجحانات۔

*پاکستان سافٹ ویئر ایکسپورٹ بورڈ (PSEB) کی صنعتی شراکت داری۔

اگنائٹ (Ignite) کے مارکیٹ جائزے۔

*ورلڈ اکنامک فورم، ورلڈ بینک اور ITU سمیت بین الاقوامی اداروں کی رپورٹس۔

ان جائزوں سے درج ذیل شعبوں میں مہارت کی کمی کی مسلسل نشاندہی کی جاتی ہے:

*مصنوعی ذہانت اور مشین لرننگ۔

*ڈیٹا سائنس اور ڈیٹا اینالیٹکس۔

*سائبر سیکیورٹی۔

*کلاؤڈ کمپیوٹنگ۔

*سافٹ ویئر انجینئرنگ۔

*ڈی ای وی او پی ایس۔

*بلاک چین۔

*یو آئی/یو ایکس ڈیزائن۔

*ڈیجیٹل مارکیٹنگ۔

*ای-کامرس مینجمنٹ۔

*ایمبیڈڈ سسٹمز۔

*انٹرنیٹ آف تھنگز (IoT)۔

تربیتی پروگراموں کو وقتاً فوقتاً اپ ڈیٹ کیا جاتا ہے تاکہ نشاندہی کے مطابق مہارتوں کے خلاء کو پر کیا جاسکے اور گریجویٹس کے روزگار حاصل کرنے کی صلاحیت میں اضافہ کیا جاسکے۔

(ج) ڈیجیٹل نیشن پاکستان ایکٹ، 2025 (ایکٹ نمبر 1 بابت 2025ء) جنوری 2025 میں نافذ العمل ہوا اور یہ بہتر ڈیجیٹل گورننس، ڈیجیٹل پبلک انفراسٹرکچر، جدت اور عوام کو ڈیٹا پر مبنی خدمات کی فراہمی کے ذریعے پاکستان کی ڈیجیٹل تبدیلی کے لیے ایک جامع

قانونی فریم ورک فراہم کرتا ہے۔ یہ ایکٹ پاکستان ڈیجیٹل اتھارٹی (PDA) کا قیام عمل میں لاتا ہے جو مرکزی انتظامی ادارے کے طور پر کام کرتی ہے۔ یہ ادارہ 'نیشنل ڈیجیٹل ماسٹر پلان' کو تیار کرنے، نافذ کرنے، اس کی نگرانی اور وقتاً فوقتاً اسے اپ ڈیٹ کرنے کا ذمہ دار ہے۔ اس کے علاوہ یہ شعبہ جاتی ڈیجیٹل منصوبوں کو یکجا کرنے، اور ڈیجیٹل پبلک انفراسٹرکچر، پاکستان اسٹیک، اور بین ادارہ جاتی ڈیٹا ایکسچینج لیئرز سے متعلق ضوابط، معیارات اور رہنما اصولوں کو جاری اور نافذ کرنے کا پابند ہے۔ اس ایکٹ کے تحت نیشنل ڈیجیٹل کمیشن (NDC) کی شکل میں اعلیٰ ترین تزویراتی ادارہ تشکیل دیا گیا ہے، جس کی سربراہی وزیر اعظم کر رہے ہیں اور اس میں تمام صوبوں کے وزرائے اعلیٰ، متعلقہ وفاقی وزراء اور محکموں کے سربراہان شامل ہیں۔ نیشنل ڈیجیٹل ماسٹر پلان کی منظوری دینے، بین الحکومتی ہم آہنگی کے لیے ہدایات جاری کرنے، اور وفاقی و صوبائی اداروں کے درمیان عدم تعمیل سے پیدا ہونے والے معاملات کو حل کرنے کے اختیارات اس کمیشن کو حاصل ہیں۔ نگران کمیٹی، جس کی سربراہی وزیر برائے انفارمیشن ٹیکنالوجی و ٹیلی مواصلات کرتے ہیں، پاکستان ڈیجیٹل اتھارٹی کے روزمرہ کے امور کی نگرانی کرتی ہے اور اپنی کارکردگی اور تعمیل سے متعلق رپورٹس قومی ڈیجیٹل کمیشن کو پیش کرتی ہے۔

پاکستان ورچوئل ایسٹس ریگولیٹری اتھارٹی (PVARA) ورچوئل ایسٹس ایکٹ، 2026 کے تحت قائم کردہ ایک الگ قانونی اور انضباطی اتھارٹی ہے۔ یہ ورچوئل ایسٹ خدمات فراہم کرنے والوں کے انضباط، ذمہ دارانہ جدت کو فروغ دینے، صارفین کے تحفظ کو یقینی بنانے، اور مروجہ قانونی، مالیاتی، اور انسداد منی لانڈرنگ/دہشت گردی کی مالی اعانت کے سدباب (AML/CFT) کے تقاضوں کی پابندی کو یقینی بنانے کی ذمہ دار ہے۔

ورچوئل ایسٹس ایکٹ، 2026 ایک ریگولیٹری سینڈ باکس کے قیام کی بھی سہولت فراہم کرتا ہے، جس سے بلاک چین اور ورچوئل ایسٹس کے اہل تیار کنندگان کو PVARA کی نگرانی اور مروجہ انضباطی فریم ورک کے تحت ایک منظم ماحول میں اپنی جدید مصنوعات، خدمات اور کاروباری ماڈلز کی آزمائش کرنے کا موقع ملتا ہے۔

'ڈیجیٹل نیشن پاکستان ایکٹ، 2025' ایک وسیع تر پالیسی اور ڈیجیٹل گورننس فریم ورک فراہم کرتا ہے جو ورچوئل ایسٹس کو ایک ابھرتی ہوئی ٹیکنالوجی کے طور پر تسلیم کرتا ہے، لیکن ورچوئل ایسٹ سرگرمیوں کے انضباط، لائسنسوں کے اجراء اور نگرانی ورچوئل ایسٹس ایکٹ، 2026 کے تحت PVARA کے اختیارات میں شامل ہے۔ یہ دونوں قانونی فریم ورک ایک دوسرے کے مددگار ہیں اور اپنے اپنے قانونی دائرہ اختیار میں کام کرتے ہیں۔

(د) پاکستان ورچوئل ایسٹس ریگولیٹری اتھارٹی (PVARA) نے "پاکستان ورچوئل ایسٹس سروسز ریگولیشنز" کے نام سے ایک جامع انضباطی فریم ورک تیار کیا ہے جو پاکستان میں ورچوئل ایسٹ سروس پرووائیڈرز (وی اے ایس پی ایس) کے انضباط اور نگرانی کے لیے مخصوص ہے۔ یہ فریم ورک بین الاقوامی بہترین طریقوں کو مدنظر رکھتے ہوئے تیار کیا گیا ہے اور خطرات سے نمٹنے کے طریقہ کار پر مبنی ہے، جس کا مقصد مالیاتی استحکام، سرمایہ کاروں کا تحفظ، مارکیٹ کے تقاضوں اور AML/CFT/CPF کی شرائط کی پاسداری کو یقینی بناتے ہوئے ذمہ دارانہ جدت کو فروغ دینا ہے۔ شفاف اور مشاورت پر مبنی انضباطی ترقیاتی عمل کے حصے کے طور پر، "پاکستان ورچوئل ایسٹس سروسز ریگولیشنز" کے مسودے اور "ورچوئل ایسٹ ایکٹیوٹی-اسپیسیفک ہینڈ بک" کو 11 جون 2026 کو عوام کی رائے کے حصول کے لیے شائع کیا گیا تھا۔ اس مشاورت کے عمل سے PVARA کو صنعت کے شرکاء، متعلقہ اسٹیک ہولڈرز اور عوام سے قیمتی تجاویز اور آراء موصول ہوئیں، جن پر انضباطی فریم ورک کی حتمی تشکیل کے دوران مناسب غور کیا گیا ہے۔ اتھارٹی اس وقت حتمی منظوری کے مراحل اور نفاذ کے ضروری انتظامات پر کام کر رہی ہے تاکہ انضباطی فریم ورک کو منظم، مربوط اور موثر انداز میں نافذ کیا جا سکے۔

مزید برآں، نشاندار سوال نمبر 14 کے جزو (د) میں ریگولیٹری سینڈ باکس کے حوالے سے گزارش ہے کہ 'پاکستان ورچوئل ایسٹس اتھارٹی' نے اپنے آفیشل ویب پیج پر سینڈ باکس کی رہنما ہدایات شائع کر دی ہیں اور "ایسیٹ ریفرینسز ٹوکنائزیشن" کے لیے سینڈ باکس کا آغاز کر دیا ہے۔

اس وقت ان درخواستوں کی وصولی اور جائزہ زیر عمل ہے۔ سینڈ باکس ایک ایسے نظام کے طور پر فعال ہے جس میں ماحول کی ضروریات کے مطابق تیز رفتاری سے تبدیلیاں کی جاتی ہیں اور درخواست دہندگان سینڈ باکس کے رہنما اصولوں میں دیے گئے فارمیٹ کے مطابق کسی بھی وقت اپنی درخواستیں جمع کرا سکتے ہیں۔

(ہ) نیشنل ووکیشنل اینڈ ٹیکنکل ٹریننگ کمیشن (NAVTTC) کے تعاون سے ڈیجیٹل ایسٹ مینجمنٹ میں خصوصی کورسز کی تیاری کے حوالے سے گزارش ہے کہ اس وقت اس مخصوص شعبے میں کوئی خصوصی اشتراکی پروگرام شروع نہیں کیا گیا ہے۔ اعلیٰ تعلیمی کمیشن کو وزارتِ انفارمیشن ٹیکنالوجی و ٹیلی مواصلات کی طرف سے HEC-NAVTTC کے باہمی اشتراک سے ایسے مخصوص کورسز کی تیاری سے متعلق کوئی پالیسی ہدایت موصول نہیں ہوئی ہے۔

اس کے باوجود، اعلیٰ تعلیمی کمیشن نصاب تعلیم کی تیاری، معیار کی ضمانت، تحقیق کے فروغ، اساتذہ کی صلاحیت سازی اور تعلیمی تعاون کے ذریعے اعلیٰ تعلیم میں مصنوعی ذہانت (AI) اور دیگر جدید ٹیکنالوجیز کو شامل کرنے کو مسلسل فروغ دے رہا ہے۔ HEC 'نصاب تعلیم کے جائزے کی کمیٹیوں' (NCRCs) کی قیادت میں نصاب تعلیم کی تیاری کے منظم ڈھانچے کے ذریعے یونیورسٹیوں کی معاونت کرتا ہے، جو جدید ٹیکنالوجی، صنعت کی ضروریات اور بین الاقوامی بہترین طریقوں کو مد نظر رکھتے ہوئے نصاب تعلیم کا وقتاً فوقتاً جائزہ لے کر اسے اپ ڈیٹ کرتے ہیں۔ NCRCs، دیگر امور کے علاوہ:

* نصاب تعلیم کو معیارات کے مطابق بنانے کے رہنما اصول، پروگرام کے مقاصد، پروگرام کے اہداف، کورس کے اہداف، اور پڑھائی کے ماڈلز کی اسکیمیں تیار کرتے ہیں؛
* مناسب کریڈٹ سٹرکچرز اور تعلیمی فریم ورکس کی سفارش کرتے ہیں؛ اور
* جدید ٹیکنالوجیز اور بین شعبہ جاتی دائرہ کار کو شامل کرنے کے لیے نصاب کا وقتاً فوقتاً جائزہ لیتے ہیں اور انہیں اپ ڈیٹ کرتے ہیں۔

مزید برآں، یونیورسٹیوں کو درج ذیل کے ذریعے سہولت فراہم کی جاتی ہے:

* ایچ ای سی کی تعلیمی پالیسیوں اور مقررہ منظوری کے طریقہ کار کے مطابق ٹیکنالوجی کے ابھرتے ہوئے شعبوں میں نئے پروگرام، خصوصی مہارتیں، اختیاری مضامین اور بین شعبہ جاتی کورسز متعارف کرانے کی سہولت؛
* اساتذہ کی ترقی کے اقدامات، تعلیمی تعاون، اور ڈیجیٹل لرننگ کے وسائل؛ اور

ابھرتے ہوئے شعبوں میں تدریس و تعلم کو مضبوط بنانے کے لیے 'ماسو اوپن آن لائن کورسز' (MOOCs) اور دیگر آن لائن تعلیمی پلیٹ فارمز تک رسائی۔

15۔ *سید رفیع اللہ: کیا وزیر انچارج برائے کابینہ ڈویژن بیان فرمائیں گے:

(الف) گزشتہ پانچ برسوں کے دوران کتنی ویب سائٹس، موبائل ایپلی کیشنز، آن لائن پلیٹ فارمز اور ڈیجیٹل خدمات کو بلاک، محدود یا بینڈوڈتھ کی پابندیوں کا سامنا کرنا پڑا، نیز اس کی سال وار تفصیلات کیا ہیں؛

(ب) کن قانونی دفعات، معیار اور ادارہ جاتی طریقہ ہائے کار، کے تحت ایسے اقدامات کیے گئے ہیں نیز پاکستان ٹیلی کمیونیکیشن اتھارٹی اور دیگر متعلقہ اداروں کا کردار کیا رہا ہے،

(ج) آیا انٹرنیٹ پر عائد پابندیوں کے ڈیجیٹل حقوق، کاروباری سرگرمیوں، برآمدات، فری لانسنگ، غیر ملکی سرمایہ کاری اور انٹرنیٹ آزادی سے متعلق پاکستان کی بین الاقوامی درجہ بندی پر اثرات کا کوئی جائزہ لیا گیا ہے؛ نیز

(د) آیا حکومت کا ڈیجیٹل مواد پر عائد پابندیوں کے خلاف ایک شفاف اپیل اور نظر ثانی کا نظام قائم کرنے اور اس نوعیت کے اقدامات سے متعلق باقاعدہ وقفے سے رپورٹس شائع کرنے کا کوئی ارادہ ہے؟

وزیر انچارج برائے کابینہ ڈویژن

(الف) پاکستان ٹیلی کمیونیکیشن اتھارٹی (پی ٹی اے) کی جانب سے 1 جون 2021ء سے 30 جون 2026ء تک بندش کے لیے کل **6,45,329** غیر قانونی URLs پر کارروائی کی گئی، جن میں سے **4,95,747** بلاک کر دیے گئے جبکہ **60,105** ابھی زیرِ جائزہ ہیں۔ پلیٹ فارم وار تفصیلی خلاصہ اور سالانہ تفصیل **ضمیمہ-الف** کے طور پر منسلک ہے۔

(ب) پی ٹی اے کو انتباع الیکٹرانک جرائم (ترمیمی) ایکٹ 2025ء (پیکا) کی دفعہ 50 الف کے ساتھ ملا کر پڑھی جانے والی دفعہ 37 کے تحت غیر قانونی آن لائن مواد کے اخراج اور بندش کا اختیار حاصل ہے۔ پیکا 2016ء کی دفعہ 37(2) کے تحت، وفاقی حکومت نے **"غیر قانونی آن لائن مواد کو ہٹانے اور بلاک کرنے کے قواعد 2021ء (قواعد 2021ء)"** کی منظوری دی ہے جو کسی بھی انفارمیشن سسٹم کے ذریعے غیر قانونی آن لائن مواد تک رسائی کو ہٹانے یا بلاک کرنے کے لیے اتھارٹی کو پیکا کے تحت تفویض کردہ اختیارات کے استعمال کا طریقہ کار، مراحل اور تحفظات فراہم کرتے ہیں۔ پی ٹی اے اپنے قانونی فرائض اور ذمہ داریاں مذکورہ بالا احکامات اور قواعد 2021ء میں واضح کردہ طریقہ کار کے مطابق مکمل طور پر سرانجام دیتی ہے۔

(ج) پی ٹی اے صرف آن لائن پلیٹ فارمز پر دستیاب غیر قانونی مواد کے خلاف کارروائی کرتی ہے۔ انٹرنیٹ کی بندش/پابندیاں، اگر کوئی ہوں، صرف وفاقی حکومت کی ہدایات کے تابع ہیں اور ان کا واحد مقصد شہریوں کی جان و مال کو شدید نقصان سے بچانا ہے۔ تاہم، پی ٹی اے کی جانب سے ایسا کوئی تخمینہ/جائزہ نہیں لیا گیا۔

(د) پیکا 2016ء کی دفعہ 37 متاثرہ فریق کو مناسب دادرسی فراہم کرتی ہے اگر اتھارٹی کی جانب سے غیر قانونی مواد ہٹانے/بلاک کرنے کے حوالے سے کی گئی کسی کارروائی کو غیر تسلی بخش سمجھا جائے۔ اتھارٹی کے جاری کردہ کسی بھی حکم سے متاثرہ کوئی بھی شخص پیکا کی دفعہ 37(4) کے تحت نظر ثانی کی درخواست دائر کر سکتا ہے۔ اگر وہ اتھارٹی کے نظر ثانی کے فیصلے سے بھی مطمئن نہ ہو، تو وہ پیکا کی دفعہ 37(5) کے تحت ہائی کورٹ میں اپیل دائر کر سکتا ہے۔ پی ٹی اے سالانہ بنیادوں پر اپنی سالانہ رپورٹ شائع کرتی ہے، جس میں اہم کامیابیاں، اہم نکات، بلاکنگ کے اعداد و شمار اور متعلقہ سال کی دیگر اہم معلومات شامل ہوتی ہیں۔

(منسلکہ قومی اسمبلی کی لائبریری میں رکھ دیا گیا ہے)

16۔ *محترمہ عالیہ کامران: کیا وزیر انچارج برائے کابینہ ڈویژن بیان فرمائیں گے:

(الف) آیا یہ امر واقعہ ہے کہ پائیدار ترقیاتی اہداف کے حصول کے پروگرام (ایس اے پی) پر اسٹیئرنگ کمیٹی کے فیصلے کے حوالے سے، جس کی منظوری ۲۹/اکتوبر ۲۰۲۵ء کو کابینہ ڈویژن کی طرف سے جاری کردہ ۴۸ویں اجلاس کے سابقہ ایجنڈا آئٹم نمبر ۵ کے تحت دی گئی تھی، کوئٹہ الیکٹرک سپلائی کمپنی (کیسکو)، گوجرانوالہ الیکٹرک پاور کمپنی (گیپکو) اور فیصل آباد الیکٹرک سپلائی کمپنی (فیسکو) کو ہدایت کی گئی تھی کہ وہ ڈیٹا پروسیسنگ (ایس اے پی) فنڈز میں اپنی بچت/غیر استعمال شدہ نظاموں، اپیلی کیشنز اور مصنوعات سے ۱۷۵ ملین پاکستانی روپے لاہور الیکٹرک سپلائی کمپنی (لیسکو) کو ضلع لاہور میں استعمال کے لیے منتقل کریں؛

(ب) اگر ایسا ہے تو، مذکورہ بالا فنڈز کی کمپنی وار تفصیل کیا ہے اور کون سے معیار کے تحت یہ فنڈز ابتدائی طور پر ایس اے پی کے تحت بجلی کی متعلقہ تقسیم کار کمپنیوں (ڈسکوز) کے لیے مختص/مخصوص کیے گئے تھے؛

(ج) آیا کیسکو سے منتقل کردہ ۵۰ ملین روپے اصل میں بلوچستان میں ترقیاتی منصوبوں کے لیے مختص کیے گئے تھے؛

(د) اگر ایسا ہے تو، ایسی منتقلی کی وجوہات اور جواز کیا ہیں اور کیا اس کے اثرات کا کوئی جائزہ لیا گیا تھا؛ نیز

(ہ) آیا حکومت مساوی ترقی کے مفاد میں مذکورہ رقم کیسکو کو واپس کرنے کا ارادہ رکھتی ہے؟

وزیر انچارج برائے کابینہ ڈویژن

(الف) اسٹیئرنگ کمیٹی نے پائیدار ترقیاتی اہداف کے حصول کے پروگرام (ایس اے پی) کے 48ویں اجلاس میں، پاور ڈویژن کی جانب سے بچت/غیر استعمال شدہ فنڈز کی دستیابی سے متعلق فراہم کردہ معلومات کو مدنظر رکھتے ہوئے، ضلع لاہور میں پاور ڈویژن/ڈسکوز کے پاس دستیاب بچت/غیر استعمال شدہ فنڈز سے 175 ملین روپے استعمال کرنے کی منظوری دی۔ کمیٹی نے مزید یہ بھی منظوری دی کہ 3 اکتوبر 2025ء تک ڈسکوز کے پاس دستیاب باقی ماندہ بچت/غیر استعمال شدہ فنڈز متعلقہ اضلاع میں نامکمل/زیر تکمیل ترقیاتی اسکیموں کی تکمیل اور نئی ترقیاتی اسکیموں پر خرچ کیے جائیں۔ مزید وضاحت کی جاتی ہے کہ یہ فنڈز اصل طور پر منظور شدہ ترقیاتی اسکیموں پر عمل درآمد کے لیے ایس اے پی کے تحت یکمشت رقم کی صورت میں پاور ڈویژن کو مختص کیے گئے تھے۔ بعد ازاں، پاور ڈویژن کی جانب سے نشاندہی کی گئی غیر استعمال شدہ رقوم/بچت میں سے فنڈز کی از سرِ نو تخصیص کی گئی، جسے پروگرام سے متعلق منظور شدہ پالیسی رہنما اصولوں کے مطابق اسٹیئرنگ کمیٹی نے منظوری دی۔

(ب) منظور شدہ ایس اے پی (SAP) پالیسی رہنما اصولون کے مطابق، اسٹیئرنگ کمیٹی نے بجلی کے شعبے میں ترقیاتی اسکیموں کے نفاذ کے لیے پاور ڈویژن کو یکمشت فنڈز مختص کیے ہیں۔ ان فنڈز کی اسکیم وار تخصیص اور متعلقہ تقسیم کار کمپنیوں (DISCOs) میں تقسیم کا معاملہ پاور ڈویژن کے انتظامی دائرہ کار میں آتا ہے۔

(ج) جیسا کہ بالا پیرا (b) میں بیان کیا گیا ہے۔

(د) اس کا اطلاق نہیں ہوتا۔

(ہ) اس کا اطلاق نہیں ہوتا۔

17۔ ***ڈاکٹر مہرین رزاق بھٹو: کیا وزیر برائے انفارمیشن ٹیکنالوجی اور ٹیلی مواصلات بیان فرمائیں گے:**

(الف) ملک میں فعال مختلف ٹیلی کام کمپنیوں کی جانب سے فراہم کردہ موبائل اور انٹرنیٹ خدمات کے معیار کے حوالے سے گزشتہ تین سال کے دوران کل کتنی شکایات موصول ہوئیں؛

(ب) ملک کے مختلف شہری اور دیہی علاقوں، بالخصوص دور دراز اور پسماندہ علاقوں میں موبائل سگنلز کی کمزوری، کالیں کٹ جانے، انٹرنیٹ کی سست رفتار اور سروس میں بار بار تعطل پیدا ہونے کی بنیادی وجوہات کیا ہیں؛

(ج) آیا حکومت یا متعلقہ انضباطی ادارے نے ٹیلی مواصلات کمپنیوں کی خدمات کے معیار کا جائزہ لینے کے لیے کوئی آڈٹ کیا ہے یا کوئی کارکردگی رپورٹ تیار کی ہے؛ اگر ایسا ہے، تو اس کی تفصیلات کیا ہیں؛

(د) گزشتہ تین سال کے دوران ناقص خدمات فراہم کرنے والی ٹیلی مواصلات کمپنیوں کے خلاف کیا کارروائی کی گئی اور ان پر کتنے جرمانے عائد کیے گئے؛ نیز

(ہ) آیا حکومت ٹیلی مواصلات کمپنیوں کو ان کے لائسنس کی شرائط وضوابط کے مطابق معیاری خدمات فراہم کرنے کا پابند بنانے کے لیے کوئی پالیسی یا نگرانی کا مؤثر نظام متعارف کرانے کا ارادہ رکھتی ہے؛ اگر ہاں، تو اس کی تفصیلات کیا ہیں؟

وزیر برائے انفارمیشن ٹیکنالوجی و ٹیلی مواصلات (محترمہ شزیٰ فاطمہ خواجہ)

(الف) تفصیلات منسلکہ الف پر ہیں۔

(ب) کمزور موبائل سگنلز، کالز منقطع ہونے، انٹرنیٹ کی رفتار سست ہونے اور خدمات میں بار بار تعطل کی بنیادی وجوہات درج ذیل ہیں:

- طویل دورانیے کی بجلی کی بندش/لوڈشیڈنگ؛
- سڑکوں/تعمیراتی سرگرمیوں کے باعث فائبر کٹنے اور ٹیلی کام انفراسٹرکچر کو نقصان پہنچنا؛
- ٹیلی کام آلات، کیبلز اور بیٹریوں کی چوری یا توڑ پھوڑ (گزشتہ سال کے دوران 9,000 سے زائد کیسز ریکارڈ کیے گئے)؛
- زیادہ آبادی والے شہری علاقوں میں زیادہ استعمال کے اوقات کے دوران نیٹ ورک پر بوجھ؛
- پہاڑی، دور دراز اور کم آبادی والے علاقوں میں جغرافیائی خطوں اور لائن آف سائٹ کی حدود؛
- ایسے علاقوں میں نیٹ ورک کی توسیع کی تجارتی عدمِ عمل داری اور یونیورسل سروس فنڈ (یو ایس ایف) کی مداخلت؛
- فائبر بچھانے اور نئی سائٹس کے لیے رائٹ آف وے (آر او ڈبلیو) کی منظوریوں میں تاخیر۔

(ج) جی ہاں۔ پی ٹی اے ایک منظم معیارِ خدمات (کیو او ایس) کی نگرانی کا فریم ورک چلاتی ہے، جس میں سہ ماہی ڈرائیو ٹیسٹ، شکایات کے انتظامی نظام (سی ایم ایس) پر مبنی ہاٹ اسپاٹ تجزیہ، آپریشنل سپورٹ سسٹم (او ایس ایس) کے کے پی آئی کی نگرانی، اور اجتماعی معیارِ تجربہ (کیو او ای) کا جائزہ شامل ہے۔

گزشتہ چار سال کے دوران پی ٹی اے نے تقریباً 500 منصوبہ بند کیو او ایس سروے، 200 شکایات پر مبنی سروے، شاہراہوں اور موٹرویز کے ساتھ 60 سروے، اور ریلوے ٹریکس کے ساتھ 2 سروے کیے، جن میں ملک بھر کے 700 سے زائد مقامات کا احاطہ کیا گیا۔ سروے کے نتائج پی ٹی اے کی ویب سائٹ پر سہ ماہی بنیادوں پر شائع کیے جاتے ہیں۔

مزید برآں، پی ٹی اے نے مالی سال 26-2025 کے دوران پاکستان کی پہلی معیارِ تجربہ (کیو او ای) رپورٹ شائع کی، جس میں سیلولر موبائل آپریٹرز (سی ایم اوز) کی مجموعی کارکردگی کا جائزہ پیش کیا گیا۔

(د) گزشتہ چار سال کے دوران مقررہ معیارات پر پورا نہ اترنے والے سیلولر موبائل آپریٹرز (سی ایم اوز) کے خلاف متعدد اقدامات کیے گئے، جن میں شامل ہیں:

- 20 انتباہی خطوط اور 86 اظہار وجوہ نوٹسز (ایس سی ایز) کا اجرا؛
- تقریباً 4.19 ارب روپے کے مالی جرمانے عائد کرنا؛
- اصلاحی اقدامات پر عمل درآمد کے لیے ہدایات، جن میں نیٹ ورک کی بہتری، استعداد میں اضافہ اور اضافی سائٹس کی تنصیب شامل ہے؛ اور
- بعد ازاں کیو او ایس سروے اور نگرانی کے ذریعے تعمیل کی دوبارہ تصدیق۔

(ہ) جی ہاں۔ پی ٹی اے ٹیلی کام کمپنیوں کو لائسنس کی شرائط و ضوابط کا پابند بنانے کے لیے اپنے ریگولیٹری اور نگرانی کے فریم ورک کو مسلسل مضبوط کر رہی ہے۔ اہم اقدامات میں شامل ہیں:

- ایک مرحلہ وار نفاذ کا طریقۂ کار، جس میں بنیادی وجہ کا تجزیہ (آر سی اے)، مقررہ مدت کے اندر اصلاحی اقدامات، دوبارہ تصدیق، انتباہی خطوط، اظہار وجوہ نوٹسز (ایس سی ایز) اور مالی جرمانے شامل ہیں؛
- کم از کم فورجی صارف کی تھروپٹ کی حد کو 4 ایم بی پی ایس سے بڑھا کر 20 ایم بی پی ایس کرنا، جس کے ساتھ نیٹ ورک کے تعطل اور تاخیر کے کے پی آئیز میں مرحلہ وار اضافہ کر کے اسے 50 ایم بی پی ایس تک لے جانا؛
- کم سہولیات والے/دیہی علاقوں میں براڈبینڈ تک رسائی کو وسعت دینے کے لیے ضلعی سطح کے کلاس لائسنسز متعارف کرانا؛ اور
- شفافیت کے لیے سہ ماہی کیو او ایس سروے کے نتائج اور کیو او ای رپورٹ باقاعدگی سے شائع کرنا۔

منسلکہ الف

شکایات کا خلاصہ (جولائی 2023ء تا جون 2026ء)			
شکایت کی نوعیت	موصول شدہ شکایات	کل نمٹائی گئی شکایات	نمٹائی گئی/حل شدہ شکایات کا فیصد
ڈیٹا خدمات سے متعلق کوریج کے مسائل)تھری جی/فور جی/ایل ٹی ای(	29,951	29,857	99.69%
خدمات کے معیار کے مسائل)ناقص نیٹ ورک، شور، کالز کا منقطع ہونا(	9,177	9,117	99.35%
مخصوص علاقوں میں خدمات کی فراہمی کے مسائل/کوریج کے مسائل	6,916	6,885	99.55%
بجلی کی بندش/لوڈشیڈنگ کے باعث خدمات میں تعطل	6,029	6,005	99.6%
کل	52,073	51,864	99.55%

18۔ ***جناب فتح اللہ خان: کیا وزیر برائے موسمیاتی تبدیلی وماحولیاتی معاونت بیان فرمائیں گے:**

(الف) وفاقی حکومت کی جانب سے متحرک کیے گئے موسمیات سے متعلقہ قومی بجٹ یا بین الاقوامی موسمیاتی فنڈز سے کی گئی تخصیصات کی تفصیلات کیا ہیں؛ نیز

(ب) آیا ایسے فنڈز گزشتہ تین مالی سالوں کے دوران خاص طور پر ڈیرہ اسماعیل خان کو فائدہ پہنچانے کے لیے موسمیاتی تبدیلی کے اثرات سے موافقت اور ان سے نمٹنے کے منصوبوں کے لیے مختص یا جاری کیے گئے ہیں؟

وزیر برائے موسمیاتی تبدیلی وماحولیاتی (سینیٹر مصدق مسعود ملک)

(الف) جی سی ایف، جی ای ایف، اے ایف وغیرہ کے ذریعے مختص/جمع کیے گئے بین الاقوامی موسمیاتی فنڈز کی تفصیلات ضمیمہ-الف پر موجود ہیں۔

(ب) ڈیرہ اسماعیل خان میں "ریچارج پاکستان"، کے عنوان سے جی سی ایف کے ایک منصوبے میں بعض منصوبہ جاتی سرگرمیاں شامل ہیں جن میں سیلاب سے تحفظ کے بنیادی ڈھانچے کی ڈیزائننگ اور تعمیر، شجر کاری واز سرِ نو شجر کاری، اور کسانوں کو موسمیاتی لحاظ سے مؤثر زراعت کے حوالے سے تربیت فراہم کرنا شامل ہیں اور وہ گزشتہ مالی سال سے عملی طور پر جاری ہیں۔ اس منصوبے کے تحت آبپاشی، زراعت اور جنگلات کے شعبوں کے لیے ۴۵۷ ملین پاکستانی روپے جاری کیے جا چکے ہیں۔

مختلف مالی معاونتی ذرائع کے تحت جاری غیر ملکی مالی اعانت سے چلنے والے منصوبوں کی تفصیلات اور ہر ایک ذریعے کے تحت مالی اعانت کی تفصیل درج ذیل ہے:

نمبر شمار	مالی معاونتی ادارہ	زیرِ عمل منصوبوں کی تعداد	کل بجٹ (ملین ڈالر)
1	گرین کلائمیٹ فنڈ (جی سی ایف)	10	299.729
2	عالمی ماحولیاتی سہولت (جی ای ایف)	16	30.52
3	موافقت فنڈ (اے ایف)	5	104.965

4	جی آئی زیڈ	1	14 ملین یورو
5	بین الاقوامی موسمیاتی اقدام (آئی کے آئی)	1	1.8 ملین یورو

19۔ ***محترمہ شاہدہ رحمانی:** **کیا وزیر برائے انفارمیشن ٹیکنالوجی و ٹیلی مواصلات بیان فرمائیں گے:**

(الف) آیا وزارت نے پاکستان کے لیے کوئی جامع کلاؤڈ کمپیوٹنگ پالیسی وضع کی ہے؛

(ب) آیا سرکاری اداروں کے ڈیٹا کو کلاؤڈ انفراسٹرکچر پر منتقل کرنے کا کوئی منصوبہ ہے؛

(ج) آیا سرکاری اور نجی کلاؤڈ خدمات فراہم کرنے والوں کو منضبط کرنے کے لیے کوئی قانونی یا انضباطی ضابطہ موجود ہے؛ نیز

(د) اگر نہیں، تو اس سلسلے میں ڈیجیٹل تحفظ اور ڈیجیٹل خود مختاری کو یقینی بنانے کے حوالے سے وزارت کی پالیسی کیا ہے؟

وزیر برائے انفارمیشن ٹیکنالوجی و ٹیلی مواصلات (محترمہ شزیٰ فاطمہ خواجہ)

(الف) جی ہاں، **پاکستان کلاؤڈ فرسٹ پالیسی (PCFP)** کی باقاعدہ منظوری وفاقی کابینہ نے فروری 2022 میں دی تھی۔ یہ جامع پالیسی ملک بھر کے تمام پبلک سیکٹر اداروں کے لیے کلاؤڈ ٹیکنالوجی کو محفوظ اور موثر انداز میں اپنانے کے حوالے سے بنیادی رہنما دستاویز اور حکمتِ عملی پر مبنی فریم ورک کا کام کرتی ہے۔ مزید برآں، آزاد جموں و کشمیر اور گلگت بلتستان سمیت تمام صوبوں نے بھی وفاقی حکومت کی کلاؤڈ فرسٹ پالیسی کو اپنا کر اپنی متعلقہ پالیسیوں کو ہم آہنگ کیا ہے تاکہ ملک گیر سطح پر یکساں "کلاؤڈ فرسٹ" طریقہ کار کو یقینی بنایا جاسکے۔

(ب) جی ہاں، **پاکستان کلاؤڈ فرسٹ پالیسی** کے تحت تمام وفاقی اور صوبائی پبلک سیکٹر اداروں (PSEs) کے لیے اب لازم ہے کہ وہ اپنے لیے علیحدہ اور گراں قدر (مہنگے) ڈیٹا سنٹرز قائم کرنے کے بجائے، کسی بھی نئی آئی ٹی سرمایہ کاری کے لیے کلاؤڈ سروسز کو ترجیح دیں۔ اس اسٹریٹجک تبدیلی کا مقصد حکومتی اخراجات میں نمایاں کمی لانا، انتظامی امور کو ہموار بنانا، اور محفوظ ماحول کی فراہمی کے ساتھ ساتھ ڈیجیٹل عوامی خدمات کی فراہمی کو وسیع پیمانے پر بہتر بنانا ہے۔

(ج) **پاکستان کلاؤڈ فرسٹ پالیسی** کے تحت، کلاؤڈ سروس فراہم کنندگان اور پبلک سیکٹر اداروں کی رہنمائی کے لیے الحاق کے معیار اور فریم ورک برائے خریداری کو باقاعدہ طور پر تیار، منظور اور ویب سائٹ پر شائع کر دیا گیا ہے۔ سرکاری و نجی دونوں شعبوں کے کلاؤڈ سروس فراہم کنندگان اگر اپنی خدمات پیش کرنا چاہتے ہیں تو وہ اس فریم ورک کی پیروی کر سکتے ہیں۔

کلاؤڈ سروس فراہم کنندگان کے لیے الحاق کے معیار/طریقہ کار تمام متعلقہ اسٹیک ہولڈرز کے ساتھ تفصیلی مشاورت کے بعد اور ایک جامع عمل کے تحت مرتب کیے گئے ہیں تاکہ قومی سلامتی کے تقاضوں اور بین الاقوامی تکنیکی معیارات کی تکمیل کو یقینی بنایا جاسکے۔

تاہم اب تک سات (07) کلاؤڈ سروس فراہم کنندگان نے حکومت کو اپنی خدمات پیش کرنے کے لیے الحاق/منظوری کی باضابطہ درخواستیں جمع کرائی ہیں۔ مزید برآں، کلاؤڈ سروس فراہم کنندگان کے الحاق کے معیارات کے علاوہ، متعلقہ شعبہ جاتی ریگولیٹرز کے دیگر لاگو شدہ قواعد و ضوابط کا بھی اطلاق کیا جاسکتا ہے تاکہ کامل قانونی و آئینی پاسداری کو یقینی بنایا جاسکے۔

(د) بالا میں حوالہ کردہ مطابق، کلاؤڈ الحاق کے معیارات کا اطلاق ہوتا ہے۔ مثال کے طور پر، پاکستان ٹیلی کمیونیکیشن اتھارٹی کے CTISDR اور مالیاتی شعبے کے لیے اسٹیٹ بینک آف پاکستان کے سائبر سیکیورٹی کمپلائنس فریم ورک کو نافذ کیا جاتا ہے۔ مزید برآں، قومی CERT اور متعلقہ شعبہ جاتی CERTs ڈیجیٹل سیکیورٹی کو ناقابلِ تسخیر بنانے کے لیے مسلسل ہدایات و رہنمائی (Advisories) فراہم کر رہے ہیں۔

مزید برآں، ہماری قومی ڈیجیٹل خود مختاری کو یقینی بنانے کے لیے، **پاکستان کلاؤڈ فرسٹ پالیسی** سختی سے حکم دیتی ہے کہ محدود، رازدارانہ، یا انتہائی خفیہ حکومتی ڈیٹا کی ہوسٹنگ کرنے والا کوئی بھی کلاؤڈ انفراسٹرکچر عملی طور پر (Physically) پاکستان کی جغرافیائی حدود کے اندر موجود

سرورز پر ہونا لازمی ہے۔۔ یہ کثیر الطبقاتی (طریقہ کار اس بات کو یقینی بناتا ہے کہ ہماری اہم قومی معلومات ہر وقت محفوظ اور مکمل طور پر ہمارے اپنے کنٹرول میں رہیں۔

20۔ *ڈاکٹر شرمیلا فاروقی: کیا وزیر برائے موسمیاتی تبدیلی و ماحولیاتی معاونت بیان فرمائیں گے:

(الف) آیا یہ امر واقعہ ہے کہ دنیا کے کل پلاسٹک کا صرف ۹ فیصد ری سائیکل کیا جاتا ہے، جبکہ پاکستان سالانہ تقریباً ۳.۹ ملین ٹن پلاسٹک کا فضلہ پیدا کر رہا ہے، جس میں سے اندازاً ۷۰ فیصد حصہ پاکستان انوائرمنٹل پروٹیکشن ایکٹ ۱۹۹۷ء کے تحت متعارف کرائی گئی ایکسٹینڈڈ پروڈیوسر ریسپانسبلٹی (ای پی آر) کی دفعات کے باوجود لینڈ فلز (کچرے کے ڈھیروں)، کھلے میدانوں یا آبی ذخائر کی نذر ہو جاتا ہے؛

(ب) آیا شاپنگ بیگز، فوڈ پیکیجنگ اور خالی بوتلوں سمیت ایک بار استعمال ہونے والا پلاسٹک ملک بھر میں کچرے کی بڑی وجہ ہے اور پلاسٹک کے فضلے کو بغیر کسی حفاظتی تدبیر کے جلانے سے زہریلی گیسیں خارج ہوتی ہیں جو سانس کی بیماریوں کا سبب بنتی ہیں؛ نیز

(ج) آیا حکومت کی جانب سے پلاسٹک کی آلودگی کو کم کرنے اور سرکلر اکانومی کو فروغ دینے کے عزم کو پورا کرنے کے لیے نفاذ کے کون سے مخصوص طریقے، ری سائیکلنگ کے بنیادی ڈھانچے میں سرمایہ کاری اور عوامی آگاہی مہمات نافذ کی جا رہی ہیں؟

وزیر برائے موسمیاتی تبدیلی و ماحولیاتی (سینیٹر مصدق مسعود ملک)

(الف) ایک جائزے کے مطابق دنیا بھر میں سالانہ تقریباً 400 ملین ٹن پلاسٹک تیار کیا جاتا ہے، جس میں سے صرف 9 فیصد پلاسٹک کو دوبارہ قابل استعمال بنایا جاتا ہے۔ جبکہ باقی ماندہ پلاسٹک کا فضلہ یا تو جلا دیا جاتا ہے (19 فیصد)، منضبط مقامات میں تلف کیا جاتا ہے (50 فیصد)، یا ماحول میں خارج کر دیا جاتا ہے (22 فیصد)۔ پاکستان سالانہ تقریباً 3.3 ملین ٹن پلاسٹک کا فضلہ پیدا کرتا ہے، جس میں سے صرف 27 سے 30 فیصد کو دوبارہ قابل استعمال بنایا جاتا ہے، جبکہ باقی ماندہ کو غیر منظم مقامات میں تلف کیا جاتا ہے یا گڑھوں میں جلا دیا جاتا ہے؛ جس سے ماحول اور عوام کی صحت پر بوجھ بڑھتا ہے۔

وفاقی حکومت نے سنگل یوز پلاسٹک (امتناع) ضوابط 2023 وضع کیے ہیں۔ مذکورہ ضوابط کے تحت، جن کا علاقہ دارالحکومت اسلام آباد (ICT) پر اطلاق ہوتا ہے، پیداواری ادارے، درآمد کنندگان اور مشروبات بنانے والی کمپنیاں توسیعی پیداواری ذمہ داری (EPR) کی بنیاد پر ایک بار کے لیے قابل استعمال پلاسٹک کے فضلہ کو جمع کرنے کا نظام وضع کرنے کے لیے ایک منصوبہ تیار کریں گے۔ بڑے شہروں میں فضلہ جمع کرنے کی کارکردگی 50 سے 80 فیصد کے درمیان رہتی ہے۔ چیلنجز میں فضلہ کی دیکھ بھال میں مقامی انتظامیہ کی نااہلی، بڑے پیمانے پر ری سائیکلنگ یا دوبارہ استعمال کے منظم پروگراموں/اقدامات کی عدم موجودگی، پالیسیوں اور قوانین پر ناقص عملدرآمد، اور باضابطہ طور پر فضلہ میں کمی کے لیے مراعات کا فقدان شامل ہیں۔ فضلہ جمع کرنے کے نظام کو باضابطہ بنانے اور سرکلر اکانومی کو اپنانے کے لیے ماحولیاتی طور پر درست انتظام کی شدید ضرورت ہے۔

پاک-ای پی اے (Pak-EPA) پروڈیوسرز، درآمد کنندگان، ڈسٹری بیوٹرز، سپلائرز یا مشروبات بنانے والوں کو ہدایت کرتا ہے کہ وہ صارفین کے ذمہ دارانہ رویے کی حوصلہ افزائی کے لیے اقدامات کریں تاکہ مذکورہ بالا ضوابط کے دائرہ کار میں آنے والی مصنوعات/اشیاء سے پھیلنے والے کچرے میں کمی لائی جا سکے اور سنگل یوز پلاسٹک سے متعلق فضلہ کے انتظام کے طریقوں، دوبارہ استعمال کے لیے متبادل طریقوں کی دستیابی، اور کوڑا کرکٹ پھینکنے اور سنگل یوز پلاسٹک کو نامناسب طور پر تلف کرنے کے اثرات کے بارے میں صارفین کو آگاہ کیا جا سکے۔

(ب) جی ہاں، صرف ایک بار کے لیے قابل استعمال پلاسٹک بشمول شاپنگ بیگز، خوراک کی پیکنگ، اور بوتلیں ملک بھر میں کوڑا کرکٹ پھیلنے کا بڑا ذریعہ ہیں، اور پلاسٹک کے فضلہ کو بغیر کسی مناسب طریقے کے جلانے سے زہریلا دھواں خارج ہوتا ہے جس کا تعلق سانس کی بیماریوں سے ہے۔

(ج) سنگل یوز پلاسٹک (امتناع) ضوابط 2023 کے تحت، علاقہ دارالحکومت اسلام آباد (ICT) میں سنگل یوز پلاسٹک کی اشیاء کی تیاری، درآمد، تقسیم، فروخت، رسد، ذخیرہ، خریداری، تجارت یا استعمال پر پابندی ہے۔ پاک ای پی اے (Pak-EPA) اور آئی سی ٹی انتظامیہ کی مشترکہ معائنہ ٹیمیں آئی سی ٹی کے مختلف علاقوں کی مارکیٹوں کا دورہ کرتی ہیں؛ وہ ان ضوابط کی خلاف ورزی کرنے والوں کو انتباہ جاری کرتی ہیں اور جرمانے عائد کرتی ہیں۔

21۔ *محترمہ شائستہ پرویز: کیا وزیر برائے انفارمیشن ٹیکنالوجی اور ٹیلی مواصلات بیان فرمائیں گے:

(الف) گزشتہ پانچ سالوں کے دوران پاکستان کی آئی ٹی اور آئی ٹی سے منسلک خدمات کی برآمدات کی سال وار مالیت کیا ہے؛

(ب) فری لانسرز، سافٹ ویئر ایکسپورٹرز اور ٹیکنالوجی اسٹارٹ اپس کو درپیش چیلنجز، بشمول پیمنٹ گیٹ ویز، بین الاقوامی لین دین، ٹیکسیشن اور انٹرنیٹ کی پائیداری کو حل کرنے کے لیے کیا اقدامات کیے جا رہے ہیں؛

(ج) اگلے پانچ سالوں کے دوران آئی ٹی برآمدات کے لیے حکومت کی طرف سے کیا اہداف مقرر کیے گئے ہیں اور ان کے حصول کے لیے کیا حکمت عملی وضع کی گئی ہے؛ نیز

(د) ملک میں آئی ٹی کے شعبے کی ترقی میں معاونت کے لیے اسپیشل ٹیکنالوجی زونز، ڈیٹا اور ڈیجیٹل انفراسٹرکچر کے قیام کے لیے اب تک کیا پیش رفت ہوئی ہے؟

وزیر برائے انفارمیشن ٹیکنالوجی و ٹیلی مواصلات (محترمہ شزیٰ فاطمہ خواجہ)

(الف) **آئی سی ٹی برآمدات کے گزشتہ اعداد و شمار درج ذیل ہے:**

نمبر شمار	مالی سال	آئی سی ٹی ترسیلاتِ زر (امریکی ڈالر)۔ ملین
1	2020-2021	2,108
2	2021-22	2,619
3	2022-23	2,596
4	2023-24	3,223
5	2024-25	3,812

مالی سال 2025-26ء کے پہلے 11 ماہ (جولائی تا مئی) کے دوران آئی سی ٹی کی برآمدی ترسیلاتِ زر میں 20.40 فیصد اضافہ ہوا، جو 4.18 بلین امریکی ڈالر (4,184 ملین) تک پہنچ گئیں، جبکہ گزشتہ سال اسی مدت (مالی سال 2024-25ء) کے دوران 3.48 بلین امریکی ڈالر (3,475 ملین) حاصل ہوئے تھے۔

آئی سی ٹی برآمدات پاکستان کی معیشت کے خدماتی شعبے میں مسلسل سب سے زیادہ ہیں اور خدمات کے شعبے میں ملک کے لیے سب سے زیادہ تجارتی فاضل رقم پیدا کر رہی ہیں۔

(ب) پاکستان سافٹ ویئر ایکسپورٹ بورڈ، آئی ٹی صنعت کو زیادہ سے زیادہ سہولت کی فراہمی یقینی بنانے کے لیے اسٹیٹ بینک آف پاکستان کے ساتھ قریبی روابط استوار رکھتا ہے۔ اس سلسلے میں پی ایس ای بی، ایس بی پی، بینکوں اور آئی سی ٹی انڈسٹری کے نمائندگان کے ساتھ متعدد مذاکراتی اجلاسوں اور ملاقاتوں کا انعقاد کیا گیا۔ مذکورہ بالا کوششوں کے نتیجے میں درج ذیل اقدامات کیے گئے:

الف۔ بینکوں نے غیر ملکی زرمبادلہ کے ضوابط میں خصوصی مہارت رکھنے والی مخصوص شاخیں مقرر کی ہیں۔

ب۔ بینکوں نے آئی ٹی برآمد کنندگان کی معاونت اور آپریشنل یا ضابطہ جاتی مسائل کو بروقت حل کرنے کے لیے مخصوص ڈیسک قائم کیے ہیں۔

(ج) ۔ایس بی پی کی جانب سے آئی ٹی صنعت کے لیے پروسیڈ ریئلائزیشن فارم کو اپ ڈیٹ کیا گیا ہے۔ پی آر سی بینکوں کی جانب سے اس بات کے ثبوت کے طور پر فراہم کیا جاتا ہے کہ ایک مؤکل نے بیرونِ ملک خدمات فراہم کی ہیں اور باضابطہ بینکاری ذرائع کے ذریعے غیر ملکی زرمبادلہ کی آمدنی کامیابی کے ساتھ پاکستان منتقل کی ہے۔

(د) ڈیجیٹل سروس فراہم کنندگان کی فہرست پر نظرثانی کرتے ہوئے اسے وسعت دی گئی ہے۔ اس نظرثانی کے ذریعے پاکستانی آئی سی ٹی کمپنیوں کو منظور شدہ بیرونِ ملک ڈیجیٹل سروس فراہم کنندگان کی وسیع تر فہرست کو بین الاقوامی ادائیگیاں کرنے کی اجازت دی گئی ہے۔

(ہ) برآمد کنندگان کے خصوصی غیر ملکی کرنسی اکاؤنٹس (ای ایس ایف سی ایز) سے اندرونِ ملک برآمدی وصولیوں اور بیرونِ ملک ترسیلاتِ زر کی کارروائی کے لیے زیادہ سے زیادہ ایک کاروباری دن کو تکمیلی مدت مقرر کیا گیا ہے۔

(و) آئی ٹی کمپنیوں اور فری لانسرز کو اب ہر انفرادی برآمدی لین دین کے لیے فارم ''آر'' جمع کرانے کی ضرورت نہیں رہی۔ اس کی بجائے، وہ ایک مرتبہ اقرار نامہ فراہم کریں گے جس میں بیرونِ ملک پیش کی جانے والی خدمات کی نوعیت درج ہوگی، جو نیا اکاؤنٹ کھولتے وقت اور موجودہ صارفین کی صورت میں، حسبِ ضرورت فراہم کیا جائے گا۔

(ز) فارم ''آر'' حاصل کرنے کے لیے حدِ نصاب کو بڑھا کر 25,000 امریکی ڈالر سے زائد (یا دیگر کرنسیوں میں اس کے مساوی) کر دیا گیا ہے، جس سے مستفیدین کو سہولت حاصل ہوگی۔

(ح) بیرونِ ملک سے خدمات کے حصول کے لیے ای ایس ایف سی اے زسے بیرونِ ملک ترسیلاتِ زر کے سلسلے میں دستاویزی تقاضوں کو ایس بی پی کی جانب سے معیاری بنایا گیا ہے تاکہ بینکوں کے مابین واضح اور یکساں طریقہ کار کو فروغ دیا جاسکے۔

(ط) روشن ڈیجیٹل اکاؤنٹس کے فریم ورک کو وسعت دی گئی ہے تاکہ غیر ملکی شہریوں، کمپنیوں اور ادارہ جاتی سرمایہ کاروں کو آر ڈی اے کھولنے اور زیادہ منافع دینے والی سرکاری سیکیورٹیز اور نیا پاکستان سرٹیفکیٹس میں سرمایہ کاری کرنے کی اجازت دی جاسکے۔ یہ مسابقتی منافع عالمی پاکستانی آئی ٹی برآمد کنندگان کو اپنی آمدنی بیرونِ ملک رکھنے کی بجائے پاکستان واپس بھیجنے کی ترغیب دیتا ہے۔

ی۔ آئی ٹی برآمد کنندگان مقامی بینکوں میں ایکسپورٹر کے خصوصی غیر ملکی کرنسی اکاؤنٹس میں اپنی برآمدی ترسیلاتِ زر کا 50 فیصد غیر ملکی کرنسی میں رکھ سکتے ہیں۔ بینکوں کی جانب سے ڈیبٹ کارڈ جاری کیے جاتے ہیں جنہیں آئی ٹی برآمد کنندگان دنیا بھر میں لین دین کرنے کے لیے استعمال کر سکتے ہیں۔

ٹیکس کے حوالے سے، حکومت نے آئی ٹی شعبے کے لیے درج ذیل ریلیف یقینی بنایا ہے:

بجٹ میں کیے گئے نمایاں اقدامات	اثرات اور فائدہ
مالی سال 2029 کے لیے 0.25 فیصد ایف ٹی آر نظام میں توسیع	ٹیکس سال 2029 تک توسیع دی گئی۔ اس سے 3 سال کا پالیسی استحکام ملا، جس سے پاکستان آؤٹ سورسنگ اور براہِ راست غیر ملکی سرمایہ کاری کے لیے عالمی سطح پر مسابقتی ملک بن جاتا ہے۔
غیر ملکی کارڈ ادائیگیوں پر ایڈوانس ٹیکس میں 90 فیصد کمی (5 فیصد سے 0.5 فیصد)	ٹیکنالوجی کے شعبے کے لیے بیرونِ ملک ادائیگیاں کرنے اور بیرونِ ملک اداروں سے خدمات حاصل کرنے کی لاگت میں نمایاں کمی واقع ہوتی ہے۔
وی سی فنڈز کے لیے ٹیکس پاس تھرو ٹریٹمنٹ کی بحالی (شق 57(2))	90 فیصد آمدنی تقسیم کرنے والے فنڈز، فنڈ کی سطح پر ٹیکس سے مستثنیٰ ہیں۔ یہ اقدام سرمایہ کاروں کے اعتماد میں اضافہ کر کے نیا کاروبار شروع کرنے والوں کے لیے سرمایہ کی دستیابی بہتر بنانے اور ٹیکنالوجی کے شعبے میں غیر ملکی

	سرمایہ کاری کو راغب کرنے میں مدد کرتا ہے۔
دفعہ 65و ٹیکنالوجی ٹیکس کریڈٹ کا تسلسل	یہ ٹیکس کریڈٹ پاکستان میں ٹیکنالوجی کے ماحولیاتی نظام کی ترقی میں معاونت اور نیا کاروبار شروع کرنے والوں کو 100 فیصد ٹیکس کریڈٹ فراہم کرتے ہوئے برآمدات کو فروغ دینے کی حکومتی پالیسی سے ہم آہنگ ہے۔
تنخواہ دار افراد کے لیے انکم ٹیکس میں کمی	کمپنی کے پے رول کے اخراجات میں اضافہ کیے بغیر آئی ٹی کے شعبے سے وابستہ افراد کی قابلِ وصول تنخواہ میں اضافہ ہوتا ہے۔ مصنوعی ذہانت کے باعث رونما ہونے والی تبدیلیوں کے دور میں باصلاحیت افراد کو برقرار رکھنے کے لیے یہ اقدام انتہائی اہم ہے۔

مزید برآں، علاقائی رسائی اور عملیاتی کارکردگی کو مضبوط بنانے کے لیے گلگت بلتستان اور خیبر پختونخوا میں نئے پی ایس ای بی دفاتر قائم کیے گئے ہیں تاکہ مقامی آئی ٹی کمپنیوں اور فری لانسرز کو براہِ راست معاونت فراہم کی جاسکے۔ آپریشنل معاونت کو مرکز (ایم اے آر کے آے زیڈ) کے ذریعے مزید بہتر بنایا گیا ہے، جو 24/7 ہیلپ ڈیسک ہے اور پی ایس ای بی رجسٹریشن، ویزا سہولت کاری اور غیر ملکی ترسیلاتِ زر کے این او سیز سمیت صنعت سے متعلق اہم معاملات حل کرتا ہے۔ بلاتعطل تمام خدمات کی فراہمی کے لیے پی ایس ای بی، ایس ای سی پی، ایس بی پی، ایف بی آر، پی ٹی اے، ای او بی آئی، لیبر ڈیپارٹمنٹ اور کمرشل بینکوں جیسے اہم ضابطہ کار اداروں کے ساتھ قریبی روابط استوار رکھتا ہے، جبکہ رجسٹریشن اور تجدید کے عمل کو مکمل طور پر ڈیجیٹل بنایا جارہا ہے، جس میں فوری آن لائن تصدیق کے لیے قابلِ ڈاؤن لوڈ، کیو آر کوڈ والے سرٹیفکیٹس بھی شامل ہیں۔ پی ایس ای بی تعاون کو فروغ دینے، قابلِ عمل معلومات حاصل کرنے اور پورے ماحولیاتی نظام میں اسٹریٹجک شراکت داریوں کو مضبوط بنانے کے لیے انڈسٹری کے ساتھ باقاعدگی سے رابطہ اجلاس منعقد کرتا ہے۔ یہ مکالمے انڈسٹری کو درپیش فوری چیلنجوں سے نمٹنے اور متعلقہ معاملات میں آگے بڑھنے کے بہترین طریقے کا تعین کرنے کے لیے اجتماعی دانش سے استفادہ کرنے میں معاون ہیں۔

(ج) حکومت نے 2030ء تک آئی سی ٹی برآمدات 25.1 بلین امریکی ڈالر تک پہنچانے کا ہدف مقرر کیا ہے، جس میں 15.3 بلین امریکی ڈالر انفارمیشن ٹیکنالوجی اور آئی ٹی پر مبنی خدمات (آئی ٹی اینڈ آئی ٹی ای ایس) اور 9.8 بلین امریکی ڈالر ٹیلی کمیونیکیشن کے شعبے سے حاصل ہوں گے۔

ان اہداف کے حصول کے لیے حکومت نے پاکستان کی ڈیجیٹل معیشت کو مضبوط بنانے، آئی سی ٹی شعبے کی مسابقتی صلاحیت میں اضافہ کرنے اور بین الاقوامی منڈیوں میں ہمارے ملک کی موجودگی کو وسعت دینے کے مقصد سے ایک جامع حکمتِ عملی اختیار کی ہے۔ اس حکمتِ عملی کے اہم عناصر درج ذیل ہیں:

1۔ انسانی سرمائے کی ترقی: فروغ پاتی ہوئی ٹیکنالوجیز میں خصوصی تربیتی پروگراموں، بین الاقوامی سرٹیفکیشنز، بوٹ کیمپس، اپرنٹس شپ اور انڈسٹری و تعلیمی اداروں کے باہمی تعاون کے ذریعے اعلیٰ مہارت کی حامل افرادی قوت تیار کرنے کے لیے بڑے پیمانے پر استعدادِ کار میں اضافے کے اقدامات کا نفاذ، تاکہ مقامی اور عالمی منڈی کی ضروریات پوری کی جاسکیں۔

2۔ آئی سی ٹی بنیادی ڈھانچے کی ترقی: جدید ترین آئی ٹی بنیادی ڈھانچے کی ترقی، جس میں انفارمیشن ٹیکنالوجی پارکس، سافٹ ویئر ٹیکنالوجی پارکس، خصوصی ٹیکنالوجی زونز اور ڈیجیٹل اختراعی سہولیات شامل ہیں، تاکہ ٹیکنالوجی کمپنیوں، نئے کاروباری اداروں اور کاروباری افراد کے لیے سازگار ماحول فراہم کیا جاسکے۔

3۔ بین الاقوامی مارکیٹنگ اور برآمدات کا فروغ: عالمی آئی سی ٹی نمائشوں میں شرکت، تجارتی وفود، کاروباری اداروں کے مابین روابط کے فروغ کی سرگرمیوں، برانڈنگ کے اقدامات اور سرمایہ کاروں تک رسائی کے پروگراموں کے ذریعے بین الاقوامی منڈیوں میں پاکستان کی آئی سی ٹی صنعت کا فروغ، تاکہ برآمدی مواقع میں اضافہ ہو اور غیر ملکی سرمایہ کاری لائی جاسکے۔

4۔ **انڈسٹری کے لیے سہولت کی فراہمی اور کاروباری استعداد:** رجسٹریشن کے آسان طریقہ کار، پالیسی معاونت، سرمایہ کاروں کے لیے سہولت کاری اور کاروباری ماحول کو بہتر بنانے کے لیے صنعت سے وابستہ فریقین کے ساتھ مسلسل رابطے کے ذریعے آئی ٹی کمپنیوں اور فری لانسرز کو تمام سہولیات فراہم کرنا۔

5۔ **معیار میں بہتری اور بین الاقوامی تعمیل:** بین الاقوامی معیار کے سرٹیفکیٹس کے حصول، عالمی معیارات کی تعمیل اور بہترین بین الاقوامی طریقہ ہائے کار اپنانے کے لیے معاونت، تاکہ بین الاقوامی منڈیوں میں پاکستانی آئی ٹی کمپنیوں کی مسابقتی صلاحیت اور ساکھ میں اضافہ ہو۔

6۔ **فری لانس معیشت کا فروغ:** مخصوص معاونتی طریق ہائے کار، ڈیجیٹل پلیٹ فارمز، آگاہی کے اقدامات اور استعدادِ کار میں اضافے کے پروگراموں کے ذریعے فری لانسرز کو سہولت فراہم کرنا، تاکہ فری لانس خدمات سے حاصل ہونے والی غیر ملکی زرمبادلہ کی آمدنی میں اضافہ ہو۔

7۔ **پالیسی اور ماحولیاتی نظام کی بہتری:** قابلِ عمل پالیسیوں کی تشکیل و نفاذ اور متعلقہ سرکاری و نجی شعبے کے فریقین کے ساتھ قریبی رابطے کے ذریعے جدت، کاروباری سرگرمی، ڈیجیٹل تبدیلی اور آئی سی ٹی شعبے کی پائیدار ترقی کو فروغ دینا۔

وزارت برائے انفارمیشن ٹیکنالوجی و ٹیلی مواصلات، پاکستان سافٹ ویئر ایکسپورٹ بورڈ (پی ایس ای بی) اور اس سے منسلک اداروں کے ذریعے، آئی سی ٹی صنعت کی ترقی میں سہولت فراہم کرنے کے لیے متعدد اقدامات پر عمل درآمد کر رہی ہے۔ پی ایس ای بی اس صنعت سے وابستہ فریقین کے ساتھ مسلسل رابطہ برقرار رکھتا ہے اور بنیادی ڈھانچے کی ترقی، بین الاقوامی مارکیٹنگ اور برانڈنگ، افرادی قوت کی بہتری، بین الاقوامی سرٹیفکیشن اور کاروباری سہولت کاری سے متعلق منصوبوں پر عمل درآمد کر رہا ہے تاکہ پاکستان کی آئی سی ٹی برآمدات میں مسلسل اضافہ اور حکومت کے برآمدی اہداف کا حصول یقینی بنایا جاسکے۔

(د) حکومت خصوصی ٹیکنالوجی زونز، سافٹ ویئر ٹیکنالوجی پارکس (ایس ٹی پیز)، آئی ٹی پارکس، مشترکہ مقام کار اور دیگر ڈیجیٹل بنیادی ڈھانچے کے قیام کے ذریعے پاکستان کے آئی سی ٹی ماحولیاتی نظام کو فعال طور پر مضبوط بنا رہی ہے تاکہ انفارمیشن ٹیکنالوجی شعبے کی پائیدار ترقی میں معاونت کی جا سکے۔ وزارتِ انفارمیشن ٹیکنالوجی و ٹیلی مواصلات کے تحت پاکستان سافٹ ویئر ایکسپورٹ بورڈ (پی ایس ای بی) اس سلسلے میں متعدد اقدامات پر عمل درآمد کر رہا ہے۔ پیش رفت کی تفصیل درج ذیل ہے:

1۔ **سافٹ ویئر ٹیکنالوجی پارکس (ایس ٹی پیز):** پی ایس ای بی اس وقت پاکستان بھر میں 50 سے زائد سافٹ ویئر ٹیکنالوجی پارکس (ایس ٹی پیز) کا انتظام چلا رہا ہے، جہاں 350 سے زائد آئی ٹی اور آئی ٹی پر مبنی خدمات کی کمپنیوں کو سہولت فراہم کی جا رہی ہے۔ یہ ایس ٹی پیز تقریباً 1.9 ملین مربع فٹ رقبے پر محیط ہیں اور 18,000 سے زائد آئی ٹی ماہرین کو روزگار فراہم کرتے ہیں، جن میں 21 فیصد خواتین ماہرین شامل ہیں۔ ایس ٹی پیز قومی معیشت میں سالانہ 245 ملین امریکی ڈالر سے زائد کا حصہ ڈالتے ہیں اور بڑے اور ثانوی دونوں شہروں میں قائم کیے گئے ہیں، جن میں اسلام آباد، لاہور، کراچی، فیصل آباد، گلگت، سوات، کوئٹہ، گوجرانوالہ، سیالکوٹ، ایبٹ آباد، مانسہرہ، گجرات، جامشورو، نواب شاہ، گاہ کُوچ، رحیم یار خان، بہاولپور اور خضدار شامل ہیں۔ سرکاری و نجی شراکت داری (پی پی پی) ماڈل کے تحت کام کرنے والی یہ سہولیات چوبیس گھنٹے عملیاتی معاونت کے ساتھ جدید ترین آئی سی ٹی بنیادی ڈھانچہ فراہم کرتی ہیں۔

2۔ **وزیرِاعظم نیشنل ٹیکنالوجی پارکس (پی ایم این ٹی پیز):** پی ایم این ٹی پیز کے تحت پی ایس ای بی نے ملک بھر میں 80 سے زائد مراکز قائم کیے ہیں، جن کی مجموعی گنجائش تقریباً 6,000 فری لانسرز کی ہے۔ اس وقت تقریباً 4,600 فری لانسرز ان سہولیات سے استفادہ کر رہے ہیں۔ اس پروگرام کا مقصد ملک بھر میں 250 قومی ٹیکنالوجی پارکس قائم کرنا ہے تاکہ بالخصوص پسماندہ علاقوں میں فری لانسنگ، ڈیجیٹل کاروباری سرگرمی اور روزگار کے مواقع کو فروغ دیا جاسکے۔

3۔ **اسلام آباد آئی ٹی پارک:** اسلام آباد میں ایک جدید ترین آئی ٹی پارک زیرِ تعمیر ہے، جس کا احاطہ تقریباً 720,000 مربع فٹ ہے۔ یہ سہولت نئے کاروبار کا آغاز کرنے والوں، ایس ایم ایز اور سرکردہ آئی ٹی کمپنیوں کے لیے جدید ٹیکنالوجی کا ماحول فراہم کرے گی۔ 2026ء میں متوقع تکمیل کے بعد، اس پارک سے تقریباً 7,500 روزگار کے مواقع پیدا ہونے اور سالانہ تقریباً 60 ملین امریکی ڈالر کی آئی ٹی برآمدات کی توقع ہے۔

4۔ **کراچی آئی ٹی پارک:** کراچی میں ایک اور خصوصی آئی ٹی پارک کی ترقی جاری ہے۔ یہ منصوبہ 220 سے زائد آئی سی ٹی کمپنیوں کو جگہ فراہم کرے گا، تقریباً 13,400 ملازمتیں پیدا کرے گا اور پاکستان کے آئی سی ٹی ماحولیاتی نظام کو خاصا بہتر بنانے کے ساتھ ساتھ سالانہ تقریباً 90 ملین امریکی ڈالر کی آئی ٹی برآمدات کرے گا۔

5۔ **ویمن ٹیکنالوجی پارک:** پی ایس ای بی نے ویمن یونیورسٹی باغ آزاد جموں وکشمیر میں پہلا ویمن ٹیکنالوجی پارک قائم کیا ہے۔ اس سہولت کو جدید آئی سی ٹی بنیادی ڈھانچے سے لیس کیا گیا ہے اور فعال کر دیا گیا ہے۔

6۔ **گلگت بلتستان اور آزاد جموں وکشمیر تک وسعت:** پی ایس ای بی، اسپیشل کمیونیکیشنز آرگنائزیشن (ایس سی او)، حکومتِ گلگت بلتستان اور دیگر متعلقہ فریقین کے ساتھ اسٹریٹجک شراکت داری کے ذریعے گلگت بلتستان اور آزاد جموں وکشمیر میں اضافی سافٹ ویئر ٹیکنالوجی پارکس قائم کر کے ڈیجیٹل بنیادی ڈھانچے کو مزید وسعت دے رہا ہے۔

یہ اقدامات پاکستان کے ڈیجیٹل انفراسٹرکچر کو نمایاں طور پر بہتر بنا رہے ہیں، جدت اور کاروباری سرگرمی کو فروغ دے رہے ہیں، ٹیکنالوجی پر مبنی کاروباروں کی معاونت کر رہے ہیں، روزگار کے مواقع پیدا کر رہے ہیں، آئی سی ٹی سہولیات تک علاقائی رسائی کو وسعت دے رہے ہیں اور آئی ٹی شعبے اور آئی ٹی برآمدات کی پائیدار ترقی کے لیے سازگار ماحول پیدا کر رہے ہیں۔

22۔ *محترمہ شاہدہ بیگم: کیا وزیر برائے موسمیاتی تبدیلی و ماحولیاتی معاونت بیان فرمائیں گے:

(الف) آیا یہ امر واقعہ ہے کہ پاکستان میں فی الوقت پولی فلورو الکل مادہ (پی ایف اے ایس)، مائیکرو پلاسٹکس اور دیگر ابھرتے ہوئے ماحولیاتی آلودگی پھیلانے والے عناصر کی کوئی جامع اور نئی اپ ڈیٹ شدہ قومی انوینٹری موجود نہیں ہے؛

(ب) کیا پرسیسٹنٹ آرگینک پولوٹینٹس (پی او پیز) کی موجودہ انوینٹریز حال ہی میں شناخت کیے گئے مادوں اور ذرائع کا احاطہ نہیں کرتیں؛

(ج) آیا حکومت نے پینے کے پانی، سطحِ زمین کے پانی، زیرِ زمین پانی، مٹی، غذائی مصنوعات، سمندری غذا، زرعی پیداوار اور ارد گرد کی ہوا میں (پی ایف اے ایس)، مائیکرو پلاسٹکس اور دیگر ابھرتے ہوئے آلودگی پھیلانے والے عناصر کی شناخت کے لیے کوئی باقاعدہ مانیٹرنگ پروگرام قائم کیا ہے؟ اگر ایسا ہے تو اس کی تفصیلات اور نتائج فراہم کیے جائیں؛

(د) آیا پاکستان کے پاس اسٹاک ہوم کنونشن کے تحت حال ہی میں فہرست میں شامل کیے گئے (پی ایف اے ایس) اور دیگر کیمیکلز کی شناخت، جانچ، نگرانی اور خطرے کی تشخیص (رسک اسیسمنٹ) کے لیے مناسب لیبارٹری، تکنیکی اور ریگولیٹری صلاحیت موجود ہے؛

(ہ) اگر نہیں، تو ایسی صلاحیت قائم کرنے کے لیے وقت کی حد اور بجٹ مختص کرنے کے ساتھ ساتھ کیا اقدامات کیے جا رہے ہیں؛ نیز

(و) آیا یہ امر واقعہ ہے کہ (پی ایف اے ایس) پر مشتمل مصنوعات اور مواد کا ایک بڑا حصہ پاکستان میں درآمد کیا جاتا ہے، اگر ہاں، تو حکومت نے ان کی شناخت، ریگولیٹ کرنے، پابندی لگانے، لیبلنگ اور نگرانی کے لیے کیا اقدامات کیے ہیں یا کرنے کا ارادہ رکھتی ہے؟

وزیر برائے موسمیاتی تبدیلی و ماحولیاتی (سینیٹر مصدق مسعود ملک)

(الف) پاکستان نے اسٹاک ہوم کے تحت اپنا پہلا قومی نفاذ منصوبہ 2009ء میں مرتب کیا، جسے بعد ازاں 2020ء میں اپ ڈیٹ کیا گیا۔ مستقل نامیاتی آلودہ کنندگان (پی او ایس زز) کے مؤثر اور ماحول دوست انتظام کے لیے ملک کے جامع انوینٹری اور تزویراتی فریم ورک کے طور پر کام کرتا ہے۔ اس میں پاکستان میں پی او ایس زز کے ذرائع، مقدار اور تقسیم کی نشاندہی کی گئی ہے، جن میں کیڑے مار

ادویات، صنعتی کیمیکلز اور غیر ارادی طور پر پیدا ہونے والے پی او ایس زشامل ہیں، جبکہ ان کے ماحول دوست انتظام کے لیے قومی ترجیحات اور اقدامات بھی وضع کیے گئے ہیں۔

ابتدائی این ئی پی پر عمل درآمد کے بعد ٹرانسفارمرز میں موجود تقریباً 786 ٹن پولی کلورینیٹڈ بائی فینائلز (پی سی بی زز) کی نشاندہی کی گئی، جنہیں اقوامِ متحدہ کے ترقیاتی پروگرام (یو این ڈی پی) کی مالی معاونت 8 سے چلنے والے ایک منصوبے کے ذریعے محفوظ طریقے سے تلف کیا گیا۔ یہ اقدام پی او پی زز کے خاتمے کے لیے پاکستان کی کوششوں میں ایک اہم سنگِ میل کی حیثیت رکھتا ہے۔

ان کامیابیوں کو آگے بڑھاتے ہوئے، وزارت اس وقت پَر اور پولی فلورو الکائل مرکبات (پی ایف اے ایس) کی قومی انوینٹری تیار کر رہی ہے، جس کا آغاز ٹیکسٹائل کے شعبے سے کیا گیا ہے۔ اندازہ ہے کہ پاکستان میں پی ایف اے ایس کے استعمال کا تقریباً 80 فیصد حصہ ٹیکسٹائل کے شعبے میں ہوتا ہے۔ بعد ازاں اس انوینٹری کو دیگر تمام متعلقہ شعبوں تک وسعت دی جائے گی، جبکہ اسے آئندہ ڈیڑھ سال کے اندر مکمل کرنے کی توقع ہے۔

(ب) جیسا کہ بالا میں بیان کیا گیا ہے، پاکستان نے اسٹاک ہوم کنونشن کے تحت اپنا قومی نفاذی منصوبہ (اخن آئی پی) تیار کر رکھا ہے۔ کنونشن کے فریق ممالک پر لازم ہے کہ وہ اپنے قومی نفاذی منصوبوں کو وقتاً فوقتاً اپ ڈیٹ کریں تاکہ نئی ذمہ داریوں کو ان میں شامل کیا جاسکے، جن میں کانفرنس آف دی پارٹیز (سی او پی) کی جانب سے کنونشن کے تحت مزید پی او ہی زکو شامل کیا جانا بھی شامل ہے۔ کانفرنس آف دی پارٹیز کے حالیہ اجلاسوں کے دوران متعدد مزید کیمیکلز کو کنونشن کے تحت شامل کیا گیا ہے، جن میں میڈیم چین کلورینیٹڈ پیرافنز (ایم سی سی پی زز)، کلورپائریفوس اور لانگ چین پر فلورو کاربوآکسیلک ایسڈز (LC-PFCAs) شامل ہیں۔ وزارتِ موسمیاتی تبدیلی و ماحولیاتی رابطہ کاری ان نئی ذمہ داریوں سے آگاہ ہے اور اس نے ان نئے شامل کیے گئے پی او پی زکو پاکستان کے قومی نفاذی منصوبے میں شامل کرنے کا عمل شروع کر دیا ہے۔ نیز، ایسے معاملات میں جہاں درج شدہ پی او پی زکے استعمال یا پیداوار پر فوری طور پر پابندی عائد کرنا ممکن نہ ہو، ان کی پیداوار/استعمال کے لیے استثنیٰ حاصل کرنے کا عمل بھی شروع کیا گیا ہے۔ اس عمل میں معاونت کے لیے وزارت نے گلوبل انوائرنمنٹ فیسلٹی (جی ای ایف) سے رجوع کیا ہے اور اس وقت اس کے ساتھ مالی معاونت کے حصول کے لیے بات چیت جاری ہے، تاکہ قومی نفاذی منصوبے کو اپ ڈیٹ کرنے اور اس پر مؤثر عمل درآمد کو یقینی بنانے کے لیے مالی وسائل حاصل کیے جاسکیں۔

(ج) پاکستان کونسل آف ریسرچ اِن واٹر ریسورسز (PCRWR) نے پاکستان میں پَر اور پولی فلورو الکائل مرکبات (PFAS) کی نگرانی سے متعلق اقوامِ متحدہ کے مالی تعاون سے چلنے والے منصوبے کے متعدد مراحل پر عمل درآمد کیا ہے۔ پہلے مرحلے (2012-2015) کے دوران ملک کے مختلف منتخب مقامات سے حاصل کیے گئے سطحی پانی کے نمونوں میں پر فلورینیٹڈ مرکبات کی نگرانی کی گئی۔ بعد ازاں دوسرے مرحلے (2016-2019) کے دوران منصوبے کا دائرۂ کار وسیع کرتے ہوئے سطحی پانی، پینے کے پانی اور تلچھٹ (Sediment) میں PFAS کے تجزیے کو بھی شامل کیا گیا، جس سے آبی ماحول میں PFAS کی موجودگی کا زیادہ جامع جائزہ لینے میں مدد ملی۔

اس منصوبے کی رپورٹ پاکستان کونسل آف ریسرچ اِن واٹر ریسورسز (PCRWR) کی ویب سائٹ https://pcrwr.gov.pk پر دستیاب ہے۔

(د) اس وقت پنجاب انوائرنمنٹل پروٹیکشن ایجنسی (EPA) سے منظور شدہ ایک فعال لیبارٹری موجود ہے جو خصوصی طور پر مستقل نامیاتی آلودہ کنندگان (POPs)، بشمول پَر اور پولی فلورو الکائل مرکبات (PFAS)، کے تجزیے کے لیے ضروری سہولیات

سے لیس ہے۔اس کے علاوہ ملک بھر میں 28 منظور شدہ ماحولیاتی لیبارٹریاں موجود ہیں جو کیمیکلز کی نگرانی اور تجزیے کا کام انجام دے رہی ہیں، جن کی صوبہ وار تفصیل درج ذیل ہے:

*پنجاب EPA: 18 لیبارٹریاں؛

*بلوچستان EPA: 1 لیبارٹری؛

*سندھ EPA: 3 لیبارٹریاں؛

*آزاد جموں وکشمیر EPA: 5 (AJK) لیبارٹریاں؛

*گلگت بلتستان EPA: 1 (GB) لیبارٹری۔

اگرچہ ان لیبارٹریوں میں عمومی نوعیت کی تجزیاتی صلاحیت موجود ہے، تاہم ان میں سے بیشتر کو تکنیکی استعداد میں اضافے کی ضرورت ہے، جس میں جدید آلات کی فراہمی اور POPs کے جامع اور درست تجزیے کے لیے تجزیاتی صلاحیت کو بہتر بنانا شامل ہے۔ چونکہ یہ لیبارٹریاں متعلقہ صوبائی حکومتوں کے انتظامی دائرۂ اختیار میں آتی ہیں، اس لیے ان کی استعداد میں اضافے کی بنیادی ذمہ داری متعلقہ صوبائی حکام کی ہے۔

ادارہ جاتی استعداد کے حوالے سے، وزارتِ موسمیاتی تبدیلی و ماحولیاتی رابطہ کاری (MoCC&EC) میں اس وقت ڈپٹی ڈائریکٹر (کیمیکلز) کی ایک مستقل تکنیکی آسامی موجود ہے، جو بازل، روٹرڈیم اور اسٹاک ہوم کنونشنز کے تحت کیمیکلز، کیڑے مار ادویات اور خطرناک فضلے کی سرحد پار نقل و حرکت کے ضابطے اور جائزے کی ذمہ دار ہے۔ اپنی تکنیکی استعداد کو مزید مضبوط بنانے کے لیے وزارت ایک پبلک سیکٹر ڈویلپمنٹ پروگرام (PSDP) منصوبے کے تحت مزید تین تکنیکی ماہرین کی خدمات حاصل کرنے کے عمل میں ہے۔

(ہ) وزارتِ موسمیاتی تبدیلی و ماحولیاتی رابطہ کاری (MoCC&EC) کیمیکلز اور فضلے کے انتظام سے متعلق امور پر پالیسی نگرانی اور رابطہ کاری فراہم کرتی ہے۔ ماحولیات سے متعلق اختیارات کی صوبوں کو منتقلی کے بعد عمل درآمد کے اقدامات، جن میں ادارہ جاتی اور تکنیکی استعداد کا قیام اور اسے مضبوط بنانا بھی شامل ہے، صوبائی حکومتوں کے دائرۂ اختیار میں آتے ہیں۔ چنانچہ صوبائی حکومتیں استعداد میں اضافے کے لیے ضروری اقدامات کر سکتی ہیں، جن میں وسائل مختص کرنا اور عمل درآمد کے لیے ٹائم لائنز وضع کرنا شامل ہے۔

(و) پَر اور پولی فلورو الکائل مرکبات (پی ایف اے ایس) صنعتی اور صارفین کے لیے تیار کی جانے والی مختلف مصنوعات میں استعمال ہوتے ہیں، جن میں ٹیکسٹائل، آگ بجھانے والے فومز، غذائی اشیاء کے ساتھ رابطے میں آنے والے مواد، نان اسٹک برتن، الیکٹرانکس اور کاسمیٹکس شامل ہیں۔ پی ایف اے ایس پر مشتمل مصنوعات اور مواد کا ایک نمایاں حصہ پاکستان میں درآمد کیا جاتا ہے۔

(i) **درآمدی کنٹرول:**

وزارتِ موسمیاتی تبدیلی و ماحولیاتی رابطہ کاری، اسٹاک ہوم کنونشن کے تحت درج کیمیکلز کے لیے پیشگی باخبر رضامندی کا طریقۂ کار (Prior Informed Consent-PIC) نافذ کرتی ہے۔ درج شدہ POPs کی درآمد قومی فوکل پوائنٹ کی پیشگی رضامندی سے مشروط ہے۔

(ii) **مرحلہ وار منتقلی:**

پاکستان کے ٹیکسٹائل کے شعبے کے حجم اور معاشی اہمیت کے پیش نظر پی ایف اے ایس کے استعمال کو فوری طور پر مکمل طور پر ختم کرنا قابل عمل نہیں ہے۔ پاکستان اسٹاک ہوم کنونشن کی دفعات اور مقررہ مدت کے مطابق زیادہ محفوظ متبادل کی جانب مرحلہ وار منتقلی اختیار کرے گا۔

(iii) **صنعتی تعمیل:**

بڑی صنعتیں، بالخصوص برآمدات پر مبنی مصنوعات تیار کرنے والے ادارے، عالمی منڈیوں تک رسائی برقرار رکھنے اور گرین ٹریڈ کو فروغ دینے کے لیے پہلے ہی قومی ماحولیاتی ضوابط اور بین الاقوامی پائیداری کے معیارات پر عمل کر رہی ہیں۔

23۔ *محترمہ سحر کامران: کیا وزیر برائے تخفیفِ غربت و سماجی تحفظ بیان فرمائیں گے:

(الف) مالیاتی سال ۲۶۔۲۰۲۵ء کے لیے پاکستان بیت المال کے کل بجٹ کی تفصیلات معہ اخراجات کی تفصیل، بشمول ملازمین سے متعلقہ اخراجات (ای آر ای) اور مختلف فلاحی پروگراموں کے لیے مختص فنڈز فراہم کیے جائیں؛ نیز

(ب) ادارے کے مجموعی بجٹ میں ملازمین سے متعلقہ اخراجات (ای آر ای) کے زیادہ تناسب کے پیش نظر، گزشتہ دو سالوں کے دوران حکومت کی طرف سے اس تنظیم کے مالیاتی استحکام کو یقینی بنانے کے لیے کیا اقدامات کیے گئے ہیں یا کیے جا رہے ہیں؟

وزیر برائے تخفیف غربت و سماجی تحفظ (سید عمران احمد شاہ)

مالی سال 26-2025ء کے لیے مطالبہ زر نمبر 85 کے تحت پاکستان بیت المال کے لیے بجٹ کی تفصیل درج ذیل ہے:

نمبر شمار	مدات	پاکستان بیت المال کا طلب کردہ بجٹ (ملین روپے میں)	مختص شدہ بجٹ (ملین روپے میں)	تخصیص کردہ کمی/شارٹ فال
1	گرانٹس	13,283.101	10,000.000	3, 283.101
2	ملازمین سے متعلق اخراجات (ERE)	4,821.435	3,776.614	1,044.821
3	عملیاتی اخراجات	452.601	425.554	27.047
	کل	18,557.137	14,202.168	4,354.969

مالی سال 26-2025ء کے دوران پاکستان بیت المال کے حقیقی اخراجات (بشمول ملازمین سے متعلق اخراجات اور مختلف فلاحی پروگراموں) کی تفصیل درج ذیل ہے

نمبر شمار	مدات	حقیقی اخراجات (ملین روپے میں)
1	**گرانٹس (فلاحی پروگرام/اسکیمیں)**	**9,168.080**
i	انفرادی مالی معاونت	4,661.845
ii	کوکلیئر امپلانٹ پروگرام	1,889.430
iii	چائلڈ لیبر کی بحالی کے لیے اسکول (SRCL)	637.138
iv	خواتین کو بااختیار بنانے کے مراکز (WECs)	464.374
v	پاکستان سویٹ ہومز (PSHs)	1,128.379
vi	پاکستان اولڈ ہومز	247.452

vii	شیلٹر ہومز (SHs)	9.769
viii	خانہ سب کے لیے (KSKL)	71.888
ix	OWSP	33.136
x	CSW/ این جی اوز	24.669
2	**ملازمین سے متعلق اخراجات (ERE)**	**4,729.034**
i	افسران کی تنخواہیں	771.098
ii	عملہ کی تنخواہیں	877.598
iii	باقاعدہ الاؤنسز	2,696.708
iv	دیگر الاؤنسز	383.631
3	عمل کاری اخراجات	275.265
	کل	14, 172.379

(ب) پاکستان بیت المال محدود بجٹ کے باوجود اپنے فلاحی اور انتظامی امور کے تسلسل کو برقرار رکھنے کے لیے مسلسل اقدامات کر رہا ہے۔ مالی سال 26-2025ء کے لیے پاکستان بیت المال نے 18,557.137 ملین روپے کے بجٹ کا مطالبہ کیا تھا، جبکہ وزارتِ خزانہ نے مطالبۂ زر نمبر 85 کے تحت 14,202.168 ملین روپے مختص کیے، جس کے نتیجے میں 4,354.969 ملین روپے کی مجموعی کمی واقع ہوئی۔

اسی طرح ملازمین سے متعلق اخراجات کی مد میں پاکستان بیت المال نے 4,821.435 ملین روپے) جو کل بجٹ کا تقریباً 25 فیصد ہے) طلب کیے تھے، جبکہ وزارتِ خزانہ نے 3,776.614 ملین روپے مختص کیے، جس سے 1,044.821 ملین روپے کی کمی واقع ہوئی۔

اس نمایاں مالی کمی کے باوجود پاکستان بیت المال نے مؤثر مالی نظم و نسق، سخت مالیاتی کنٹرول اور اخراجات کے محتاط انتظام کے ذریعے ملازمین کی تنخواہوں کی ادائیگی اور ضروری انتظامی امور کی انجام دہی کو برقرار رکھا۔

24۔ *جناب انجم عقیل خان: کیا وزیر انچارج برائے خصوصی سرمایہ کاری و سہولت کونسل ڈویژن بیان فرمائیں گے کہ ملک میں پائیدار اقتصادی ترقی کو یقینی بنانے کے لیے صنعتی ترقی اور غیر ملکی سرمایہ کاری کے سلسلے میں حکومت کی جانب سے کیا اقدامات کیے جا رہے ہیں؟

وزیر انچارج برائے خصوصی سرمایہ کاری و سہولت کونسل ڈویژن

عرض یہ ہے کہ حکومتِ پاکستان، وزیرِ اعظم کی دور اندیش قیادت میں، خصوصی سرمایہ کاری سہولت کونسل (SIFC) کے پلیٹ فارم کے ذریعے صنعتی ترقی کے فروغ، غیر ملکی سرمایہ کاری کے حصول اور پائیدار معاشی ترقی کو یقینی بنانے کے لیے ایک جامع اور کثیر الجہتی حکمتِ عملی پر عمل پیرا ہے۔ خصوصی سرمایہ کاری سہولت کونسل حکومت کے واحد دریچہ (Single Window) اور مکمل حکومتی (Whole-of-Government) طرزِ عمل پر مبنی ایسا نظام ہے، جس کا مقصد سرمایہ کاری کے عمل کو سہل بنانا اور کاروبار دوست ماحول فراہم کرنا ہے۔

(الف) صنعتی ترقی اور غیر ملکی سرمایہ کاری کے فروغ کے لیے اٹھائے گئے اقدامات:

(i) ادارہ جاتی استحکام اور پالیسی فریم ورک:

خصوصی سرمایہ کاری سہولت کونسل (SIFC) کے ذریعے مکمل حکومتی طرزِ عمل کو ادارہ جاتی شکل دی گئی ہے تاکہ فیصلوں کا عمل تیز تر بنایا جا سکے، پالیسیوں کا تسلسل برقرار رہے، اور وفاقی و صوبائی اداروں کے درمیان مؤثر ہم آہنگی کو یقینی بنایا جا سکے۔

(ii) شعبہ جاتی سرمایہ کاری کے اقدامات:

خصوصی اقتصادی زونز(SEZs) ، مثلاً رشکئی، دھابیجی، ایم-3 علامہ اقبال اور بلوچستان خصوصی اقتصادی زون (BQIP) کراچی کی ترقی اور فعالیت کو خصوصی اقتصادی زونز ایکٹ کے تحت تیز کیا جارہا ہے۔ ان زونز میں ملکی و غیر ملکی سرمایہ کاروں کو راغب کرنے کے لیے مالی مراعات، ٹیکس میں چھوٹ اور عالمی معیار کا بنیادی ڈھانچہ فراہم کیا جارہا ہے۔ خصوصی اقتصادی زونز کی ترقی اور متعلقہ ضابطہ جاتی اصلاحات کے لیے ایک جامع روڈمیپ بھی خصوصی سرمایہ کاری سہولت کونسل کے سپرد کیا گیا ہے۔

(iii) آٹو موٹو شعبہ اور درآمد و برآمد پالیسی میں اصلاحات:

حکومتِ پاکستان نے خصوصی سرمایہ کاری سہولت کونسل (SIFC) کی سفارش پر، اور مجوزہ آٹو پالیسی 31-2026 میں شامل کرتے ہوئے، استعمال شدہ گاڑیوں اور آٹو پارٹس کے لیے درآمد، تجدیدِ حالت (Refurbishment) اور برآمد پر مبنی ایک آزمائشی منصوبے (Pilot Project) کی منظوری دی ہے۔

اس ضمن میں اقتصادی رابطہ کمیٹی (ECC) نے درآمدی پالیسی آرڈر 2022 اور برآمدی سہولت اسکیم 2021 میں ضروری ترامیم کی منظوری دے دی ہے، جن کے تحت استعمال شدہ گاڑیوں کو عارضی طور پر درآمد کر کے ان کی تجدیدِ حالت کے بعد مقررہ مدت کے اندر دوبارہ برآمد کرنے کی اجازت دی جائے گی۔

اس اقدام کا مقصد برآمدات میں اضافہ، پاکستان کو عالمی آٹو موٹو ویلیو چین کا حصہ بنانا، اور آٹو انجینئرنگ کے شعبے میں سرمایہ کاری اور روزگار کے نئے مواقع پیدا کرنا ہے۔

(iv) سرمایہ کاری میں سہولت اور کاروبار کرنے میں آسانی:

سرمایہ کاروں کو منصوبوں کی نشاندہی، منظوری، عمل درآمد کی نگرانی اور بعد از سرمایہ کاری معاونت (Aftercare Services) سمیت ہر مرحلے پر مکمل معاونت فراہم کرنے کے لیے خصوصی سرمایہ کاری سہولت کونسل (SIFC) سیکرٹریٹ کے ذریعے خصوصی سہولت کاری کا نظام قائم کیا گیا ہے۔

سرمایہ کاری کے ماحول کو مزید سازگار بنانے کے لیے ون ونڈو آپریشن، طریقہ کار کی ڈیجیٹلائزیشن، ضابطہ جاتی کارروائیوں میں آسانی اور منظوریوں کے دورانیے میں کمی جیسے اقدامات بھی کیے جارہے ہیں۔

(ب) پائیدار معاشی ترقی میں کردار:

یہ مربوط اور حکمتِ عملی پر مبنی اقدامات درج ذیل طریقوں سے پائیدار معاشی ترقی میں معاون ثابت ہو رہے ہیں:

(i) صنعتی پیداوار اور ویلیو ایڈیشن میں اضافہ:

صنعتوں کی جدید کاری، ٹیکنالوجی کی اپ گریڈیشن اور خصوصی اقتصادی زونز (SEZs) کے قیام کے ذریعے ملکی صنعتی پیداوار اور قدر افزائی (Value Addition) میں اضافہ ہو رہا ہے۔

(ii) براہِ راست غیر ملکی سرمایہ کاری (FDI) میں اضافہ:

مستحکم، شفاف اور سرمایہ کار دوست ماحول، پرکشش مراعات کے ساتھ مل کر، براہِ راست غیر ملکی سرمایہ کاری (Foreign Direct Investment - FDI) کو فروغ دے رہا ہے۔

(iii) برآمدات کا فروغ اور ادائیگیوں کے توازن میں بہتری:

درآمد، تجدیدِ حالت اور برآمد (IRE) ماڈل اور برآمدات پر مبنی دیگر پالیسیوں کے ذریعے برآمدی شعبے میں تنوع پیدا کرنے، تجارتی خسارے میں کمی لانے اور ادائیگیوں کے توازن (Balance of Payments) کو بہتر بنانے کی کوشش کی جارہی ہے۔

(iv) روزگار کے مواقع کی فراہمی:

صنعتی شعبوں، خصوصی اقتصادی زونز اور آٹو موبائل ریفربشمنٹ صنعت میں سرمایہ کاری کے نتیجے میں ملک بھر میں روزگار کے وسیع مواقع پیدا ہو رہے ہیں۔

(v) معاشی استحکام اور سرمایہ کاروں کے اعتماد کا فروغ:

معاشی استحکام کے لیے اختیار کیے گئے اقدامات، پالیسیوں کا تسلسل اور سرمایہ کاری کو حاصل قانونی تحفظ، سرمایہ کاروں کے اعتماد کو مضبوط بنا رہے ہیں، جس کے نتیجے میں طویل المدتی اور پائیدار معاشی ترقی کی راہ ہموار ہو رہی ہے۔

خصوصی سرمایہ کاری سہولت کونسل (SIFC) ایک مستحکم، شفاف اور مؤثر معاشی ماحول کی تشکیل کے اپنے عزم پر قائم ہے۔ اس کا بنیادی مقصد پاکستان کو عالمی سطح پر ایک مسابقتی سرمایہ کاری مرکز کے طور پر متعارف کرانا اور ملک میں جامع، پائیدار اور دیرپا معاشی ترقی کو یقینی بنانا ہے۔

25۔ *جناب داور خان کنڈی: کیا وزیر انچارج برائے وزیر اعظم آفس بیان فرمائیں گے:

(الف) آیا حکومت نے نیشنل ڈیزاسٹر مینجمنٹ اتھارٹی (این ڈی ایم اے) کے ذریعے حالیہ بارشوں سے نمٹنے کے لیے کوئی خصوصی منصوبہ تیار کیا ہے؛ نیز

(ب) صوبہ خیبر پختونخوا میں ممکنہ سیلابی صورتحال کی تفصیلات کیا ہیں؟

وزیر انچارج برائے وزیر اعظم آفس

1۔ پاکستان کے قومی ڈیزاسٹر مینجمنٹ فریم ورک کے تحت ڈیزاسٹر مینجمنٹ ایک منتقل شدہ شعبہ ہے۔ ضلعی ڈیزاسٹر مینجمنٹ اتھارٹیز (ڈی ڈی ایم اے ز)/ ضلعی انتظامیہ اور صوبائی ڈیزاسٹر مینجمنٹ اتھارٹیز (پی ڈی ایم اے ز) بالترتیب پہلی اور دوسری سطح کے رسپانڈر کے طور پر ذمہ داریاں سرانجام دیتی ہیں، جبکہ نیشنل ڈیزاسٹر مینجمنٹ اتھارٹی (این ڈی ایم اے) بنیادی طور پر وفاقی سطح پر رابطہ کاری اور پالیسی سازی کے ادارے کے طور پر کام کرتی ہے۔

2۔ مون سون سیزن 2026 کی تیاری کے سلسلے میں، این ڈی ایم اے (آپریشنز ونگ) نے قومی ڈیزاسٹر رسپانس پلان (این ڈی آر پی) اور مون سون ہنگامی منصوبہ 2026 جاری کیا ہے، جن میں تیاری اور ہنگامی ردِ عمل سے متعلق اقدامات کی وضاحت کی گئی ہے۔ اسی طرح، تمام صوبائی ڈیزاسٹر مینجمنٹ اتھارٹیز (پی ڈی ایم اے ز) اور ضلعی ڈیزاسٹر مینجمنٹ اتھارٹیز (ڈی ڈی ایم اے ز) نے بھی مقامی خطرات کے جائزے کی بنیاد پر اپنے اپنے ہنگامی منصوبے جاری کیے ہیں، تاکہ مون سون سے متعلق ہنگامی حالات میں مربوط اور مؤثر ردِ عمل کو یقینی بنایا جا سکے۔

3۔ مزید برآں، این ڈی ایم اے مون سون 2026 کے پیش نظر درج ذیل قبل از آپریشنی تیاری کے اقدامات پر عمل درآمد کو یقینی بناتی ہے:

(الف) ابتدائی تیاری کی سرگرمیاں (مکمل شدہ):

(1) مون سون کے بعد کی رپورٹ 2025، جس میں حاصل شدہ اسباق کو اجاگر کیا گیا۔

(2) سالانہ جائزہ 2025، جس میں سال 2025 کے دوران این ڈی ایم اے کی جانب سے انجام دی گئی تمام سرگرمیوں کا احاطہ کیا گیا۔

(3) قومی ڈیزاسٹر مینجمنٹ پلان (این ڈی ایم پی) 30-2026 جاری کیا گیا۔

(4) قومی ڈیزاسٹر رسپانس پلان (این ڈی آر پی) 2026 یکم جنوری 2025 کو جاری کیا گیا۔

(5) آفات کے تدارک اور انتظام سے متعلق عالمی بہترین طریقہ ہائے کار، 2026 مرتب کیے گئے۔

(6) چوتھا قومی ڈیزاسٹر مینجمنٹ کوآرڈی نیشن فورم (این ڈی ایم سی ایف) منعقد کیا گیا۔

(7) قبل از وقت اقدامات سے متعلق دوسرا قومی مکالماتی پلیٹ فارم منعقد کیا گیا۔

(8) گلگت بلتستان اور خیبر پختونخوا میں جی ایل او ایف II- منصوبہ (ابتدائی انتباہی نظام (ای ڈبلیو ایس) کی بحالی عمل میں لائی گئی۔

(9) تمام قومی اور بین الاقوامی شراکت داروں کے تعاون سے چار کمپیوٹرائزڈ انسڈنٹ سمیولیشن ایکسرسائزز (سی آئی ایس ای) اور چار قومی فرضی مشقیں (سم ایکس) منعقد کی گئیں۔

(10) پاکستان آرمی اور وفاقی فلڈ کمیشن (ایف ایف سی) کے ساتھ قبل از مون سون رابطہ کاری کانفرنسوں میں شرکت کی گئی۔

(11) ڈیزاسٹر ایونٹ ورکنگ (ڈی ای ڈبلیو-1) کے تحت جنوری تا مارچ (جے ایف ایم) اور ڈی ای ڈبلیو-2 کے تحت اپریل تا جون (اے ایم جے) کے لیے موسمی ہنگامی منصوبے مرتب کیے گئے۔

(12) نیشنل ڈیزاسٹر مینجمنٹ اتھارٹی (این ڈی ایم اے) کے گوداموں میں امدادی سامان کے ذخائر کی تکمیل اور تجدید کی گئی۔

(13) پاکستان میں غیر سرکاری تنظیموں (این جی اوز) اور بین الاقوامی غیر سرکاری تنظیموں (آئی این جی اوز) کی شعبہ جاتی کلسٹر بندی سے متعلق کانفرنس منعقد کی گئی۔

(14) نیشنل ڈیزاسٹر مینجمنٹ اتھارٹی (این ڈی ایم اے) میں آفات سے مزاحم بنیادی ڈھانچے کے ماڈلز (ڈی آر آئی ایم) اور رسپانس لاجسٹک یارڈز قائم کیے گئے۔

(15) "مون سون 2025 کے بعد بہتر اور پائیدار تعمیرِ نو" کے موضوع پر سیمینار منعقد کیا گیا۔

(16) انفراسٹرکچر آڈٹ پروگرام 2026 کا آغاز کیا گیا۔

(17) اقوام متحدہ، ترقیاتی شراکت داروں، غیر سرکاری تنظیموں (این جی اوز) اور بین الاقوامی غیر سرکاری تنظیموں (آئی این جی اوز) کے ساتھ انسانی ہمدردی سے متعلق کانفرنس منعقد کی گئی۔

(18) 13 مئی 2026 کو تمام متعلقہ شراکت داروں کے ساتھ قبل از مون سون قومی رابطہ کاری کانفرنس منعقد کی گئی۔

(19) جولائی تا ستمبر کے لیے ڈیزاسٹر ایونٹ ورکنگ (ڈی ای ڈبلیو-3) کے تحت مون سون 2026 سے متعلق ممکنہ خطرات کا جائزہ لیا گیا۔

(20) مون سون ہنگامی منصوبہ 2026، مورخہ 5 جون 2026 کو جاری کیا گیا۔

(21) مون سون 2026 سے متعلق متفرق رہنما اصول جاری کیے گئے۔

(22) آرمی پری فلڈ کوآرڈی نیشن کانفرنس 2026 منعقد کی گئی۔

(23) انسانی ہمدردی سے متعلق رابطہ کاری کانفرنس 2026 منعقد کی گئی۔

(24) مون سون 2026 کی تیاری کے لیے غیر سرکاری تنظیموں (این جی اوز) اور بین الاقوامی غیر سرکاری تنظیموں (آئی این جی اوز) کی استعداد اور دستیاب وسائل کا جائزہ لیا گیا۔

(25) اقتصادی امور ڈویژن (ای اے ڈی) میں ڈونرز کانفرنس منعقد کی گئی۔

(26) انتباہات کی الیکٹرانک، پرنٹ، موبائل ایپلی کیشن اور سوشل میڈیا کے ذریعے تشہیر و ترسیل کی گئی۔

(27) مون سون 2026 کے دوران روزانہ کی صورتحال رپورٹس (سٹریپس) اور رابطہ کاری کانفرنسوں کا انعقاد کیا گیا۔

(28) تلاش و بچاؤ (سرچ اینڈ ریسکیو)، انخلا، متاثرہ آبادی کو ابتدائی امداد کی فراہمی، امدادی کیمپوں کا قیام اور بحالی کے اقدامات کیے گئے۔

(29) جاری/مجوزہ سرگرمیاں

(30) مون سون 2026 کے حوالے سے فرضی مشق (سم ایکس) اور کمپیوٹرائزڈ انسڈنٹ سمیولیشن ایکسرسائز (سی آئی ایس ای) کا انعقاد 30 جون 2026 کو منصوبہ بند تھا۔

(31) مون سون 2026 کی تیاری کے لیے نجی شعبے کے ساتھ کانفرنس منعقد کی جانی تھی۔

(32) قبل از وقت اقدامات (اینٹیسیپیٹری ایکشن) سے متعلق قومی رابطہ فورم منعقد کیا جانا تھا۔

(33) جون2026میں صوبائی میڈیارابطہ کاری کانفرنس منعقد کی جانی تھی۔

(34) انفراسٹرکچرریزیلینس360ڈگریایپ تیار کی جانی تھی۔

(35) مون سون کے بعد کی رپورٹ2026مرتب کی جانی تھی۔

(ii) جاری/مجوزہ سرگرمیاں

(1) جولائی تاستمبر ڈیزاسٹر ایونٹ ورکنگ (ڈی ای ڈبلیو-3) کے تحت مون سون2026سے متعلق خطرات کی نگرانی۔

(2) مون سون2026کے حوالے سے فرضی مشق (سم ایکس)۔

(3) مون سون2026کے حوالے سے کمپیوٹرائزڈانسڈنٹ سمیولیشن ایکسرسائز(سی آئی ایس ای)۔

(4) اقوام متحدہ کے دفتر برائے آفات کے خطرات میں کمی(یواین ڈی آر آر)اور اقوام متحدہ ویمن کے اشتراک سے صنفی مساوات اور سماجی شمولیت پر مشاورتی ورکشاپ۔

(5) ہنگامی خریداری کے حوالے سے لاجسٹکس کانفرنس2026۔

(6) پانچواں قومی ڈیزاسٹر مینجمنٹ کوآرڈی نیشن فورم(این ڈی ایم سی ایف)2026۔

(7) مون سون2026سے متعلق متفرق رہنمااصول۔

(8) مون سون2026کی تیاری کے لیے نجی شعبے کی کانفرنس۔

(9) آرمی پری فلڈ کوآرڈی نیشن کانفرنس2026۔

(10) قبل ازوقت اقدامات(اینٹیسیپیٹری ایکشن)سے متعلق قومی رابطہ فورم۔

(11) جون2026کی صوبائی میڈیارابطہ کاری کانفرنس۔

(12) انفراسٹرکچرریزیلینس360ڈگریایپ کی تیاری۔

(13) انتباہات کی الیکٹرانک،پرنٹ،موبائل ایپلی کیشن اور سوشل میڈیاکے ذریعے تشہیروترسیل۔

26۔ *سیدہ شہلا رضا: کیاوزیر برائے موسمیاتی تبدیلی وماحولیاتی ہم آہنگی بیان فرمائیں گے:

(الف) آیا وزارت نے قومی انفراسٹرکچر مثلاً ڈیموں، شاہراہوں اور شہری نکاسیٔ آب کے نظام کا موسمیاتی موافقتی آڈٹ کروایا ہے یا اسے شروع کیا ہے؛ نیز

(ب) مذکورہ نتائج کی بنیادپر حکومت کی جانب سے کیااقدامات کیے گئے ہیں؟

وزیر برائے موسمیاتی تبدیلی وماحولیاتی(سینیٹر مصدق مسعود ملک)

(الف) وزارتِ موسمیاتی تبدیلی وماحولیاتی معاونت نے قومی بنیادی ڈھانچے، بشمول ڈیموں، شاہراہوں اور شہری نکاسیٔ آب کے نظام، کا کوئی موسمیاتی موافق آڈٹ خود نہیں کیااور نہ ہی کسی ادارے سے کروایاہے۔تاہم، نیشنل ڈیزاسٹر مینجمنٹ اتھارٹی(NDMA)، جسے اس سلسلے میں منظور شدہ تصوراتی مینڈیٹ حاصل ہے، کے پاس نیشنل انفراسٹرکچرآڈٹ پروگرام(2026 (NIAPکے نام سے ایک پروگرام

موجود ہے، جس کا مقصد آڈٹس، ریٹر وفٹنگ، دیکھ بھال یا تبدیلی کے ذریعے زیادہ خطرے سے دوچار عوامی بنیادی ڈھانچے کا منظم انداز میں جائزہ لینا، ترجیح بندی کرنا اور اسے مضبوط بنانا ہے۔ یہ پروگرام قومی سطح کے احتسابی فریم ورک کے تحت نافذ کیا جارہا ہے، جس میں این ڈی ایم اے رابطہ کاری کا مرکزی ادارہ ہے، جبکہ صوبائی حکومتیں اور بنیادی ڈھانچے کی ملکیت رکھنے والے متعلقہ محکمے اس کے عملی نفاذ کے ذمہ دار ہیں۔

(ب) مذکورہ بالا پروگرام کے تحت مذکورہ اقدامات کیے جارہے ہیں۔ 7 جنوری 2026 کو ایک قومی سیمینار منعقد کیا گیا، جس میں مرحلہ وار نفاذ کے منصوبے (2026-2028)، آڈٹ کے لیے معیاری طریقہ کار، خطرے کی بنیاد پر ترجیح بندی، اور مرکزی ڈیجیٹل رپورٹنگ نظام کی توثیق کی گئی۔ نیشنل انفراسٹرکچر آڈٹ پروگرام (NIAP)-2026 ضمیمہ-I کے طور پر منسلک ہے۔ یہ پروگرام اس وقت مرحلہ وار بنیادوں پر زیرِ عمل ہے، جس کے لیے متعلقہ صوبائی حکومتوں کو بھی شاملِ عمل کیا جارہا ہے۔

کیا وزیر برائے تخفیفِ غربت و سماجی تحفظ بیان فرمائیں گے کہ بجٹ کے غربت میں کمی اور روزگار کے مواقع پیدا کرنے پر اثرات کو یقینی بنانے کے لیے کیا اقدامات کیے جائیں گے ؟

وزیر برائے تخفیف غربت و سماجی تحفظ (سید عمران احمد شاہ)

بینظیر انکم سپورٹ پروگرام (بی آئی ایس پی)

یہ مطلع کیا جاتا ہے کہ بینظیر انکم سپورٹ پروگرام (بی آئی ایس پی) خزانہ ڈویژن پاکستان کی جانب سے براہِ راست جاری کردہ بجٹ تخصیصات کے ذریعے چلایا جاتا ہے۔ لہٰذا، بی آئی ایس پی صرف مالیاتی اعداد و شمار اور پروگرام کے لیے مختص رقوم فراہم کر سکتا ہے؛ تاہم، بجٹ کے غربت میں کمی پر اثرات سے متعلق معلومات کے لیے متعلقہ شماریاتی اور تحقیقی اداروں سے رجوع کیا جا سکتا ہے۔ بی آئی ایس پی کے اہم اقدام، یعنی غیر مشروط نقد رقم کی منتقلی (یو سی ٹی)/ بینظیر کفالت پروگرام، کا بنیادی مقصد مستحق گھرانوں کو نقد مالی معاونت فراہم کرنا ہے تاکہ افراطِ زر، بالخصوص غذائی افراطِ زر، اور دیگر معاشی و قدرتی بحرانوں کے منفی اثرات کو کم کر کے ان کی ضروریاتِ صرف میں رکاوٹوں کو دور کیا جا سکے۔ اگرچہ یو سی ٹی/ کفالت پروگرام کو غربت کے خاتمے کا پروگرام گردانا نہیں جا سکتا، تاہم یہ بالواسطہ طور پر آمدنی کے استحکام، مقابلہ کرنے کی صلاحیت اور طویل مدتی سماجی و معاشی بہتری میں معاون ثابت ہوتا ہے اور غربت میں کمی کی وسیع تر کوششوں کے لیے مددگار ثابت ہوتا ہے۔

مزید برآں، روزگار کے مواقع پیدا کرنے کے حوالے سے بی آئی ایس پی نے اپنے تکمیلی اقدامات کے تحت ایسے اقدامات کی معاونت کی ہے جو روزگار کے حصول کی صلاحیت میں براہِ راست اضافہ کرتے ہیں اور مستفیدین میں چھوٹے کاروباری اداروں کے قیام کی حوصلہ افزائی کرتے ہیں۔ اسکلز ٹریننگ واؤچر کے آزمائشی منصوبے کے تحت مستفیدین کو پیشہ ورانہ تربیت فراہم کی گئی اور انہیں گریجویشن بونس اور نیوٹیک کے ذریعے ملازمت کے حصول سے منسلک اسناد اور معاونت فراہم کی گئی، نیز بی آئی ایس پی انڈر گریجویٹ اسکالرشپ پروگرام نے طلبہ کے لیے اعلیٰ تعلیم تک رسائی کو وسعت دی، جس سے نوجوانوں کی روزگار کے حصول کی صلاحیت میں بہتری آئی؛ جبکہ اثاثہ سازی، گریجویشن اور ذریعۂ معاش سے متعلق معاونت نے گھرانوں کو چھوٹے کاروبار شروع کرنے اور آمدنی کے ذرائع میں تنوع پیدا کرنے میں مدد فراہم کی۔ تاہم، آئندہ وفاقی بجٹ میں ان اقدامات کے مزید فروغ کا انحصار خزانہ ڈویژن، حکومتِ پاکستان کی جانب سے بجٹ تخصیصات اور پالیسی رہنمائی پر ہو گا۔

پاکستان بیت المال (پی بی ایم)

پاکستان بیت المال (پی بی ایم) ایک کارپوریٹ ادارہ ہے جو 1992 میں پارلیمنٹ کے ایک ایکٹ کے تحت قائم کیا گیا، اور وزارت برائے تخفیفِ غربت و سماجی تحفظ کے زیر انتظام کام کر رہا ہے۔

پی بی ایم اپنے غریب دوست پروگراموں کے ذریعے معاشرے میں انسانی ترقی کے فروغ کے لیے کام کرتا ہے، جو براہِ راست عوام الناس کی فلاح و بہبود میں معاون ثابت ہوتے ہیں۔ اس ضمن میں درج ذیل پروگرام جاری ہیں:

1۔پی بی ایم سویٹ ہومز (پی ایس ایچز):

"پی بی ایم سویٹ ہومز" پاکستان بیت المال کا ایک نمایاں منصوبہ ہے، جو یتیم بچوں کو مفت رہائش، خوراک، لباس اور انٹر میڈیٹ سطح تک تعلیم کی فراہمی کے ذریعے محفوظ اور تعلیم دوست ماحول مہیا کرتا ہے۔ وسیع دائرہ کار، وقف شدہ عملے اور ہمہ جہت طرزِ عمل کے باعث اس پروگرام نے محروم بچوں کی زندگیوں پر مثبت اثرات مرتب کیے ہیں۔

اس وقت اس منصوبے کے تحت ملک بھر میں 46 پی بی ایم سویٹ ہومز قائم ہیں، جہاں تقریباً 4,266 یتیم بچوں کو رہائش فراہم کی جارہی ہے۔ پی ایس ایچز کی صوبہ/علاقہ وار تفصیل درج ذیل ہے:۔

پاکستان سویٹ ہومز (پی ایس ایچز) کی صوبہ/علاقہ وار تفصیلات			
نمبر شمار	صوبہ/علاقہ	پی ایس ایچز کی تعداد	داخل یتیم بچے
1۔	پنجاب۔I	08	682
2۔	جنوبی پنجاب	05	500
3۔	سندھ	07	697
4۔	خیبر پختونخوا	08	784
5۔	بلوچستان	04	378
6۔	آئی سی ٹی/آزاد جموں وکشمیر	11	971
7۔	گلگت بلتستان	03	254
	کل	**46**	**4,266**

2۔پی بی ایم شیلٹر ہومز:

پی بی ایم شیلٹر ہوم پروگرام کا آغاز جولائی، 2020 میں اسلام آباد سے کیا گیا۔ ہر شیلٹر ہوم میں مستحق/ضرورت مند افراد کو مفت کھانا اور رہائش فراہم کی جاتی ہے۔ مخصوص گروہوں میں گھروں سے دور رہنے والے افراد، بے روزگار، مزدور، دیہاڑی دار مزدور، غریب اور راہداری مسافر، مریضوں کے تیماردار، طلبہ یا دیگر مستحق افراد شامل ہیں۔ ہر شیلٹر ہوم میں روزانہ 400 افراد کو مفت رات کا کھانا اور 100 افراد کو رات کے قیام کے ساتھ ناشتہ فراہم کیا جاتا ہے۔ اس وقت ملک میں 16 شیلٹر ہوم فعال ہیں، جن کی تفصیل درج ذیل ہے:

صوبہ/علاقہ	تعداد
آئی سی ٹی	04
آزاد جموں وکشمیر	01
پنجاب	01
جنوبی پنجاب	02
سندھ	07
گلگت بلتستان	01

پی بی ایم شیلٹر ہومز سے مستفید ہونے والوں کی تعداد درج ذیل ہے:

مفت رات کے قیام کے ساتھ ناشتہ فراہم کیا گیا	1,798,867
مفت رات کا کھانا فراہم کیا گیا	9,611,277
کل	**11,410,137**

3۔ کھانا سب کے لیے:

کھانا سب کے لیے (کے ایس کے ایل) پروگرام کا آغاز مارچ، 2021 میں کیا گیا، جہاں مستحق افراد کو ان کی مقام کار کے قریب پیک شدہ کھانا فراہم کیا جاتا ہے۔ پہلے آئیں، پہلے پائیں کے اصول پر عمل کیا جاتا ہے۔ ہر کے ایس کے ایل فوڈ گاڑی سے مقررہ راستوں پر (1000) مستفیدین کو مفت کھانا (500 کو دوپہر کا کھانا اور 500 کو رات کا کھانا) فراہم کیا جاتا ہے۔ یہ پروگرام سرکاری و نجی شراکت داری کی بنیاد پر چلایا جاتا ہے۔ اس وقت ملک میں 17 کے ایس کے ایل فوڈ گاڑیاں فعال ہیں، جن کی تفصیل درج ذیل ہے:۔

صوبہ/علاقہ	تعداد
آئی سی ٹی	03
آزاد جموں و کشمیر	01
پنجاب۔I	02
جنوبی پنجاب	03
سندھ	03
خیبر پختونخوا	03
جی بی	01
بلوچستان	01

ابھی تک 9,717,565 کھانے KSKL فوڈ ویکلز (غذائی گاڑیوں) کے ذریعے فراہم کیے جا چکے ہیں۔

4. یتیم و بیوہ امدادی پروگرام (OWSP):

یتیم و بیوہ امدادی پروگرام (OWSP) ایک مشروط نقد منتقلی (Conditional Cash Transfer - CCT) کا اقدام ہے، جس کا آغاز سال 2020 میں کیا گیا تھا، جس کا مقصد ماؤں یا سرپرستوں کے ساتھ رہنے والے یتیم بچوں کی تعلیم، خصوصاً بچیوں کی تعلیم پر خصوصی توجہ دیتے ہوئے تعاون فراہم کرنا ہے۔ پائلٹ فیز (ابتدائی مرحلے) کے لیے ملک کے ہر صوبے/خطے سے 100 خاندانوں کو شامل کیا گیا ہے۔ اس پروگرام کا مقصد پی ایس ایچ (PSH) سے پاس آؤٹ ہونے والے بچوں کو اپنی تعلیم جاری رکھنے کے لیے مالی معاونت فراہم کرنا بھی ہے۔

ان خاندانوں کے لیے جن کا ایک سکول جانے والا بچہ ہے، اور جن کے دو یا اس سے زیادہ سکول جانے والے بچے (بشمول کم از کم ایک لڑکی) ہیں، بالترتیب 8,000/- روپے اور 16,000/- روپے ماہانہ مالی امداد دی جاتی ہے۔ فی الوقت، اس منصوبے میں تقریباً 939 خاندان رجسٹرڈ ہیں جن کے کل 1,456 بچے شامل ہیں۔

صوبہ	خاندان	بچے (لڑکے)	بچے (لڑکیاں)	کل بچے
بلوچستان	107	68	136	204
گلگت بلتستان	93	100	159	259
آئی سی ٹی اور آزاد جموں و	110	76	100	176

کشمیر				
خیبر پختونخوا	285	243	102	345
پنجاب-I	151	126	75	201
سندھ	86	24	107	131
جنوبی پنجاب	107	16	124	140
کل(Total)	**939**	**653**	**803**	**1456**

پروگرام کے آغاز سے لے کر اب تک رجسٹرڈ مستحقین میں مرحلہ وار طریقے سے **146,292,000/-روپے** تقسیم کیے جا چکے ہیں۔

5.انفرادی مالی امداد(IFA)-عام:

پاکستان بیت المال (PBM) نے موجودہ مالی سال 26-2025 کے لیے 403,633,600/-روپے کا بجٹ مختص کیا ہے تاکہ معاشرے کے سب سے زیادہ کمزور اور مستحق طبقات کی ناگہانی اور فوری مالی ضروریات کو بطور امداد (Shock Therapy) پورا کیا جا سکے۔

مالی سال 26-2025 کے دوران، بیت المال نے IFA-General پروگرام کے تحت 93,635,000/- روپے کی تقسیم کے ذریعے 4,780 مستحق افراد کی مدد کی ہے، تاکہ ان کے مالی بوجھ کو کم کرنے کے لیے بروقت ریلیف کو یقینی بنایا جا سکے۔

پاکستان بیت المال کی پالیسی کے تحت مستحق افراد کو ان کی پوری زندگی میں زیادہ سے زیادہ دو بار 60,000/-روپے تک کا ریلیف فراہم کیا جاتا ہے۔ ایسے باصلاحیت افراد جو چھوٹا کاروبار شروع کر کے خود کفیل ہونے کی صلاحیت رکھتے ہیں، انہیں 40,000/-روپے سے 60,000/-روپے تک کی مالی امداد دی جاتی ہے تاکہ وہ پھلوں کے ٹھیلے، چھوٹے بیوٹی پارلر، کپڑوں کے کاروبار، اور فاسٹ فوڈ کے اسٹالز وغیرہ کے ذریعے اپنی روزی کما سکیں۔

6.انفرادی مالی امداد(IFA)- تعلیم:

پاکستان بیت المال (PBM) نے سال 26-2025 کے دوران غریب اور مستحق طلباء کے لیے 403,633,600/-روپے مختص کیے ہیں تاکہ وہ اپنی تعلیم مکمل کر کے معاشرے کا ایک کارآمد حصہ بن سکیں۔

موجودہ مالی سال کے دوران سرکاری جامعات میں زیر تعلیم 6,142 طلباء وطالبات کو 227,248,180/-روپے کے تعلیمی وظائف فراہم کیے گئے۔ یہ پروگرام ٹیوشن فیس، امتحانی اخراجات اور دیگر تعلیمی اخراجات کو پورا کر کے معاشی طور پر مستحق خاندانوں کے بچوں کی تعلیم میں معاونت کرتا ہے۔

پاکستان بیت المال غریب اور مستحق افراد کی تعلیم کے حصول میں مدد کے لیے فی طالب علم سالانہ 150,000/-روپے تک کی مالی امداد فراہم کرتا ہے۔

7.اسپیشل فرینڈز پروجیکٹ(:SFP)

اسپیشل فرینڈز پروجیکٹ (SFP) ایک جامع اقدام ہے جو معذور افراد کو معاونت فراہم کرنے کے لیے ڈیزائن کیا گیا ہے۔ اس پروگرام کا مقصد معذور افراد کو بااختیار بنانا ہے تاکہ وہ خود مختار اور باوقار زندگی گزار سکیں۔

پاکستان بیت المال ایک معذور فرد کے لیے 30,000/-روپے اور ایک سے زائد معذور افراد والے خاندانوں کے لیے 60,000/-روپے کی مالی امداد فراہم کرتا ہے۔

پاکستان بیت المال نے سال 26-2025 کے دوران 403,633,600/-روپے مختص کیے ہیں تاکہ خصوصی صلاحیتوں کے حامل افراد (اسپیشل فرینڈز) کی بنیادی ضروریات کو پورا کیا جا سکے۔

موجودہ مالی سال کے دوران پاکستان بیت المال نے 194,450,000/-روپے کے اجراء کے ذریعے 5,955 اسپیشل فرینڈز کو معاونت فراہم کی ہے۔

لائحہ عمل(Way Forward): غربت میں کمی اور روزگار کے مواقع کی فراہمی کے اقدامات

پاکستان بیت المال ان غریب نوجوانوں کے لیے، جو صلاحیت اور جذبہ رکھتے ہیں، چھوٹے پیمانے پر کاروبار کے ذریعے خود کفیل بنانے کے لیے انفرادی مالی امداد کو کیس ٹو کیس کی بنیاد پر 200,000/-روپے تک بڑھانے کی منصوبہ بندی اور فیصلہ سازی کے مرحلے میں ہے۔

نرسنگ کے شعبے میں تعلیم حاصل کرنے والی طالبات کو IFA ایجوکیشن وظیفہ بھی دیا جاتا ہے تاکہ وہ کینیڈا، آسٹریلیا، یورپ، امریکہ اور خلیجی ممالک میں خدمات سرانجام دے کر اپنا روزگار کما سکیں۔

8. انفرادی مالی امداد (IFA)-طبّی (Medical):

پاکستان بیت المال 'انفرادی مالی امداد (IFA) برائے علاج' اسکیموں پر عمل پیرا ہے جس کے تحت سرطان (کینسر)، دل کے امراض، ہیپاٹائٹس، تپ دق (ٹی بی)، اہم اعضاء کی سرجری، اور گردے کے مہلک امراض میں مبتلا غریب و مستحق افراد کو سرکاری ہسپتالوں کے ذریعے علاج کے لیے فی مریض 1.5 ملین (15 لاکھ) روپے تک مالی امداد فراہم کی جاتی ہے۔ وہ افراد جن کی ماہانہ آمدن 74,000/-روپے یا اس سے کم ہے، IFA (میڈیکل) سے مالی امداد حاصل کرنے کے اہل ہیں۔ غربت میں کمی پر بجٹ کے اثرات کو یقینی بنانے کے لیے، حکومت جامع معاشی پالیسیوں اور غریب مریضوں کے لیے ڈیجیٹل سوشل سیفٹی نیٹ پر توجہ مرکوز کر رہی ہے۔

گزشتہ تین (03) مالی سالوں کے دوران IFA-Medical کے تحت فنڈز کی تقسیم کی تفصیل درج ذیل ہے:

سال	میڈیکل (Medical)		کوکلیئر امپلانٹ (Cochlear Implant)	
سال	مستحقین کی تعداد	تقسیم شدہ رقم (روپے)	مستحقین کی تعداد	تقسیم شدہ رقم (روپے)
2022-23	8,345	1,417,509,656	41	41,000,000
2023-24	8,731	1,695,621,510	752	814,650,000
2024-25	18,305	4,121,780,532	902	1,932,150,000
کل (Total)	**35,381**	**7,234,911,698**	**1,695**	**2,787,800,000**

9۔ چائلڈ لیبر کی بحالی کے لیے اسکول (School for Rehabilitation of Child Labour - SRCL)

پاکستان بیت المال (PBM) غربت میں کمی، روزگار کے مواقع پیدا کرنے اور بالخصوص بچوں سے مشقت کے بنیادی اسباب کے خاتمے اور انسانی وسائل کی ترقی کے لیے بجٹ مختص رقوم کے مؤثر استعمال کو یقینی بنانے کے لیے ہدفی اقدامات کر رہا ہے۔

اس ضمن میں پاکستان بیت المال ملک بھر میں "چائلڈ لیبر کی بحالی کے لیے اسکول "(SRCL) منصوبہ نافذ کر رہا ہے۔ اس منصوبے کا مقصد خطرناک مشقت میں مصروف بچوں کو مفت ابتدائی تعلیم فراہم کر کے بچوں سے مشقت کے خاتمے کو یقینی بنانا ہے۔ ان خطرناک شعبوں میں اینٹوں کے بھٹے، قالین بافی، کان کنی، چمڑا سازی، تعمیرات، شیشے کی چوڑیوں کی صنعت، گھریلو مشقت، بھیک مانگنا، زراعت اور سڑکوں پر مختلف سرگرمیوں میں مصروف بچے شامل ہیں۔

اس وقت ملک بھر میں 160 اسکول برائے بحالیِ چائلڈ لیبر فعال ہیں، جن کی علاقائی تقسیم حسبِ ذیل ہے:

- لاہور ریجن 46 :
- ملتان ریجن 20 :
- سندھ 38 :
- خیبر پختونخوا 24 :
- بلوچستان 14 :
- وفاقی دارالحکومت اسلام آباد 13 :
- گلگت بلتستان 5 :

تعلیمی سال 25-2024ء کے دوران ان اسکولوں میں 19,042 طلبہ وطالبات زیرِ تعلیم ہیں۔

ان اسکولوں میں زیرِ تعلیم بچوں کو مفت یونیفارم، جوتے، نصابی کتب، اسٹیشنری اور حاضری کی بنیاد پر 100 روپے یومیہ وظیفہ فراہم کیا جاتا ہے، تاکہ بچوں کی باقاعدہ حاضری کی حوصلہ افزائی ہو اور ان کے خاندانوں پر معاشی بوجھ میں کمی آئے۔

حکومت نے اس ضمن میں اپنے بین الاقوامی وعدوں پر عمل کرتے ہوئے 1994ء میں بین الاقوامی محنت تنظیم (ILO) کے بین الاقوامی پروگرام برائے خاتمۂ چائلڈ لیبر (IPEC) کے تحت مفاہمتی یادداشت (MoU) پر دستخط کیے، جبکہ 2001ء میں آئی ایل او کنونشن نمبر 182 (بدترین اقسام کی چائلڈ لیبر کے خاتمے سے متعلق) کی توثیق بھی کی۔

یہ اقدامات بجٹ کی رقوم کے مؤثر استعمال کو درج ذیل طریقوں سے یقینی بناتے ہیں:

- بچوں سے مشقت کا خاتمہ اور انہیں باقاعدہ تعلیم تک رسائی فراہم کرنا؛
- مالی معاونت اور سماجی تحفظ کے ذریعے گھرانوں کی سطح پر غربت میں کمی لانا؛
- تعلیم اور مہارتوں کی ترقی کے ذریعے بچوں کے مستقبل میں روزگار کے بہتر مواقع پیدا کرنا؛
- تعلیم یافتہ اور ہنر مند افرادی قوت کی تیاری کے ذریعے طویل المدتی معاشی پیداوار اور روزگار کے مواقع میں اضافہ کرنا۔

پاکستان بیت المال، وزارتِ تخفیفِ غربت و سماجی تحفظ کے تحت، نچلی سطح پر کمزور اور محروم طبقات کے ساتھ براہِ راست کام کرتا ہے تاکہ سرکاری اخراجات کے ثمرات پائیدار سماجی و معاشی ترقی اور ملک بھر میں عوام کے معیارِ زندگی میں بہتری کی صورت میں سامنے آئیں۔

چائلڈ لیبر کی بحالی کے لیے ایک اسکول (SRCL) کے لیے سالانہ بجٹ 4.9 ملین روپے مقرر ہے۔

تعلیمی سال 25-2024ء کے دوران اسکولوں اور ان میں زیرِ تعلیم طلبہ وطالبات کی تفصیل ذیل میں درج ہے:

تعلیمی سال 25-2024ء کے دوران اسکولوں میں زیرِ تعلیم طلبہ وطالبات کی صوبہ/علاقہ وار تفصیل

صوبہ/علاقہ	طلبہ	طالبات	کل طلبہ وطالبات
لاہور ریجن	2,743	2,743	5,486
ملتان ریجن	1,127	1,214	2,341
سندھ	1,240	2,378	3,618
خیبر پختونخوا	1,952	914	2,866
بلوچستان	882	798	1,680
وفاقی دارالحکومت اسلام آباد	806	795	1,601
گلگت بلتستان	350	229	579
کل	**10,350**	**8،692**	**19،042**

پاکستان بیت المال (PBM) نے بجٹ کی مختص رقوم کو غربت میں کمی اور روزگار کے مواقع پیدا کرنے کے لیے مؤثر انداز میں بروئے کار لانے کی غرض سے جامع اقدامات کیے ہیں، جن کا خصوصی ہدف معاشرے کے انتہائی کمزور اور پسماندہ طبقات ہیں۔

اس مقصد کے تحت پاکستان بیت المال نے 1995ء سے ملک بھر میں، بشمول آزاد جموں و کشمیر اور گلگت بلتستان، ضلعی سطح پر خواتین کو بااختیار بنانے کے مراکز قائم کیے ہیں۔ ان مراکز میں بیواؤں، یتیموں اور مستحق خواتین کو مفت فنی و پیشہ ورانہ تربیت فراہم کی جاتی ہے۔ تربیت میں ملبوسات کی ڈیزائننگ، کڑھائی، کمپیوٹر ایپلی کیشنز، بیوٹیشن، کھانا پکانے اور فیبرک پینٹنگ سمیت مارکیٹ کی ضروریات سے ہم آہنگ مختلف ہنر شامل ہیں۔

سالانہ تقریباً 25,000 خواتین ان مراکز سے مستفید ہوتی ہیں، جنہیں ایسے ہنر سکھائے جاتے ہیں جو ان کی آمدنی کمانے کی صلاحیت میں براہِ راست اضافہ کرتے ہیں۔

زیرِ تربیت خواتین کو حاضری کی بنیاد پر 100 روپے یومیہ وظیفہ دیا جاتا ہے، جس کی ادائیگی بائیو میٹرک تصدیقی نظام (BVS) اور الیکٹرانک ادائیگی کے نظام (EPS) کے ذریعے یو بی ایل اومنی اور جاز کیش کے ذریعے شفاف انداز میں کی جاتی ہے۔

تربیت کی کامیاب تکمیل پر شرکاء کو قومی پیشہ ورانہ و فنی تربیتی کمیشن (NAVTTC) سے منظور شدہ سندِ مہارت (Certificate of Proficiency) جاری کی جاتی ہے، جس سے رسمی اور غیر رسمی دونوں شعبوں میں ان کے روزگار کے امکانات میں اضافہ ہوتا ہے۔

قیام سے اب تک 366,504 خواتین ملک کے تمام صوبوں اور علاقوں میں ان مراکز سے کامیابی کے ساتھ تربیت مکمل کر چکی ہیں، جو اس منصوبے کے وسیع دائرۂ کار اور پائیدار اثرات کی عکاسی کرتا ہے۔

یہ اقدامات بجٹ کی رقوم کے مؤثر استعمال کو درج ذیل طریقوں سے یقینی بناتے ہیں:

- فنی مہارتوں کی ترقی اور خود روزگاری کے مواقع کو فروغ دینا؛
- مستحق خواتین کی معاشی خود مختاری میں اضافہ کرنا؛
- نچلی سطح پر روزگار کے مواقع پیدا کرنا؛
- تمام صوبوں اور علاقوں میں پیشہ ورانہ تربیت تک مساوی رسائی کو یقینی بنانا۔

اس منصوبے کے مثبت نتائج سامنے آئے ہیں، کیونکہ تربیت مکمل کرنے والی خواتین کی ایک بڑی تعداد باعزت اور پائیدار ذریعۂ معاش حاصل کر کے اپنے خاندانوں اور مقامی معاشرے کی معاشی ترقی اور غربت میں کمی میں مؤثر کردار ادا کر رہی ہے۔

خواتین کو بااختیار بنانے کے ایک مرکز (WEC) کے لیے سالانہ مختص بجٹ 49 لاکھ روپے ہے۔

1995ء سے 2025ء تک تربیت مکمل کرنے والے طلبہ کی صوبہ/علاقہ وار تفصیل حسب ذیل ہے:

صوبہ/علاقہ	تربیت مکمل کرنے والی خواتین کی کل تعداد
پنجاب	126,447
جنوبی پنجاب	64,782
سندھ	64,776
خیبر پختونخوا	44,147
بلوچستان	42,091
وفاقی دارالحکومت اسلام آباد و آزاد جموں و کشمیر	12,261
گلگت بلتستان	12,000
کل	**366,504**

11۔ ٹرسٹ فار وولنٹری آرگنائزیشنز (Trust for Voluntary Organizations - TVO)

ٹرسٹ فار وولنٹری آرگنائزیشنز (TVO) ایک نجی ادارہ ہے جو خصوصی ترقیاتی فنڈ (Special Development Fund - SDF) کے تحت حکومتِ پاکستان اور ریاستہائے متحدہ امریکہ کی حکومت کے مابین طے پانے والے معاہدے کے تحت قائم کیا گیا۔ یہ ادارہ اپنے چارٹر اور ضمنی قواعد (By-Laws) کے مطابق کام کرتا ہے اور اسے وفاقی یا صوبائی حکومتوں سے کسی قسم کی بجٹ معاونت حاصل نہیں ہوتی۔ ادارہ اپنی سرگرمیوں کے لیے (i) اپنی سرمایہ کاری سے حاصل ہونے والی آمدنی اور (ii) عطیہ دہندگان کے مالی تعاون کو بروئے کار لاتا ہے۔

مذکورہ موضوع کے حوالے سے عرض ہے کہ ٹرسٹ فار وولنٹری آرگنائزیشنز (TVO) کمیونٹی پر مبنی ترقیاتی حکمتِ عملی اختیار کرتا ہے اور ایسے منصوبوں کی معاونت کرتا ہے جو سماجی و معاشی کمزوریوں میں کمی، بنیادی سہولیات تک رسائی میں بہتری اور مقامی صلاحیتوں کے فروغ کے ذریعے اجتماعی فلاح و بہبود میں کردار ادا کرتے ہیں۔

ادارے کی گرانٹ فنانسنگ بنیادی طور پر ایسی کمیونٹی پر مبنی سرگرمیوں کے لیے مختص ہوتی ہے جو شراکت دار تنظیموں کے ذریعے نافذ کی جاتی ہیں، تاکہ ترقیاتی فوائد وسیع اور مساوی انداز میں معاشرے تک پہنچ سکیں۔ اس کے ساتھ ساتھ، TVO ایسے منصوبوں کی بھی معاونت کرتا ہے جو بالخصوص خواتین اور نوجوانوں کی مہارتوں اور صلاحیتوں میں اضافہ کر کے انہیں آمدنی کے بہتر مواقع فراہم کرتے ہیں۔

اس جامع حکمتِ عملی، جس میں **کمیونٹی کی ترقی** اور **روزگار و ذریعۂ معاش کے فروغ** دونوں کو یکجا کیا گیا ہے، کے ذریعے TVO غربت میں پائیدار کمی، روزگار کے مواقع کی تخلیق اور محروم طبقات کی سماجی و معاشی حالت میں عملی بہتری لانے میں مؤثر کردار ادا کر رہا ہے، تاکہ ترقیاتی سرمایہ کاری کے ثمرات براہِ راست عوام تک پہنچ سکیں۔

1۔ سیدہ شہلا رضا: کیا وزیر انچارج برائے کابینہ ڈویژن بیان فرمائیں گے:

(الف) وفاقی کابینہ اور اس کے ماتحت اداروں کے امور میں شفافیت کو یقینی بنانے کے لیے کابینہ ڈویژن کی جانب سے کیا اقدامات کیے جا رہے ہیں؛

(ب) بالا جزو (الف) کے حوالے سے کابینہ اجلاس میں کیے گئے فیصلوں پر عملدرآمد رپورٹ کی تفصیلات کیا ہیں؛ نیز

(ج) کابینہ ڈویژن کی زیر نگرانی مختلف وزارتوں اور ڈویژنوں کی کارکردگی کی جانچ کے لیے کون سا طریقۂ کار وضع کیا گیا ہے؟

وزیر انچارج برائے کابینہ ڈویژن

(الف) کابینہ ڈویژن وفاقی کابینہ کو سیکرٹریٹ معاونت فراہم کرتا ہے، جس میں کابینہ کے لیے خلاصوں کی جانچ پڑتال، کابینہ کے اجلاسوں کے ایجنڈے کا اجراء، کابینہ کے اجلاسوں کی کارروائی اور فیصلوں کا اندراج، اور قواعد انصرام کار، 1973ء کے قاعدہ 20(13) کے تحت متعلقہ وزارتوں/ڈویژنوں کو حسبِ ضرورت فیصلوں کا اجراء شامل ہے۔ مزید برآں، کابینہ ڈویژن مذکورہ قواعد کے قاعدہ 24(6) کے تقاضوں کے مطابق ہر معاملے کا ریکارڈ محفوظ رکھتا ہے۔

(ب) موجودہ حکومت کی مدت (4 مارچ، 2024 سے تاحال) کے دوران منعقد ہونے والے کابینہ کے اجلاسوں اور کابینہ کے فیصلوں کی تفصیلات درج ذیل ہیں:

سال	کابینہ کے اجلاس	نافذ کیے گئے کابینہ کے فیصلے	زیرِ عمل کابینہ کے فیصلے	کابینہ کے فیصلوں کی کل تعداد
2024-2026	67	2173	375	2548

(ج) کابینہ ڈویژن وزارتوں اور ڈویژنوں کی جانب سے کابینہ کے فیصلوں پر عملدرآمد کی نگرانی کرتا ہے تاکہ یہ یقینی بنایا جا سکے کہ کابینہ کے فیصلوں پر جلد از جلد عملدرآمد کیا جائے۔ تاہم، کابینہ ڈویژن کو وزارتوں اور ڈویژنوں کی مجموعی کارکردگی کی نگرانی کا اختیار حاصل نہیں ہے۔

2۔ محترمہ عالیہ کامران: کیا وزیر برائے تخفیفِ غربت و سماجی تحفظ بیان فرمائیں گے:

(الف) بینظیر انکم سپورٹ پروگرام (بی آئی ایس پی) کی جانب سے کیے گئے تازہ سروے کے بعد بی آئی ایس پی میں شامل کردہ تحصیل بالاکوٹ کی بیواؤں کے نام
اور پتہ جات کیا ہیں؛ نیز

(ب) ان کے انتخاب کے لیے مقرر کردہ معیار کی تفصیلات کیا ہیں؟

وزیر برائے تخفیف غربت و سماجی تحفظ (سید عمران احمد شاہ)

(الف) تحصیل بالاکوٹ میں بے نظیر انکم سپورٹ پروگرام کی بیوہ مستفیدین کی تعداد 1,638 ہے۔ مزید برآں، نیشنل سوشل اکنامک رجسٹری (NSER) ونگ نے ڈیٹا کی فراہمی کے مضبوط ضوابط وضع کیے ہیں اور ان کی تعمیل کی نگرانی کے لیے ایک مخصوص "ڈیٹا

شیئرنگ کمیٹی" تشکیل دی ہے۔ اب تک، NSER ونگ کمیٹی کی منظوری سے 100 سے زائد وفاقی و صوبائی اداروں اور بشمول بین الاقوامی و قومی غیر سرکاری تنظیموں (NGOs&INGOs) ترقیاتی شراکت داروں کے ساتھ ڈیٹا شیئر کر چکا ہے۔ یہ طریقہ کار ڈیٹا کی فراہمی کے ضوابط کی پاسداری کو یقینی بناتا ہے، ڈیٹا کی خلاف ورزی کی روک تھام کرتا ہے اور کاوشوں کے دہرائے جانے کو کم سے کم کرتا ہے۔ لہٰذا، ڈیٹا فراہم کرنے کی درخواست بذریعہ مناسب طریقہ کار، ڈائریکٹر جنرل (NSER)، بی آئی ایس پی کے نام، ساتھ منسلک مقررہ **"ڈیٹا ریکوئسٹ فارم" (ضمیمہ-I)** پر ڈیٹا شیئرنگ کمیٹی کی منظوری کے لیے ارسال کی جاسکتی ہے۔ سیکورٹی اور رازداری کو یقینی بنانے کے لیے ڈیٹا پہلے سے طے شدہ طریقہ کار کے ذریعے فراہم کیا جاسکتا ہے۔

(ب) غیر مشروط مالی معاونت (UCT) اور مشروط مالی معاونت (CCT) کے تحت نقد امداد کا معیارِ اہلیت صرف ایسی خواتین ہیں جو کبھی بھی رشتہ ازدواج میں منسلک رہی ہوں (بشمول مطلقہ و بیوہ خواتین)، جن کے پاس معتبر قومی شناختی کارڈ ہو اور ان کا PMT اسکور 32 سے کم ($32>$) ہو۔ معذور افراد کے حامل گھرانوں کے لیے اہلیت کا معیارِ اسکور 37 سے کم ($37>$) ہے۔

UCT اور CCT پروگراموں کے مستفید کنندگان کی نشاندہی نیشنل سوشل اکنامک (NSER) سروے کے سائنسی طریقہ کار، یعنی "پراکسی میینز ٹیسٹ" (PMT) کی بنیاد پر کی جاتی ہے، جو 0 سے 100 کے پیمانے پر کسی گھرانے کی فلاحی حالت کا تعین کرتا ہے۔ اہلیت کی حد (PMT کٹ آف اسکورز) دستیاب مالی وسعت کے مطابق طے کی جاتی ہے اور BISP بورڈ اس کی منظوری دیتا ہے۔ تمام خاندان جو منظور شدہ PMT کٹ آف اسکور کی حد میں آتے ہیں، انہیں مالی امداد فراہم کی جاتی ہے۔

تاہم، منظور شدہ پالیسی کے تحت، نادرا کے پاس رجسٹرڈ خواجہ سرا افراد بغیر کسی PMT پر مبنی پابندی کے UCT کے فوائد حاصل کرنے کے اہل ہیں۔

(منسلکہ قومی اسمبلی کی لائبریری میں رکھ دیا گیا ہے)

3۔ **محترمہ شاہدہ رحمانی: کیا وزیر برائے انفارمیشن ٹیکنالوجی و ٹیلی مواصلات بیان فرمائیں گے:**

(الف) آیا حکومت نے آن لائن تعلیم، ڈیجیٹل نصاب اور ورچوئل کلاس رومز کے فروغ کے لیے کوئی منصوبہ مرتب کیا ہے؛

(ب) آیا ان منصوبوں کے تحت طلبہ و طالبات کو ٹیبلٹس یا ڈیجیٹل لائبریریوں کی سہولیات فراہم کی گئی ہیں؛

(ج) آیا وزارت نے کسی تعلیمی ادارے یا ایپ کے ساتھ شراکت داری کی ہے؛ نیز

(د) اگر نہیں، تو ڈیجیٹل تعلیم کے فروغ کے لیے وزارت کی جانب سے کون سی حکمت عملی اختیار کی جارہی ہے؟

وزیر برائے انفارمیشن ٹیکنالوجی و ٹیلی مواصلات (محترمہ شزیٰ فاطمہ خواجہ)

(الف) حکومت نے وزارتِ آئی ٹی و ٹیلی کام کے ذریعے آن لائن تعلیم، ڈیجیٹل مہارتوں اور ورچوئل کلاس رومز کے فروغ کے لیے ڈیجی اسکلز ڈاٹ پی کے پروگرام، سنٹر آف ایکسیلنس فار گیمنگ اینڈ اینیمیشن (سی ای جی اے) اور دانش پوڈز جیسے اقدامات کیے ہیں، جن کی مختصر تفصیل درج ذیل ہے:

ڈیجی اسکلز ڈاٹ پی کے تربیتی پروگرام:

ڈیجی اسکلز ڈاٹ پی کے پاکستان کا سب سے بڑا مفت آن لائن ڈیجیٹل مہارتوں کا تربیتی پروگرام ہے، جس کا مقصد شرکاء کو مقامی اور بین الاقوامی آن لائن روزگار کی منڈیوں تک رسائی کے لیے درکار علم، مہارتیں، آلات اور تکنیکیں فراہم کرنا ہے۔ اس کا مقصد ملک کی فری لانس افرادی قوت کو وسعت دینا، فری لانسرز کے کام کے اوقات اور آمدنی میں اضافہ کرنا، گھریلو آمدنی اور مالی شمولیت کو بہتر بنانا، خصوصی مہارتوں کے ماہرین تیار کرنا اور پاکستان کی آئی ٹی برآمدات کی ترقی میں معاونت کرنا ہے۔

اس پروگرام کے تحت اب تک 5.51 ملین تربیتیں فراہم کی جاچکی ہیں اور اس نے پاکستان کے فری لانسنگ ایکوسسٹم اور ڈیجیٹل معیشت کی ترقی میں نمایاں کردار ادا کیا ہے۔

سنٹر آف ایکسیلنس فار گیمنگ اینڈ اینیمیشن (سی ای جی اے):

سی ای جی اے بھی اِگنائٹ کا ایک اہم اقدام ہے، جس کا آغاز گیمنگ اور اینیمیشن کی صنعتوں میں پاکستان کے بڑھتے ہوئے باصلاحیت افراد کے ذخیرے کی تربیت اور پرورش کے لیے کیا گیا ہے۔ اس مقصد کے لیے جدید ترین تربیت، عملی رہنمائی اور عالمی معیار کا بنیادی ڈھانچہ فراہم کیا جا رہا ہے۔ لاہور اور کراچی میں دو مخصوص مراکز قائم کیے گئے ہیں، جن کا ہدف آن سائٹ اور آن لائن دونوں طریقوں کے ذریعے 10,000 تربیتیں فراہم کرنا ہے تاکہ مہارتوں میں اضافہ کیا جا سکے اور ملک بھر کی طلب کو پورا کیا جا سکے، جبکہ بالمشافہ ورکشاپس اور اسٹوڈیو پر مبنی سیشنز کے ذریعے عملی تجربہ بھی یقینی بنایا جا رہا ہے۔

نومبر 2025ء میں اس اقدام کے آغاز کے بعد سے تین بیچز کے تحت اب تک 1,600 سے زائد تربیت یافتہ افراد کو تربیت فراہم کی جا چکی ہے۔

دانش پوڈز:

دانش پوڈز وزارتِ انفارمیشن ٹیکنالوجی و ٹیلی مواصلات (ایم او آئی ٹی ٹی) اور اِگنائٹ نیشنل ٹیکنالوجی فنڈ کا ایک اہم اقدام ہے، جو وزیرِ اعظم کے ڈیجیٹل پاکستان کے وژن سے ہم آہنگ ہے۔ اسلام آباد میں پائلٹ منصوبے کے طور پر شروع کیا گیا یہ اقدام ٹیکنالوجی سے فائدہ اٹھاتے ہوئے جامع ترقی کے لیے حکومت کے عزم کی عکاسی کرتا ہے، جس کے ذریعے تعلیم، ڈیجیٹل مہارتوں اور سماجی و معاشی مواقع تک مساوی رسائی کو یقینی بنایا جا رہا ہے۔

پائلٹ منصوبے کے تحت ایف-9 پارک اور سید پور ولیج، اسلام آباد میں دانش پوڈز قائم کیے گئے ہیں، جہاں ہر مقام پر پانچ کمپیوٹرز نصب کیے گئے ہیں۔ برٹش کونسل ڈیجیٹل لائبریری کو پوڈ کمپیوٹرز میں ضم کیا گیا ہے، جس کے ذریعے سیکھنے والوں کو ای بکس، تعلیمی اور تحقیقی وسائل اور ڈیجیٹل لرننگ ٹولز تک رسائی فراہم کی جا رہی ہے، جو مہارتوں کی ترقی اور زندگی بھر سیکھنے میں معاون ہیں۔ مستقبل میں اسی طرح کے ای لرننگ وسائل بھی ان پوڈز میں ضم کیے جائیں گے۔

مزید برآں، حکومت وزارتِ انفارمیشن ٹیکنالوجی و ٹیلی مواصلات (ایم او آئی ٹی ٹی) کے تحت پاکستان سافٹ ویئر ایکسپورٹ بورڈ (پی ایس ای بی) کے ذریعے آئی این ڈی یو ایس (انٹیگریٹڈ نیٹ ورک فار ڈیجیٹل اپ اسکلنگ اینڈ سکسیس) کی ترقی کے ذریعے بھی ڈیجیٹل لرننگ کو فروغ دے رہی ہے۔ آئی این ڈی یو ایس کو ایک جامع قومی ڈیجیٹل افرادی قوت کے پلیٹ فارم کے طور پر تیار کیا جا رہا ہے، جس میں طلباء، پیشہ ور افراد، تعلیمی اداروں، صنعت اور حکومت کو مربوط کرنے کے لیے متعدد مربوط ماڈیولز شامل ہوں گے۔ اس کا ایک اہم ماڈیول لرننگ مینجمنٹ سسٹم (ایل ایم ایس) ہے، جو آن لائن تربیتی پروگرامز، ڈیجیٹل کورسز، سرٹیفیکیشنز، ویبینارز، رہنمائی کے سیشنز اور دیگر ورچوئل لرننگ مواقع فراہم کرنے کے لیے مرکزی پلیٹ فارم کے طور پر کام کرے گا۔ مستقبل میں ایم او آئی ٹی ٹی اور پی ایس ای بی کے ذریعے نافذ کیے جانے والے ڈیجیٹل مہارتوں کے تربیتی اقدامات اسی ایل ایم ایس کے ذریعے فراہم کیے جائیں گے، جس سے پاکستان بھر کے سیکھنے والوں کو اعلیٰ معیار کی، صنعت سے متعلقہ تربیت تک دور سے رسائی حاصل ہو سکے گی، جبکہ ڈیجیٹل مہارتوں میں اضافے اور افرادی قوت کی استعدادِ کار کو بہتر بنانے کو فروغ ملے گا۔

(ب) جی ہاں۔ ورچوئل یونیورسٹی پاکستان (وی یو پی) کے مراکز پاکستان کے بڑے شہروں میں دستیاب ہیں، جو ان مراکز پر ایسے تربیت حاصل کرنے والوں کو ڈیجیٹل بنیادی ڈھانچہ فراہم کرتے ہیں جن کے پاس لیپ ٹاپ یا کمپیوٹر تک رسائی نہیں ہے۔ سی ای جی اے کی تربیت کے تحت آن سائٹ شرکاء کے لیے اعلیٰ معیار کے کمپیوٹرز دستیاب ہیں، جبکہ جی پی یو وسائل آن سائٹ اور آن لائن دونوں شرکاء کو فراہم کیے جاتے ہیں۔

دانش پوڈز کے اقدام کے تحت دونوں مقامات، یعنی ایف-10 پارک اور سید پور ولیج میں پانچ پانچ کمپیوٹرز نصب کیے گئے ہیں۔ برٹش کونسل ڈیجیٹل لائبریری کو بھی پوڈ کمپیوٹرز میں ضم کیا گیا ہے، جس کے ذریعے ای بکس، تعلیمی اور تحقیقی وسائل، تعلیمی مواد اور ڈیجیٹل لرننگ ٹولز تک رسائی فراہم کی جا رہی ہے، جبکہ مزید ڈیجیٹل لرننگ وسائل بھی ای لائبریری میں شامل کیے جا رہے ہیں۔

مزید برآں، آئی این ڈی یو ایس پلیٹ فارم میں لرننگ مینجمنٹ سسٹم (ایل ایم ایس) ماڈیول شامل ہے، جو ایک ڈیجیٹل لرننگ ریپوزٹری کے طور پر کام کرے گا اور پاکستان بھر کے طلباء، بشمول مرد اور خواتین سیکھنے والوں، کو آن لائن کورسز، سرٹیفیکیشنز، ویبینارز، رہنمائی کے سیشنز اور دیگر ورچوئل لرننگ وسائل تک دور سے رسائی فراہم کرے گا۔

(ج) جی ہاں۔ اِگنائٹ نے ڈیجی اسکلز ڈاٹ پی کے پروگرام کے ذریعے ملک بھر میں تربیتیں فراہم کرنے کے لیے ورچوئل یونیورسٹی آف پاکستان کے ساتھ شراکت داری کی ہے اور اس پروگرام میں شرکت کے لیے ملک بھر کے اسکولوں، کالجوں اور یونیورسٹیوں کے ساتھ مزید تعاون بھی کیا جارہا ہے۔

اسی طرح، پی ایس ای بی کے زیرِ انتظام آئی این ڈی یو ایس پلیٹ فارم کو تعلیمی شعبے، صنعت اور حکومت کے اسٹیک ہولڈرز کے ساتھ تعاون کے لیے تیار کیا جارہا ہے۔ اس سلسلے میں اعلیٰ تعلیمی کمیشن (ایچ ای سی) سے تسلیم شدہ یونیورسٹیوں، نیشنل ڈیٹا بیس اینڈ رجسٹریشن اتھارٹی (نادرا) اور دیگر متعلقہ سرکاری اداروں کے ساتھ شراکت داری اور انضمام کا تصور پیش کیا گیا ہے، تاکہ ای لرننگ میں سہولت فراہم کی جا سکے، اسناد کی تصدیق میں معاونت کی جاسکے، ڈیجیٹل شناخت کے طریقہ کار کو مضبوط بنایا جاسکے اور ایک متحدہ ڈیجیٹل ایکو سسٹم کے ذریعے ڈیجیٹل مہارتوں کی تربیت، سرٹیفیکیشنز، انٹرن شپ اور روزگار کے مواقع تک رسائی کو بہتر بنایا جاسکے۔

(د) وزارتِ آئی ٹی و ٹیلی مواصلات، اِگنائٹ نیشنل ٹیکنالوجی فنڈ کے ذریعے، پاکستان بھر میں ڈیجیٹل تعلیم کے فروغ کے لیے ایک کثیر الجہتی حکمتِ عملی اختیار کر رہی ہے، جس میں درج ذیل شامل ہیں:

• ملک گیر مفت ڈیجیٹل مہارتوں کی تربیت:

ڈیجی اسکلز ڈاٹ پی کے پروگرام کے ذریعے فری لانسنگ، ڈیجیٹل مارکیٹنگ، ای کامرس، اے آئی، ڈیٹا اینالیٹکس اور دیگر زیادہ طلب والی ڈیجیٹل مہارتوں میں مفت آن لائن کورسز فراہم کیے جارہے ہیں، جو ملک بھر میں قابلِ رسائی ایک مخصوص لرننگ مینجمنٹ سسٹم (ایل ایم ایس) کے ذریعے فراہم کیے جاتے ہیں۔

• شعبہ جاتی خصوصی تربیت:

سنٹر آف ایکسیلنس فار گیمنگ اینڈ اینیمیشن (سی ای جی اے) جیسے اقدامات کے ذریعے گیم ڈویلپمنٹ اور تھری ڈی اینیمیشن جیسے ابھرتے ہوئے شعبوں میں توجہ مرکوز اور صنعت سے متعلقہ تربیت فراہم کی جارہی ہے، جس میں آن لائن اور آن سائٹ دونوں طریقۂ تعلیم شامل ہیں۔

• ڈیجیٹل بنیادی ڈھانچے کی معاونت:

دانش پوڈز جیسے اقدامات کے ذریعے ڈیجیٹل لرننگ وسائل تک رسائی میں سہولت فراہم کی جارہی ہے، جہاں طلباء میں ڈیجیٹل خواندگی کے فروغ کے لیے کمپیوٹرز نصب کیے گئے ہیں۔

• خواتین اور نوجوانوں پر مرکوز شمولیت:

خواتین، بے روزگار نوجوانوں اور پسماندہ کمیونٹیز کی شرکت کو ترجیح دی جارہی ہے تاکہ مالی شمولیت اور ڈیجیٹل تعلیم کے مواقع تک مساوی رسائی کو فروغ دیا جاسکے۔

• رسائی اور آگاہی مہمات:

ملک بھر میں ہدفی کمیونٹیز میں آگاہی پیدا کرنے اور ڈیجیٹل تعلیم کو فروغ دینے کے لیے ہمارے شراکت داروں کی جانب سے روڈ شوز، پرنٹ میڈیا اور سوشل میڈیا مارکیٹنگ کی جاتی ہے، جس سے ان پروگرامز کی وسیع تر تشہیر اور شرکت کو یقینی بنایا جاتا ہے۔

اپنے لرننگ مینجمنٹ سسٹم (ایل ایم ایس) کے ذریعے آئی این ڈی یو ایس آن لائن تربیتی پروگرامز، ڈیجیٹل کورسز، سرٹیفیکیشنز، ویبینارز، رہنمائی کے سیشنز اور دیگر ورچوئل لرننگ مواقع کی فراہمی کے لیے ایک مرکزی پلیٹ فارم کے طور پر کام کرے گا۔ اس پلیٹ فارم کا مقصد

معیاری اور صنعت سے متعلقہ تربیت تک رسائی کو وسعت دینا، ڈیجیٹل مہارتوں کو بہتر بنانا، تعلیمی شعبے اور صنعت کے درمیان تعاون کو مضبوط بنانا اور پاکستان بھر میں افرادی قوت کی استعدادِ کار کو بہتر بنانا ہے۔

4۔ **محترمہ شاہدہ رحمانی:** **کیا وزیر برائے انفارمیشن ٹیکنالوجی و ٹیلی مواصلات بیان فرمائیں گے:**

(الف) آیا وزارت نے پاکستان کے تعلیمی اداروں میں انٹرنیٹ، انفارمیشن ٹیکنالوجی (آئی ٹی) لیبارٹریوں اور اسمارٹ بورڈز کی فراہمی کے لیے کوئی منصوبہ شروع کیا ہے؛

(ب) اگر ایسا ہے تو ان تعلیمی اداروں کے نام کیا ہیں جنہیں یہ سہولیات فراہم کی گئی ہیں؛

(ج) آیا وزارت نے کسی تعلیمی ادارے میں "پائلٹ پروجیکٹ" بھی شروع کیا ہے؛ نیز

(د) اگر نہیں، تو آئی ٹی تعلیم کی بنیاد کو مضبوط بنانے کے لیے کون سے اقدامات تجویز کیے جا رہے ہیں؟

وزیر برائے انفارمیشن ٹیکنالوجی و ٹیلی مواصلات (محترمہ شزیٰ فاطمہ خواجہ)

(الف) اگنائٹ۔ نیشنل ٹیکنالوجی فنڈ نے وزارتِ انفارمیشن ٹیکنالوجی و ٹیلی کمیونیکیشن کے تحت "جنوبی بلوچستان کے لیے ڈیجیٹل اسکلز ٹریننگ اینڈ سپورٹ پروگرام" کے عنوان سے ایک پائلٹ منصوبہ پر عملدرآمد کیا جس کے تحت جنوبی بلوچستان کے منتخب تعلیمی اداروں میں جدید ترین آئی ٹی لیبارٹریز قائم کی گئیں۔ اس منصوبے کا مقصد آئی سی ٹی انفراسٹرکچر اور ڈیجیٹل مہارتوں کی تربیت کو مضبوط بنانا تھا۔

مزید برآں، وزارتِ انفارمیشن ٹیکنالوجی و ٹیلی مواصلات (ایم او آئی ٹی ٹی) نے پاکستان سافٹ ویئر ایکسپورٹ بورڈ (پی ایس ای بی) کے ذریعے اعلیٰ تعلیمی اداروں میں جدید ڈیجیٹل اور انفارمیشن ٹیکنالوجی کی تعلیم کے بنیادی ڈھانچے کو مضبوط بنانے کے لیے منصوبے شروع کیے ہیں۔ نیشنل سیمی کنڈکٹر ہیومن ریسورس ڈویلپمنٹ پروگرام (این ایس ایچ آر ڈی پی) کے تحت، سیمی کنڈکٹر ایجوکیشن اینڈ ریسرچ کلسٹرز (ایس ای آر سیز) قائم کیے جا رہے ہیں تاکہ معیاری تعلیم، تحقیق اور صنعت کے اشتراک کے ذریعے پاکستان کے سیمی کنڈکٹر ایکو سسٹم کو فروغ دیا جا سکے۔

اس اقدام کے تحت، منتخب جامعات جدید ترین سیمی کنڈکٹر ڈیزائن لیبارٹریز قائم کریں گی جو صنعتی معیار کے الیکٹرانک ڈیزائن آٹومیشن (ای ڈی اے) ٹولز اور جدید ڈیزائن انفراسٹرکچر سے لیس ہوں گی تاکہ عملی تعلیم، تحقیق اور جدت سازی میں سہولت فراہم کی جا سکے۔ پروگرام کا مقصد ظہور پزیر ٹیکنالوجیز میں خصوصی انسانی وسائل کی تیاری ہے اور اس میں تعلیمی اداروں میں اسمارٹ بورڈز کی تنصیب یا عمومی انٹرنیٹ کنیکٹیویٹی کے بنیادی ڈھانچے کی فراہمی کے لیے خصوصی طور پر کوئی انتظام شامل نہیں ہے۔ انٹرنیٹ کنیکٹیویٹی کی فراہمی سے متعلق اسکولوں کی فہرست منسلکہ-I پر ہے۔

قومی ٹیلی مواصلات کارپوریشن (این ٹی سی) نے ان کی ضرورت کے مطابق ۴۲۶ ایف ڈی ای اسکولوں/کالجوں میں انٹرنیٹ فراہم کر دیا ہے۔ فہرست منسلکہ-II پر ہے۔

شینزن سے متاثرہ آئی سی ٹی ایجوکیشن روڈ میپ پروجیکٹ، پاکستان سافٹ ویئر ایکسپورٹ بورڈ (پی ایس ای بی) کی جانب سے شروع کیا گیا ہے، جس کا مقصد عالمی سطح پر تسلیم شدہ شینزن ٹیکنالوجی ایکو سسٹم سے حاصل ہونے والے اسباق کی روشنی میں پاکستان میں آئی سی ٹی تعلیم اور مہارتوں کی ترقی کے لیے ایک جامع فریم ورک تیار کرنا ہے۔ اس منصوبے کی توجہ پاکستان کی آئی سی ٹی تعلیمی پائپ لائن کو برآمدات پر مبنی صنعت کی ضروریات اور بین الاقوامی معیارات سے ہم آہنگ کرنے پر مرکوز ہے۔ منصوبے کی تفصیلات منسلکہ-III پر ہیں۔

(ب) پائلٹ منصوبے کے تحت درج ذیل تعلیمی اداروں نے استفادہ کیا:

یونیورسٹی آف گوادر

یونیورسٹی آف تربت

بلوچستان یونیورسٹی آف انجینئرنگ اینڈ ٹیکنالوجی، خضدار

مزید برآں، ایس ای آر سی اقدام کے تحت تین علاقائی کلسٹرز، یعنی شمال، وسطی اور جنوب، قائم کرنے کا تصور پیش کیا گیا ہے جن میں منتخب سرکردہ جامعات شامل ہوں گی۔ شریک اداروں کے انتخاب اور ان کے عملیاتی مراحل کا عمل منظور شدہ نفاذی فریم ورک کے مطابق جاری ہے۔ایس ای آر سی پروگرام کے تحت شریک جامعات میں لیبارٹریز قائم کی جائیں گی۔

(ج) جی ہاں۔ اگنائٹ- نیشنل ٹیکنالوجی فنڈ نے وزارتِ انفارمیشن ٹیکنالوجی و ٹیلی کمیونیکیشن کے تحت "جنوبی بلوچستان کے لیے ڈیجیٹل اسکلز ٹریننگ اینڈ سپورٹ پروگرام" کو پائلٹ منصوبے کے طور پر نافذ کیا۔اس منصوبے کے تحت تین جدید ترین آئی ٹی لیبارٹریز قائم کی گئیں اور مارکیٹ پر مبنی ڈیجیٹل مہارتوں کی تربیت آن لائن اور لیبارٹری پر مبنی تعلیم کے امتزاج پر مشتمل ایک مخلوط ماڈل کے ذریعے فراہم کی گئی۔

مزید برآں، سیمی کنڈکٹر ایجوکیشن اینڈ ریسرچ کلسٹرز کا اقدام منتخب جامعات کے ذریعے مرحلہ وار نافذ کیا جارہا ہے، جو سیمی کنڈکٹر تعلیم، تحقیق اور جدت سازی کے مراکزِ امتیاز کے طور پر کام کریں گی۔

(د) وزارت انفارمیشن ٹیکنالوجی کی تعلیم کی بنیاد کو مضبوط بنانے کے لیے مختلف اقدامات کر رہی ہے، جن میں حسب ذیل شامل ہیں:

- ملک بھر میں سیمی کنڈکٹر ایجوکیشن اینڈ ریسرچ کلسٹرز (ایس ای آر سیز) کا قیام۔
- جدید ای ڈی اے ٹولز اور ڈیزائن انفراسٹرکچر سے لیس جدید ترین سیمی کنڈکٹر ڈیزائن لیبارٹریز کی ترقی۔
- معیاری انڈر گریجویٹ اور پوسٹ گریجویٹ سیمی کنڈکٹر نصاب کا تعارف۔
- خصوصی تربیتی پروگراموں کے ذریعے فیکلٹی ممبران اور محققین کی استعدادِ کار میں اضافہ۔
- تعلیم کو ظہور پزیر تکنیکی اور مارکیٹ کی ضروریات سے ہم آہنگ کرنے کے لیے تعلیمی اداروں اور صنعت کے درمیان اشتراک کو فروغ دینا۔
- مقامی ٹیکنالوجیز میں اطلاقی تحقیق، جدت سازی اور تجارتی عمل کو فروغ دینا تاکہ مستقبل کی ڈیجیٹل اور سیمی کنڈکٹر صنعتوں کے لیے اعلیٰ مہارت رکھنے والی افرادی قوت تیار کی جاسکے۔

ان اقدامات کے نتیجے میں ۲۰۲۹ء تک تقریباً ۲۰۰، ۲ ماہر سیمی کنڈکٹر انجینئرز تیار ہونے اور پاکستان میں ایک پائیدار ٹیکنالوجی ایکو سسٹم کی ترقی میں معاونت کی توقع ہے۔

(منسلکہ جات قومی اسمبلی کی لائبریری میں رکھ دیے گئے ہیں)

اسلام آباد،
۱۶/اگست،۲۰۲۶ء

سعید احمد میتلا
قائم مقام سیکرٹری

GOVERNMENT OF PAKISTAN
MINISTRY OF CLIMATE CHANGE & ENVIRONMENTAL COORDINATION
****

Subject: **NATIONAL ASSEMBLY STARRED QUESTION NO. 01 MOVED BY MR. MUHAMMAD FAROOQ SATTAR, MNA**

Question	Reply
Will the Minister for Climate Change and Environmental Coordination be pleased to state: a) whether any sustainable scheme has been prepared with the coordination of G-20 countries by the Ministry alongwith the details of steps already taken in this regard;	It is submitted that Pakistan is not a member of G20; therefore, no scheme has been prepared in coordination with G-20 as a Forum. G-20 has 19 countries, i.e. France, Saudi Arabia, Germany, Italy, India, Australia, Argentina, Brazil, Canada, China, Indonesia, Italy, Japan, South Korea, Mexico, Russia, South Africa, Turkeye, UK, US, EU and African Union. However, Pakistan has significant bilateral cooperation related to climate action with some of the G-20 member countries, particularly, Germany, UK, China and Japan. This cooperation focuses on areas that include disaster resilience, emission reduction, carbon markets and adaptation to build resilience against disasters. At the forum level, the G20 supports environment and climate resilience for highly vulnerable developing countries.
b) whether the losses have been evaluated which occurred in the drought and flood affected areas; and	The Government of Pakistan, through the Ministry of Planning, Development & Special Initiatives (MoPD&SI), assesses, consolidates, and maintains the national record of flood-related losses and damages. The National Disaster Management Authority (NDMA) is responsible for monitoring, coordinating, and overseeing disaster management activities at the national level including drought. As per report published by the Ministry of Planning, Development & Special Initiatives (MoPD&SI), the preliminary assessment indicates that total damages across all provinces and regions are estimated at Rs. 822 billion (approximately USD 2.9billion). The majority of the financial impact is concentrated in Punjab, underscoring the province's heightened vulnerability to the disaster. While other provinces and regions have incurred comparatively lower levels of damage, the impacts remain significant in the context of their local economies and infrastructure. Following table provides estimated financial damages by

province and region province, along with percentage share in total damages;

Region/Province	Damages (Rs. Billion)	Damages (%)
Punjab	631.0	76.8
KP	51.3	6.2
Sindh	32.2	3.9
GB	13.0	1.6
AJ&K	9.3	1.1
Balochistan	7.0	0.9
Others[1]	78.1	9.5
Total	822.0	100

The major losses from stemming from floods during the years 2022-2026 are given below:

Floods 2022: The Post-Disaster Needs Assessment (PDNA) of the 2022 Pakistan estimates total damages to exceed USD 14.9 billion, and total economic losses to reach about USD 15.2 billion. Estimated needs for rehabilitation and reconstruction in a resilient way are at least USD 16.3 billion. The floods have taken the lives of more than 1,700 people, one-third of which were children.

Floods 2025: Whereas, total damages across all provinces and regions are estimated at Rs. 822 billion (US$2.9 billion). The majority of the financial impact is concentrated in Punjab. Other provinces/regions experienced relatively minor damages in comparison, but the impacts remain significant in the context of local economies and infrastructure. The death toll includes 1,039 confirmed deaths, with over 229,763 houses damaged or destroyed. Approximately 4.0 million people have been temporarily displaced.

Floods 2026: According to the NDMA Monsoon 2026 Situation Report, a total of 155 deaths had been reported up to 11 August 2026, with Khyber Pakhtunkhwa and Punjab accounting for the majority of fatalities. House collapses remain a major cause of deaths. The report also records 432 houses damaged/collapsed and 580 livestock losses to date.

	Apart from the tragic loss of 1,039 human lives, widespread displacement of affected communities, and disruptions to education, the floods caused extensive economic damage, particularly in the agriculture and infrastructure sectors. Crops accounted for the largest share of losses, estimated at Rs. 442billion, followed by road infrastructure (Rs. 187.75 billion),housing infrastructure (Rs. 91.20 billion), water sector (Rs. 17.68billion), and bridges and culverts (Rs. 10.77 billion). The M/oPD&SI assessment report is provided at **Annex-I.** It is submitted that no major drought emergency situation enquiring national response has been reported during recent years.
c) the steps being taken by the Government to control the said situations?	The Government is strengthening flood preparedness and resilience through a coordinated national approach. While provinces remain primarily responsible for flood protection, river management, urban drainage, and land-use regulation, recurring floods have highlighted the need for stronger legal and institutional frameworks. In response, the Prime Minister directed the preparation of the Monsoon 2026 Strategic Plan. The same was developed by the Ministry of Climate Change &Environmental Coordination (MoCC&EC) in consultation with federal and provincial stakeholders. The Plan outlines 14 priority interventions to strengthen flood risk management, early warning systems, preparedness, response, and climate adaptation. To oversee implementation, a Prime Minister's Steering Committee, led by the Ministry of Planning, Development & Special Initiatives and co-chaired by MoCC&EC, was established to coordinate implementation, mobilize resources, engage development partners, and improve integration of early warning and disaster-related data systems. Federal ministries, provincial governments, AJK, GB, and relevant agencies have initiated implementation through regular coordination meetings, technical consultations, and monitoring mechanisms to ensure timely execution of interventions and enhance coordination in flood forecasting, water management, disaster preparedness, infrastructure rehabilitation, public health, education, and community resilience.

	Further, on the directions of the Prime Minister, the Federal Minister for Climate Change and Environmental Coordination, Chairman NDMA, and a senior representative of SUPARCO are holding high-level meetings with the Provincial Governments to review monsoon preparedness and measures for strengthening flood resilience. To date, meetings with the Governments of Punjab, Khyber Pakhtunkhwa, and Sindh have been successfully held, while meetings with the remaining provinces and regions are in progress. Likewise, continuous follow-up is being maintained with the Provincial Governments to facilitate and ensure the enactment of Floodplain Management Acts/Regulations. During the meetings of the Federal Minister and Chairman NDMA with the Provincial Governments, particular emphasis is being placed on the enactment and effective implementation of Floodplain Regulations, along with other priority areas relating to monsoon preparedness, flood risk management, early warning systems, and disaster preparedness and response. Additionally, a comprehensive framework is being developed for convening a National Policy Dialogue with key stakeholders, including Provincial Governments, Federal Ministries/Divisions, government and semi-government organizations, civil society, academia, the private sector, and the media. The National Policy Dialogue is being undertaken under the Prime Minister's Committee on National Policy, chaired by the Federal Minister for Planning, Development and Special Initiatives. The Ministry of Climate Change & Environmental Coordination (MoCC&EC) is providing secretariat support to the Committee and is undertaking the key tasks and assignments entrusted to it by the Committee, including the design of a National Climate Finance Strategy; proposing necessary revisions and amendments to relevant laws and regulatory frameworks to curb reckless deforestation in the provinces; and developing policy and institutional measures to address and mitigate urban flooding and strengthen urban flood resilience. To strengthen drought preparedness, monitoring and management in the country, the Ministry of Climate Change and Environmental Coordination (MoCC&EC) has developed the National Drought Plan 2025–2035, which has been widely circulated among relevant stakeholders to

	promote its coordinated implementation. Furthermore, the International Water Management Institute, in collaboration with MoCC&ECand the Pakistan Meteorological Department, has developed the Pakistan Drought Management System (PakDMS). The system has been handed over to PMD for operationalization to support the implementation of the National Drought Plan. PakDMS is designed to strengthen drought monitoring, early warning, preparedness and evidence-based decision-making, thereby facilitating a shift from reactive crisis response to a proactive, coordinated and risk-informed approach to drought management.

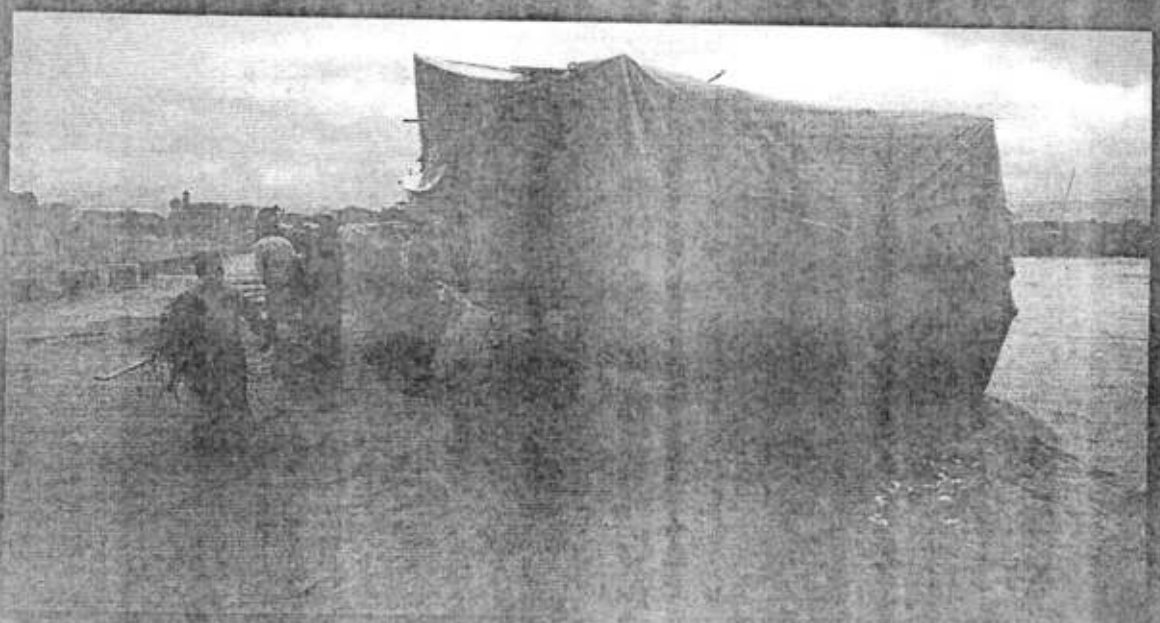
URAAN PAKISTAN

A PRELIMINARY ASSESSMENT OF FLOOD DAMAGES IN THE ECONOMY OF PAKISTAN

Report is based on available data up to
30th September 2025

Government of Pakistan
Ministry of Planning,
Development & Special Initiatives
Plan Coordination Section



This document draws upon data rapidly gathered at the local /on-ground levels by the provincial and regional governments of Gilgit Baltistan (GB) and Azad Jammu & Kashmir (AJ&K), Federal Ministries, and the National Disaster Management Authority (NDMA) as part of this preliminary assessment. The compilation reflects information available as of September 30, 2025. As a living document, it will be updated regularly to reflect evolving assessments. All photographs featured herein are sourced from publicly available online sources.

MESSAGE

This Preliminary Assessment Report confirms the devastating human toll, with over a thousand lives lost, millions displaced, and unprecedented economic damages estimated at Rs 822 billion. These losses represent a national tragedy that has shattered lives and livelihoods across our most vulnerable provinces.

This disaster is a stark and painful manifestation of climate injustice. Pakistan, contributing less than one percent to global greenhouse gas emissions, continues to bear the disproportionate brunt of global warming. Pakistan had never seen such a devastating example of global warming. Even today, huge swathes of the country are still underwater. It confirms our status as one of the world's most climate vulnerable nations, and obligates us to prioritize an aggressive, climate informed national recovery.

We commend the relentless dedication of the federal ministries, tireless efforts of the National Disaster Management Authority, the provincial governments, our armed forces, civil society and volunteer networks. Their immediate rescue and relief operations have saved countless lives.

However, the path ahead demands far more than relief; it requires a unified, resolute national commitment to rehabilitation and long-term resilience. The government is committed to an inclusive and transparent recovery strategy that focuses not just on restoring what was lost in our vital infrastructure, agricultural heartlands, and homes but on building back better, smarter, and stronger. We will transform this moment of crisis into an opportunity to invest in climate resilient infrastructure and comprehensive disaster risk reduction frameworks that safeguard our people and our economy against future climate hazards. We have mobilized all available resources towards the national relief effort and repurposed all budget priorities, including development funds, to the rescue and first order needs of millions.

I call upon every segment of our society to join hands with the Government of Pakistan. Together, we shall ensure that every affected family is rehabilitated and that Pakistan emerges from this tragedy more resilient, secure, and prepared for the future.

I appreciate the valuable contribution of the Ministry of Planning, Development, and Special Initiatives in preparing the Preliminary Report on Flood Damages. The timely and well-coordinated work of the Ministry reflects commendable commitment and professionalism.

Mr. Muhammad Shehbaz Sharif
Prime Minister
Islamic Republic of Pakistan

ACKNOWLEDGMENT

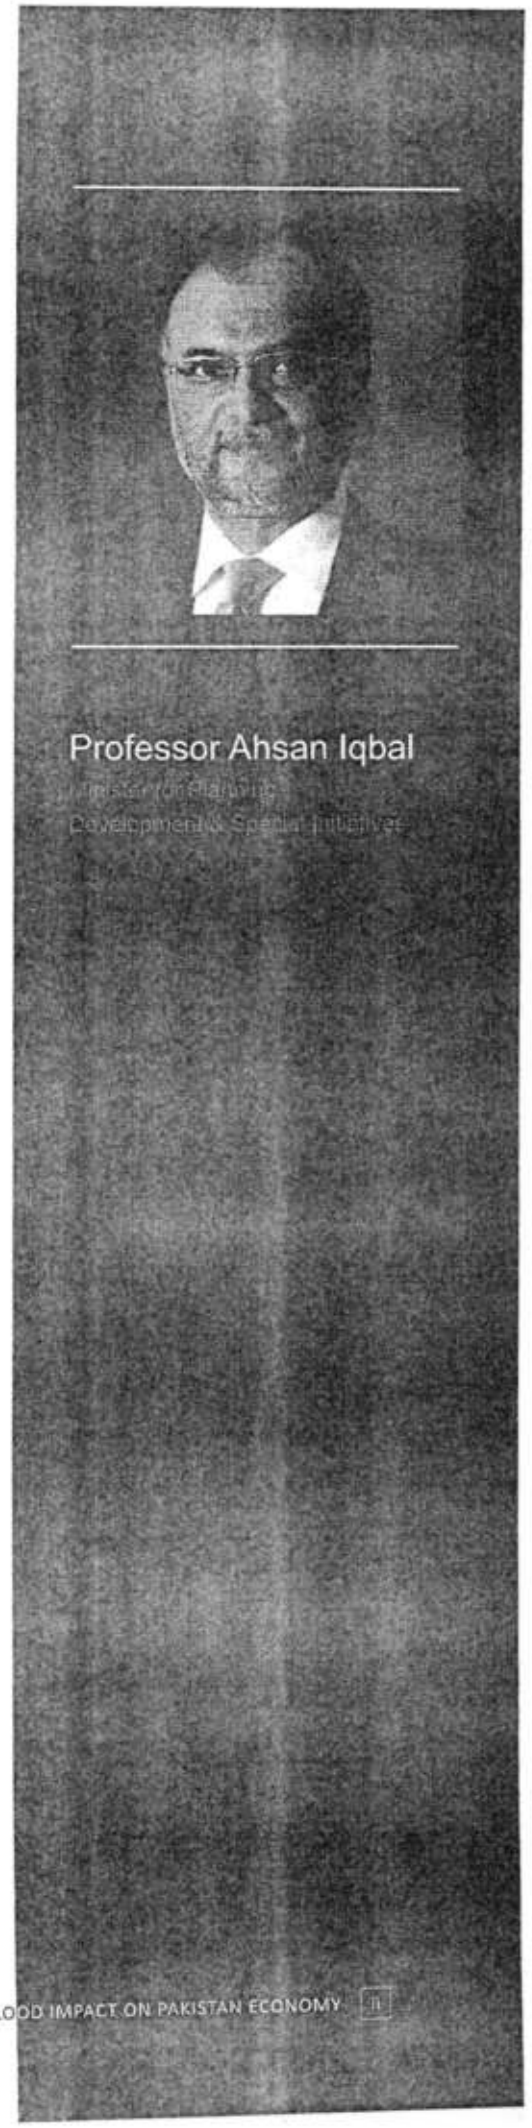
Pakistan accounts for less than one percent of global greenhouse gas emissions, yet it ranks among the world's most climate vulnerable countries. It tops the Global Climate Risk Index (CRI) 2025 as the most affected country by extreme weather in 2022, with a long-term ranking of 56th for impacts from 1993–2022, reflecting its persistent exposure to recurring and intensifying climate hazards. This outsized exposure has struck again through the "apocalyptic" and "unprecedented" floods of June-September 2025, which capped off a blistering summer heatwave. Swathes of the country, especially in Punjab, Sindh, and Khyber Pakhtunkhwa, witnessed rainfall surging up to 50 percent above monsoon averages, in some areas nearly doubled, unleashing chaos that submerged homes, fields, and roads. By the end of September 2025, the toll includes 1,039 confirmed deaths and 1,067 injuries, with over 229,763 houses damaged or destroyed. At least 6.5 million people across 70 districts have felt the brunt, including around 4.0 million temporarily displaced as waters receded and families assessed the wreckage. Initial economic tallies now estimate Rs. 822 billion hit to output, trimming FY2026 GDP growth and threatening food supplies, jobs, and export stability in rural heartlands.

While the federal and provincial governments, along with armed forces and civil society organizations, are making every effort to rescue the affected population and deliver essential relief supplies, it is evident that the scale of this disaster exceeds the capacity of the Government of Pakistan and civil society to manage the rehabilitation process. However, the government has not formally appealed for international assistance, preferring to rely initially on domestic resources. Nevertheless, several international organizations have already begun providing targeted support.

This document serves as an indicative guide to inform coordinated recovery and resilience planning. I must add that the estimates provided in this document are initial/provisional and will be revised following a comprehensive damage and need assessment.

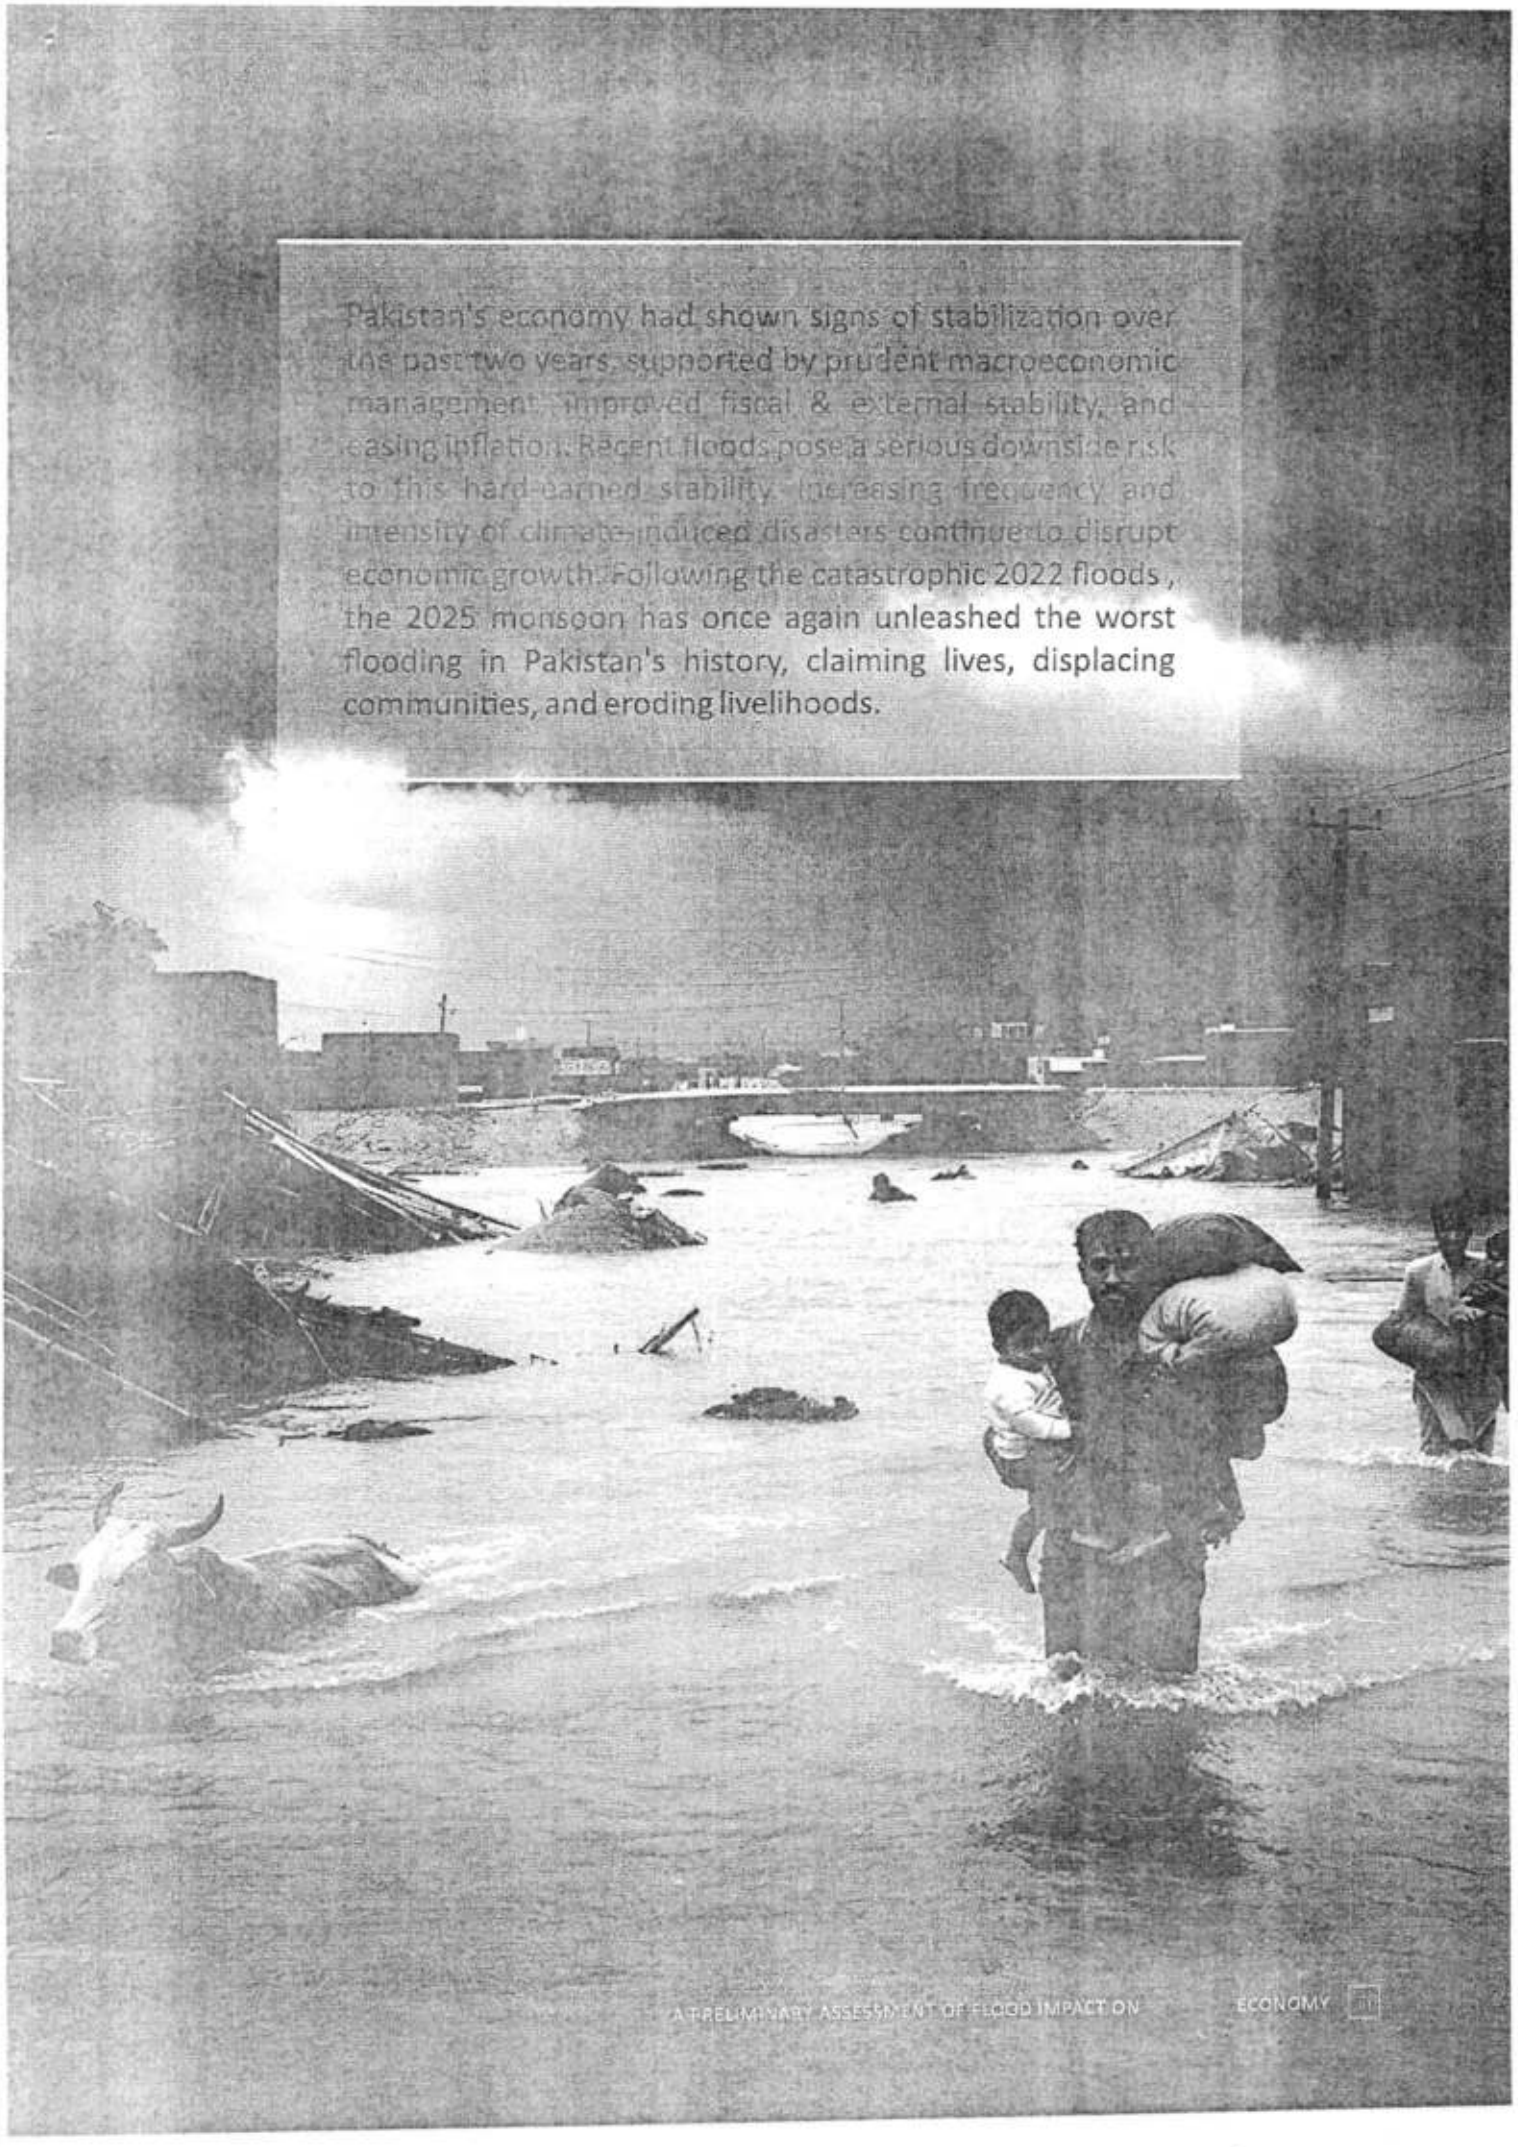
I would like to sincerely thank the National Disaster Management Authority of Pakistan, the Finance Division, the Ministry of Economic Affairs, the State Bank of Pakistan, the provincial governments, and the Governments of GB and AJ&K for their invaluable support in compiling this document within a very short time. Special acknowledgment is due to the Plan Coordination Section of the Ministry of Planning, Development & Special Initiatives for their instrumental role in facilitating inter-ministerial coordination, data collection, and timely compilation of inputs, which greatly contributed to the successful preparation of this report.

In the end, I would like to thank everyone who has contributed to the Government of Pakistan's flood response.



Professor Ahsan Iqbal

Minister for Planning,
Development & Special Initiatives



Pakistan's economy had shown signs of stabilization over the past two years, supported by prudent macroeconomic management, improved fiscal & external stability, and easing inflation. Recent floods pose a serious downside risk to this hard-earned stability. Increasing frequency and intensity of climate-induced disasters continue to disrupt economic growth. Following the catastrophic 2022 floods, the 2025 monsoon has once again unleashed the worst flooding in Pakistan's history, claiming lives, displacing communities, and eroding livelihoods.

I. EXTENT OF FLOOD DAMAGES ACROSS PAKISTAN

Lives Lost	1039+ and increasing
Displaced Persons	4 mn+ and increasing
House Damages	229,763
Livestock Lost	22,841
Roads Destroyed	2,811 Km
Bridges Destroyed	790
Public Buildings	129
Education Institutes Damaged	2,267
Health Facilities Damaged	243
Commercial Areas Shops	1,297
Water Infrastructure	866

Pakistan's contribution to global greenhouse gases is less than 1 percent, whereas it is one of the biggest victims of climate change in the world.

II. DAMAGES DUE TO FLOOD

INITIAL ESTIMATES

TOTAL DAMAGES

822

Rs.Billion
($ 2.9 Billion)

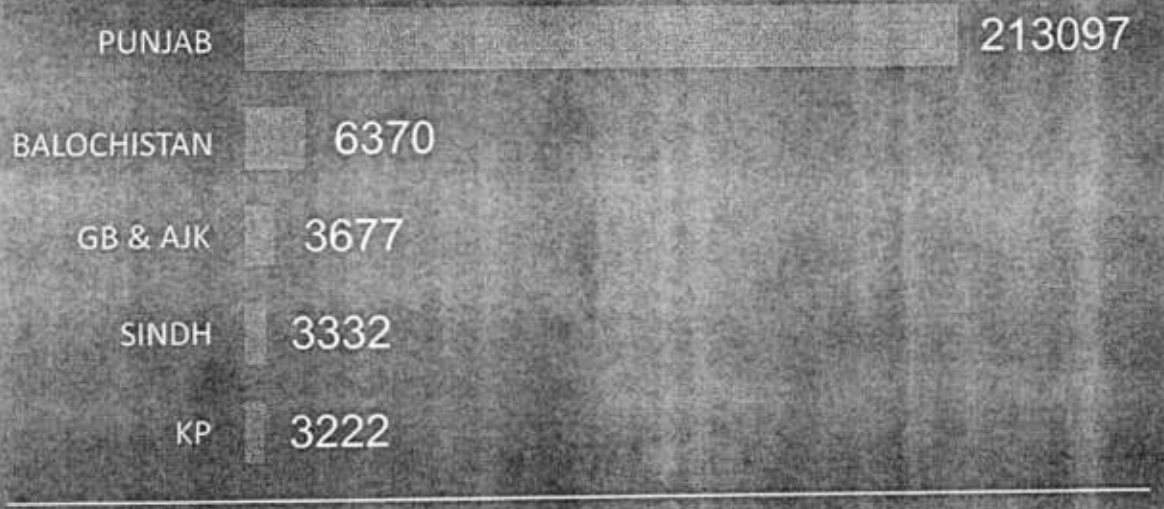
PROVINCE-WISE HOUSE DAMAGE



DAMAGE TO INFRASTRUCTURE

307

DAMAGE TO AGRICULTURE SECTOR

430

III. PROVINCE-WISE FLOOD DAMAGES

The table provides estimated financial damages by province and region province, along with percentage share in total damages.

Region / Provinces	Damages (Rs. Billion)	Damages (%)
Punjab	631.0	76.8
KP	51.3	6.2
Sindh	32.2	3.9
GB	13.0	1.6
AJ&K	9.3	1.1
Balochistan	7.0	0.9
Other*	78.1	9.5
Total	822.0	100.0

Note: These damages are estimated based on available information by 30th September and are subject to changes with the availability of the updated data from the stakeholders.
*: Other includes damages reported by federal ministries, ICT, DISCOs and other departments / organizations.

Total damages across all provinces and regions are estimated at Rs. 822 billion ($ 2.9 billion). The majority of the financial impact is concentrated in Punjab, highlighting the vulnerability of the province to the disaster. Other provinces/regions experienced relatively minor damages in comparison, but still significant in the context of local economies and infrastructure.

IV. SECTORAL DAMAGES

According to the preliminary estimates, the overall damages to the GDP is estimated at 0.3-0.7 percent, reducing the FY2026 growth outlook to 3.9-3.5 percent from the target of 4.2 percent. Consequently, the level of unemployed workers could increase by almost 0.22 million in FY 2026.

Sector	Sub -Sectors	Damages Rs billion
Population	Displaces	3.70
	Affected	0.02
Food & Agriculture	Crops	422.65
	Livestock	1.95
	Fisheries	1.04
	Forestry	0.16
	Other Agriculture sector related damages	2.18
Industry	SMEs	0.01
	Mineral / Mines	0.26
	Large Scale Manufacturing	1.25

Sector	Sub -Sectors	Damages Rs billion
Physical & Social Infrastructure	Housing Infrastructure	91.20
	Road Infrastructure	187.75
	Railway Network	6.78
	Water Sector (Dams, Canals & Reservoirs)	17.68
	Bridges & Culverts	10.77
	Energy related infra (Elec, Gas, Petrol Pumps)	7.44
	Educational Institutions	5.11
	Public Buildings/Offices	1.15
	IT & Telecommunication Infrastructure	1.46
	Hospitals/BHUs/RHCs etc.	1.86
	Other Infrastructure (Shops, Community & Religious Places)	6.00
Any Other Damage		51.64
Grand total		822.06

Note: These damages are estimated based on available information by 30th September 2025 and are subject to change with the availability of updated data from the stakeholders.

Agriculture

The 2025 floods have caused extensive damage to Pakistan's agriculture sector, with rice, cotton, sugarcane, maize, fodder and vegetables fields bearing the brunt of inundation. According to the provincial governments, vast cultivated land remains submerged, raising concerns for food security, export earnings, and rural livelihoods. Due to the crops damages, agriculture sector is projected at 3.0-3.8 percent against the target of 4.5 percent.

Production Loss of Important Crops

Crops (Mn Tons)	Pre-Flood Estimates	Post-Flood Estimates	Estimated Damage
Cotton (Mn Bales)	10.2	6.8-7.2	3.0-3.4
Rice	9.5	8.3-8.9	0.6-1.2
Sugarcane	80.3	77.0-79.0	1.3-3.3
Maize	9.8	8.5-9.2	0.6-1.3

Source: Provincial CRS & SUPARCO

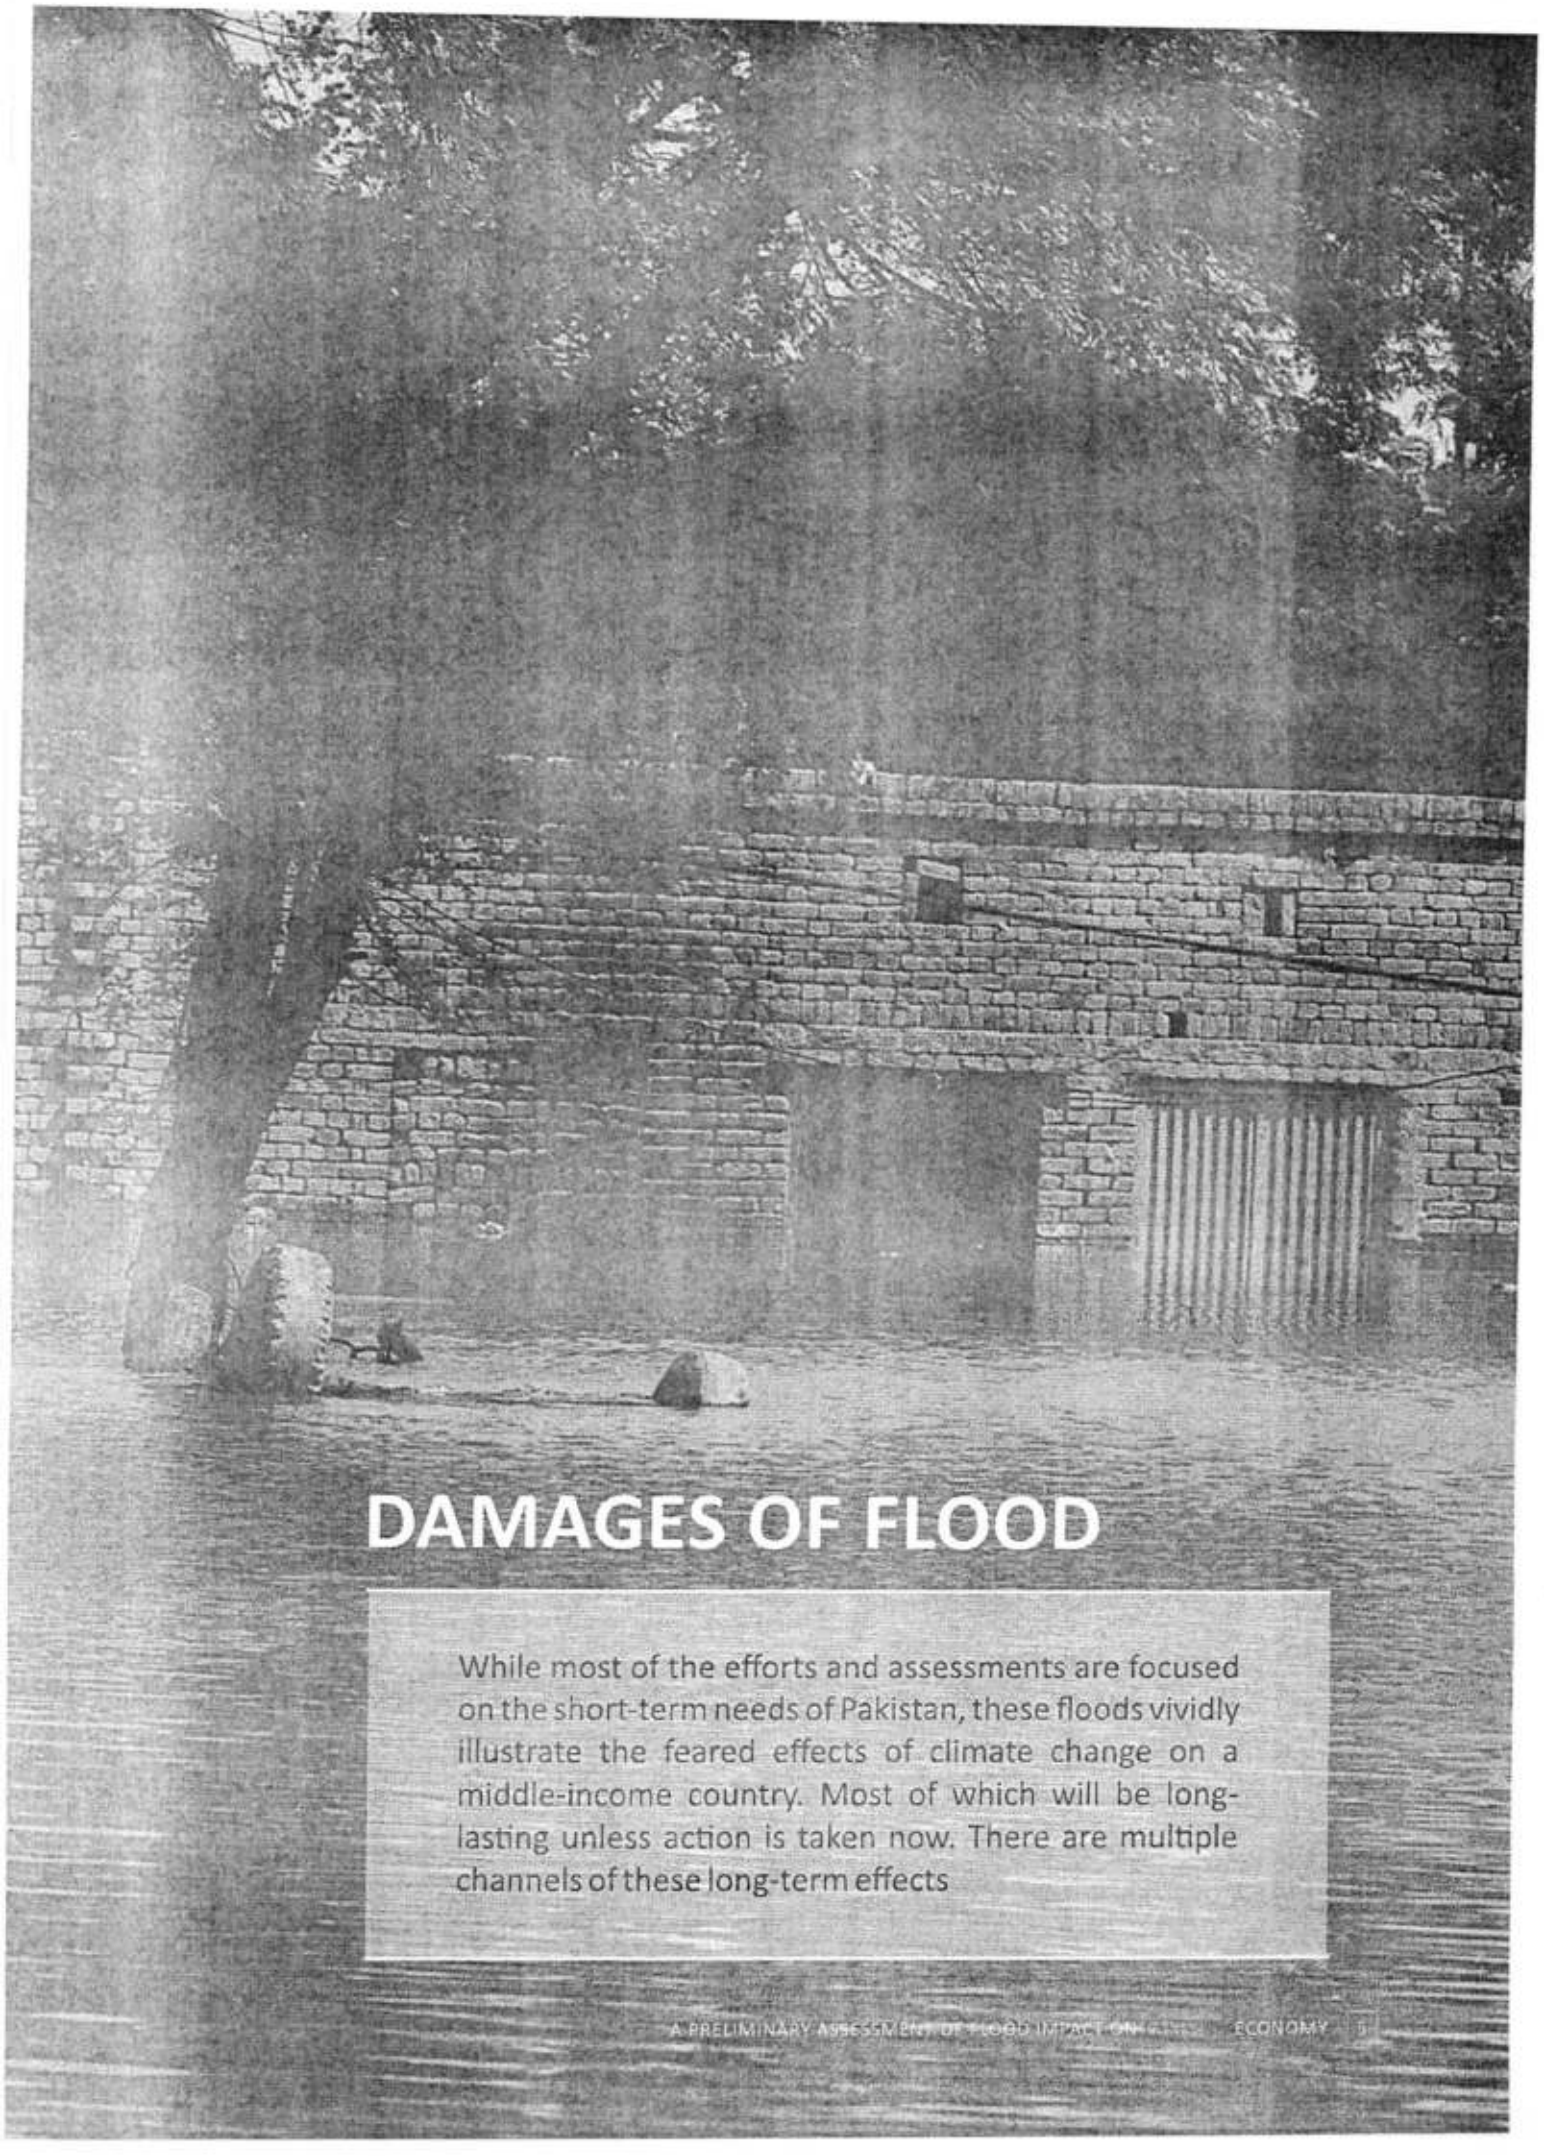
According to Provincial Crop Reporting Service and SUPARCO, vast cultivated land remains submerged, raising concerns for food security, export earnings, and rural livelihoods.

Industry

Due to the backward linkages with agriculture and infrastructure damages to the energy sector, the industrial sector's growth is projected to decline by 0.1-0.2 percentage point, with output expected to grow by 4.1-4.2 percent in FY2026, compared to the target of 4.3 percent.

Services

Given the backward linkages with the commodity-producing sectors (agriculture and industry), the growth in the services sector is expected to decline by 0.5-0.3 percentage points. Thus, for FY2026, the sector is projected to grow at 3.5-3.7 percent, against the target of 4.0 percent.



DAMAGES OF FLOOD

While most of the efforts and assessments are focused on the short-term needs of Pakistan, these floods vividly illustrate the feared effects of climate change on a middle-income country. Most of which will be long-lasting unless action is taken now. There are multiple channels of these long-term effects

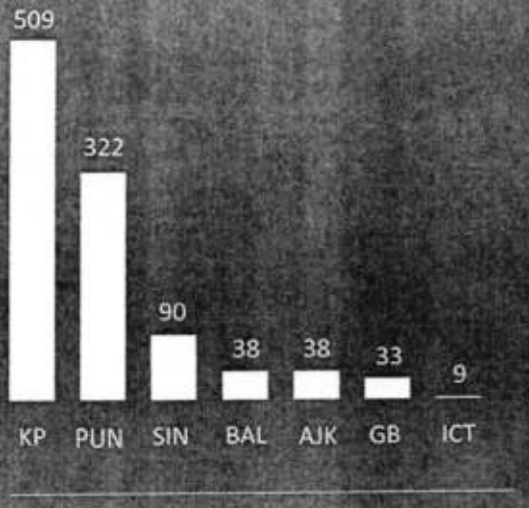
V. ASSESSMENT OF IMMEDIATE LOSS

A. Human Lives

Flash floods have resulted in 1,039 fatalities (30th Sep 2025), and the numbers are still increasing.

Fig-1 illustrates the number of deaths reported across different regions in Pakistan. Khyber Pakhtunkhwa and Punjab faced the highest human toll, together accounting for more than 80 percent of total reported fatalities. Sindh, while experiencing lower economic and livestock losses, still had a notable number of deaths. ICT had the fewest fatalities, due to its urban and better-prepared infrastructure. This data underscores the need for region-specific response strategies, especially in KP and Punjab, where both human and economic losses were most pronounced.

Fig-1:
DEATHS (Nos)

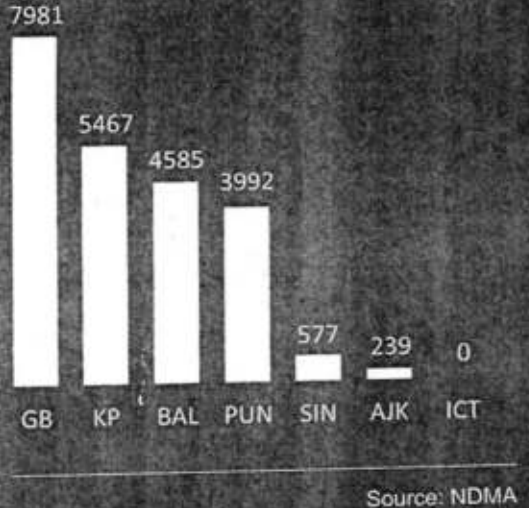


Source: NDMA

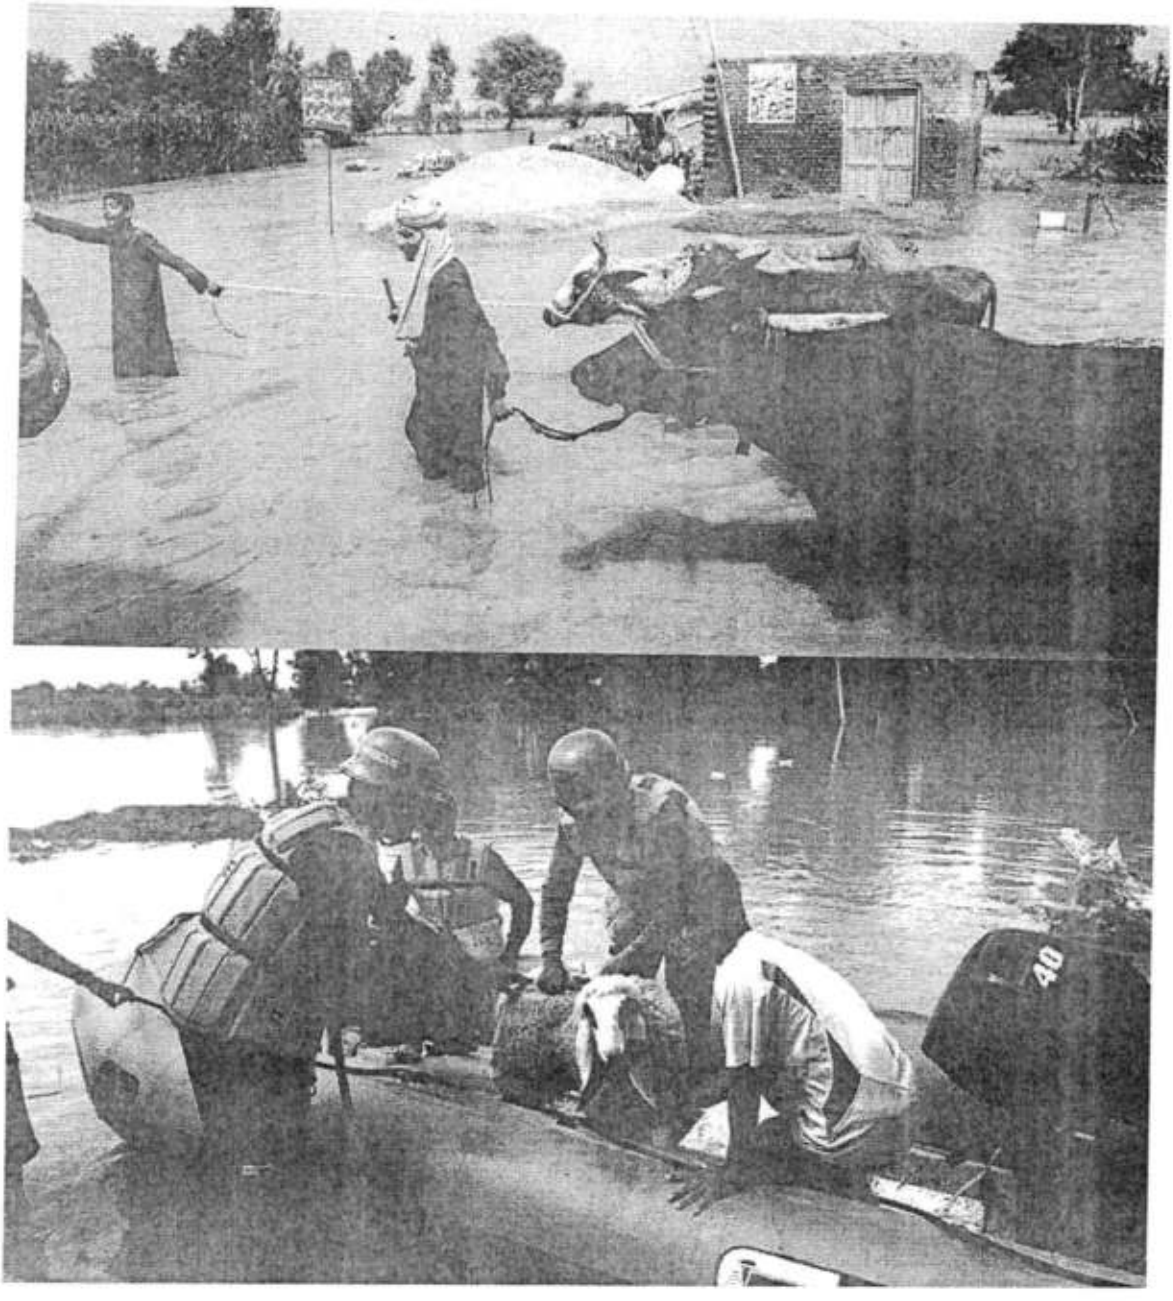
B. Livestock Lost

Fig-2 indicates the number of livestock lost across different regions of Pakistan due to a disaster. Regions like Punjab and KP suffered the greatest livestock losses, which may significantly impact the livelihoods of rural communities in these areas. Other regions experienced lower livestock losses in comparison. This data highlights regional differences in the impact of the disaster on agricultural livelihoods and can help inform targeted recovery efforts.

Fig-2:
LIVESTOCK (Nos)



Source: NDMA



C. Infrastructure

The humanitarian situation is further exacerbated by extensive damage to critical infrastructure. Approximately 2,811 kilometers of roads and 790 bridges have been damaged, significantly hindering the movement of the affected population seeking safety and obstructing the timely delivery of humanitarian assistance. In addition, disruptions to internet connectivity have been reported, further complicating coordination efforts and access to information in impacted areas.

As per available estimates, the transport and storage sector in Pakistan has suffered substantial damage due to recent floods, amounting to approximately Rs. 206 billion. This damage includes the destruction of roads, bridges, rail infrastructure, and logistical facilities critical for the movement of goods and

services across the country. Considering recent disruptions, the growth of the transport and storage sector is expected to reduce to 1.5 percent, below the target of 3.4 percent for the current fiscal year.

This slowdown reflects the direct impact of infrastructure damage, as well as indirect disruptions in supply chains, increased transportation costs, and reduced economic activity in flood-affected regions. The sector plays a vital role in national economic integration, trade, and distribution networks. Prolonged underperformance could have ripple effects on agriculture, industry, and commerce, all of which rely heavily on efficient logistics.

The table below provides a breakdown of the damage to transportation infrastructure across various regions of Pakistan due to a recent disaster. The severe damage to roads and bridges, especially in Punjab, KP, AJ&K, and GB, underscores the urgent need for resilient infrastructure planning, enhanced flood protection measures, and swift rehabilitation efforts to restore connectivity and support disaster recovery.

Region /Province	Punjab	Sindh	KP	Balo-chistan	AJ&K	GB	ICT
Roads (KM)	1216	491	514	99	202	290	0.03
Bridges (Nos)	462	66	52	03	113	92	3

Source: NDMA

The extensive destruction of bridges in KP, AJ&K and GB highlights the acute vulnerability of hilly regions to flood damages. Rebuilding efforts must focus not only on restoration but also on enhancing resilience to future climate-induced disasters. Hilly regions are prone to sudden, high-intensity rainfall events such as cloudbursts. These cause flash floods that produce high-velocity water flows, capable of sweeping away bridge foundations, abutments, and entire structures within minutes.

D. Power Sector Damage

The recent floods have had a severe impact on Pakistan's power infrastructure, affecting even the most resilient components of the system. The damage includes the collapse of transmission lines, uprooting of electric poles, destruction of transformers, and widespread disruption of grids and feeders, resulting in significant service interruptions across affected regions. Preliminary estimates place the financial damage to the power sector at approximately Rs. 25 billion. However, the full extent of the damage remains uncertain and will only become clear once unrestricted access to all impacted areas is achieved and detailed assessments are conducted. Due to these disruptions, the electricity, gas & water supply sector is expected to grow by 2.8 percent, against the target of 3.5 percent in FY2026. The decline in growth reflects the immediate operational setbacks, delayed infrastructure projects, and broader economic impacts of the floods on energy demand and supply.

E. Housing

The floods have caused widespread destruction to housing infrastructure, with over 229,763 houses either completely destroyed or partially damaged. Destruction of housing structures has also sustained varying levels of damage, further exacerbating the humanitarian crisis in the affected regions. According to preliminary estimates, the total damage to the housing sector is approximately Rs. 92 billion. However, these figures are expected to rise as access to affected areas improves and comprehensive post-disaster damage assessments are conducted.

Given the magnitude and scale of destruction, it is anticipated that the rehabilitation and reconstruction process could take up to a decade, particularly in remote or severely impacted regions. The recovery will require sustained financial investment, coordinated planning, and multi-sectoral support to restore housing and rebuild resilient communities.

The following table outlines the number of houses reported as damaged either partially or completely, across various provinces and regions of Pakistan, due to recent flooding.

Province	Punjab	KP	Sindh	Balo-chistan	GB	AJK	ICT	Total
House Damages	213097	3222	3332	6370	1260	2417	65	**229763**

Source: NDMA

Punjab has borne most of the housing damage, accounting for over 92 percent of the total reported cases (213,097 out of 229,763). This indicates that the province was severely impacted by the floods, particularly in densely populated or low-lying areas. The data highlights the uneven impact of floods across the country, with Punjab experiencing the most severe housing losses. While some regions report fewer damaged structures, recovery efforts in remote or underserved areas may still be complex and prolonged. The scale of destruction underscores the need for targeted humanitarian assistance, reconstruction planning, and the implementation of disaster-resilient housing solutions across all affected provinces.

Punjab has borne most of the housing damage, accounting for over 92 percent of the total reported cases (213,097 out of 229,763). This indicates that the province was severely impacted by the floods, particularly in densely populated or low-lying areas. The data highlights the uneven impact of floods across the country, with Punjab experiencing the most severe housing losses. While some regions report fewer damaged structures, recovery efforts in remote or underserved areas may still be complex and prolonged. The scale of destruction underscores the need for targeted humanitarian assistance, reconstruction planning, and the implementation of disaster-resilient housing solutions across all affected provinces.

F. Population Displaced

Unprecedented heavy rainfall up to 50 percent above seasonal averages and rare cloudburst events, particularly in areas such as Buner District in KP, have significantly worsened the ongoing flood crisis. According to the provincial governments, the floods have caused widespread destruction, including extensive damage to housing, transportation infrastructure (roads and bridges), agricultural land, and livestock. These losses have led to the displacement of over 4.0 million individuals, reflecting one of the most severe internal displacement events in recent years. The displacement of millions has overwhelmed available shelter facilities, forcing many families to live in temporary camps or open areas without adequate access to basic services such as clean water, sanitation, and healthcare.

G. Social Impact: Health and Education

While the infrastructure and asset losses caused by the floods are largely transitional, the long-term impacts on human development and well-being are far more serious. The widespread destruction has significantly disrupted access to essential services, particularly in the areas of healthcare, water, sanitation and hygiene (WASH), and education. These disruptions contribute to weakened community resilience, increased vulnerability to disease, and long-lasting consequences on learning outcomes especially for children.

The floods have damaged 243 health facilities across the affected regions, further straining an already overburdened health system. The estimated damage to the sector is approximately Rs. 2.0 billion. The destruction of healthcare infrastructure has severely limited access to basic and emergency medical

services, particularly in remote and rural areas. Major public health concerns include the anticipated outbreak of diarrheal diseases, malaria and dengue fever, skin infections and acute respiratory tract infections. The compromised WASH infrastructure and overcrowding in temporary shelters are contributing factors to these health risks, with women, children, and the elderly being disproportionately affected.

The education sector has also suffered significant setbacks. As per initial assessments, 2,267 educational institutions have been either partially or completely damaged. The estimated financial loss to the sector is approximately Rs. 5.0 billion. The displacement of families and destruction of schools have led to prolonged learning interruptions, particularly for children in marginalized and rural communities. These disruptions risk widening existing educational inequalities and may have lasting effects on literacy, retention, and learning outcomes.

DAMAGES TO SOCIAL INFRASTRUCTURE

The authorities continue to monitor and act according to the situation on the ground. They are doing the best possible to protect lives, provide food, arrange for shelter, and reconnect areas while also striving to maintain financial and domestic price stability.

COST TO THE ECONOMY

In addition to decline in agricultural productivity, the long-term effects of these floods are likely to take the form of: capital losses for which domestic long-term financing vehicles need to be strengthen, unemployment for which labour market rehabilitation is scarce, migration to the urban centers for which suitable planning &execution needed immediately and large project financing to mitigate climate effects for which long term international funds may be essential.

VI. COST TO THE ECONOMY

i.External Sector

The extensive damage to crops, livestock, and infrastructure, coupled with an anticipated slowdown in domestic economic activity, is expected to have notable implications for Pakistan's external sector.

In FY2025, exports of rice recorded at $3.35 bn (5.8 mn tons). However, recent floods have caused damage to the rice crop. While the FCA had set a production target of 9.5 mn tons for FY2026, actual output is now expected to be around 8.3 - 8.9 mn tons. The exportable surplus of rice is expected to decline to nearly 4.6 mn tons, compared to 5.8 mn tons last year (a shortfall of about 1.2 mn tons). Consequently, rice exports are projected to fall to around $ 0.45 bn in FY2026.

Conversely, imports are expected to rise as the country seeks to compensate for domestic shortfalls in both production and capacity. Higher import volumes are anticipated for:

- Raw cotton, to support the textile sector
- Wheat and pulses, to address food security needs
- Construction machinery and materials, to support rebuilding efforts

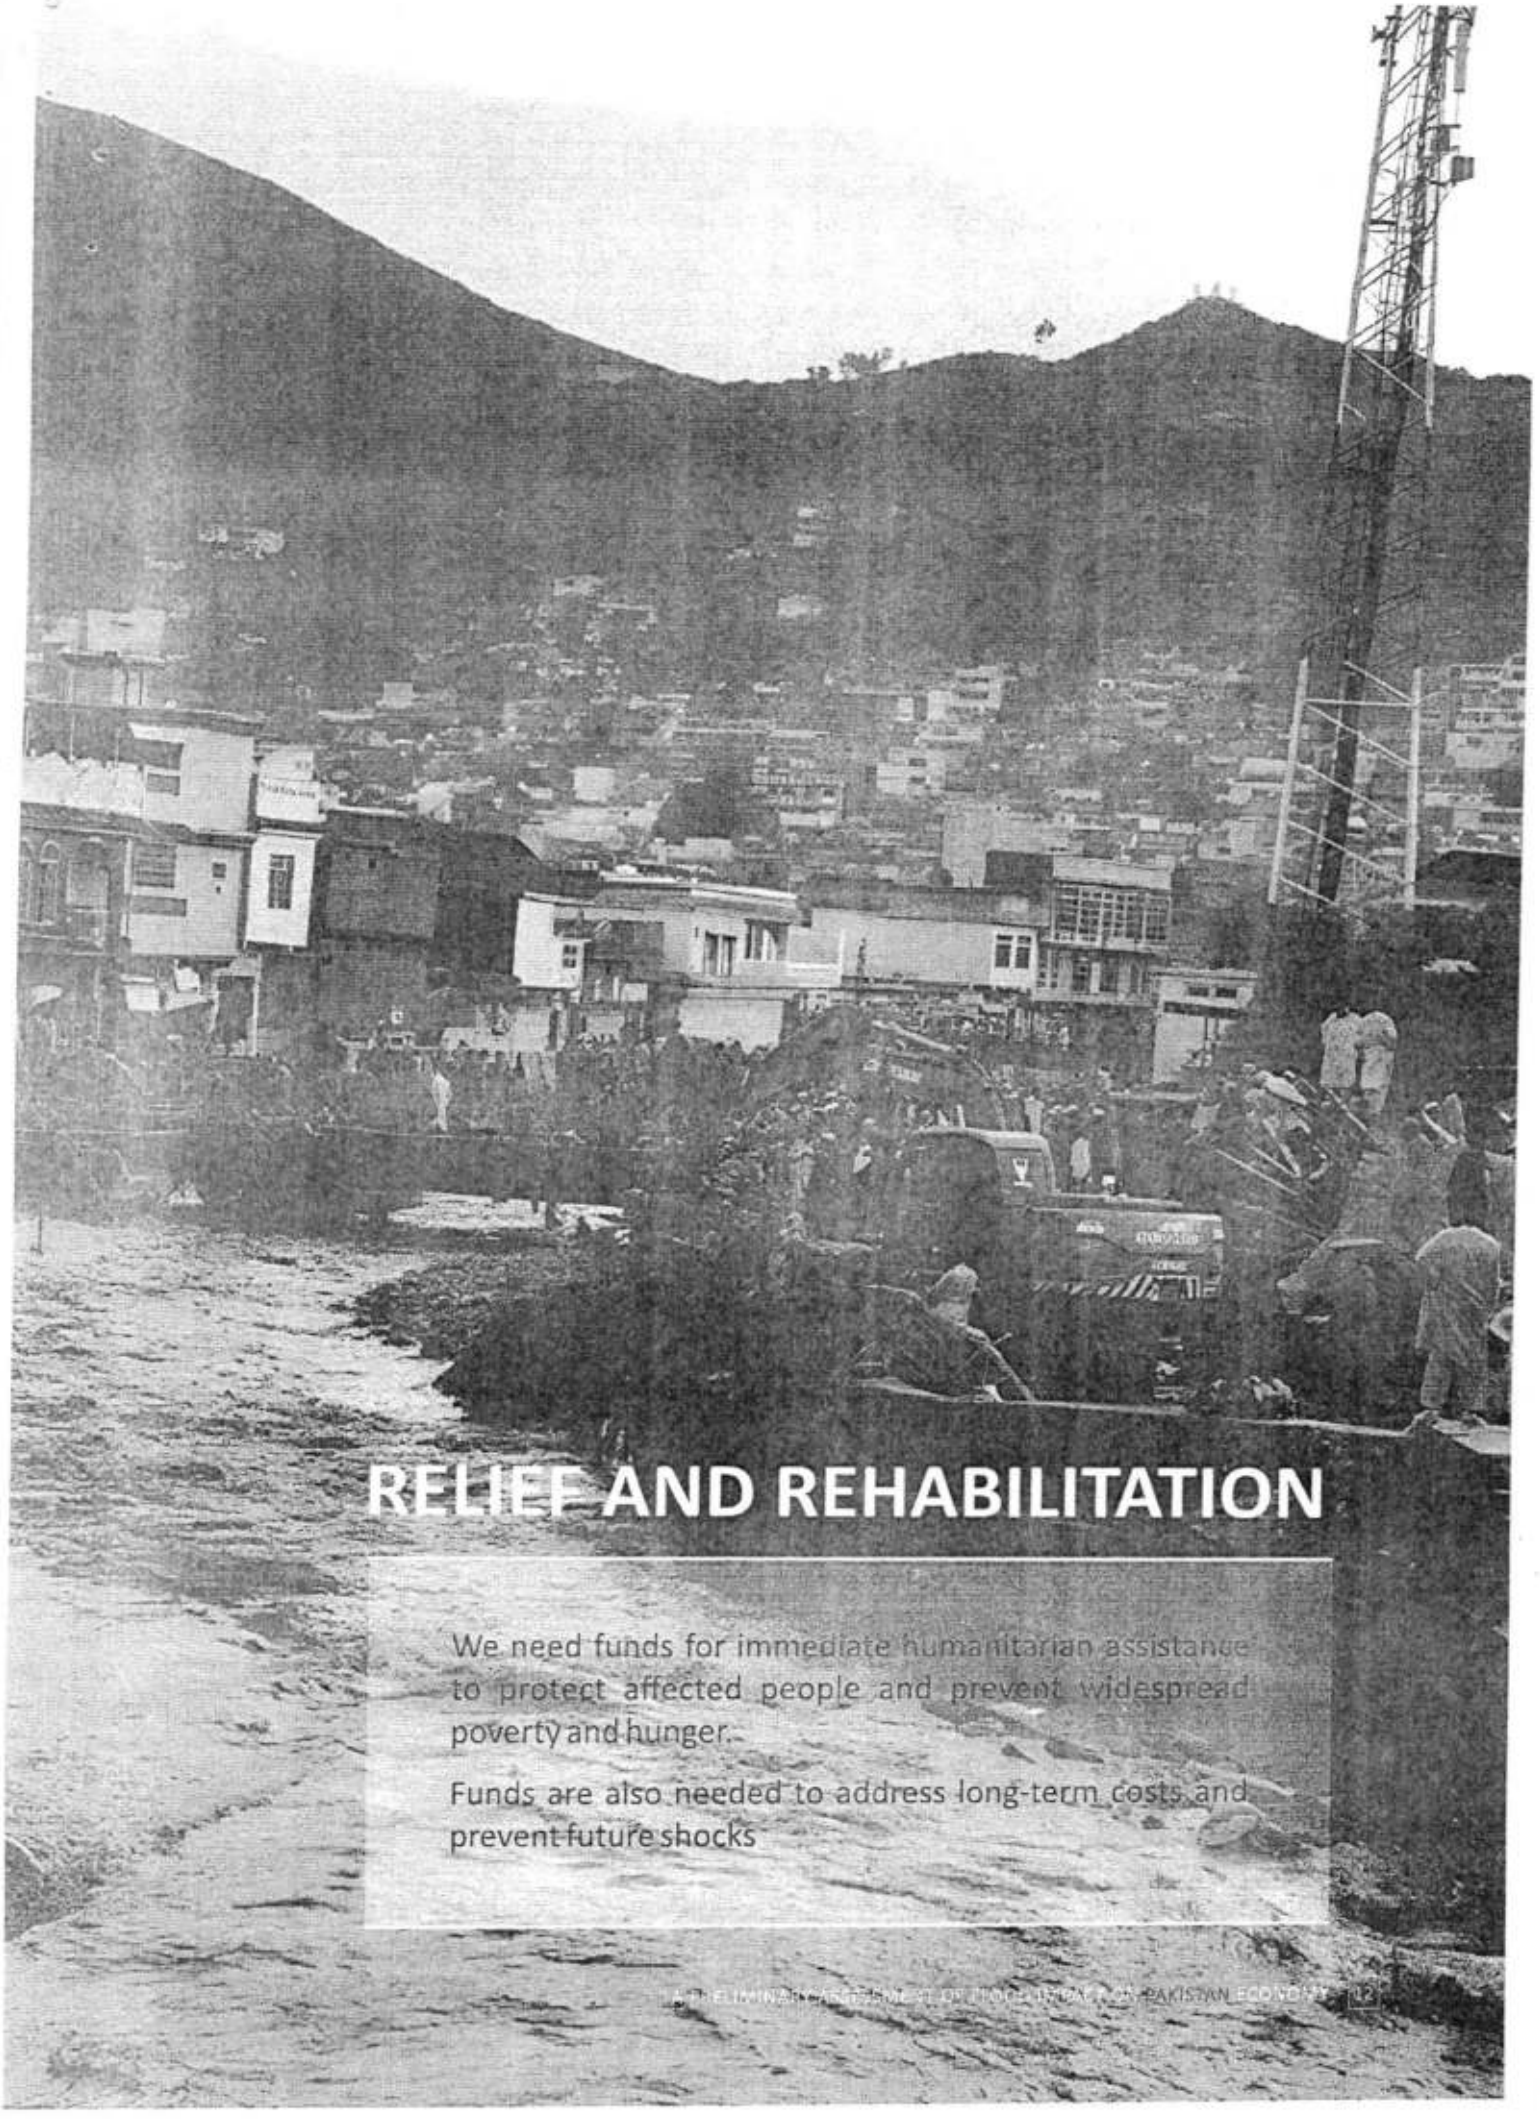
The combined effect of reduced export earnings and increased import spending is likely to widen the trade deficit, putting additional pressure on the country's balance of payments and foreign exchange reserves.

ii. Inflationary Pressures

In the first two months of FY2026 (July & August), inflation remained at 4.1 percent and 3.0 percent, respectively; however, in September, it surged abruptly to 5.6 percent, mainly driven by higher food prices. Recent floods devastated crops, damaged infrastructure and disrupted the supply chain along with an expected surge in commodity prices at the global level, and a strong dollar continues to push the import prices upward.

The supply of commodities shrinks with recent damage to standing crops (cotton, sugarcane, rice, maize, and vegetables), which is likely to increase the prices of essential items in the coming months. Sowing of Rabi crops, including wheat, may be delayed due to the slow receding of flood water in Southern Punjab and Sindh. This delay in sowing is likely to have diminishing effects on production, putting pressure on food inflation.

As a result of these compounded pressures, inflationary trends are expected to surpass the projected levels for FY2026. The combination of supply-side constraints, increased import dependency, and higher costs of production will likely drive price volatility, particularly in food and essential consumer goods.



RELIEF AND REHABILITATION

We need funds for immediate humanitarian assistance to protect affected people and prevent widespread poverty and hunger.

Funds are also needed to address long-term costs and prevent future shocks

VII. RESCUE RELIEF- REHABILITATION MEASURES

i. Federal Government

As of 30th September 2025, the federal and provincial governments, in coordination with the NDMA and PDMA, have undertaken extensive rescue and relief operations to address the immediate needs of populations affected by the floods. According to the NDMA, a total of 5,769 rescue operations have been conducted, successfully rescuing approximately 3.03 million individuals from flood-affected areas. In response to humanitarian needs, large-scale relief distributions have been carried out, including the provision of tents, ration packs, blankets, hygiene kits and essential medical supplies.

Additionally, 949 relief camps have been established nationwide, providing shelter and basic services to displaced populations. These camps have facilitated the treatment of over 662,000 people, addressing both emergency medical needs and routine healthcare concerns. Critical relief items have also been supplied to the provinces and regions, ensuring comprehensive coverage of all affected areas.

ii. NGOs and Civil Society

The humanitarian sector in Pakistan has actively responded to the crisis by mobilizing resources to alleviate the suffering of flood-affected communities. National and international humanitarian organizations have been working in close coordination with government agencies to deliver life-saving assistance. In parallel, civil society organizations have played a crucial role through philanthropic contributions from individuals, businesses, and community groups. Their efforts have significantly enhanced the reach and impact of the overall response.

Key areas of support provided by the humanitarian sector include:

- Distribution of cooked meals and ration bags
- Provision of safe drinking water
- Delivery of basic health services, including medical check-ups
- Tents and tarpaulin sheets for temporary shelter
- Mosquito nets to prevent the spread of vector-borne diseases
- Distribution of hygiene kits to prevent disease outbreaks

These contributions have been instrumental in addressing immediate humanitarian needs, particularly in hard-to-reach areas where formal infrastructure and services remain disrupted.

iii. Armed Forces

Given the unprecedented scale of the disaster, the Government of Pakistan mobilized the armed forces to assist in nationwide rescue and relief operations. Responding with efficiency and coordination, Armed Forces deployed personnel, equipment, and logistical resources to support affected populations across the country. Key contributions of the armed forces include:

- Distribution of large quantities of relief supplies, including food rations, safe drinking water, and tents to displaced families.
- Establishment of numerous relief and medical camps, providing shelter, emergency healthcare, and basic services to thousands of affected individuals.

- Deployment of extensive air assets, which have played a critical role in aerial rescue missions, particularly in remote and inaccessible areas cut off by floodwaters.

The involvement of the armed forces has been instrumental in enhancing the reach, speed, and effectiveness of the national response, particularly in high-risk zones where civilian access remains limited.

VIII. STRATEGIC CONSIDERATION TO ADDRESS FLOOD DISASTER

- The disaster has resulted in substantial economic losses, particularly in the form of high reconstruction costs associated with damaged housing, roads, and bridges. In addition, the extensive impact on agriculture and livestock has created an urgent need for emergency financing to restore livelihoods and prevent further economic deterioration in rural areas.
- The increasing frequency of extreme weather events, such as record rainfall and flash floods, highlights the urgent need to invest in climate-resilient infrastructure and robust early warning systems. Strengthening disaster preparedness and risk reduction frameworks must be a central pillar of long-term climate adaptation strategies.
- Effective response and recovery will require multi-phase budget planning that aligns with evolving needs:
    - Short-term: Immediate relief and humanitarian assistance
    - Medium-term: Rehabilitation and restoration of essential services and infrastructure
    - Long-term: Investments in resilience-building, including sustainable development, risk mitigation, and institutional capacity enhancement
- The extensive crop losses are expected to have a cascading effect on GDP growth, food security, and the external sector, particularly through reduced agricultural exports and increased food imports. To mitigate these impacts, it is critical to undertake:
- Rapid assessments for compensation and recovery planning
- Immediate provision of seeds, fertilizers, and agricultural credit
    - Support for re-sowing efforts to stabilize rural livelihoods and prevent prolonged disruption to the agricultural value chain

A comprehensive, multi-tiered response strategy is essential to address the current crisis and build long-term resilience. This requires strong coordination between government bodies, development partners, civil society, and the private sector to ensure that recovery efforts are inclusive, sustainable, and climate informed.

Detail of Damages Reported by all stakeholders/organization is Annex

ANNEXURES

NO.RPD&NAF/2025/OP-151

Subject: **RAPID PRIMARY DAMAGE & NEED ASSESSMENT FLOODS 2025.**

In continuation of letter No. RPD&NAF/2025/OP-150 dated 30.09.2025 on the subject cited above. In compliance with the instructions of the Federal Government, the standardized proforma on flood damages was circulated by PDMA to all provincial departments for data collection. The consolidated information received from the concerned departments has accordingly been compiled and is enclosed herewith for your kind information and necessary action, please.

(NISAR AHMED SANI)

GOVERNMENT OF PAKISTAN
MINISTRY OF RAILWAYS
(ISLAMABAD)
*****

No. W-I/2025-Misc/6(Flood PDNA) Islamabad dated 02nd October, 2025

OFFICE MEMORANDUM

Subject: - **RAPID PRIMARY DAMAGE AND NEED ASSESSMENT FLOOD-2025**

The undersigned is directed to refer to your office O.M. No.11(7)/SI-I/PDSI/2022 dated 19-09-2025 on the subject cited above and, in compliance with the directions therein, to convey that the Ministry of Railways has carried out a rapid assessment of the damages and financial requirements arising from the recent floods.

2. According to this assessment report, the 2025 floods inflicted an estimated loss of Rs. 3,792 million on the railway network, including damages to 16.21 km track costing Rs. 1,177 million and Rs. 2,615 million arising from ticket refunds, train diversions, and freight decline.

3. Furthermore, that flood-related damage to railway infrastructure totals Rs. 1,176.6 million, comprising Rs. 180 million for embankment erosion, Rs. 987 million for track components damages, and Rs. 9.6 million for protection work. Complementing these figures, loss in earnings during the period from 1-25 September 2025 stood at Rs. 1,815.454 million, out of which Rs. 16.889 million were refunded for cancelled services.

4. The detailed assessment report, as per prescribed proforma attached as Annexure-A, is submitted for your information and further perusal.

SPECIAL COMMUNICATIONS ORGANIZATION

Letter No: 2601/3/SCO/Finance

Dated: 30 Sep 2025

To: The Secretary
Ministry of Information Technology
(IT & Telecom Division)
Islamabad

Sir, Kindly get it desp ASP. Thanks.

Subject: **Provision of Additional Funds/ Special Case to Restore Damaged/ Loss of Telecom Infrastructure/ Equipment, etc due to Natural Calamities i.e Heavy Rains/ Flash Floods in SCO AOR - Non Development Budget FY 2025-26**

1. Due to Natural Calamities, i.e unprecedented heavy rains, cloud burst and consequent flash floods in AJ&K and GB (SCO AOR) telecom infrastructure/ equipment and other material etc, of SCO in said areas have either been swept away or badly damaged. Details of damages/ losses is given at **Annex 'A'** to this letter.

2. To restore above mentioned damages/ losses Rs 1,018.400 (M) are additionally required immediately/ on urgent basis before onset of winter season in AJ&K and GB areas, which is likely to commence in Oct/ Nov 2025. Additional funds may be provided under Non Development Budget for FY 2025-26 of SCO as an operational necessity/ special case and more so to achieve target of Non Tax Revenue of Rs 6,500.000 (M) assigned to SCO for FY 2025-26 by Finance Division.

3. Above in view, it is requested that Rs 1,018.400 (M) may be additionally allocated to SCO as a Special Case to restore telecom infrastructure/ communication before onset of winters under Non Dev Budget for FY 2025-26.

4. Forwarded for kind consideration and favourable action, Please.

Office of the Chief Engineering Adviser &
Chairman, Federal Flood Commission
****

No. FC-1(21) F.D/2022

6-Attaturk Avenue, G-5/1,
Islamabad the September 26, 2025

Chief (Water),
Ministry of Planning Development & Special Initiatives,
Islamabad.

Sub: Details of losses/ damages due to 2025 floods

I have been directed to refer to the subject cited above and to state that this office is pursuing matter with WAPDA, Irrigation Departments of all Provinces, GB and AJ&K for submission of details of damages/ losses due to floods 2025.

2. In this context, it is stated that so far WAPDA, Provincial Irrigation Department Khyber Pakhtunkhwa, Irrigation & Small Dams Department Government of AJ&K and Irrigation & Water Management, Government of GB have shared requisite details. Copies of the details received are attached as **Annex-I, Annex-II, Annex-III** and **Annex-IV** respectively.

3. Irrigation Departments of Punjab, Sindh and Balochistan are being pursued, however their response is still awaited and will be shared as soon as the same is received.

4. This issues with the approval of CEA & CFFC.

Encl: (As above).

QUESTION NO. 4, **MOVED BY MS. SHAHIDA REHMANI, MNA**	**Response of MoITT**
Will the Minister for Information Technology and Telecommunications be pleased to state:	
a) whether the Ministry has initiated any project for the provision of internet, Information Technology (I.T) labs and smart boards in educational institutions of Pakistan;	**Ignite–National Technology Fund,** under the Ministry of Information Technology and Telecommunication, implemented a pilot project titled "Digital Skills Training & Support Program for Southern Balochistan" under which three state-of-the-art IT labs were established in selected educational institutions of Southern Balochistan. The project focused on strengthening ICT infrastructure and digital skills training. Furthermore, the Ministry of Information Technology & Telecommunication (MoITT), through the Pakistan Software Export Board (PSEB), has initiated projects aimed at strengthening advanced digital and information technology education infrastructure in higher educational institutions. Under the National Semiconductor Human Resource Development Program (NSHRDP), Semiconductor Education & Research Clusters (SERCs) are being established to enhance Pakistan's semiconductor ecosystem through quality education, research, and industry collaboration. As part of this initiative, selected universities will establish state-of-the-art Semiconductor Design Laboratories equipped with industry-standard Electronic Design Automation (EDA) tools and

	advanced design infrastructure to facilitate hands-on learning, research, and innovation. The program is focused on developing specialized human capital in emerging technologies and does not specifically provide for the installation of smart boards or general internet connectivity infrastructure in educational institutions. The list of schools regarding the provision of internet connectivity is **at Annex-I** **The National Telecom Corporation (NTC)** has deployed Internet at 426 FDE Schools/Colleges as per their requirement. The list is at **Annex-II** The Shenzhen-Inspired ICT Education Roadmap Project, initiated by the **Pakistan Software Export Board (PSEB)** aims to develop a comprehensive framework for ICT education and skills development in Pakistan by drawing lessons from the globally recognized Shenzhen technology ecosystem. The project focuses on aligning Pakistan's ICT education pipeline with export-oriented industry needs and international standards. The details of the project are placed at **Annex-III.**
b) if so, the names of those educational institutions to whom these facilities have	The following educational institutions benefited under the pilot project:

been provided;	University of Gwadar University of Turbat Balochistan University of Engineering and Technology, Khuzdar Moreover, the SERC initiative envisages the establishment of three regional clusters (North, Centre, and South) comprising selected leading universities. The process of selection and operationalization of participating institutions is underway in accordance with the approved implementation framework. The laboratories will be established at participating universities under the SERC program.
c) Whether the Ministry has also commenced "a pilot project" in any educational institution;	Yes. Ignite–National Technology Fund, under the Ministry of Information Technology and Telecommunication, implemented the "Digital Skills Training & Support Program for Southern Balochistan" as a pilot project. Under the project, three state-of-the-art IT labs were established and market-oriented digital skills training was delivered through a blended model comprising online and lab-based learning. Additionally, the Semiconductor Education & Research Clusters initiative is being implemented in a phased manner through selected universities, which will serve as centres of excellence for semiconductor education, research, and innovation.
d) If not, what measures are being proposed to strengthen the foundation of I.T education?	The Ministry is undertaking various measures to strengthen the foundation of I.T. education, including:

	• Establishment of Semiconductor Education & Research Clusters (SERCs) across the country. • Development of state-of-the-art Semiconductor Design Laboratories equipped with advanced EDA tools and design infrastructure. • Introduction of standardized undergraduate and postgraduate semiconductor curricula. • Capacity building of faculty members and researchers through specialized training programs. • Promotion of academia-industry collaboration to align education with emerging technological and market requirements. • Encouraging applied research, innovation, and commercialization of indigenous technologies to produce a highly skilled workforce for future digital and semiconductor industries. These initiatives are expected to produce approximately 2,200 skilled semiconductor engineers by 2029 and contribute towards developing a sustainable technology ecosystem in Pakistan.

National Assembly Starred Question No. 15
Moved by Syed Rafiullah, MNA

Question Moved by Syed Rafiullah, MNA	**Reply**
a) *the number of websites, mobile applications, online platforms, and digital services, blocked, restricted, or subject to bandwidth limitations, during the last five years, along with year-wise breakup thereof.*	**a)** A total of 645329 unlawful URLs were processed by PTA for blocking from 1st June 2021 to 30th June 2026, out of which 495747 were blocked and 60105 are still under review. A detailed platform-wise summary and year-wise breakdown is attached as **Annex-A**.
b) *the legal provisions, criteria, and institutional mechanisms, under which such actions were taken, indicating the role of PTA and other relevant authorities.*	**b)** PTA is mandated under section 37, read with section 50A of the Prevention of Electronic Crimes (Amendments) Act 2025 (PECA), for removal and blocking of unlawful online content. Under section 37 (2) of PECA 2016, the Federal Government has approved the Removal and Blocking of Unlawful Online Content (Procedure, Oversight and Safeguard), Rules, 2021 (**Rules 2021**) that provide safeguards, processes and mechanism for the exercise of powers by the Authority under PECA for removal or blocking access to unlawful online content through any information system. PTA fulfills its statutory obligations strictly in line with the aforementioned provisions and as per procedures clearly outlined in Rules 2021.
c) *whether any assessment has been conducted regarding the impact of internet restrictions of digital rights, business activity, exports, freelancing, foreign investment, and Pakistan's international rankings related to internet freedom; and*	**c)** PTA only takes action against unlawful content available on online platforms. The internet restrictions, if any, are subject only to the federal government's directives and are intended solely to avoid serious harm to citizens' lives and property. However, no such assessment has been conducted by PTA.
d) *whether the government intends to establish a transparent appeal and review mechanism for digital content restrictions and publish periodic reports, regarding restrictions?*	**d)** Section 37 of PECA 2016 provides adequate recourse to an aggrieved party if any action of the Authority w.r.t. removal/blocking is deemed unsatisfactory. Any person aggrieved by any order passed by the Authority may file a review application under Section 37(4) of PECA. If they are still not satisfied with the Authority's review decision, they

	may file an appeal before the High Court as laid down under Section 37(5) of PECA. PTA annually publishes its annual report, which includes major achievements, highlights, blocking statistics, and other important information of the subsequent year.

Annex-A

NATIONAL ASSEMBLY STARRED Q NO. 25 (MOVED BY Mr. DAWAR KHAN KUNDI, MNA)

Question	Reply
(1) Whether the Government has devised any special plan, through the National Disaster Management Authority (NDMA), to deal with the recent rains;	1. Under the National Disaster Management Framework of Pakistan, disaster management is a devolved subject. District Disaster Management Authorities (DDMAs)/ District Administrations and Provincial Disaster Management Authorities (PDMAs) act as the first and second-tier responders, respectively. The National Disaster Management Authority (NDMA) primarily functions as the federal coordinating and policy-formulating body. 2. In preparation for the Monsoon Season 2026, NDMA (Operations Wing) has issued the National Disaster Response Plan (NDRP) and the Monsoon Contingency Plan 2026, outlining preparedness and response measures. Similarly, all PDMAs and DDMAs have issued their respective contingency plans, based on local risk assessments, to ensure a coordinated and effective response to monsoon-related emergencies. 1. In addition; NDMA ensures the implementation of the following pre-operational preparedness measures in anticipation of Monsoon 2026:- a. **Preparatory Activities (Completed)** (1) Post Monsoon Report 2025 highlighting lessons learnt. (2) Annual Review 2025 outlined all activities conducted by NDMA in 2025. (3) NDMP 2026-30 was issued. (4) NDRP 2026 was issued on 1 January 2025. (5) Global Best Practices for Disaster Mitigation & Management - 2026. (6) 4th National Disaster Management Coordination Forum (NDMCF) conducted. (7) 2nd National Dialogue Platform on Anticipatory Actions conducted. (8) Restoration of GLOF - II Project (EWS) in GB and KP.

Question	Reply
	(9) 4 x CISE & 4 x National SimExs were organized with all national and international stakeholders. (10) Pre-Monsoon Coordination Conferences attended with Pakistan Army & FFC. (11) Formulation of Seasonal Contingency Plans for DEW-1 January-February-March (JFM) & DEW-2 (AMJ). (12) Recoupment of Relief Logistics - NDMA Warehouses. (13) Conference on Sectoral Clusterisation of NGOs/ INGOs in Pakistan. (14) Establishment of Disaster Resilient Infrastructure Modes (DRIM) & Response Logistic Yards at NDMA. (15) Seminar on Building Back Better, Sustainable Pathways for Post-Monsoon 2025. (16) Infrastructure Audit Program 2026 was launched. (17) Humanitarian Conference with UN Organization, development partners, NGOs & INGOs Conference. (18) Pre-Monsoon National Coordination Conference was organized with all stakeholders 13 May 2026. (19) DEW - 3 from July to September (DEW - 3) hazards monsoon 2026. (20) Monsoon Contingency Plan – 2026 issued on 5 June 2026 (21) Misc Monsoon Guidelines - 2026. (22) Army Pre-Flood Coordination Conference - 2026. (23) Humanitarian Coordination Conference - 2026. (24) Stock taking NGOs/ INGOs for preparation of Monsoon - 2026. (25) Donors Conference at EAD. (26) Dissemination of Alerts (Electronic, Print, app & social media).

Question	Reply
	(27) Daily Monsoon Sitreps/ Coordination Conference - 2026. (28) SAR, Evacuation, Initial Relief to Affected Population, Camp Setting, Rehab. (29) Ongoing/ Planned Activities (30) SimEx and CISE (Monsoon - 2026) planned on 30 June 2026. (31) Private Sector conference for preparation for Monsoon - 2026. (2) The details of potential flood situation in the province of Khyber Pakhtunkhwa?	Details of Potential Flood Situation in Khyber Pakhtunkhwa Province is attached as **Annex-A**.

Annex A

Details of Potential Flood Situation in Khyber Pakhtunkhwa Province

The potential flood situation in Khyber Pakhtunkhwa during **July–September 2026, as projected by NDMA under DEW-3**, is expected to remain localized, terrain-driven and compound in nature, rather than indicating widespread provincial flooding. The highest concern is likely to remain concentrated in the northern, mountainous, glaciated and steep catchment areas of the province, where short-duration intense rainfall, elevated temperatures, snow/glacier melt, steep terrain and rapid runoff can combine to generate sudden hydrological impacts.

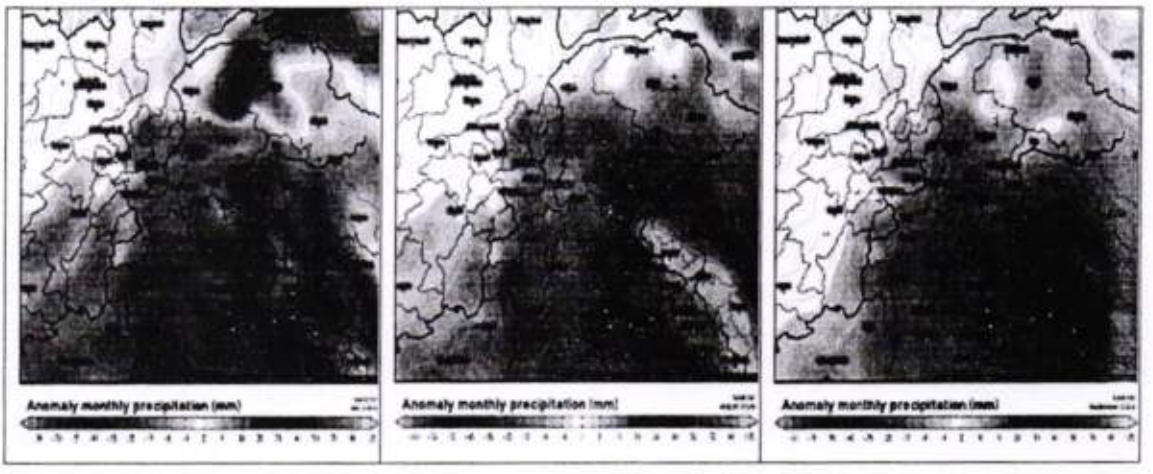

Figure 1KPK Monthly Precipitation Anomaly JAS 2026 (Ref NDMA DEW-3)

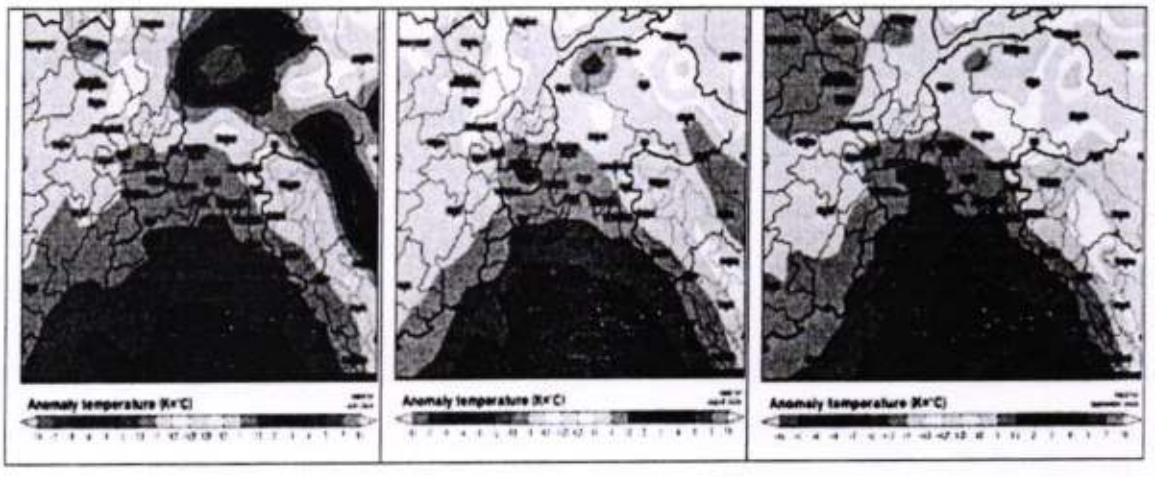

Figure 2 KPK Monthly Temperature Anomaly JAS 2026 (Ref NDMA DEW-3)

JULY

During July, the main riverine flood concern in KP is expected along the Swat, Panjkora and Kabul River systems, including downstream reaches linked with the Tarbela/Upper Indus system. These basins are hydrologically sensitive because localized monsoon bursts over northern KP and

adjoining Afghan catchments can rapidly generate runoff from steep terrain, while elevatedtemperatures may add meltwater contribution from snow and glacier-fed areas. As a result, even short-duration heavy rainfall may quickly translate into river surges, flash floods, sediment-laden flows, bank erosion, and pressure on bridges, roads and low-lying settlements along river corridors. The high elevated temperatures in northern KP glaciated regions may also cause GLOF events particularly in Chitral. There is also high risk of Landslides in Upper KP and Central KP districts due to saturated soil moisture, glacial/snow melt due to high temp, and multiple western disturbances coming towards KP areas.

The Upper Indus and Tarbela-linked reaches will also require close monitoring because above-normal temperatures over snow-fed and glaciated catchments may accelerate snow, ice and glacier melt. Even where rainfall remains spatially uneven, melt-enhanced base flow and regulated reservoir outflows can increase discharge variability along the Indus belt.

AUGUST

In August, the flood hazard potential for KP is likely to remain moderate overall, with localized high-risk conditions possible in upper KP and adjoining northern catchments. The main concern will be catchment response, river flows, reservoir behavior, GLOF potential, landslides, debris flows and downstream flood routing, rather than widespread flooding across the province. The Swat, Panjkora Kabul and Upper Indus tributaries should remain under close watch because these rivers can respond rapidly to short-duration runoff from steep terrain, producing flash floods, sediment-laden flows, bank erosion and exposure to bridges and road corridors.

The highest compound hydrological risk is expected across upper KP, particularly in areas such as Chitral, Swat, Buner and adjoining mountainous valleys. These zones remain exposed to GLOF, flash/debris flows, landslides, slope failures and sudden streamflow surges, especially in narrow valleys, glacier-fed streams and vulnerable road corridors. This risk may persist even during a below-normal rainfall season because isolated intense rainfall cells over steep terrain can generate rapid runoff and localized flooding within a short time.

Central and southern KP are expected to remain comparatively hotter and drier, with longer dry intervals. However, localized convection over hill torrents, seasonal nullahs and small catchments may still generate sudden flows, particularly where intense rainfall cells develop. This indicates that the overall weaker monsoon signal does not eliminate flood risk; rather, it shifts the concern toward short-lived, localized and high-intensity flash-flood events.

Urban flooding may also occur in major urban centers of KP during short-duration heavy downpours, particularly where drainage capacity is limited, encroached or already under stress. Areas such as Mardan, Nowshera and Charsadda require continued attention because localized rainfall episodes may temporarily flood roads, underpasses, residential areas and commercial zones. Urban flood preparedness should therefore include stormwater drain clearance, pumping-station readiness, real-time rainfall monitoring, public advisories and emergency response planning.

SEPTEMBER

By September, the flood situation in KP is expected to reduce from the July–August peak, with an overall low to moderate flood hazard potential. However, residual localized risk may continue in upper KP and steep catchment areas due to remaining snow/glacier melt, localized convective rainfall, unstable slopes, blocked drainage paths and glacier-fed tributaries. Localized GLOF, debris-flow, landslide and sudden streamflow-rise risks may continue in vulnerable valleys, especially during early September before complete monsoon withdrawal.

CONCLUSION

The overall flood outlook for Khyber Pakhtunkhwa during July to September 2026 indicates that the province is more likely to experience localized, high-impact hydrometeorological hazards rather than widespread riverine flooding. The highest level of concern remains over the upper mountainous and glaciated catchments, where the combined effects of intense monsoon rainfall, above-normal temperatures, accelerated snow and glacier melt, and steep terrain may trigger flash floods, Glacial Lake Outburst Floods (GLOFs), debris flows, landslides, and rapid river level rises. River systems including the Swat, Panjkora, Kabul, and Upper Indus/Tarbela reaches will require continuous monitoring due to their rapid hydrological response to rainfall and meltwater inputs. Although the overall flood hazard is expected to decrease during September, localized risks are likely to persist in glacier-fed valleys and steep catchments until the monsoon fully withdraws. Accordingly, sustained hydrometeorological monitoring, timely early warning dissemination, reservoir and river-flow surveillance, and preparedness measures for vulnerable communities, transport infrastructure, and urban centers will remain essential throughout the season to minimize potential impacts.

GOVERNMENT OF PAKISTAN
MINISTRY OF CLIMATE CHANGE & ENVIRONMENTAL COORDINATION
****

Subject: **NATIONAL ASSEMBLY STARRED QUESTION NO. 26 MOVED BY MS. SYEDA SHEHLA RAZA, MNA**

Question	Reply
Will the Minister for Climate Change and Environmental Coordination be pleased to state: a) whether Ministry has got conducted or commissioned any climate resilience audit of national infrastructure such as Dam, Highways also the Urban drainage system; and	The Ministry of Climate Change & Environmental Coordination has not conducted or commissioned any climate resilience audit of national infrastructure, including dams, highways, or urban drainage systems. However, National Disaster Management Authority, being its mandate has got approved a Concept Program, the **National Infrastructure Audit Program (NIAP) – 2026**, to systematically assess, prioritize, and strengthen high-risk public infrastructure through audits, retrofitting, maintenance, or replacement. The programme is implemented under a national accountability framework, with NDMA serving as the coordinating authority, while provincial governments and infrastructure-owning departments are responsible for execution.
b) what measures have been taken by Government as based on the findings?	The measures are being taken under the Program mentioned above. A National Seminar was held on **7 January 2026** endorsed a phased implementation plan (2026–2028), standardized audit methodologies, risk-based prioritization, and a centralized digital reporting system. The **National Infrastructure Audit Program (NIAP)-2026** is attached at **Annex-I.** The Program is currently under operation in phased approach, by taking the concerned provincial governments on-board.

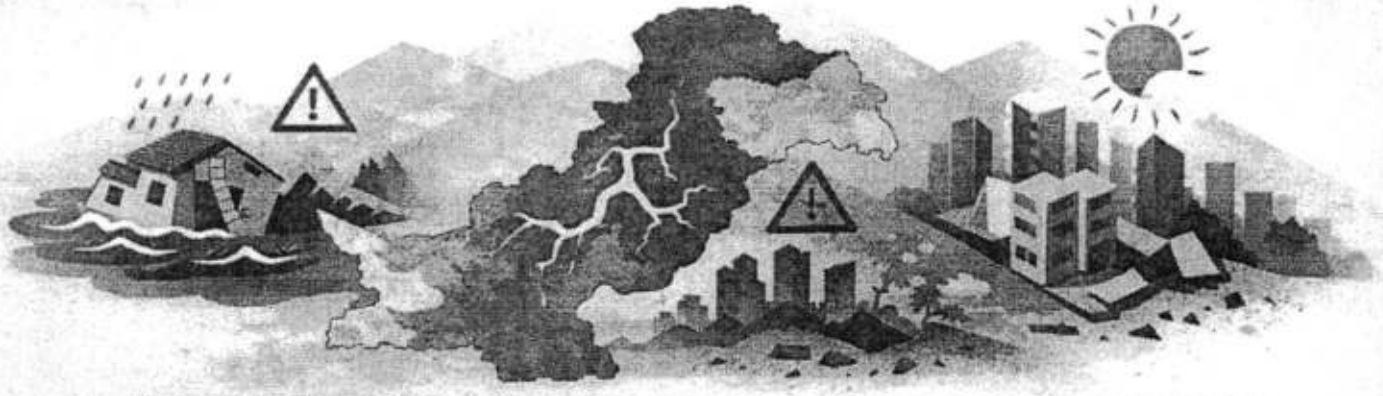
investment, and national
development.

Institutonlizing Infrastructure Audits in Pakistan

A Preventive, Cost-Effective Path to Disaster Resilience



Pakistan Faces Escalating Disaster Risks

Floods Earthquakes Climate Extremes

Why Infrastructure Fails During Disasters

- ✓ Aging Public Buildings
- ✓ No Routine Safety Audits
- ✓ Reactive Repairs Only
- ✓ Fragmented Governance

Schools Collapse Hospitals Fail Billions in Costs

The Solution: Institutionalized Infrastructure Audits

- ✓ Regular Safety Assessments
- ✓ Mandatory for Schools, Hospitals & Govt Buildings
- ✓ Integrated Planning & Compliance

Structural Safety | Flood & Quake Resilience | Utillities & Lifelines | Climate Adaptation

Prevention Costs Less Than Recovery

$1 Invested in Prevention Saves **$4~$7** in Losses

Safeguard Public Buildings

Schools & Hospitals Secured

Reduce Human Losses

✓ Lives Better Protected

Reduce Economic Losses

✓ Lower Rebuild Costs

Enable Climate Resilience

✓ Adapt to Future Risks

From Reactive Response to Risk-Informed Development

Message from the Chairman, National Disaster Management Authority

Pakistan's exposure to natural hazards is a well-established reality. Floods, earthquakes, landslides, and climate-induced extreme events continue to test our institutions, infrastructure, and collective resilience. Experience has repeatedly shown that the scale of loss during disasters is determined not only by the intensity of hazards, but by the condition, safety, and preparedness of our infrastructure.

The National Infrastructure Audit Program – 2026 represents a strategic and necessary shift in Pakistan's approach to disaster risk management. By institutionalizing systematic infrastructure audits, the Program moves the country away from a reactive cycle of damage and reconstruction toward a preventive, risk-informed model that prioritizes early identification of vulnerabilities, protection of human life, and safeguarding of public investment.

The National Seminar on the Infrastructure Audit Program has marked the formal commencement of implementation of this nationally mandated initiative. The discussions and commitments made during the Seminar demonstrate a shared resolve among federal and provincial institutions to work collaboratively, guided by standardized frameworks, transparent data systems, and clearly defined responsibilities.

NDMA's role in this endeavor is to provide national policy direction, technical guidance, and a central digital platform to ensure consistency, accountability, and evidence-based decision-making. The successful implementation of this Program, however, rests with the active ownership and sustained engagement of provincial governments, regulatory authorities, and asset-owning departments responsible for managing public infrastructure across the country.

I am confident that through collective commitment, disciplined execution, and continuous monitoring, the National Infrastructure Audit Program will contribute significantly to reducing disaster-related losses, enhancing service continuity, and strengthening public trust. By acting before disasters strike, we can make Pakistan's infrastructure safer, stronger, and more resilient for generations to come.

Lt Gen Inam Haider Malik, HI (M)
Chairman NDMA

Executive Summary

Pakistan continues to face recurrent and increasingly severe losses from floods, earthquakes, landslides, and climate-induced extreme weather events. While these hazards are natural, the scale of human and economic loss is largely attributable to unassessed, aging, and non-compliant public infrastructure that remains vulnerable until disaster strikes. Continued reliance on post-disaster response and reconstruction has proven costly, reactive, and insufficient to protect lives, public assets, and national development gains.

Recognizing this structural risk, the Prime Minister's Office approved the Concept Note for the National Infrastructure Audit Program – 2026, developed by the National Disaster Management Authority (NDMA). The Program represents a decisive shift from reactive disaster management to preventive, risk-informed governance of public infrastructure, anchored in systematic audits, prioritization of high-risk and high-occupancy assets, and timely corrective action through maintenance, strengthening, retrofitting, controlled decommissioning, or replacement.

The Program is implemented under an explicit national accountability framework. Policy direction and oversight are led by the Prime Minister's Office and the Ministry of Housing & Works, with NDMA designated as the national coordinating authority responsible for standard-setting, methodologies, tools, digital systems, and performance monitoring. Provincial governments and asset-owning departments retain full ownership of infrastructure within their jurisdictions and are responsible for audit execution, implementation of corrective measures, and reporting in accordance with national standards. Local governments, building control authorities, and development authorities serve as frontline implementing entities.

To operationalize the approved mandate, NDMA convened the National Seminar on the Infrastructure Audit Program – 2026 on 7 January 2026 at the National Emergencies Operations Center (NEOC), Islamabad. The seminar brought together senior federal and provincial leadership, planning and regulatory authorities, local governments, technical experts, development partners, and academia. The objective was to translate policy approval into a time-bound, action-oriented implementation framework with clearly defined institutional roles, timelines, and deliverables.

The seminar achieved consensus on a phased implementation plan (2026–2028), beginning with an immediate pre-monsoon Phase–I focused on life-safety and critical risk reduction, followed by expansion and corrective action in Phase–II, and full institutionalization by Phase–III. Agreement was reached on prioritizing high-occupancy and life-critical buildings, adopting standardized audit methodologies including visual inspections and non-destructive testing, utilizing the Infrastructure Resilience Index (IRI) for risk classification and investment prioritization, and ensuring mandatory digital documentation and reporting through a centralized national platform.

This report documents the deliberations, decisions, and agreed implementation framework arising from the seminar. It sets out policy and operational recommendations for federal and provincial governments, regulatory authorities, development partners, academia, and the public to ensure coordinated execution, institutional accountability, and measurable risk reduction outcomes.

Successful implementation of the National Infrastructure Audit Program – 2026 will significantly reduce disaster-related losses, protect human life, safeguard public investment, and embed preventive governance into infrastructure management. By acting before disasters strike, Pakistan can transition from vulnerability-driven response to resilience-led development, strengthening public trust and securing long-term national progress.

1. Background and National Risk Context

Pakistan is among the most disaster-prone countries in the region due to its geographical location, diverse terrain, and increasing climate variability. The country is exposed to a wide range of natural hazards, including riverine and flash floods, earthquakes, landslides, glacial lake outburst floods, droughts, heatwaves, and other climate-induced extreme events. These hazards affect both urban and rural areas and pose persistent risks to human life, public infrastructure, and national development.

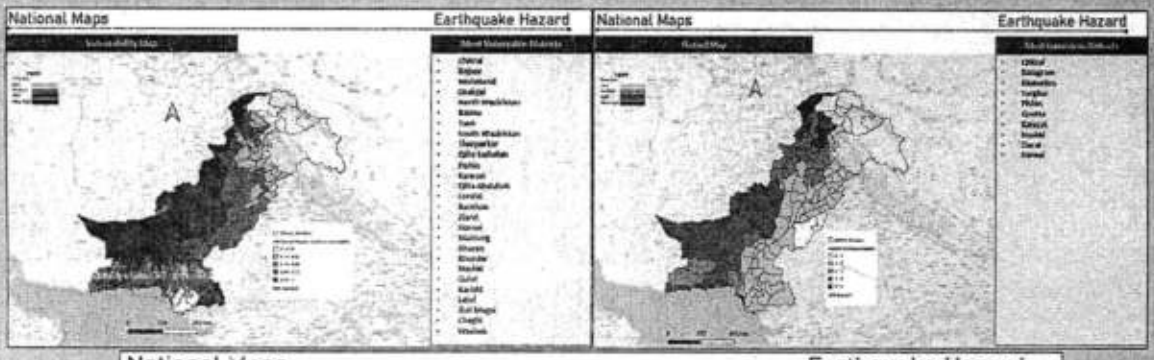
While natural hazards are unavoidable, the severity of disaster impacts in Pakistan is largely determined by the condition, location, and performance of the built environment. A significant proportion of public and private infrastructure, particularly schools, hospitals, administrative buildings, residential complexes, and commercial structures, has been constructed without consistent adherence to modern building codes, hazard-resistant design standards, or systematic maintenance regimes. In many cases, infrastructure assets are not subjected to routine safety or resilience assessments throughout their operational life, allowing structural vulnerabilities to remain undetected until disaster events occur.

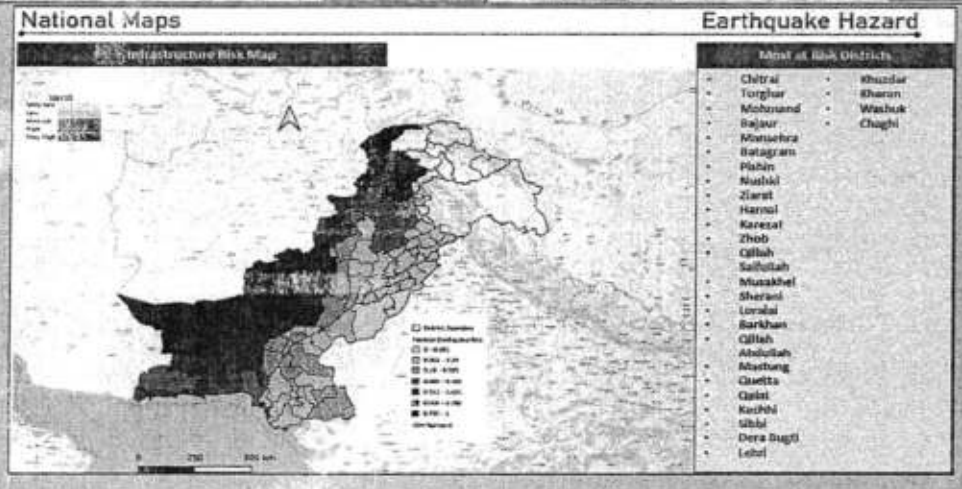
Rapid population growth, urbanization, and unplanned development have further increased exposure, especially in high-density urban centers and hazard-prone regions. As cities expand and infrastructure demand intensifies, high-occupancy and life-critical facilities are increasingly located in areas exposed to floods, seismic activity, and climate-related hazards. Consequently, even moderate hazard events now have the potential to cause disproportionate human, economic, and service-delivery impacts.

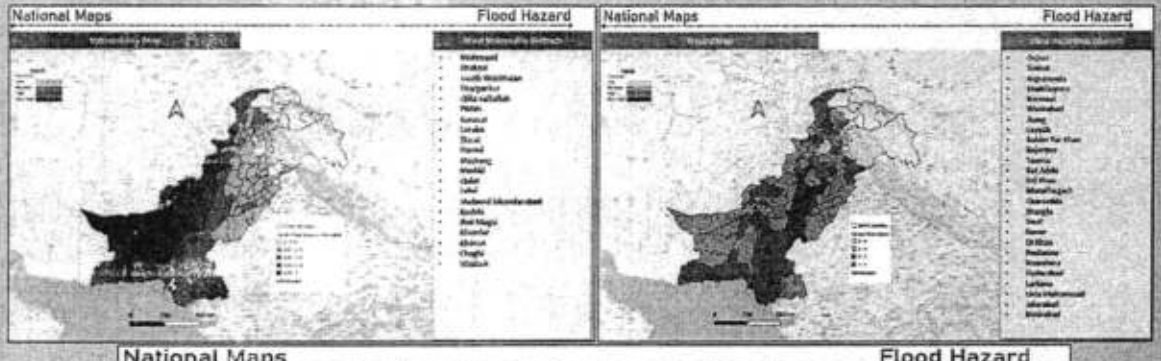
1.1. Infrastructure Risk Exposure Across Major Hazard Types

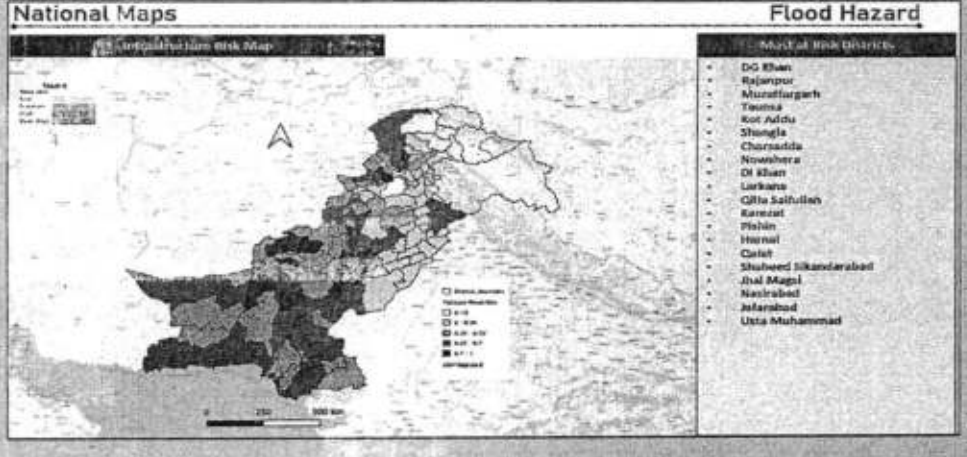
GIS-based analysis conducted under the NDMA Infrastructure Risk Atlas provides a national-scale view of the intersection between hazard exposure and built infrastructure. The Atlas indicates that large concentrations of public infrastructure are located within moderate to high-risk flood zones, active seismic regions, and landslide-prone corridors. Schools, hospitals, government offices, and residential complexes in several provinces are exposed to multiple hazards simultaneously, significantly increasing the consequences of structural failure.

The spatial analysis highlights that infrastructure risk is not uniform but clustered, with certain regions experiencing overlapping hazards and high population density. These findings reinforce the need for risk-based prioritization of infrastructure assessments, particularly for high-occupancy and essential service facilities where failure would result in severe human and societal consequences. Following are hazard, vulnerability, and infrastructure risk maps:







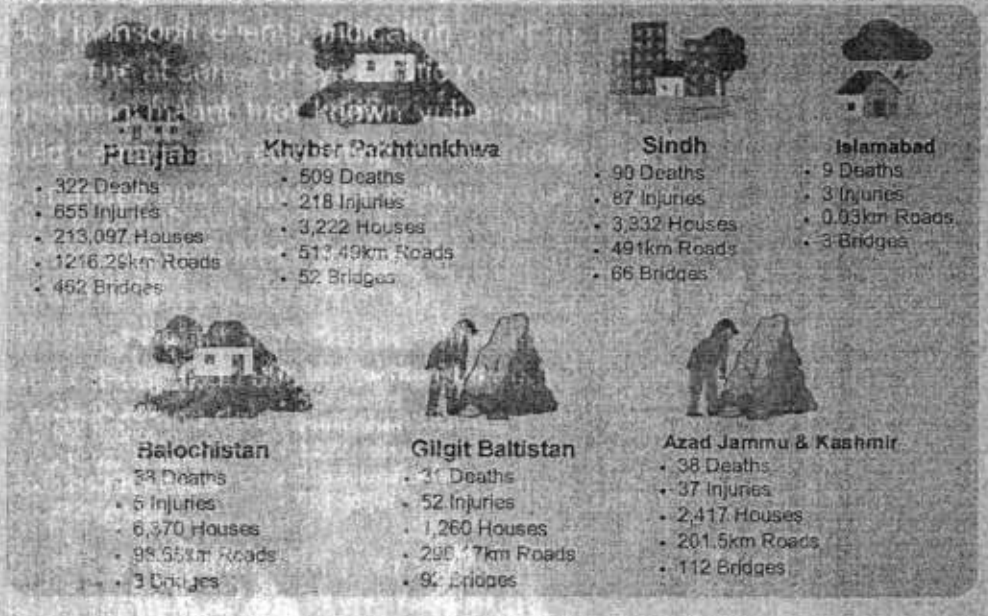


1.2 Recent Experience: Infrastructure Impacts of Monsoon 2025

The Monsoon 2025 season once again demonstrated the vulnerability of Pakistan's infrastructure to climate-induced extreme weather. Heavy rainfall and flooding resulted

in widespread damage to lives, public buildings, transport networks, drainage systems, and utility services across provinces. Numerous schools and health facilities experienced structural damage or functional disruption, while repeated failures of roads and bridges affected mobility, emergency response, and economic activity.

Notably, a significant portion of the damaged infrastructure had been affected in previous monsoon events, indicating a pattern of recurrent loss rather than isolated incidents. The absence of systematic pre-disaster structural assessment and targeted strengthening meant that known vulnerabilities remained unaddressed, leading to repeated damage and escalating reconstruction costs. These impacts further strained public finances and delayed the restoration of essential services.



1.3 Implications for Infrastructure Safety and Risk Management

The combined evidence from national hazard exposure, GIS-based infrastructure risk analysis, and recent disaster experience highlights the limitations of a predominantly reactive disaster management approach. While emergency response and post-disaster reconstruction remain essential, they do not address the underlying structural weaknesses that drive repeated losses.

Without routine infrastructure audits, decision-makers lack reliable data to prioritize investments, protect high-risk assets, and ensure accountability in infrastructure safety. Reconstruction undertaken without prior vulnerability assessment often reproduces existing risks, perpetuating a cycle of damage, repair, and re-damage.

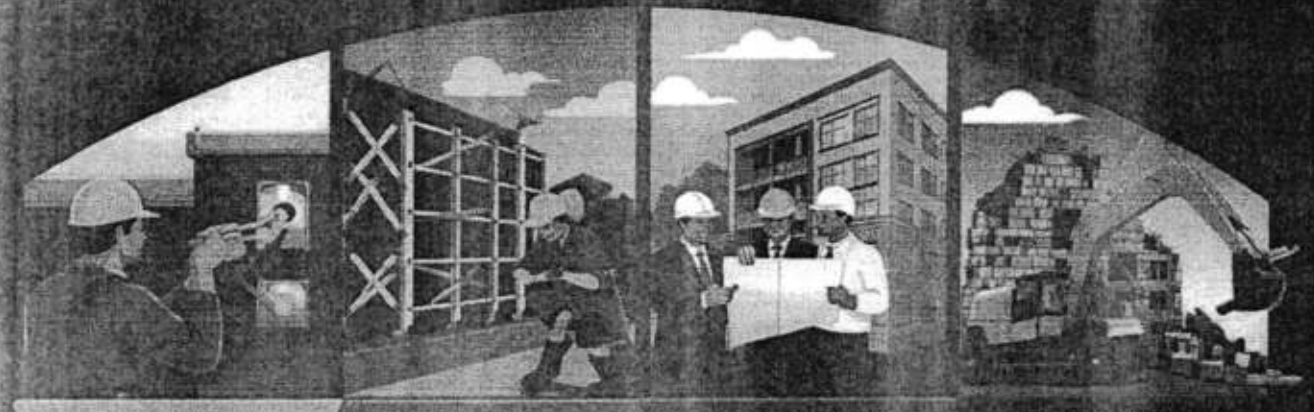
This national risk context underscores the urgent need for a paradigm shift toward preventive, risk-informed infrastructure management. **Institutionalizing infrastructure audits** as a standardized and routine function of governance provides a cost-effective mechanism to identify vulnerabilities early, guide targeted mitigation measures, and reduce future disaster losses. This shift forms the foundation for the National Infrastructure Audit Program – 2026.

"**Infrastructure audits** are not an end in themselves. They are a **decision-support** mechanism that must result in timely

MAINTENANCE, STRENGTHENING, RETROFITTING or **REMOVAL**

of unsafe infrastructure.

by the concerned departments.



Assess > Decide > Act

2. National Infrastructure Audit Program – 2026

The National Infrastructure Audit Program – 2026 represents a strategic shift in Pakistan's approach to disaster risk management, moving from reactive reconstruction to preventive, risk-informed infrastructure safety management. The program establishes a standardized and institutionalized mechanism for assessing the structural safety, functionality, and resilience of public infrastructure across federal and provincial jurisdictions.

2.1 Program Mandate and Approval Status

The National Infrastructure Audit Program was developed by the Infrastructure Advisory & Project Development wing of the National Disaster Management Authority (NDMA) in response to recurring infrastructure failures during disaster events. The program's Concept Note was formally submitted to the Prime Minister's Office and has received approval for implementation at both federal and provincial levels.

The approval reflects the Government of Pakistan's recognition of infrastructure safety as a national priority and a critical component of disaster risk reduction and climate resilience. The Program is mandated as a nationally coordinated initiative, with NDMA assigned the role of providing policy direction, standardized audit frameworks, guidelines, and a central digital platform, while implementation responsibilities rest with provincial and sectoral departments that own and manage public infrastructure assets.

2.2 Strategic Objectives

The National Infrastructure Audit Program – 2026 is guided by the following strategic objectives:

- To institutionalize regular and systematic assessment of public infrastructure to identify structural vulnerabilities before disaster events occur.
- To prioritize high-risk and high-occupancy buildings, particularly life-critical facilities such as schools, hospitals, and administrative buildings.
- To support evidence-based decision-making for disaster preparedness, mitigation, and recovery planning.
- To enhance structural safety and performance of infrastructure under both normal operating conditions and extreme hazard scenarios.
- To reduce disaster-related human casualties, economic losses, and service disruptions through timely risk mitigation measures.
- To promote cost-effective investment by shifting resources from repeated reconstruction toward preventive strengthening and retrofitting.

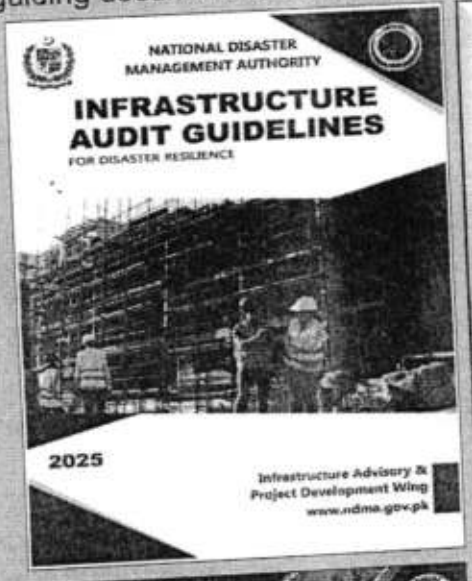
2.3 Scope and Coverage of Infrastructure Audits

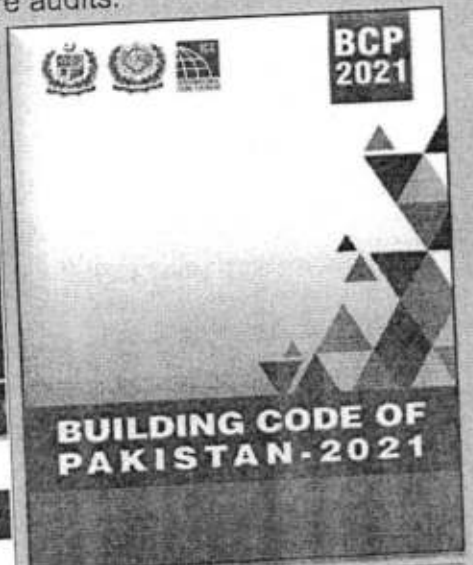
The Program encompasses a phased and scalable approach to infrastructure auditing, covering public buildings and critical infrastructure across federal, provincial, and local levels. The initial phase focuses on high-priority assets located in hazard-prone areas and characterized by high occupancy or critical service functions.

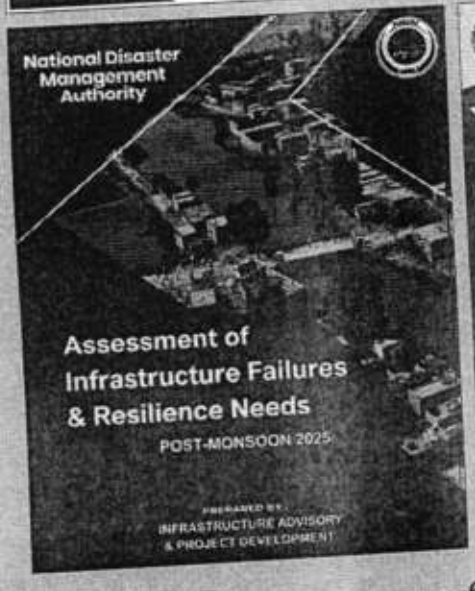
The scope of audits includes:

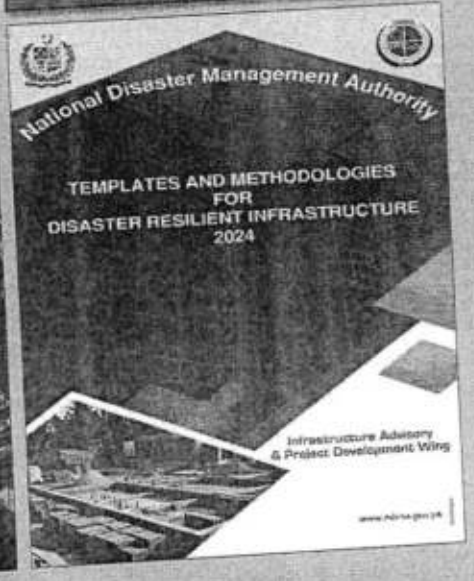
- Visual structural inspections and condition assessments
- Non-destructive testing (NDT) and material evaluation where required
- Assessment of compliance with relevant building codes and safety standards
- Evaluation of hazard exposure, functional performance, and resilience
- Assignment of Infrastructure Resilience Index (IRI) scores to audited assets

The infrastructure audit may be guided by the following guidelines issued by IA&PD wing of NDMA and is available on NDMA website and Building Codes of Pakistan. Among which, the Building Codes of Pakistan and Infrastructure Audit Guidelines are the main guiding document for infrastructure audits.









Audit findings will inform recommendations for maintenance, strengthening, retrofitting, demolition or restricted use, as appropriate. All audit results and resilience scores will be documented and uploaded to a centralized digital platform managed by NDMA to support transparency, monitoring, and risk-informed planning.

2.4 Alignment with National Policies and International Frameworks

The National Infrastructure Audit Program – 2026 is fully aligned with Pakistan's national disaster risk management and development policy frameworks. It complements the NDMP, NDRP, NDRRS, and sectoral building regulations by operationalizing risk reduction at the infrastructure level.

Internationally, the Program is aligned with the Sendai Framework for Disaster Risk Reduction (2015–2030), particularly:

- **Priority 1** (Understanding Disaster Risk) and
- **Priority 3** (Investing in Disaster Risk Reduction for Resilience).

By promoting systematic risk assessment, data-driven decision-making, and preventive investment, the Program contributes to Pakistan's commitments under global resilience and climate adaptation agendas.

The Program also supports the Sustainable Development Goals (SDGs) by strengthening the safety, resilience, and sustainability of the built environment, especially:

- **SDG 9** (Industry, Innovation, and Infrastructure),
- **SDG 11** (Sustainable Cities and Communities), and
- **SDG 13** (Climate Action)

Rationale *for* Institutionalizing Infrastructure Audits

Institutionalizing infrastructure audits is a critical step toward strengthening Pakistan's disaster resilience and safeguarding public investment.

Recurrent disaster losses have demonstrated that ad hoc assessments and post-disaster interventions are insufficient to **manage growing infrastructure risks**.

Institutional Infrastructure Audits provide:

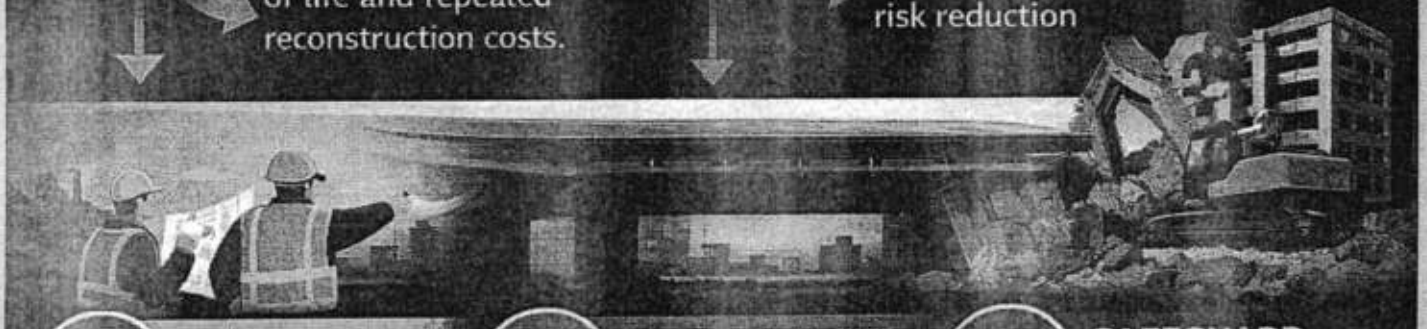
PREVENTIVE RISK MANAGEMENT

Early detection of vulnerabilities avoids loss of life and repeated reconstruction costs.

COST-EFFECTIVE INVESTMENT

Targeted strengthening is more economical than post-disaster rebuilding.

Save public funds through risk reduction



01 PREVENTIVE RISK MANAGEMENT

- Routine audits identify vulnerabilities before disasters strike.
- Reduces loss of life and emergency response pressure.

02 COST-EFFECTIVE INVESTMENT

- Audits optimize investment through targeted repairs and retrofiiting.
- Upfront risk reduction is a fraction of post-disaster rebuilding costs.

03 SAFEGUARD SERVICES AND TRUST

- Protect high-occupancy facilities and maintain public confidence in infrastructure safety.
- Ensure continuity of critical functions.

Integrated infrastructure audits provide a cost effective investment in disaster risk reduction, **reduce avoidable losses,** maαxmιze returns on public investment, and protect **human tife.**

3. Seminar Overview and Purpose

To onboard all the relevant stakeholders, a national level seminar has been conducted on 7th January 2026 at NEOC, NDMA. The National Seminar on Infrastructure Audit Program – 2026 marked the formal commencement of implementation, transitioning the initiative from conceptual planning to operational execution.

The National Seminar on Infrastructure Audit Program – 2026 was convened by the National Disaster Management Authority (NDMA) as a strategic platform to initiate coordinated implementation of a nationally mandated infrastructure safety initiative. The seminar was designed not as a ceremonial event, but as an operational starting point to align federal and provincial stakeholders on roles, priorities, timelines, and implementation mechanisms for the Infrastructure Audit Program.

3.1 Objectives of the National Seminar

The primary objectives of the National Seminar were to:

- Present the approved Concept and framework of the National Infrastructure Audit Program – 2026 to all relevant stakeholders.
- Establish a shared understanding of the program's mandate, scope, methodologies, and expected deliverables.
- Clarify institutional roles and responsibilities of federal, provincial, and sectoral authorities in program implementation.
- Facilitate alignment of implementation strategies, timelines, and coordination mechanisms for the initial phase of audits.
- Initiate a results-oriented dialogue focused on transitioning from policy approval to on-ground execution.

3.2 Participants and Institutional Representation

The seminar brought together senior leadership and technical representatives from a broad range of federal and provincial institutions responsible for infrastructure regulation, management, and development. Participants included:

- Federal ministries and attached departments
- Provincial disaster management authorities and line departments
- Building control and development authorities
- Engineering and technical experts
- Development partners and academic institutions
- Senior policymakers and planners

This diverse representation ensured that perspectives from policy, regulation, technical execution, and development planning were incorporated, reinforcing the collaborative and multi-sectoral nature of the Infrastructure Audit Program.

Detail of participants are enclosed as **Annex-I**.

3.3 Expected Outcomes and Implementation Focus

The seminar was structured to produce clear, actionable outcomes rather than general recommendations. Key expected outcomes included:

- Consensus on the implementation framework and operational approach for the Infrastructure Audit Program – 2026.
- Identification of priority buildings for initial audits, with emphasis on high-risk and high-occupancy infrastructure.
- Agreement on institutional coordination mechanisms and reporting arrangements with NDMA.
- Establishment of clear timelines and milestones for audit implementation up to June 2026.
- Formal initiation of implementation activities across participating institutions.

The seminar thus served as the formal launch of the implementation phase, ensuring that participating organizations departed with defined responsibilities, deliverables, and accountability mechanisms.

3.4 Key Messages and Policy Direction

The National Seminar on Infrastructure Audit Program – 2026 conveyed clear and unified policy direction emphasizing the urgent need to institutionalize preventive, risk-informed infrastructure safety mechanisms across Pakistan. Through opening remarks, session mandates, and collective deliberations, a strong consensus emerged on transitioning from reactive disaster response to proactive risk management.

In his opening address, the Chairman NDMA, Lt Gen Inam Haider Malik (HI M) underscored Pakistan's persistent exposure to natural hazards and the recurring losses resulting from unsafe and unassessed infrastructure. He emphasized that disasters themselves are not the sole cause of damage; rather, it is the failure of structurally vulnerable buildings and public assets that leads to catastrophic human and economic losses.

The Chairman highlighted that the National Infrastructure Audit Program represents a strategic shift in national disaster risk management, moving away from post-disaster reconstruction toward preventive action. He highlighted that the infrastructure audit is a nationally coordinated initiative and shall be implemented through multi-stakeholder approach. The Chairman further stressed that infrastructure safety is a matter of public trust and national responsibility, and that protecting high-occupancy and life-critical facilities must remain a top priority.

The session mandate, presented by Mr. Saleem Raza, Executive Director (Infrastructure Advisory & Project Development), NDMA outlined the operational framework for implementing the National Infrastructure Audit Program – 2026. It was emphasized that the seminar marked the formal commencement of implementation, not merely a conceptual discussion.

Key elements of the implementation framework included:

- NDMA's role in providing national policy direction, standardized audit methodologies, guidelines, and a central digital data platform.
- Responsibility of provincial and sectoral departments to plan, conduct, and act upon infrastructure audits within their respective jurisdictions.
- Adoption of a phased approach focusing initially on high-risk and high-occupancy public buildings.

- Use of standardized tools, including visual inspections, non-destructive testing, and the Infrastructure Resilience Index (IRI).

Participants were informed that clear deliverables, timelines, and reporting mechanisms would guide implementation, ensuring accountability and measurable progress.

3.5 Departmental and Technical Presentations

Senior representatives from building control and development authorities, including the Capital Development Authority (CDA), Sindh Building Control Authority (SBCA), consultants (Structax, Dr. Qaiser Ali Associates, and Global Tech Innovation & ESG Nexus) their respective approaches to implementing infrastructure audits within their jurisdictions.

Key aspects highlighted by the authorities included:

- Identification of priority buildings for initial audits, with emphasis on high-occupancy and life-critical facilities.
- Proposed audit execution mechanisms, including utilization of in-house technical staff and engagement of qualified consultants.
- Integration of infrastructure audits with existing regulatory and inspection frameworks.
- Preliminary timelines and milestones for audit implementation up to June 2026.
- Coordination arrangements with NDMA for reporting, data sharing, and use of standardized audit tools.

The presentations reflected varying levels of institutional capacity and experience, reinforcing the need for standardized methodologies, capacity development, and centralized coordination. The technical inputs helped contextualize global best practices within Pakistan's institutional and hazard context, supporting the practical implementation of the Program.

3.6 Consensus on Preventive, Risk-Informed Approach

Based on the departmental and technical presentations, the following key observations emerged:

- There is strong willingness among implementing agencies to initiate infrastructure audits, particularly for high-risk and high-occupancy buildings.
- Capacity gaps exist in specialized assessment techniques, underscoring the importance of targeted training and technical support.
- Standardization of tools, templates, and reporting formats is essential to ensure consistency across jurisdictions.
- Early integration of audit findings into planning and budgeting processes will be critical for effective risk reduction.

These presentations collectively reinforced the feasibility of the National Infrastructure Audit Program and provided practical inputs to refine the implementation roadmap.

3.7 Closing Remarks by the Chief Guest

The Chief Guest, **Mian Riaz Hussain Pirzada, Federal Minister for Housing and Works**, delivered the closing remarks of the National Seminar on Infrastructure Audit Program – 2026. In his address, the Honorable Minister appreciated the initiative taken by NDMA to institutionalize infrastructure audits as a preventive and cost-effective approach to disaster risk reduction.

The Minister emphasized that infrastructure safety is a national responsibility and a critical component of sustainable development. He noted that Pakistan's growing urban population and expanding infrastructure base necessitate a proactive approach to ensuring structural safety, particularly for high-occupancy and public service buildings. The Minister highlighted that preventive assessment and timely strengthening of infrastructure are far more effective and economical than repeated reconstruction after disasters.

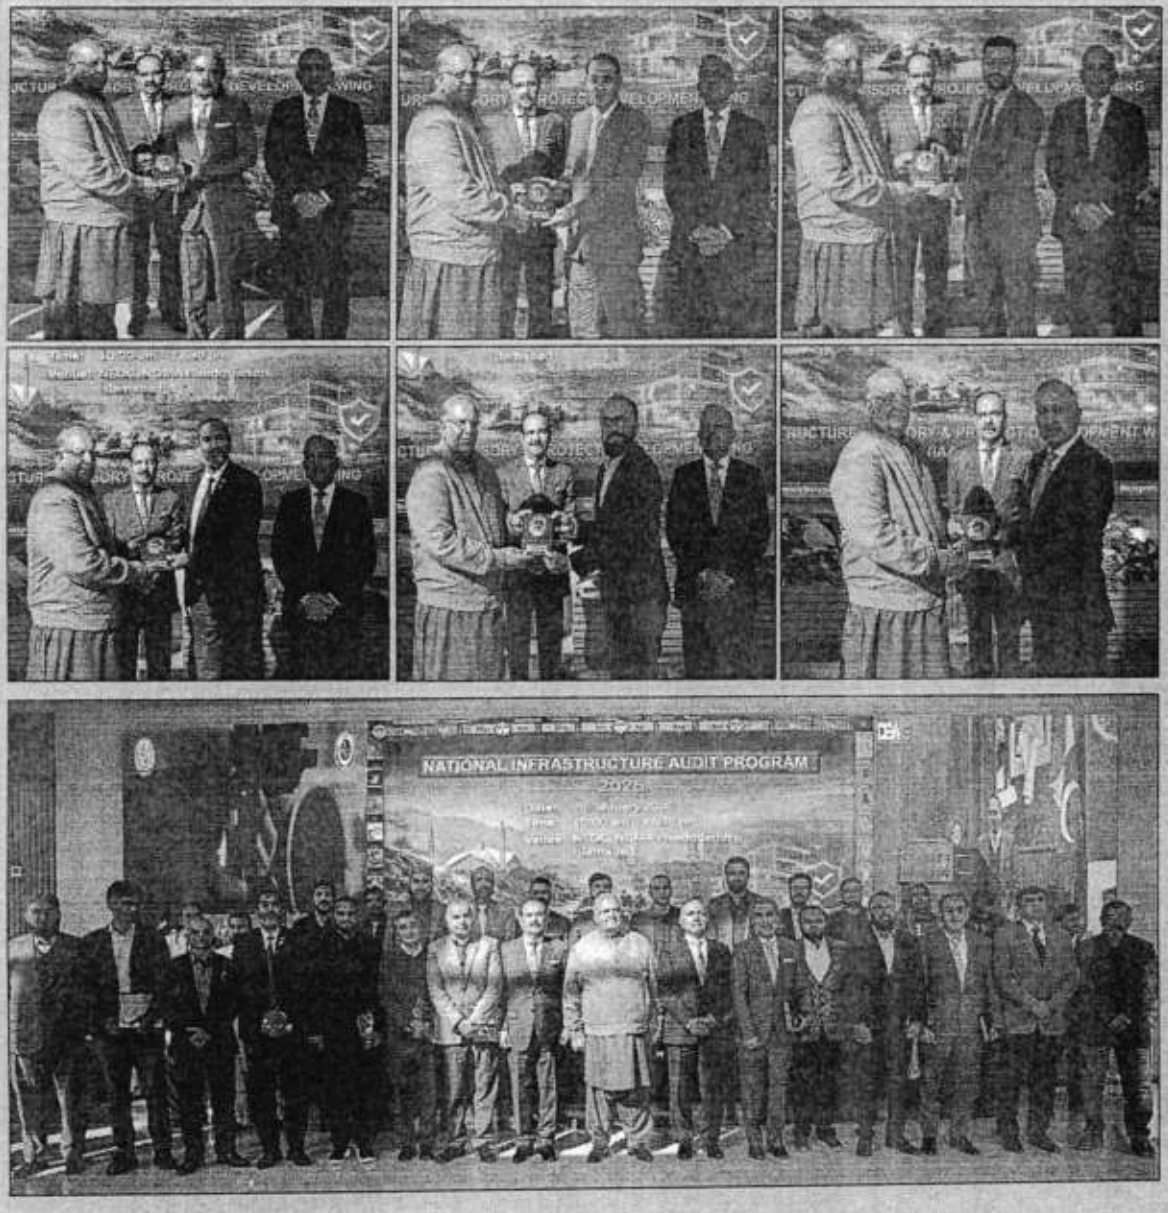
He reaffirmed the Government's commitment to strengthening regulatory frameworks, improving compliance with building codes, and supporting coordinated federal–provincial efforts for infrastructure resilience. The Minister stressed the importance of collaboration among federal ministries, provincial governments, building control authorities, and technical institutions to ensure successful implementation of the Infrastructure Audit Program.

The Honorable Minister endorsed the objectives and implementation framework of the National Infrastructure Audit Program – 2026 and encouraged all participating departments to take timely and concrete actions in line with the agreed timelines and

responsibilities. He expressed confidence that the outcomes of the seminar would translate into measurable improvements in infrastructure safety and disaster resilience.

The Chief Guest commended NDMA and participating stakeholders for their contributions and emphasized that sustained commitment, accountability, and coordinated implementation would be essential to protecting lives, safeguarding public investment, and building a more resilient Pakistan.

In his concluding remarks, he assured that the Ministry of Housing and Works will fully support NDMA in advancing this important national effort.



Infrastructure Audit Framework

The National Infrastructure Audit Program – 2026 is underpinned by a standardized and nationally coordinated Infrastructure Audit Framework designed to ensure consistency, transparency, and effectiveness across federat and provincial jurisdictions.

POLICY & GOVERNANCE STRUCTURE

Defines roles, responsibilities, and accountability mechanisms at national and provincial levels.

1

National Guidelines and Policy Direction

- National Guidelines and Policy Direction

NDMA

NDMA Central Coordination

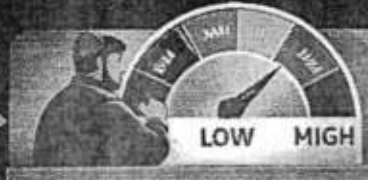
Provincial & Sectoral Implementation

AUDIT METHODOLOGIES & TOOLS

Tiered, risk-based audit methods tailored to building type and hazard exposure.

VISUAL INSPECTIONS

- Systematic visual assessment of structural condition.



NON-DESTRUCTIVE TESTING (NDT)

- Material testing of load-bearing elements with portable equipment.

INFRASTRUCTURE RESILIENCE INDEX (IRI)

Standardized scoring of relative resilience and risk

Digital Audit Platform & Data Management

Centralized platform for upload, storage, and analysis of audit information.

Integrated framework connect policy, **technical**, & **digital components** to systematically assess and strengthen **infrastructure resilience.**

4. Infrastructure Audit Framework

The National Infrastructure Audit Program – 2026 is underpinned by a standardized and nationally coordinated Infrastructure Audit Framework designed to ensure consistency, transparency, and effectiveness across federal and provincial jurisdictions. The framework integrates policy direction, governance arrangements, technical methodologies, and digital systems to enable systematic assessment of infrastructure safety and resilience.

4.1 Policy and Governance Structure

Responsibility: National Disaster Management Authority
Implementation: Building Control / Development Departments/Authorities

The Infrastructure Audit Framework is anchored in a clear policy and governance structure that defines institutional roles, responsibilities, and accountability mechanisms. At the national level, the National Disaster Management Authority (NDMA) serves as the central coordinating body responsible for:

- Providing national policy direction and standardized audit guidelines.
- Developing and maintaining audit methodologies, tools, and templates.
- Establishing and managing a central digital platform for audit data and reporting.
- Monitoring progress and facilitating coordination among implementing agencies.

NDMA has established a dedicated wing for Infrastructure Audit and detailed methodologies have been published for guiding the audit methodologies across the country.

4.2 Capacity Development and Training Plan

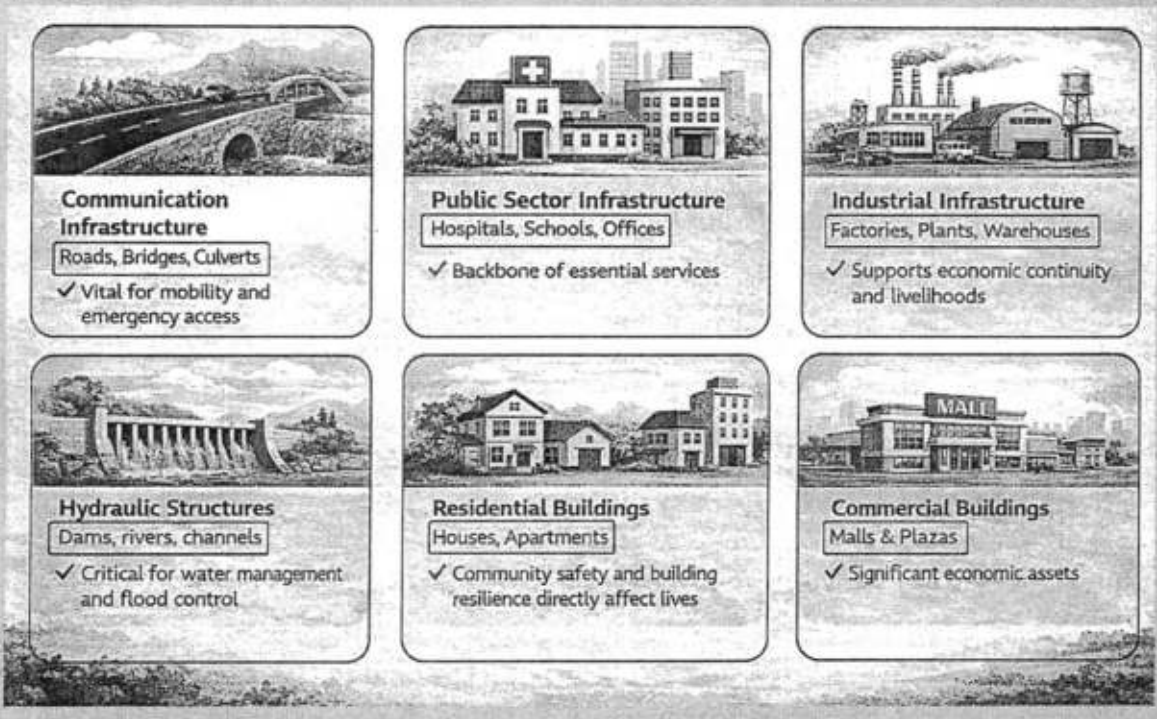
Responsibility: National Disaster Management Authority
Participants: Executing Departments

To support accelerated and sustained implementation, a targeted capacity development program will be rolled out by NDMA. This will include:

- Rapid orientation and refresher training for relevant federal and provincial departments who will be involved infrastructure audits.
- Structured training programs on audit guidelines, visual inspection techniques, non-destructive testing (NDT), and the Infrastructure Resilience Index (IRI).
- Dissemination of standardized manuals, templates, and digital reporting tools.

4.2.1 Audit Methodologies and Tools

The infrastructure can be broadly categorized into communication, public sector, industrial, hydraulic, residential and commercial. Categorization of infrastructure help us in giving equal attention to each category.



The Infrastructure Audit Program adopts a tiered and risk-based methodology, allowing audits to be conducted efficiently while maintaining technical rigor. The selection of audit techniques is guided by building type, hazard exposure, occupancy level, and initial risk screening.

Visual Inspections

Visual inspections form the first level of infrastructure assessment and are applied across all audited assets. These inspections involve systematic examination of structural and non-structural elements to identify visible signs of distress, deterioration, non-compliance, or damage. Visual inspections provide a rapid and cost-effective means to screen large numbers of buildings and determine the need for more detailed assessment.

Non-Destructive Testing (NDT)

Where visual inspections indicate potential structural concerns, non-destructive testing techniques are employed to assess material properties and structural performance without causing damage to the asset. NDT methods support informed evaluation of load-bearing elements, material degradation, and construction quality, enhancing the reliability of audit outcomes and recommendations.

Infrastructure Resilience Index (IRI)

The Infrastructure Resilience Index (IRI) is a standardized scoring tool adopted under the Program to quantify the relative safety and resilience of infrastructure assets. The IRI integrates multiple parameters, including structural condition, hazard exposure, occupancy, and functional importance. The index enables objective comparison, prioritization of interventions, and evidence-based decision-making at institutional and policy levels.

4.2.2 Priority Infrastructure and Risk-Based Categorization

Given resource constraints and the scale of infrastructure exposure across Pakistan, the National Infrastructure Audit Program adopts a risk-based prioritization approach to ensure that audits are directed where they can deliver the greatest reduction in human and economic losses. Prioritization is guided by occupancy levels, criticality of services, hazard exposure, and regional risk profiles.

High-Occupancy and Life-Critical Buildings

The highest priority under the Program is assigned to high-occupancy and life-critical buildings where structural failure would result in significant loss of life or disruption of essential services. These include, but are not limited to:

- Educational institutions, particularly public schools and colleges
- Health facilities, including hospitals, clinics, and emergency care centers
- Administrative and government buildings with high daily occupancy
- Residential buildings with high population density
- Facilities essential for emergency response and disaster management

Auditing these assets first ensures that human safety remains the primary consideration of the Program. Early identification of vulnerabilities in such facilities allows for timely mitigation measures, safe occupancy decisions, and continuity of critical services during disaster events.

Regional Hazard-Based Prioritization

In addition to building occupancy and function, regional hazard exposure forms a key basis for prioritization. Infrastructure located in areas with high flood risk, active seismic zones, landslide-prone terrain, GLOF and climate-sensitive regions is prioritized for early assessment. Multi-hazard exposure is given particular attention, as infrastructure subjected to overlapping risks faces higher probability of failure.

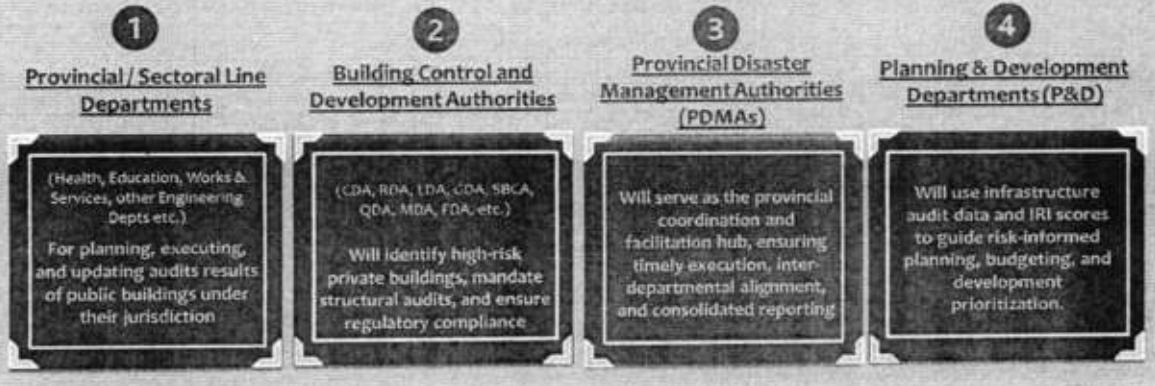
This regional prioritization enables provincial and sectoral departments to align audit activities with local risk profiles, ensuring that resources are allocated in accordance with actual hazard exposure rather than uniform or ad hoc selection.

4.3 Start of Infra Audit

Responsibility: Federal & Provincial Departments
Execution: In-House or Consult
Monitoring: PDMA & NDMA

Provincial and sectoral departments, including building control and development authorities, are responsible for implementing infrastructure audits within their respective jurisdictions as evident from below infographics. These departments retain ownership of public infrastructure assets and are accountable for planning, conducting, and acting upon audit findings. Joint working arrangements and reporting mechanisms have been established to ensure alignment, information sharing, and timely decision-making.

The concerned federal and provincial departments will conduct infrastructure audit through in-house team or through specialized consultant. A detailed responsibility matrix is enclosed as **Annex-II.**



4.4 IRI System, Digital Audit Platform and Data Management

Development: NDMA
Data Upload: Prov Dept & Building Contl Auth
Monitoring: PDMA & NDMA
Beneficiary: P&D Departments, Disaster Management Authorities

Standardized data formats and reporting protocols ensure interoperability and facilitate aggregation of information at national level. The digital platform enables evidence-based oversight and supports long-term planning for infrastructure safety and resilience.

To support transparency, consistency, and data-driven planning, NDMA has established a centralized digital platform for infrastructure audit data management. The platform serves as:

- A national repository of audit reports, findings, and IRI scores.
- An interface for federal and provincial departments to upload new audit data.
- A decision-support tool for risk-informed planning, prioritization, and monitoring.
- A mechanism for tracking implementation progress and follow-up actions.

Implementation Plan
2026–2028

National Infrastructure Audit Program to Safeguard Critical Infrastructure

Phase I: Immediate Priority (Pre-Monsoon 2026)

CRITICAL RISK REDUCTION

- Schools & Hospitals
- Flood & Seismic Zones
- Rapid Inspections & Emergency Repairs

Post-Audit Actions:

- ✓ Emergency Repairs
- ✓ Retrofitting & Evacuations
- ✓ Unsafe Demolition

Phase II: Expansion & Strengthening (2026–2027)

- Broader Infrastructure Audits
- Retrofitting Projects
- Risk-Based Maintenance

Phase III: Consolidation (2028)

- Institutionalized Audits
- Regulatory Integration
- Resilient Infrastructure Planning

Continuous Corrective Action

- Ongoing Retrofitting & Maintenance
- Digital Audit Database
- Monitoring & Reporting

Building a Safer & Resilient Future

5. Implementation Plan (2026–2028)

The National Infrastructure Audit Program – 2026 shall be implemented through a time-bound, phased, and risk-prioritized execution framework, with immediate focus on safeguarding critical and high-occupancy infrastructure before the Monsoon 2026, while progressively expanding audit coverage and corrective action nationwide through 2028.

The implementation plan is designed to:

- Deliver early, life-saving outcomes
- Ensure clear institutional accountability
- Directly link audit findings to mandatory corrective actions
- Institutionalize infrastructure safety management as a routine governance function

5.1 Policy Direction and Implementation Mandate

The National Infrastructure Audit Program – 2026 shall be implemented under the strategic policy direction of the Prime Minister's Office (PMO), with execution leadership by the Ministry of Housing & Works, coordinated nationally by the National Disaster Management Authority, and supported by Provincial Governments and the Armed Forces of Pakistan within their respective jurisdictions and mandates.

The implementation of the National Infrastructure Audit Program – 2026 shall be guided by a clear directive and oversight hierarchy to ensure enforceability, uniformity, and timely execution across all jurisdictions.

5.2 Phase–I: Immediate Priority (Pre-Monsoon 2026) – Critical Risk Reduction

Objective:

To prevent catastrophic infrastructure failure during the forthcoming monsoon season by identifying and addressing imminent life-safety risks in critical and high-occupancy buildings.

Element	Description
Action	Conduct rapid infrastructure audits of high-occupancy and life-critical buildings located in high-risk and multi-hazard zones, in compliance with national directives issued under the National Infrastructure Audit Program – 2026
Directive Authority	Prime Minister's Office (PMO); Ministry of Housing & Works
National Coordination & Oversight	National Disaster Management Authority (NDMA)
Implementing Authorities	Provincial Line Departments (Health, Education, Works & Services, Housing), TMAs, Development Authorities, and Building Control Authorities
Provincial Coordination	Provincial Disaster Management Authorities (PDMAs)
Timeline	January – May 2026 (Pre-Monsoon)
Expected Output	• Risk-classified audit reports with assigned Infrastructure Resilience Index (IRI) scores • Immediate life-safety actions initiated where required • Audit findings and actions uploaded to the central digital Infrastructure Audit Platform

Priority Coverage

- Schools, hospitals, emergency response facilities, and densely occupied buildings
- Infrastructure located in flood-prone areas, seismic zones, landslide-prone terrain, and multi-hazard corridors

Audit Methodology

- Rapid visual inspections as mandatory first screening
- Targeted Non-Destructive Testing (NDT) where visual indicators suggest structural concern

Post-Audit Mandatory Actions (Phase–I)

Based on audit outcomes, asset-owning departments shall be responsible for implementing the following actions without delay:

Audit Finding	Mandatory Action
Manageable risk	Immediate maintenance and minor corrective work
High vulnerability	Structural strengthening or retrofitting
Imminent life safety risk	Temporary restriction of use / evacuation
Beyond feasible rehabilitation	Decommissioning or demolition

All findings, risk classifications, and actions taken shall be documented and uploaded to the central digital Infrastructure Audit Platform for monitoring and oversight.

5.3 Phase–II (Post-Monsoon 2026 – 2027): Expansion, Strengthening, and Corrective Action

Objective:

To expand infrastructure audit coverage nationwide while systematically converting Phase–I audit findings into funded corrective actions, including maintenance, strengthening, and retrofitting, through risk-informed planning and investment.

Element	Description
Action	Scale infrastructure audits to additional public infrastructure categories and geographic areas, and implement prioritized corrective interventions based on Phase–I findings and IRI scores
Directive Authority	Prime Minister's Office (PMO); Ministry of Housing & Works
National Coordination & Oversight	National Disaster Management Authority (NDMA)
Implementing Authorities	Provincial Line Departments, TMAs, Development Authorities, and Building Control Authorities
Planning & Financing Alignment	Provincial Planning & Development (P&D) Departments
Provincial Coordination	Provincial Disaster Management Authorities (PDMAs)
Timeline	July 2026 – December 2027
Expected Output	• Expanded audit coverage across sectors and districts • Approved and implemented retrofitting, strengthening, and rehabilitation programs • Risk-aligned allocation of development and maintenance budgets • Continuous updating of audit status and corrective actions on the central digital platform

Key Activities

- Audits of medium-risk and regionally significant infrastructure
- Implementation of planned retrofitting and strengthening interventions
- Integration of audit results into:
    - Routine maintenance schedules
    - Asset management systems
    - Annual Development Plans (ADPs)
- Allocation of financial resources guided by Infrastructure Resilience Index (IRI) scores

This phase ensures that audits translate into physical risk reduction, rather than remaining stand-alone assessments.

5.4 Phase–III (2028): Consolidation and Mainstreaming

Objective:

To institutionalize infrastructure audits as a mandatory and permanent component of governance, regulation, asset management, and development planning at federal, provincial, and local levels.

Element	Description
Action	Integrate infrastructure audit requirements and IRI-based risk screening into regulatory approvals, development planning, asset management systems, and disaster risk reduction frameworks
Directive Authority	Prime Minister's Office (PMO); Ministry of Housing & Works
National Coordination & Policy Oversight	National Disaster Management Authority (NDMA)
Implementing & Regulatory Authorities	Provincial Governments; TMAs; Development Authorities; Building Control Authorities
Planning & Budget Integration	Federal and Provincial Planning & Development (P&D) Departments
Timeline	Calendar Year 2028
Expected Output	• Infrastructure audits embedded in building approval, occupancy certification, and asset management systems • Mandatory consideration of IRI scores in development planning and investment decisions • Institutionalized reporting and monitoring through the national digital audit platform • Sustainable, routine audit and corrective-action cycle across all tiers of government

By 2028, infrastructure audits shall be mainstreamed into:

- Development planning and project approvals
- Building regulation and compliance enforcement
- Public sector asset management systems
- Disaster risk reduction and climate adaptation strategies

5.5 Continuous Corrective Action and Digital Documentation (Cross-Cutting)

Across all phases, maintenance, strengthening, retrofitting, demolition, and corrective actions shall be treated as a continuous process, not one-time interventions.

Mandatory Requirements

- All corrective measures undertaken by asset-owning departments shall be:
  - Documented
  - Periodically updated
  - Uploaded to the central digital Infrastructure Audit Database
- The digital platform shall enable:
  - Real-time progress tracking
  - Performance monitoring
  - Evidence-based decision-making at federal and provincial levels

5.6 Stakeholder Responsibilities and Operational Coordination

5.6.1 Prime Minister's Office (PMO)

Accountability Focus: National priority setting, intergovernmental compliance, and policy enforcement at the highest level.

The Prime Minister's Office shall provide top-level political ownership and strategic oversight for the National Infrastructure Audit Program. The PMO shall issue high-level policy directives mandating compliance across federal and provincial governments, review national progress periodically, and ensure inter-ministerial alignment for risk-informed infrastructure safety.

5.6.2 Ministry of Housing & Works

Accountability Focus: Federal ownership of infrastructure audits, regulatory alignment, and execution within federal jurisdiction.

The Ministry of Housing & Works shall serve as the federal sector lead for infrastructure safety and building governance. It shall translate PMO directives into sector-specific policies, coordinate with federal executing agencies (including CDA), and ensure that infrastructure audits are embedded into federal housing, works, and building regulatory frameworks.

Step No.	Action Required	Purpose / Outcome	Indicative Timeline
1	Issue formal directives to federal works organizations and attached departments	Establish mandatory compliance with the Infrastructure Audit Program	Within 10 days
2	Nominate a Federal Focal Person for Infrastructure Audits	Ensure centralized coordination with NDMA and federal entities	Within 7 days
3	Ensure audit of federal public buildings, particularly high-occupancy and life-critical assets	Reduce life-safety risks within federal jurisdictions	Pre-Monsoon 2026
4	Validate audit findings and approve corrective action plans	Ensure technical rigor and accountability	Continuous

5	Ensure implementation of maintenance, retrofitting, or decommissioning actions	Translate audits into measurable risk reduction	Continuous
6	Align federal development and maintenance budgets with audit findings	Enable risk-informed federal investment	Annual PSDP cycle
7	Ensure uploading of all audit data and corrective actions to NDMA platform	Enable national-level oversight and transparency	Continuous

5.6.3 Capital Development Authority (CDA) and Federal Development Authorities

CDA and other federal development authorities shall function as implementing agencies for infrastructure audits within their respective jurisdictions, with full responsibility for execution and follow-up actions.

Step No.	Action Required by CDA / Federal Development Authorities	Purpose / Outcome	Indicative Timeline
1	Identify and prioritize high-occupancy and critical buildings	Risk-based selection of audit targets	Within 30 days
2	Conduct infrastructure audits using approved national frameworks	Ensure standardized assessment	Pre-Monsoon 2026 (Priority Assets)
3	Implement corrective actions based on audit recommendations	Improve structural safety and resilience	Continuous
4	Enforce usage restrictions or demolition where required	Protect public safety	As required
5	Upload audit reports and action status to digital platform	Ensure traceability and monitoring	Continuous

5.6.4 National Disaster Management Authority

NDMA shall act as the national coordinating, standard-setting, and monitoring authority for the National Infrastructure Audit Program.

Step No.	Action Required by NDMA	Purpose / Outcome	Indicative Timeline
1	Issue national audit guidelines, SOPs, and tools	Ensure consistency across jurisdictions	Completed / Continuous
2	Maintain and operate the Infrastructure Audit Digital Platform	Centralized data repository and monitoring	Continuous
3	Facilitate training and capacity building for stakeholders	Enhance technical capability	As per training plan
4	Monitor audit coverage and corrective actions	National-level oversight	Continuous
5	Report progress to PMO and Federal Government	Strategic review and accountability	Quarterly

5.6.5 Armed Forces of Pakistan

The Armed Forces shall provide structured technical, engineering, and surge support, while maintaining ownership of audits for military-administered infrastructure.

Step No.	Action Required by Armed Forces	Purpose / Outcome	Indicative Timeline
1	Conduct infrastructure audits of military-owned facilities	Ensure safety of strategic and operational assets	As per internal schedule
2	Provide technical engineering support to civilian authorities	Enhance assessment quality	Pre-Monsoon / As required
3	Support audits in remote or inaccessible areas	Enable national coverage	As required

4	Share non-sensitive audit findings with NDMA	Strengthen national risk profiling	Continuous
5	Support post-disaster rapid safety evaluations	Inform re-occupation and recovery decisions	Post-disaster

5.6.6 Provincial Governments

- Assume full ownership and implementation responsibility for infrastructure audits within their respective jurisdictions.
- Issue provincial directives to line departments, development authorities, and building control agencies.
- Ensure timely execution of audits, validation of findings, and implementation of corrective actions.
- Align provincial planning, budgeting, and maintenance programs with audit findings and risk priorities.
- Ensure provincial data submission and compliance with national reporting mechanisms.

5.6.7 Provincial Disaster Management Authorities/SDMA/GBDMA

Accountability Focus: Coordination, progress tracking, and issue escalation. PDMAs shall function as the provincial coordination hub, ensuring inter-departmental alignment, monitoring audit progress, facilitating capacity building, and consolidating provincial reports for submission to NDMA. PDMAs shall also escalate unresolved operational or compliance issues through provincial governments.

Step No.	Action Required by PDMA	Purpose / Outcome	Indicative Timeline
1	Nominate a Provincial Focal Person for the National Infrastructure Audit Program	Establish a single, accountable coordination point with NDMA and provincial line departments	Within 7 days of Kickoff Seminar
2	Issue formal notification to all relevant provincial line departments (Health, Education, Works & Services, Development Authorities, Building Control Authorities)	Ensure formal provincial ownership and cascading of the Program mandate	Within 10 days
3	Establish a Provincial Coordination Mechanism (Working Group / Task Cell)	Enable structured inter-departmental coordination and smooth rollout	Within 2 weeks
4	Compile a preliminary inventory of critical public buildings (sector-wise and district-wise) received from departments	Establish baseline understanding of audit scope and risk prioritization	Within 30 days
5	Facilitate participation of line departments in NDMA-led training programs	Build common understanding of audit tools, SOPs, and IRI methodology	As per NDMA training schedule
6	Facilitate creation of user access for departments on the Infrastructure Audit Toolkit / Digital Platform (through NDMA)	Enable direct upload and updating of audit data by departments	Within 4 weeks
7	Monitor and track progress of audits conducted by provincial departments against agreed timelines	Ensure provincial oversight and early identification of implementation gaps	Continuous
8	Escalate unresolved policy, capacity, compliance, or enforcement issues to NDMA	Enable timely resolution and adaptive program management	As required

5.6.8 Planning & Development Departments (P&D Departments)

Planning & Development Departments shall play a central role in institutionalizing risk-informed decision-making by integrating infrastructure audit outputs and Infrastructure Resilience Index (IRI) scores into provincial planning, budgeting, and development prioritization processes. This integration is essential to ensure that audit findings translate into funded corrective actions and long-term risk reduction.

Step No.	Action Required by P&D Department	Purpose / Outcome	Indicative Timeline
1	Nominate a Planning Focal Person for the Infrastructure Audit Program	Ensure effective coordination with PDMAs, NDMA, and line departments	Within 7 days
2	Receive orientation on Infrastructure Resilience Index (IRI) and audit outputs	Build institutional understanding of audit data for planning and budgeting	Within 30 days
3	Access dashboards and analytical reports from the Infrastructure Audit Digital Platform	Enable evidence-based and risk-informed planning decisions	Within 2–3 weeks
4	Integrate audit findings and IRI scores into development planning processes	Prioritize projects based on risk exposure and vulnerability	Continuous
5	Utilize audit data for budget prioritization	Allocate development and maintenance resources to high-risk infrastructure	Annual / ADP cycle
6	Coordinate with line departments on retrofitting, strengthening, and rehabilitation proposals	Ensure technical and risk-based justification of investments	Continuous
7	Support scaling and sustainability of the Infrastructure Audit Program	Strengthen institutionalization through policy alignment and financing mechanisms	As required

5.6.9 Provincial Building Control Authorities and Development Authorities

Accountability Focus: Technical execution, regulatory enforcement, and life-safety compliance.

Provincial Building Control Authorities and Development Authorities shall serve as the primary technical implementing agencies for infrastructure audits within their respective jurisdictions. These authorities are responsible for enforcing building regulations, ensuring structural safety, and translating audit findings into enforceable corrective actions for public and regulated buildings.

Step No.	Action Required by BCAs / Development Authorities	Purpose / Outcome	Indicative Timeline
1	Nominate a Technical Focal Person for the Infrastructure Audit Program	Ensure technical coordination with PDMAs, NDMA, and line departments	Within 7 days
2	Identify and prioritize high-occupancy and life-critical buildings within their jurisdiction	Risk-based selection of audit targets	Within 30 days
3	Conduct infrastructure audits using national SOPs, tools, and methodologies	Ensure standardized and technically sound assessments	Pre-Monsoon 2026 (Priority Assets)

4	Recommend corrective actions including maintenance, strengthening, retrofitting, restricted use, or demolition	Translate audit findings into actionable safety measures	Continuous
5	Enforce implementation of audit-based recommendations	Ensure compliance and life-safety outcomes	As required
6	Issue or renew building health / safety certification based on audit outcomes	Institutionalize periodic safety compliance	Every 3–5 years
7	Upload audit findings and corrective action status to the digital platform	Enable monitoring, reporting, and oversight	Continuous

5.6.10 Local Governments, Municipal Corporations, and Tehsil Municipal Administrations (TMAs)

Accountability Focus: Local execution, public safety enforcement, and community interface.

Local Governments and TMAs shall play a critical role in ground-level implementation, facilitation, and monitoring of infrastructure audits, particularly for municipally owned assets and community-level public buildings.

Step No.	Action Required by Local Governments / TMAs	Purpose / Outcome	Indicative Timeline
1	Designate a Municipal Focal Person for infrastructure audits	Establish local coordination with BCAs, PDMAs, and line departments	Within 7 days
2	Compile and maintain inventories of municipally owned public buildings	Support comprehensive audit planning	Within 30 days
3	Facilitate site access, records, and logistical support for audit teams	Enable timely and accurate assessments	Continuous
4	Implement minor maintenance and immediate corrective measures	Address low-cost, high-impact risks quickly	Continuous
5	Enforce usage restrictions and safety advisories issued by authorities	Protect public safety	As required
6	Support community awareness and risk communication	Improve public cooperation and compliance	Continuous
7	Report audit progress and corrective actions through provincial channels	Enable structured reporting and oversight	Continuous

5.9 Implementation and Reporting Requirement

All actions undertaken under this framework, including audit completion, risk classification, and corrective measures such as maintenance, strengthening, retrofitting, or decommissioning, shall be systematically documented and updated on the central Infrastructure Audit Digital Platform managed by NDMA. This will ensure transparency, traceability, and effective national-level oversight.

5.8 Coordination and Accountability Mechanism

All provincial Building Control Authorities, Development Authorities, and Local Governments shall operate under the overall coordination of PDMAs, with technical standardization and national oversight provided by NDMA. Failure to comply with audit timelines or enforcement of corrective actions shall be escalated through provincial governments to the federal level for resolution.

Implementation Timeline (2026–2028) National Infrastructure Audit Program – 2026

Phase	Timeframe	Strategic Focus	Key Actions (Directive)	Accountable Authorities	Primary Outputs
Phase–I: Immediate Priority (Pre-Monsoon)	**Jan – Jun 2026**	**Life-Safety and Critical Risk Reduction**	• Formal notification of program and timelines • Nomination of focal persons at federal, provincial, and local levels • Identification of high-occupancy and life-critical buildings in high-risk zones • Rapid visual audits supported by targeted NDT where required • Assignment of Infrastructure Resilience Index (IRI) scores • Immediate corrective actions including maintenance, restricted use, evacuation, or closure	**Policy Oversight:** PMO, MoH&W **National Coordination:** NDMA **Implementation:** Provinces, BCAs, TMAs, Line Departments	• Audited inventory of critical infrastructure • Risk-classified buildings with IRI scores • Immediate safety measures implemented before monsoon
Phase–II: Expansion & Corrective Action	**Jul 2026 – Dec 2027**	**Scaling, Strengthening, and Risk-Informed Investment**	• Expansion of audits to additional sectors and regions • Detailed engineering assessments of medium- and high-risk assets • Implementation of approved retrofitting, strengthening, or rehabilitation works • Integration of audit findings into routine maintenance and asset management systems • Use of IRI scores to guide budgeting, PSDP/ADP prioritization, and development approvals	**Policy Oversight:** PMO, MoH&W **Coordination:** NDMA, PDMAs **Implementation:** Provincial Governments, P&D Departments, BCAs	• Expanded national audit coverage • Retrofitted and strengthened public infrastructure • Budget allocations aligned with risk priorities
Phase–III: Consolidation & Mainstreaming	**Calendar Year 2028**	**Institutionalization and Sustainability**	• Integration of audit requirements into planning, regulatory, and compliance frameworks • Routine updating of audits and IRI scores • National-level infrastructure risk analysis and reporting • Policy refinement based on implementation lessons and performance reviews	**Policy Oversight:** PMO, MoH&W **National Stewardship:** NDMA **Implementation:** Federal & Provincial Governments	• Fully institutionalized audit system • Mainstreamed risk-informed governance • Sustained reduction in infrastructure-related disaster risk

Cross-Cutting Operational Requirements: Across all phases, the following requirements shall apply:

- Mandatory digital documentation of audit findings, IRI scores, corrective actions, retrofitting works, maintenance measures, and demolition decisions on the central Infrastructure Audit Digital Platform managed by NDMA
- Quarterly progress reporting by implementing authorities through provincial coordination mechanisms to NDMA
- Continuous coordination among NDMA, PDMAs, Provincial Governments, Building Control Authorities, Local Governments, Planning & Development Departments, and asset-owning entities
- Corrective action and retrofitting measures shall be treated as a continuous obligation, not a one-time activity, until identified risks are fully mitigated

National Infrastructure Audit Program – 2026

Policy & Operational Recommendations

Federal Government

- Institutionalize mandatory audits
- Integrate audits into PSDP & budgeting
- Establish federal funding windows
- Mandate NDMA monitoring & oversight

Armed Forces

- Audit military-minsted
- Technical & logistical support
- Assist civilian authorities

Provincial Governments

- Lead audits in hazard-prone areas
- Align budgets with risk findings
- Upload results to central platform

Regulatory Authorities

- Integrate audits into regulations
- Enforce corrective measures
- Adopt risk-based inspections

Development Partners

- Provide technical assistance
- Finance corrective measures
- Share global best practices

Academia & Professional

- Advance audit & safety curricula
- Conduct applied research
- Train & certify engineers

General Public

- Report infrastructure risks
- Support preventive audits
- Build a culture of safety

OUTCOMES

- Reduced disaster risk
- Safer public infrastructure
- Risk-informed investment
- Public trust & accountability

6. Policy and Operational Recommendations

The National Infrastructure Audit Program – 2026 and the deliberations of the National Seminar reaffirmed that reducing infrastructure-related disaster risk requires more than technical assessments. Sustainable impact will depend on clear policy direction at the highest level, defined institutional ownership, coordinated execution, and continuous follow-through across federal, provincial, and sectoral entities. The following policy and operational recommendations are therefore proposed to ensure timely implementation, accountability, and measurable outcomes.

6.1 Recommendations for the Federal Government

At the national level, the Prime Minister's Office should continue to provide overarching policy direction and strategic oversight for the National Infrastructure Audit Program. Executive guidance from the PMO is essential to ensure inter-ministerial coordination, compliance by federal entities, and sustained provincial engagement. Periodic high-level reviews should be instituted to assess progress against defined milestones, particularly in relation to audits and corrective actions for high-occupancy and life-critical infrastructure, and to address systemic bottlenecks requiring federal intervention.

The Ministry of Housing & Works should assume a central leadership role in the execution of infrastructure audits within federal jurisdictions. As the primary federal custodian of public buildings and works, the Ministry should formally integrate infrastructure audit requirements into federal regulatory frameworks, asset management systems, and occupancy certification mechanisms. Binding directives should be issued to federal agencies, development authorities, and attached departments under its mandate to ensure timely audits, validation of findings, and implementation of corrective measures, including maintenance, strengthening, retrofitting, or decommissioning of unsafe assets. The Ministry should also ensure effective coordination with provincial governments, particularly for infrastructure assets with inter-jurisdictional or shared risk profiles.

The National Disaster Management Authority should continue to serve as the national coordinating and standard-setting body for the Program. Under its federal mandate, NDMA should provide standardized audit methodologies, tools, templates, and the Infrastructure Resilience Index, while maintaining and operating the central digital platform for audit data, reporting, and monitoring. NDMA should facilitate coordination among implementing agencies, track progress of audits and corrective actions, and provide technical guidance where required. In parallel with formal directives, NDMA should continue to proactively engage stakeholders, promote best practices, and independently push forward implementation through technical facilitation and capacity development.

i. Formal Institutionalization of Infrastructure Audits

Element	Description
Action	Institutionalize infrastructure audits as a mandatory requirement for public infrastructure through executive directives, policy notifications, or legislative instruments.
Directive Authority	Prime Minister's Office (PMO)
Lead Implementing Ministries	Ministry of Housing & Works; Ministry of Planning, Development & Special Initiatives
Timeline	Within 6 months of approval of this Report
Planning & Budget Integration	Federal and Provincial Planning & Development (P&D) Departments
Expected Output	Infrastructure audits embedded as a permanent governance function, independent of project cycles or ad hoc initiatives

ii. National Policy Direction and Central Oversight

Element	Description
Action	Mandate NDMA to provide national policy direction, standardized audit frameworks, technical guidelines, and indicators, and to operate a centralized digital audit and monitoring platform
Directive Authority	Ministry of Finance; Ministry of Planning, Development & Special Initiatives
Timeline	Budget Cycle 2026–27
Expected Output	Predictable and targeted financing for preventive risk reduction rather than post-disaster reconstruction.

iii. Integration with National Planning and Budgeting Processes

Element	Description
Action	Formally link infrastructure audit findings and Infrastructure Resilience Index (IRI) scores with federal planning and financing mechanisms
Mandatory Integration Areas	• Public Sector Development Programme (PSDP) • Federal sectoral development plans • Climate adaptation, disaster risk reduction, and resilience strategies
Responsible Authorities	Ministry of Planning, Development & Special Initiatives; Line Ministries
Timeline	Effective from PSDP Cycle 2026–27 onward
Expected Output	Risk-informed project selection, prioritization, and funding decisions, reducing future reconstruction liabilities.

iv. Dedicated Federal Funding Windows for Risk Reduction

Element	Description
Action	Establish dedicated funding windows or budget lines to finance priority corrective actions identified through infrastructure audits
Funding Focus	• Retrofitting of high-risk, life-critical infrastructure • Structural strengthening and safety upgrades • Decommissioning or replacement of irreparably unsafe assets
Responsible Authorities	Ministry of Planning, Development & Special Initiatives; Line Ministries
Timeline	Effective from PSDP Cycle 2026–27 onward
Expected Output	Risk-informed project selection, prioritization, and funding decisions, reducing future reconstruction liabilities.

v. **Federal performance Monitoring and Accountability**

Element	Description
Action	Institute periodic federal-level performance reviews to assess: • Audit coverage and quality • Status of corrective actions • Risk reduction outcomes
Responsible Authorities	NDMA (Monitoring & Reporting); PMO (Strategic Oversight)
Timeline	Bi-annual reviews
Expected Output	Clear accountability of implementing entities and evidence-based course correction where required.

vi. **Federal Ownership and Direct Implementation Responsibility**

Element	Description
Action	Assign full ownership of infrastructure audits and corrective actions for federally controlled assets
Responsible Authorities	• Ministry of Housing & Works; • Capital Development Authority (CDA)
Scope	• Planning and execution of audits • Validation of findings • Implementation of maintenance, retrofitting, or decommissioning measures
Timeline	Immediate and ongoing
Expected Output	Demonstrated federal leadership through timely action on federally owned infrastructure.

vii. **Public Awareness and Risk Literacy**

Element	Description
Action	Strengthen national public awareness initiatives on infrastructure safety, building risks, and preventive audits
Responsible Authorities	Ministry of Information & Broadcasting; NDMA
Timeline	Rolling campaigns beginning 2026
Expected Output	Improved public understanding, enhanced compliance, and societal support for preventive risk management measures.

6.2 Recommendations for the Armed Forces

The Armed Forces of Pakistan should also play a defined and time-bound role within the National Infrastructure Audit Program. Military-owned and administered infrastructure should be audited using national frameworks, subject to applicable security protocols. In addition, the Armed Forces may provide technical and engineering support to civilian authorities, particularly for pre-monsoon risk assessments, infrastructure located in remote or inaccessible areas, and facilities of strategic importance. Non-sensitive audit findings and risk classifications should be shared with NDMA to support national risk profiling and planning. The availability of military engineering expertise and surge capacity can significantly enhance national preparedness and rapid risk reduction efforts.

The following tables outline time-bound, support-oriented roles of the Armed Forces under the National Infrastructure Audit Program – 2026, aimed at strengthening technical rigor, rapid assessment capability, and national preparedness, while maintaining civilian ownership and regulatory authority.

i. **Technical Advisory Support for Critical and Strategic Infrastructure Audits**

Element	Description
Action	Provide technical advisory support for audits of strategic, high-risk, and life-critical infrastructure, including bridges, dams, critical installations, and facilities located in remote or high-risk terrain.
Responsible Authorities	Armed Forces Engineering Corps (e.g., FWO, Military Engineering Services), coordinated through NDMA
Timeline	Phase–I and Phase–II (2026–2027), as required
Expected Output	Enhanced technical rigor and risk assessment accuracy for critical infrastructure

ii. **Military Support for Rapid Infrastructure Assessment in High-Risk and Inaccessible Areas**

Element	Description
Action	Support rapid infrastructure assessments in high-risk and inaccessible areas during pre-monsoon and post-disaster windows.
Responsible Authorities	Armed Forces; NDMA; PDMAs
Timeline	Pre-Monsoon 2026 and post-disaster deployments
Expected Output	Timely assessment of infrastructure safety in difficult-to-access regions

iii. **Geospatial, Reconnaissance, and Logistics Support for Risk Analysis and Audit Prioritization**

Element	Description
Action	Provide logistics, aerial reconnaissance, and geospatial support (where required) to complement NDMA's Infrastructure Risk Atlas and audit prioritization.
Responsible Authorities	Armed Forces; NDMA
Timeline	2026-2028
Expected Output	Improved spatial risk analysis and informed prioritization

iv. **Capacity Building and Joint Training Support for Infrastructure Audit and Safety Assessment**

Element	Description
Action	Support capacity-building through training, joint exercises, and knowledge sharing with civilian engineers and inspectors.
Responsible Authorities	Armed Forces Training Institutions; NDMA Centre of Excellence
Timeline	2026–2027
Expected Output	Strengthened national audit and response capacity

v. **Post-Disaster Rapid Safety Evaluation and Recovery Decision Support**

Element	Description
Action	Assist in post-disaster rapid safety evaluations to inform decisions on re-occupation, restricted use, or demolition of affected infrastructure.
Responsible Authorities	Armed Forces; NDMA; Provincial Governments
Timeline	As required following disaster events
Expected Output	Faster recovery decisions and reduced secondary risk

6.3 Recommendations for Provincial Governments

Provincial governments should assume full ownership and responsibility for implementing infrastructure audits within their respective jurisdictions. Provincial administrations should issue clear directives to line departments, development authorities, and building control agencies to ensure timely execution of audits and implementation of audit-based recommendations. Particular emphasis should be placed on completing audits of high-occupancy and life-critical buildings in hazard-prone and multi-hazard areas before the monsoon season of 2026. Provincial annual development plans and maintenance budgets should be aligned with audit findings, Infrastructure Risk Atlas outputs, and IRI scores to ensure that corrective actions are adequately financed. All audit results and follow-up actions should be regularly uploaded to the central digital platform to ensure transparency, coordination, and national-level visibility.

i. Ownership and Implementation Responsibility

Element	Description
Action	Assume full ownership of planning, execution, validation, and follow-up of infrastructure audits for all public infrastructure within provincial jurisdiction.
Responsible Authorities	Provincial Governments; Line Departments (Health, Education, Works, Housing, Local Government); facilitated by PDMAs; coordinated with NDMA
Timeline	Immediate and continuous
Expected Output	Clear provincial ownership, timely audit execution, and implementation of corrective measures for public assets

ii. Pre-Monsoon Risk Reduction Priority

Element	Description
Action	Conduct and act upon audits of high-occupancy and life-critical buildings in hazard-prone areas prior to Monsoon 2026, with phased rollout for remaining infrastructure.
Responsible Authorities	Provincial Line Departments; TMAs/Development Authorities; PDMAs; NDMA (coordination and oversight)
Timeline	January – May 2026 (Pre-Monsoon Priority); phased continuation through 2028
Expected Output	Reduced life-safety risk during monsoon season; early mitigation of critical vulnerabilities

iii. Budgetary Alignment and Resource Allocation

Element	Description
Action	Align Annual Development Plans (ADPs), maintenance budgets, and rehabilitation programs with Infrastructure Risk Atlas outputs and audit findings.
Responsible Authorities	Provincial Planning & Development Departments; Finance Departments; Line Departments
Timeline	From ADP cycle 2026–27 onwards
Expected Output	Risk-informed allocation of development and maintenance resources

iv. **Institutional Capacity Strengthening**

Element	Description
Action	Strengthen institutional and technical capacity of provincial departments through structured training in audit methodologies, NDT, IRI scoring, and digital reporting.
Responsible Authorities	Provincial Governments; NDMA Center of Excellence; PDMAs
Timeline	2026–2028 (progressive)
Expected Output	Sustainable in-house audit capacity and reduced dependence on ad-hoc assessments

v. **Data Sharing and Reporting Compliance**

Element	Description
Action	Ensure timely uploading of audit data, risk classifications, and corrective actions to the central digital audit platform.
Responsible Authorities	Provincial Line Departments; PDMAs; NDMA
Timeline	Continuous
Expected Output	National-level visibility, transparency, and coordinated decision-making

vi. **Public Awareness and Risk Literacy**

Element	Description
Action	Implement province-specific public awareness and risk literacy campaigns on infrastructure safety and preventive audits.
Responsible Authorities	Provincial Information Departments; PDMAs; Line Departments
Timeline	Rolling campaigns from 2026
Expected Output	Improved public compliance, community awareness, and support for preventive safety measures

6.3 Recommendations for Regulatory and Building Authorities

Regulatory & building control authorities and Local Governments should integrate infrastructure audit requirements into existing approval, inspection, and compliance regimes, particularly for public and high-occupancy buildings. Periodic building health certification, renewed every three to five years, should be introduced to ensure continued compliance and safety. Authorities must ensure enforcement of audit-based recommendations, including mandatory strengthening, restricted use, or demolition where required, and transition from routine or complaint-driven inspections to risk-based inspection regimes informed by audit data and hazard exposure.

i. **Integration with Regulatory Frameworks**

Element	Description
Action	Integrate infrastructure audit requirements into building approval, occupancy certification, and compliance systems, particularly for public and high-occupancy buildings. Introduce mandatory Building / Infrastructure Health Certification with renewal every 5-10 years.
Responsible Authorities	Building Control Authorities; Development Authorities; Local Governments
Timeline	Regulatory amendments initiated in 2026
Expected Output	Institutionalized safety compliance and lifecycle monitoring of buildings

ii. **Enforcement of Corrective Measures**

Element	Description
Action	Enforce implementation of audit-based recommendations, including strengthening, retrofitting, restricted use, or demolition of unsafe structures.
Responsible Authorities	Building Control Authorities; Local Governments; Asset-Owning Departments
Timeline	Continuous
Expected Output	Reduced structural failure risk and improved enforcement credibility

iii. **Risk-Based Inspection Regimes**

Element	Description
Action	Transition from routine or complaint-based inspections to risk-based inspection regimes informed by audit findings, IRI scores, and hazard exposure.
Responsible Authorities	Regulatory and Inspection Authorities
Timeline	Phased implementation from 2026
Expected Output	Efficient, evidence-based regulatory oversight

iv. **Updating Codes and Standards**

Element	Description
Action	Utilize audit findings and post-disaster assessments to periodically update building codes, safety standards, and inspection checklists.
Responsible Authorities	Regulatory Authorities; Standards Bodies; Ministry of Housing & Works
Timeline	Periodic (every 3–5 years)
Expected Output	Updated and hazard-responsive regulatory framework

v. **Coordination with Asset-Owning Departments/Firms/Individuals**

Element	Description
Action	Maintain structured coordination with asset-owning departments, firms, and individuals to ensure timely execution of corrective measures.
Responsible Authorities	Building Control/Development Authorities; TMAs, Asset-Owning Entities
Timeline	Continuous
Expected Output	Reduced implementation gaps between audit findings and corrective action

vi. **Public Awareness and Risk Literacy**

Element	Description
Action	Support public awareness initiatives to promote understanding of infrastructure safety, compliance requirements, and preventive assessments.
Responsible Authorities	Regulatory Authorities; Provincial Information Departments
Timeline	Rolling from 2026
Expected Output	Improved regulatory compliance and public trust

6.4 Recommendations for Development Partners

Development partners are encouraged to align their technical assistance and financing with the national infrastructure audit framework. Support may include provision of international best practices, advanced assessment tools, pilot audits, and retrofitting demonstrations. All partner-supported interventions should be aligned with national systems and digital platforms to avoid fragmentation and ensure long-term sustainability. Long-term engagement focused on institutional strengthening, rather than short-term project-based support, is strongly recommended.

i. Technical Assistance and Knowledge Support

Element	Description
Action	Provide targeted technical assistance, international best practices, advanced assessment tools, and capacity-building support for infrastructure audits and resilience planning.
Timeline	From 2026 onwards
Expected Output	Enhanced technical rigor, global benchmarking, and strengthened institutional capacity

ii. Support for Pilot Projects and Demonstrations

Element	Description
Action	Support pilot infrastructure audits, retrofitting demonstrations, and resilient design showcases to test scalable and context-appropriate solutions.
Timeline	2026–2027
Expected Output	Demonstration projects informing national scale-up and policy refinement

iii. Financing for Resilience Upgrades

Element	Description
Action	Align development financing to support priority corrective actions, retrofitting, and resilience upgrades for critical public infrastructure identified through audits.
Timeline	Medium to long term (2026–2028)
Expected Output	Reduced future disaster losses through preventive investment

iv. Alignment with National Systems

Element	Description
Action	Ensure all partner-supported activities are aligned with national audit frameworks, reporting protocols, and the central digital platform.
Timeline	Continuous
Expected Output	Avoidance of parallel systems and sustainable national ownership

v. Long-Term Engagement

Element	Description
Action	Commit to long-term institutional strengthening partnerships rather than short-term, project-based interventions.
Timeline	Multi-year engagement
Expected Output	Durable systems for infrastructure safety and resilience

6.5 Recommendations for HEC, PEC, Academia and Research Institutions

Academia, professional bodies, and the general public have an important supporting role in strengthening infrastructure safety. Universities and professional institutions should integrate infrastructure auditing, disaster-resilient design, and risk assessment into academic curricula and certification programs, while supporting applied research and technical advisory services. Public awareness and risk literacy should be promoted to encourage cooperation with audit processes, compliance with safety advisories, and support for preventive measures such as retrofitting or temporary closures. Building a culture that values safety, maintenance, and compliance is essential to strengthening public trust and ensuring the long-term effectiveness of the National Infrastructure Audit Program.

i. **Integration into Academic Curricula**
   Higher Education Commission, Pakistan Engineering Council, universities and professional institutions should integrate infrastructure auditing, disaster-resilient design, and risk assessment into engineering, architecture, and planning curricula.

ii. **Applied Research and Innovation**
   Academia should support applied research on local construction practices, hazard-specific vulnerabilities, cost-effective retrofitting techniques, and resilience indicators.

iii. **Technical Advisory Support**
   Academic institutions may serve as technical advisors to government agencies, supporting audit methodologies, peer review, and innovation in assessment tools.

iv. **Capacity Building and Certification**
   Universities and professional bodies should collaborate with NDMA and provinces to develop certification programs and continuous professional development courses for engineers and inspectors.

v. **Knowledge Documentation and Dissemination**
   Case studies, lessons learned, and research findings should be documented and shared through national knowledge platforms to inform policy and practice.

6.6 Recommendations for the General Public

i. **Community-Level Engagement**
   Communities should be encouraged to report visible structural distress in public buildings and to cooperate with audit and inspection teams.

ii. **Responsible Use of Buildings**
   Occupants and facility users should adhere to safety advisories, usage restrictions, and evacuation guidance issued based on audit findings.

iii. **Support for Preventive Measures**
Public acceptance and support for temporary closures, retrofitting works, or relocation measures are essential to reduce long-term risk and protect lives.

iv. **Building a Culture of Safety**
Promoting a culture that values safety, maintenance, and compliance will strengthen public trust and enhance the effectiveness of national resilience initiatives.

7. Conclusion: Strengthening Infrastructure Safety through Preventive Governance

The National Infrastructure Audit Program – 2026 marks a fundamental shift in Pakistan's disaster risk management paradigm from reactive emergency response and repeated post-disaster reconstruction to preventive, risk-informed governance of public infrastructure. The National Seminar formally initiated this nationally mandated program, establishing common understanding and alignment among federal and provincial stakeholders regarding objectives, roles, and implementation priorities.

The discussions during the seminar underscored that recurring disaster losses are not driven by natural hazards alone, but are largely the consequence of aging, unassessed, and structurally vulnerable infrastructure. Institutionalizing systematic infrastructure audits represents a strategic national intervention to identify risks early, prioritize high-occupancy and life-critical assets, and direct public investment toward preventive measures that protect lives and reduce long-term economic losses.

The phased implementation framework, beginning with immediate pre-monsoon risk reduction and extending through nationwide consolidation by 2028, ensures that urgent life-safety concerns are addressed while building durable institutional capacity. Central to the Program is the direct linkage between audit findings and corrective action, including maintenance, strengthening, retrofitting, controlled decommissioning, or replacement of unsafe structures. These actions, to be undertaken by asset-owning departments, will be continuously tracked and monitored through a centralized digital platform to ensure accountability and transparency.

The Seminar concluded with strong consensus that infrastructure safety is a national responsibility requiring sustained political commitment, clear institutional ownership, technical rigor, and coordinated execution. With high-level policy direction, defined responsibilities across government tiers, and an evidence-based implementation framework, the National Infrastructure Audit Program – 2026 provides a credible pathway to reduce disaster losses, strengthen public trust, and safeguard national development gains.

By embedding preventive governance into infrastructure management, Pakistan can move toward a future where disasters no longer expose avoidable structural weaknesses, but encounter resilient systems designed to protect lives, essential services, and national progress.

ANNEX-I: List of Participants attended the Seminar

Ser.	Name & Designation	Department
	Federal Ministries and Departments	
01	Muhammad Asif Sahibzada, Director General (Env & CC)	Ministry of Climate Change & Environmental Coordination
02	• Mr. Mehmood Alam, Joint Engr. Advisor • Dr. Amin Khan, Director Policy and Planning Wing	Ministry of Housing and Works
	Province Ministries and Departments	
03	Mr. Zahoor Ul Islam, Chief Governance and Rural Development	Planning and Development Department AJK
04	Chief Engineer, Nadeem Ahmad Mughal	Communications & Works Department State of AJK
05	Mr. Nasir Khan, Director Architecture	Provincial Housing Authority KPK
06	Mahmood Hussain, Executive Engineer	Planning and Development, Gilgit Baltistan Council Secretariat, GB
07	Ikramullah Shah, Superintendent Engineer	Public Health Engineering Department KPK
08	Mr. Rao Zaka Ur Rehman, Director Traffic Engineering	Multan Development Authority
09	Muhammad Umar Farooq	HUD & PHED, Punjab
10	• Mr. Bahadur Ali Adl Director General • Asad Ali Director Engineering	Peshawar Development Authority
11	Afshan Zafar, Director	School Education Department, Punjab
12	Ameen ullah Ghaznavi, Adl Secretary	C&W, Gilgit
	Military Departments	
13	Col. Asif Aziz, DD Quality Assurance	Housing Directorate, GHQ
	Province Disaster Management Authorities	
14	Saeed Ur Rehman, Director Operations	SDMA, AJ&K
15	Zaheer u ddin Babar, DD	GBDMA
	Industry and Consultancies	
16	Engr. Mujeeb, Managing Director	Designmen Consulting Engineers (Pvt.) Ltd.
17	Dr. Rao Arsalan Khusnood, CEO	Structax Consultants (Pvt.) Ltd.
18	• Dr. Zafar Iqbal • Engr Arsalan Mushtaq	INN Consulting Engineers (Pvt.) Ltd.
19	Ejaz Ahmed	Qaiser Ali Associates
20	Muhammad Kashif Afridi	CDA
	International Organization	
21	Siraj Muhmmad, Head of Finance	Aga Khan Agency for Habitat-AKDN
	Academia	
22	• Dr. Muhammad Usman, AP • Dr Muhammad Usman Hassan, AP	NUST
23	• Engr. M Zeeshan Khalil • Engr. Hafiz M. Afzaal Iqbal	Abasyn University
24	Ikram Ul Haque Syed	Consultant
25	• Maj. Dr. Omair Bin Saleem • Lt Col Yasir	Military College Engineering
26	Muhammad Fayaz Tahir	UET Taxila

NATIONAL ASSEMBLY STARRED Q NO. 10
(MOVED BY MS SAMINA KHALID GHURKI, MNA)

Question	Reply
1. the names of the countries of Middle East and China/ Japan/ Germany including the United Nations, that have provided financial assistance to Pakistan for floods affected areas, quantity of goods/ tents supplied during the last 5 years; an 2. the locations where the aforementioned assistance and goods have been distributed during the said period, province wise breakup?	1. Detail of international cash receipts for Floods 2022 and 2025 received from the following countries by NDMA is as under: -

a. **International Receipts for Floods-2022**

Ser	Country	PKR (In Million)
(1)	Kuwait	278
(2)	China	28
(3)	Indonesia	205
Total		**511**

b. **International Receipts for Floods-2025**

Ser	Country	PKR (In Million)
(1)	Malaysia	28.80
(2)	China	562.95
Total		**591.75**
Grand Total (a+b)		**1,102.75**

2. Detail of disaster relief assistance (**foreign aid received in kind**) undertaken by NDMA during last 5 years and further distribution is attached as Appendix I to Annx A .

Input from Economic Affairs Division

Part (a): Economic Affairs Division (EAD) is responsible for the assessment of requirements, programming, and negotiation of external economic assistance from foreign governments and international organizations. EAD has no direct role in the implementation of project or the distribution of in-kind support.

In the event of a natural disaster, the humanitarian response is led by the National Disaster Management Authority (NDMA), which is the designated agency for receiving and coordinating in cash/financial assistance and in-kind support, as well as overseeing their subsequent distribution.

It is further highlighted that UN Agencies are not donors, but they are implementing, executing and coordinating entities that mobilize fund from different multilateral and bilateral donors and then execute the assistance.

It is pertinent to mention that, under the Geneva Pledges, only Azerbaijan and Vietnam pledged and deposited cash amount of US$ 2.0 million and US$ 0.10 million, respectively, into the Prime Minister's Flood Relief Fund.

Appendix I to Annex A

DETAIL OF DISASTER RELIEF ASSISTANCE (FOREIGN AID RECEIVED/ ISSUED)

Year	Dated	Items	Source	Receipt	Qty	Location	Donated By	Remarks
2021	03-Jun-2021	ULV machine vehicle mounted	Donation	Receipt	5	I-11	Turkey

GOVERNMENT OF PAKISTAN
MINISTRY OF POVERTY ALLEVIATION AND SOCIAL SAFETY
******

SUBJECT: **NATIONAL ASSEMBLY UN-STARRED QUESTION NO. 2 MOVED BY MS. ALIYA KAMRAN, MNA**

Questions	Reply
Will the Minister for Poverty Alleviation and Social Safety be pleased to state: ***a) the names and addresses of widows of tehsil Balakot included in Benazir Income Support Programme (BISP) after fresh survey conducted by BISP; and***	The number of widow beneficiaries of Benazir Income Support Programme (BISP) in tehsil Balakot is 1,638. Moreover, the National Socio-Economic Registry (NSER) Wing has established robust data-sharing protocols and constituted a dedicated Data Sharing Committee to oversee compliance. To date, the NSER Wing has shared data with over 100 federal and provincial entities, as well as development partners including INGOs and NGOs with the Data Sharing Committee's approval. This mechanism ensures adherence to data-sharing protocols, prevents breaches, and minimizes duplication of efforts. Therefore, the data sharing request may please be forwarded in the name of Director General (NSER), BISP through proper channel, on the prescribed "Data Request Form" attached as ***Annex-I*** for the approval from Data Sharing Committee. Data can be shared through preselected mechanisms to ensure security and confidentiality.
b) the details of criteria fixed for selection thereof?	The eligibility criteria of cash assistance under Unconditional Cash Transfers (UCT) and Conditional Cash Transfer (CCT) can only be ever-married women including divorced/widow women, with valid CNICs having PMT score of < 32 are eligible. For households with persons with disabilities, the cut-off score is < 37. Beneficiaries of UCT & CCT programmes are identified through scientific mode of National Socio-Economic (NSER) survey based on Proxy Means Test (PMT) that determines the welfare status of the household on a scale between 0-100. Eligibility thresholds (PMT cut-off scores) are determined according to available fiscal space and approved by BISP Board. All families falling within the approved PMT cut-off are provided cash assistance. However, under the approved policy, transgender individuals registered with NADRA are eligible to receive UCT benefits without any PMT-based restriction.

BISP-DATA REQUEST FORM

NATIONAL SOCIO ECONOMIC REGISTRY

(BISP-NSER)
BISP SECRETARIAT
"F" Block, Pak Secretariat, Islamabad
Tel: (+92-51) 924 5607-11, Fax: (+92-51) 921 5323
Email:info@bisp.gov.pkWeb: https://www.bisp.gov.pk/

A. GEOGRAPHICAL LOCATION OF REQUESTING INSTITUTION

1. Name of Requester (Institution):
2. Type of institute:
3. Mailing address (official):
4. Official Phone No.
5. Email Address
6. Mobile No.
7. Legal status of Institute

B. PURPOSE/OBJECTIVES

8. The major objectives and scope for requesting the information (please attach a brief proposal not more than one page).
9. Please indicate what do you request:

10. In which format would you like to receive the data?

A. Hard Copy ☐
B. Soft Copy ☐
C. Access to live Mechanism ☐

11. What is the planned time frame for using data?

From(dd/mm/yyyy): Click or tap to enter a
To: Click or tap to enter a

C. DATA REQUIREMENTS

12. Location:

District
Province
Tehsil
UC

13. Select only one option from the following:

i). Information Summary ☐
ii). Custom Analysis on BISP Data (dimensions): ☐
(Please select required dimensions from section 14)
iii). Beneficiary data [lists]: ☐
iv). Beneficiary data with selected dimension(s) [lists] through PMT score (0-32) ☐
(Please select required dimensions from section14)
v). Beneficiary& Non-beneficiary data through PMT score(0-100) ☐

vi). Any other data, please explain: ☐

14. Dimensions: (dimensions at serial # viii -xiv cannot be selected altogether)

i) Poverty Score	☐	ix) Educational Status	☐
ii) Area	☐	x) Rooms (Count)	☐
iii) Gender	☐	xi) Toilet Type	☐
iv) Age Brackets	☐	xii) Electric Equipment	☐
v) Relationships	☐	xiii) Gas Equipment	☐
vi) Disability	☐	xiv) Kitchen Assets	☐
vii) Marital Status	☐	xv) Livestock	☐
viii) Employment Status	☐	xvi) Land	☐

15. Who inside and/or outside of your organization will have access to the data? (please specify)

16. Are you conducting own additional survey(s)? (if so, please specify the kind of data collected and the scope/coverage)

17. Indicate variables which you will return/push back to NSER via APIs?

18. How frequently will variables/data be pushed back in NSER?

Monthly ☐ Quarterly ☐

19. Have you ever received data from the NSER before? Yes ☐ No ☐

20. Has the former data request been rejected by NSER? Yes ☐ No ☐

21. Copy of CNIC of requester has been attached Yes ☐ No ☐

I, the undersigned, hereby, certify that to the best of my knowledge, all information provided in this document is true and correct. I further understand and agree that any decision on the request for data is upon BISP NBR and that this request does not grant access per se

Date (dd/mm/yyyy): Click or tap to enter
